

DOWLING IN AGAIN

MINNESOTA MAN RE-ELECTED SECRETARY OF LEAGUE OF REPUBLICAN CLUBS.

WOODMANSEE THE PRESIDENT.

OHIO CANDIDATE CHOSEN TO SUCCEED GEN. MALPIN AS THE EXECUTIVE.

MILWAUKEE CONVENTION IS OVER.

Attendance on the Second Day Quite as Disappointing as at the Opening Session.

MILWAUKEE, Aug. 26.—The Republican League convention came to an end tonight with a mass meeting at Exposition hall, addressed by Alden Smith, of Michigan; Charles Dawes, of Illinois, a member of the national Republican executive committee; Judge R. R. Bigelow, chief justice of the supreme court of Idaho; and others. The speakers discussed the financial question.

Before the close of the session a resolution presented by the executive committee favoring Detroit as the next meeting place was adopted. The national committee met and decided that the executive committee should represent the league on an official visit to Maj. McKinley at Canton.

WOODMANSEE ELECTED.

The committee on time and place of meeting of the national Republican League convention, held at the Pfister this morning and decided to report in favor of Detroit, Nashville was the only city that made a contest and the matter was decided without much of a fight. The delegates accepted an invitation to visit the great Milwaukee breweries this morning, and the consequence was that for the hour of opening the convention arrived, the only people occupying the seats allotted to the delegates were a half dozen ladies. The general session opened no more inclination to attend than it did yesterday morning's session, and the galleries were deserted until shortly after 11 o'clock.

Shortly before 11 o'clock, the E. B. Wolcott Post drum corps came in at the head of the Illinois delegation and played the music which lent some animation to the quiet occasion. The New York banner of the state and took their seats as the band meanwhile continued to play in the background.

Gen. Malpin came in at 11 o'clock and presented to make it possible to open the convention. Gen. Malpin stated that the business of the convention would be finished at this morning's session. The committee on candidates for the presidency, Maj. Tottin, his secretary, stated that the general had never been a candidate. The New York boys had insisted on booming him, but it had not been with his sanction and when it came to a serious consideration of the matter he was decided to allow his name to be presented. He would not under any circumstances take a re-election. He had along with the committee his name, and had been reluctant to allow the New York boys to work up their boom, which they had done with such success. At 12:25 Gen. Malpin called the convention to order and asked for the reports of the committees. The committee on credentials was not ready and the committee on rules and order of business reported. The committee on the league work was unprepared, but Chairman McIntyre outlined what the work would be, and it was moved to adjourn until tomorrow.

NEW YORK TICKET.

Frank Black Named for Governor by the Republicans.

SARATOGA, N. Y., Aug. 26.—The Republican state convention nominated its ticket today and it was not until 11:45 that the convention was called to order.

WEST SUPERIOR, Wis., Aug. 26.—Preparations are being made for the dedication of the normal school, which will take place here Sept. 5. The program committee is busy in the laying of the corner stone in Madison for approval by the board of normal school regents.

DESTRUCTION COMPLETE.

Almost Nothing Left of the Town of Ontonagon.

HOUGHTON, Mich., Aug. 26.—Particulars are now obtainable of the fire which destroyed Ontonagon. The fire originated in a swamp just south of the Diamond Match Co. mills. A forty-mile gale swept the flames before it, and the planing mill, box factory and immense dry kilns of the match company were soon a mass of ashes.

The flames then descended on the business and residence quarter of the city and finally lodged in 65,000,000 feet of sawed lumber, on the docks. The destruction of the lumber was complete, barely a dozen houses in the suburbs remaining standing. The onslaught of the flames was so sudden that barely one in twenty succeeded in saving any of their effects. The heat from the burning mills and lumber was so intense that the people were compelled to seek shelter under trees and drift-wood. Money is being hoarded, and Mary walked to Rockland, fifteen miles away. There are about 1,800 men, women and children without food or shelter. The fire is not yet out, and they suffered severely last night.

The Diamond Match Co. lost two fine saw mills, having a daily capacity of 10,000 feet and other mills and buildings worth in all nearly 2,000,000, and lumber worth nearly \$1,000,000. Insurance to the extent of \$750,000 was carried with the Deschemin agency, of Mendon, and the Douglas & Van Orman agencies at Houghton. The loss on the balance of the village will foot up about \$2,000,000, with \$300,000 insured with the Deschemin agency, of Mendon, and the Douglas & Van Orman agencies at Houghton.

From Green Bay, Wisconsin, a carload of provisions, clothing and tents was sent to Ontonagon this morning. The fire of the night is still burning in the Northern cities, asking aid. The rail will transport everything quickly and without charge.

Relief measures are already under way. The Chicago, Milwaukee & St. Paul railroad had a car loaded with provisions this morning and succeeded in running it over the warped rails to a point a quarter of a mile from Ontonagon. These provisions will suffice to feed the people today, but they are without shelter and would be in a piteous plight in case of storm. Other cars of provisions are on their way from Marquette, Green Bay and Milwaukee. The state of Michigan will send a quantity of militia tents for the people.

At the session this morning, M. J. Dowling, of Minnesota, was re-elected secretary.

POWDER EXPLOSION.

Two Men Killed by the Terrible Crash.

Xenia, O., Aug. 26.—The dry house at the Miami powder works, five miles north of Xenia, blew up this morning, shaking the ground for a mile around. Frank Rich, post boss, and Silas Figgis, foreman, were killed. Several thousand pounds of powder exploded, and the loss to the company will be large.

GRAND FURRY, N. D., Aug. 26.—This morning a surprise was in the direction of Mr. Armstrong, formerly city engineer of St. Paul, commenced the work of surveying the route for the North Dakota Grand Furry along the river. It is understood, however, that the line now being laid out is for a canal.

Outing for the Little Ones.

KENYON, Minn., Aug. 26.—Twenty-five poor children were brought here from the Kenyon, Minn., school for a picnic and distributed in families, both in town and in the country. After two or three weeks they will return to school to enter the schools for another year.

CALEDONIA, Minn., Aug. 26.—Postmaster Flynn's hardware store was burglarized last night. The burglar took a quantity of goods valued at \$1,000 in notes and \$500 in silver carried off. The notes were found this afternoon in a field about a mile east.

PIERRE, S. D., Aug. 26.—The pontoon bridge over the river, which has not been operated for about a year, has been again placed in the river, and was opened to traffic this evening. The opening of the bridge will bring a large increase of travel to this point on the river.

DEMOCRATS IN THE SEVENTH DISTRICT WILL INDORSE NO CABLE.

NEW LOW RECORDS MADE BY PORK AND CORN AT CHICAGO.

WHEAT SUFFERED AS WELL.

PERSISTENT LIQUIDATION FORCED DOWN THE CLOSING PRICE.

OATS ALONE WERE FAIRLY FIRM.

Spite of the Money Depressing Influence the Close Showed No Change.

CHICAGO, Aug. 26.—Provisions and corn continued on the record breaking downward course today. September pork sold at one time at the previously unheard of price of \$5.25, and closed 15c below yesterday's close. Corn showed a decline of 3/4c, a new low record.

Wheat suffered from persistent liquidation and closed 1/2c lower. Oats showed some degree of firmness and sold unchanged. Wheat had a good deal to depress it at the opening. Cables were barely steady and the money market showed no perceptible improvement.
