Support Pledged to the Men Who Stand for the Real Tenets of Democracy.

LOUISVILLE, Sept. 12.—President Cleveland tonight broke the silence which he has maintained since the Indianapolis convention and declared in plain terms for the candidates and platform of the National Democratic party. It was rumored early today on the streets here that a telegram from the president would be read at the meeting tonight, and it was looked forward to with the greatest interest. After the meeting had been called to order and Chairman Bynum had assumed his place, the expected telegram was read, and its reception was the event of an unusually enthusiastic gathering. It removed all doubt as to the attitude of the administration. President Cleveland is for the National Democratic party and in entire accord with its aims and objects. A telegram was also read from Secretary

LOUISVILLE, Ky., Sept. 12.—Thousands of national Democrats did honor to the nominees of their party for president and vice president, at the Auditorium tonight. The occasion was the formal notification to the candidates of the action of the Indianapolis convention. Senator Donelson Caffery, from the far South, in words of warm personal friendliness and expressive of the confidence of the gathering by which he was delegated, made the speech notifying Hon. John W. Palmer, the hoary-headed federal general, who tomorrow turns his three score and nineteen years. Sectionalism was again forsaken, when the eloquent New Yorker, Col. John R. Fellows, tendered to Gen. S. B. Buckner, a gallant ex-Confederate, the honor of second place on the national ticket. The speeches of these four gentlemen, to-

MAYOR DORAN WAKES UP TO THE PREJUDICEMENT OF THE SCHOOL BOARD.

CALLS THE COUNCIL TOGETHER

BOTH BODIES AGREE TO PROTECT THE BOARD OF EDUCATION

IF IT WILL OPEN THE SCHOOLS

Mr. Lewis Objects to Passing the Appropriation in Twenty Minutes That Doran Held Two Months

The public schools of St. Paul will be opened tomorrow forenoon as originally announced. The determined stand taken by the board of school inspectors brought the administration to time. As a result the mayor called a special meeting of the board of aldermen and assembly. Both bodies met accordingly last night and took such action as warranted the school board in deciding to open the schools. Prior to the meeting of either body of the council the members held a lengthy and informal conference. It was feared at first that the assembly could not meet unless the board of aldermen passed an ordinance providing for an appropriation for the ensuing school year, in order to give the assembly something to act upon, as under the mayor's call, each body was requested to meet for the specific purpose of passing such an ordinance, but

Carlisle, and while it was heartily received, the position of the secretary was so well understood, that it was robbed of some of its interest and the dramatic interest which attached to Mr. Cleveland's declaration. The two telegrams which were read were as follows:

Buzzard's Bay, Mass., Sept. 10.—To Hon. W. D. Bynum: I regret that I cannot accept your invitation to attend the notification meeting on Saturday. My duties as a Democrat, devoted to the principles and integrity of my party, I should be delighted to be present on an occasion so significant, and to mingle with those who are determined that the vigor of true Democracy shall not be smothered, and insist that a glorious standard shall be borne aloft as of old in faithful hands.

Washington, Sept. 12.—To Hon. W. D. Bynum: Your telegram inviting me to attend the meeting at Louisville today has been forwarded to me at this place and I greatly regret my inability to accept. The conservative and patriotic declarations of the Indianapolis convention, on the public questions involved in the pending contest, and the high character of the nominees, have served to arouse the real Democratic sentiment of the country and command the hearty support of all who sincerely believe in the principles of the public honor, the public peace and the stability and value of the currency used by the people.

Washington, Sept. 12.—To Hon. W. D. Bynum: I am proud to take my stand with the old-fashioned Democrats who have refused to abandon their honest convictions, and in order to form unnatural alliances with political and social organizations whose purposes are dangerous to the country and wholly inconsistent with the fundamental principles of our party, and I pledge to you and your associates such support and assistance as I can properly give during the campaign.

Country Given No Show.

JAMESTOWN, N. D., Sept. 12.—The combine in Republican politics in Stutsman county on this afternoon failed. The county officers were paroled out in Jamestown with regard to other localities. Much dissatisfaction is expressed. Senator Bailey of Isachsen was renominated, and Jack McGinnis, of Jamestown, and H. Sunday, of Isachsen, were named for the legislature.

Most of the county districts made a strong showing for the Democrats and next Saturday will name the candidates and next Monday the voters will elect the members of the legislature.

Tramps Rob Harvesters.

WEBSTER, S. D., Sept. 12.—A desperate hold-up was perpetrated at Bristol, twelve miles east of this city, last night. Patrick Cassidy and Tennis Oje, of Merrill, Wis., two harvest hands, were the victims. Cassidy was shot through both legs and severely kicked about the face. He had no money, but after being stripped of all clothing, he was taken to the hospital at Merrill, Oje, his partner, had \$20, but managed to get \$25 of it. The cries of Cassidy and Oje, who were rescued and cared for by the wounded man. Three suspects have been arrested. They are now held separately for examination.

Reorganizing the McKinleys.

YANKTON, S. D., Sept. 12.—Chairman Elliott of the state central committee, will recommend the reorganization of McKinley clubs throughout the state so that one general club will be organized in each county, with auxiliary clubs in every voting precinct. By this means the McKinley clubs will be reorganized in each county and the plan will be put into operation at once. Much difficulty is experienced now in getting an accurate poll, and it is thought to make the McKinley clubs to account and make them important factors in the campaign.

Test Case at Superior.

WEST SUPERIOR, Wis., Sept. 12.—The Terminal Storage company of this city has a committee of three, who are in the northern elevator company for damages to the amount of \$30,000. The suit grew out of the refusal of the Great Northern Elevator company to receive for storage a car of barley from under the new Wisconsin inspection.

Grafton Elevator Burned.

GRAFTON, N. D., Sept. 12.—The Minneapolis & Northern elevator, situated four miles east of Grafton on the Great Northern road, burned to the ground yesterday. There were only 150 bushels of wheat in the house, taken in yesterday. The fire was caused by a tramp who had driven in near a box car. Two cars were burned.

Pierre Race Meet.

PIERRE, S. D., Sept. 12.—At a meeting of the Capital City Racing association this afternoon it was decided to hold a two day race meeting at Riverside track Oct. 8 and 9. Some good purses will be hung up, and it is expected that the association will be a success. There will be a fine string of horses here to compete.

Waterworks for Baldwin.

BALDWIN, Wis., Sept. 12.—At the city council meeting last night it was decided to establish a system of water works here. Plans will be gotten, bids advertised for, and the work commenced at once.

Cut Cupid's Knot.

HASTINGS, Minn., Sept. 12.—Judge F. M. Crosby granted an absolute divorce to Mrs. Amanda Wood, a resident of this city, from her husband, Amor Wood, upon the grounds of desertion. The plaintiff retains the custody of the three children, two boys and a girl.

Gen. Palmer, the city comptroller and Assistant Corporation Attorney Phillips, which lasted nearly all day. It was the first disclosure of the condition of the school fund that Comptroller McCarty has designed to make.

The communication was as follows: THE MAYOR COMMUNICATIVE.

To the President and Members of the Common Council—Gentlemen: I submit herewith for your action an ordinance in compliance with the provision of law requiring the mayor to present to your honorable body an estimate of budget for the maintenance of the public schools for the ensuing year.

It may be in your hands at the present time that the sum of \$455,000 is all that can be made available, and therefore recommend that the estimate be adopted in accordance with this accompanying ordinance.

In reaching this estimate it became necessary to go forward on the estimate of available funds to be provided for the year 1897, as a building fund, in compliance with the suggestion of the board of school inspectors, as well as an earnest recommendation on my part, that a building be erected in the Section of the city of St. Paul, near the intersection of the Broadway and Pacific streets, and one in the Ridgewood Park district.

You will observe that the amount herewith proposed for amounts to \$31,150 less than the estimate made by the school board, but it is the full limit I have dared to suggest.

Many say in this connection that this matter has been withheld from an earlier presentation for the reason that our resources for the support and maintenance of the public schools have been impaired through the reduction of our assessed valuation by the enormous sum of \$25,000,000. My thought has been that possibly the state board of equalization might restore a portion of this reduction, and so enable a larger sum to be realized.

I also believe, and do still believe, that inasmuch as there is already provided the sum of \$172,000 available before Jan. 1, 1897, there existed no reason for undue haste, and that the schools might with perfect propriety be opened as per schedule time, Monday, Sept. 14, 1896.

I submit herewith the board of school inspectors' report and recommendations. Very respectfully,

—Frank B. Doran, Mayor.

The clerk then read the accompanying ordinance, which read as follows: The common council of the city of St. Paul do ordain as follows:

Section 1. There is hereby appropriated and set apart out of the school maintenance fund of the city of St. Paul, Minnesota, for the support and maintenance of the public schools of said city during the ensuing year, beginning on the 1st day of September, 1896, the sum of \$455,000, or so much thereof as may be necessary, to be expended by the board of school inspectors, as follows: Not to exceed the sum of \$50,000 for the salaries for teachers, nor to exceed the sum of \$40,000 for the salaries of all other employees of the board of school inspectors, and not to exceed the sum of \$5,000 for fuel and publication.

Section 2. This ordinance shall take effect and be in force from and after its passage and publication.

Upon comparing the ordinance with the budget, it will be noticed that the reduction amounting to \$35,150 is obtained by cutting the item known as "teachers' salaries," for that is actually raised from \$335,500 to \$396,000, but by reducing the item described as "salaries of all other employees" from \$58,150 to \$40,000, and the item of fuel, supplies and free text books from \$75,000 to \$55,000. By "all other employees" is meant the janitors, engineers, etc.

The aldermen, to whom the whole

It was finally decided that it would be competent for the aldermen to adopt a resolution referring the school budget to a joint committee, and also one referring the entire matter to the assembly, in order to give the latter body something to act upon.

The board of aldermen convened first. The only members of the school board present were President Abbott and Inspector Scholle. The matter was presented to the board in the shape of a communication from the mayor, informing the council that only \$455,000 was available, whereas the budget asks for \$490,000. The communication was accompanied by an ordinance appropriating \$455,000 for the maintenance of the schools for the ensuing school year. The information contained in the mayor's communication was the result of a conference between the mayor, the city comptroller and Assistant Corporation Attorney Phillips, which lasted nearly all day. It was the first disclosure of the condition of the school fund that Comptroller McCarty has designed to make.
