

TO YOUNG DIVINES

BISHOP WARREN MAKES THE ANNUAL ADDRESS AT THE ANOKA CONFERENCE.

ST. PAUL AS AN EXAMPLE.

THE APOSTLE AND HIS WORK HELD UP FOR IMITATION BY MODERN MINISTERS.

WOMEN'S MISSIONARY SOCIETY.

It Holds Annual Meeting at Which a Number of Interesting Addresses Are Delivered.

Special to the Globe. ANOKA, Minn., Oct. 3.—At 8:30 o'clock this morning the M. E. conference was opened by devotional exercises which were led by Rev. J. N. Cudlipp. This lasted until 9 o'clock, when the regular business session began.

Bishop Warren made a few remarks and was followed by Rev. Hingsley, who read the minutes of yesterday's session. These were approved. Rev. G. H. Humason reported for the committee on education. This report was commented upon by Rev. F. Doran, Prof. Innis, F. W. Hart and G. H. Bridgman and then adopted. Bishop Warren gave a short talk on "The School of Theology" at Denver, and also their circulating library. The Bible cause was reported by Rev. Elijah Haley. Rev. Hingsley read the roll call for the benefit of those not present at yesterday's session and who wished to subscribe something towards the buying of the minutes, or to add to their subscriptions given yesterday at this time.

On the educational question Rev. R. H. Young spoke and told of the printing, circulation, etc., of the Methodist Herald. Bishop Warren heartily endorsed what he said and read two sections in the Book of Law, concerning collections to be taken for educational purposes.

The young ministers who were to receive into full membership in the conference were then called to the front and, after singing a hymn, the bishop made a prayer in their behalf that they might bring a willing heart and clean hands toward furthering God's purpose. In the sermon which followed he told them of the means of converting souls and bringing them to Christ. He told them principally of the teachings of Paul and his many trials and hardships of his travels from Lystra to Rome.

He said that Methodism was said to have two saints—Paul and John. He gave them advice by the way of reaching men, that is, to work right along with them side by side and not spend all the time in speaking to them from the pulpit.

The best way to tackle the saloon question and saloon keepers is to go to them and do your talking there to their faces, and only thunders against them from the pulpit.

His address was excellent and to the point. Certain queries were asked and answered satisfactorily. The names were then read and are as follows, each man giving his report as his name was called: S. J. Burns, Henry Nobbs, Wm. Burns, Geo. E. Pickard, B. E. Sherwin, C. H. Stephenson and John Clark.

John Clark is an independent missionary and was given that work to do among his people. He was excused from studies.

Reports as to their examinations and recommendations from their presiding elders were read and approved and there were all received into full membership and will be ordained tomorrow morning.

Others were elected as local deacons. They were Charles St. Hill and William Fletcher.

Invitations for next year's conference were extended from Alexandria, Ferguson Falls and Brainerd. Rev. Brown withdrew the Alexandria invitation in favor of Ferguson Falls and it was decided to hold it there next year. One reason given was that there was an insane asylum there and it might be needed. Rev. John W. Hamilton, representing the Freedman's Aid society, was introduced and made remarks about this society and his note for the ladies. A collection will be taken later for their benefit. The report of the conference stewards was read by Rev. T. F. Allen, followed by the report of the Asbury hospital, by Rev. F. W. Hart.

Notices for the next day's services and remarks to the young men as to their preparations for ordination by the bishop were given and all the ministers who are to fill pulpits here in Minneapolis. This, with a hymn closed the morning's work and the conference adjourned to meet for business again on Monday morning at 8:30 o'clock.

This afternoon at 2:30 the Women's Foreign Missionary society held its meeting, conducted by Mrs. Doran and the address given by Dr. Wilcox, of Poochew conference. At 4:30 the Women's Home Missionary society held its session. Both spoke of the work done by missionaries and the fields of labor and the needs of these areas.

Dr. Wilcox has addressed the meeting before, telling of his work and success in China, and giving many amusing and interesting illustrations. He sings in the Chinese language and John Clark, the Indian missionary, sang in the Indian language. Both meetings were largely attended and enjoyed.

COSTLY FOR EMERADO. Number of Business Houses Go Up in Smoke.

Special to the Globe. EMERADO, N. D., Oct. 3.—Fire broke out at 2 o'clock this morning in the general store of Bleeker & Co., burning half a business block. The following business houses burned with contents: Bleeker & Co. general merchandise, insured; E. D. general store, insured; H. P. Poe general store and post office, insured; J. C. Myra lumber and coal, no insurance; H. H. Fox barber shop, no insurance. The fire was caused by a gas stove in the store. A favorable wind and the heroic efforts of the citizens the rest of the town was saved.

NO RUSH OF GRAIN. Roads Have No Difficulty Handling the Crop.

JAMESTOWN, N. D., Oct. 3.—Traffic on the Northern Pacific and other railroads is not so heavy as it was last fall as large as a year ago. The stock and wheat rushes are nearly over, and what traffic there is from now on can be handled without any additions to the usual force. Range stock is not in quite as good condition as at this time last year; the price is low, there is an abundance of good feed for the winter, the herds are sold close last year on account of good prices, stockmen are in no haste to sell now, and shipments will be less in the aggregate than last year. The wheat crop in the state is about a third of last year.

THRESHING IS SLOW ON ACCOUNT OF WET WEATHER, AND MANY FARMERS ARE HOLDING THEIR GRAIN UNTIL AFTER ELECTION.

These conditions have resulted in the Great Northern railway laying off fifteen train crews between St. Paul and Williston. So far no reductions have taken place on the Northern Pacific, though they would not be unexpected.

IRELAND AT VESSELL.

His Grace Speaks to an Immense Crowd of Bohemians.

Special to the Globe. NEW PRAQUE, Oct. 3.—On the occasion of Archbishop Ireland's visit to Vessel, Ireland, the delegates of the Bohemian Catholic Central union assembled in biennial convention at New Prague, together with a great number of inhabitants of New Prague, drove over to Vessel to witness the administration of the sacrament of confirmation at that place and to listen to an address by his grace, who said:

God is above all nations, and so is his holy church. Let us, therefore, in this consideration, I would advance double life to you: First, all of us support our Catholic press and then let them know the truth about the Bohemians, and if they have schools and institutions them on the altar of priesthood. If you let them know the truth about the Bohemians, and if they have schools and institutions them on the altar of priesthood. If you let them know the truth about the Bohemians, and if they have schools and institutions them on the altar of priesthood.

It is claimed that he had no right to do this and that the notes have never been paid.

POLL OF KENTUCKY. Shows 42,000 Sound Money Democratic Votes Not for Bryan.

LOUISVILLE, Ky., Oct. 3.—The National Democratic convention of Kentucky completed a poll of the state, which puts the state safely in the McKinley column. "By actual count," said Secretary Carroll today, "we know of 42,000 sound money Democrats in this state who will not vote for Bryan. Our reports in the last two weeks from the various counties have been voluminous, and from them we are now sure of 42,000 sound money Democrats who will not support the Chicago ticket. We look for an increase of 8,000 between now and November."

From your reports what vote do you think Palmer and Buckner will poll? "I cannot answer that question with any degree of accuracy, because I do not know what percentage will vote for McKinley," said Mr. Carroll.

The coroner's jury has just declared that the elder Kalmie's death resulted from the blow. The elder Kalmie was known as the inventor of a steam log piler. Young Kalmie's examination has been set for October 6.

TASKS FOR LIND

DEMOCRATIC CANDIDATE SAYS HE HAS DUTIES TO PERFORM IF ELECTED.

TALKS IN THE PRISON CITY.

AGAIN CLAIMS FRAUD IN REGARD TO THE BIG LAND GRANTS.

WASHINGTON COUNTY TICKETS.

Republicans and Democrats Choose Their Candidates—Other County Conventions.

Special to the Globe. STILLWATER, Minn., Oct. 3.—The Grand opera house here was packed this evening with an enthusiastic audience to hear Hon. John Lind. It is estimated fully 2,000 were present. Seated on the stage were B. J. Mosier, J. C. Nethaway, City Attorney Gillen and many others. Hon. J. N. Castle introduced Mr. Lind, who made a long argument in favor of free coinage, giving reasons from his point of view why the common people would be benefited by silver at 16 to 1. He did not refer to his own campaign until a few minutes before the close when he said in part: "At the outset I will tell you I am desirous of success and would like to be elected. I did not solicit the nomination or preference accorded me. I tell you this: If I am elected, I will do my full duty, and apparently there are a number of tasks for me to perform. I think there is ample room for improvement." He then referred to the extensive land grant made to the Duluth & Iron Range railroad with the knowledge, assistance and, as he said, probably the cooperation of the state officials, as a gigantic steal. He said he had made several serious charges against the political ring, and he felt humiliated at having to do so, but he felt it his duty to make these matters public, that the common people might know what was going on. "You have been told," he said, "that the parties which nominated me never knew how to run a state right. This refers, I presume, in a sense to the Populist party, as Colorado and Kansas are held up as examples, but I tell you right here that if elected I am not going outside of this state to select my assistants, as has been done in this state by the party now in power. I am going to take them from Minnesota. I am going to select the fittest, best and ablest men I can find to fill the positions right here in our own state." Vociferous applause was accorded Mr. Lind when he concluded, and he was followed by C. D. O'Brien, of St. Paul, who spoke at considerable length.

Special to the Globe. NORTHFIELD, Minn., Oct. 3.—The people of Northfield were given a change in the way of politics this evening. Dr. A. A. Ames, of Minneapolis, the independent candidate for governor, accompanied by his wife and J. V. Dukas, of the above named city, gave our people a diversified political meeting in the way of songs, recitations, etc. Mr. Ames was loud in his praise for free silver, but stated that Lind whenever and wherever he could get a chance. He said that the Populists that voted for Lind were voting the Republican ticket. Mr. Ames was well received by the free silver element.
