M'KINLEY SAW THE PARADE.

PRESENTED BY BARNUM AND BAILEY EMPLOYEES WITH AN AMERICAN FLAG.

THE IDEAL OF FREE CITIZENSHIP

Theme of the Principal Address Delivered by the Nominee of the Republican Party.

CANTON, Ohio, Oct. 14.—A special train of eleven coaches arrived about noon over the Pennsylvania line, bringing an enthusiastic party from McDonough, Pa., with greetings and congratulations for Maj. McKinley. The delegation was composed largely of railroad men, farmers and other citizens. Their demonstration was very enthusiastic and Maj. McKinley's address responding to the spokesman, Charles A. Whiteshot, was constantly interrupted by applause.

Barnum & Bailey's circus is in town today and the parade was extended beyond the usual course, so as to pass the McKinley home, where it was reviewed by Maj. and Mrs. McKinley and a number of friends. In honor of the visit to McKinley's home the circus people were all wearing the national colors and the tent was erected on the grounds. A press box was reserved for Mrs. McKinley and a company of friends. The employees of the circus presented Maj. McKinley with a large and handsome American flag through a committee which called at the house. Maj. McKinley accepted the flag with an appropriate address.

The Executive association, of Cuyahoga county, was among the delegations that came to Canton today to greet Maj. McKinley, his wife and mother. The party occupied a special train of six coaches, which arrived soon after 1 o'clock. Mother McKinley was at the major's home to receive the greetings of the party. Introductory addresses were made by Father J. J. Addison, the veteran journalist of Cleveland, and by Rev. Cooley, chaplain of the Early Settlers' association.

Seven carloads of employees of the Cleveland City Street Railway company were also here this afternoon to pay their respects to McKinley. They were all uniformed and were practically well drilled. The delegation was one of the best appearing and most attractive crowds that have yet visited the city. It was introduced by Thomas Martin.

Two hundred miners, merchants and mechanics of Cumberland, Md., and vicinity, reached here shortly before 3 o'clock this evening. They went direct to the McKinley home and when the major appeared on the porch, greeted him with a shout and a hurrah. They were introduced by Thomas Snyder, chairman of the Allegheny county executive committee.

The announcements of visiting delegations continue to roll in. The list for Saturday is now twenty-seven and new ones are coming right along by mail and telegraph. Among the new announcements of that day are the students of the University of Louisville and Central Kentucky. One of the notable visits of next week will be a party starting from Southwestern Kansas.

In responding to his visitors today, Maj. McKinley in part said: "Free government is the ideal of our civilization. It is not a mere slogan, but a principle. All people, of all races and nationalities, who are citizens of this country, equally entitled to its benefits and its blessings. We have been extremely fortunate as a government. We have had a long and honorable history. We have had a long and honorable history. We have had a long and honorable history."

NEW HAVEN, Conn., Oct. 14.—Williams came to New Haven today expecting to score against Yale, but the Blues had an easy victory by the high score of 22 to 0, in twenty-minute halves. The game was a contest between Yale and Yale had a tremendous advantage in Hinkley, who outplayed Draper, Williams' fullback, fully twenty-five yards every time.

free and conscientious citizenship. We sweep away the suggestion of birth, class, caste, or color. We are not in the least in the words of Jefferson, uttered more than 120 years ago, that "all men are equal."

UNION is the only way to progress. It is always held that good wages were only a form of economy, the highest form of economy, and insisted that by improvement, effectiveness of methods and machinery, we could pay more and better wages than were given to the people who were producing what we could and did do under a protective tariff, and not under a tariff which would abolish deficiencies in the treasury, light up the fire and smoke of our national debt, and call back from idleness to work and to the men of the country and send light and hope to many American homes!

FOUR WORLD MARKS

Set by Michael During a Five-Mile Spin. CHICAGO, Oct. 14.—Michael, the Welsh rider, took four world's records at the Garfield park track this afternoon in a practice spin for mad hatters. He made two and a half miles in 3:35, four in 7:25, and five in 9:17 1/2.

SCIENTIFIC PLACE OPEN.

New Assistant Secretary Wanted by the Smithsonian. WASHINGTON, Oct. 14.—President Jordan, of Leland Stanford university, Cal., is most prominently mentioned to succeed the late Prof. Gooden as assistant secretary of the Smithsonian institution and director of the National museum. The appointment is not likely to be made before the January meeting of the board of regents of the Smithsonian institution, but the question is already attracting much attention in scientific circles. The directors of national museums in England, France and other European countries are already expressing interest in the appointment. It is understood that Prof. Gooden is very gratified. New buildings afford the new director opportunity to make improvements. The appointment is made by the board of regents usually on the recommendation of the secretary of the Smithsonian institution.

Dr. Charles N. Merriam, ornithologist of the agricultural department, is also mentioned in connection with the appointment. F. W. True, curator of mammals at the museum, and since the death of Prof. Gooden, has been in charge of the museum, is also spoken of as a possible appointment. Mr. J. W. Meigs, of the bureau of zoology, is also mentioned as a possible appointment. It is understood that the board will make a special interest in it, deferring largely to Prof. Langley's judgment. Dr. Charles N. Merriam, ornithologist of the agricultural department, is also mentioned in connection with the appointment.

FIT FOR ANY CLASS.

What Cooper Said About Cyclist Castner of Montrose. Montrose has at last a great cyclist who will compete with the great cyclists of the East. O. Castner is the young man. He has been captured the principal races in the Montrose tournament. But it was not to the Montrose tournament that he was taken. He was taken to the late relay race between Denver and here he made the last twelve miles in the fast time of 18:28. The "Alfa Romeo" as he is generally called, has every quality that makes the rider successful. The world-famous Cooper after seeing his exhibition in St. Louis, said: "That fellow is fit for any class."

DAY SPENT IN MICHIGAN.

WEATHER AND CROWDS BOTH SEEMED TO BE A LITTLE CHILLY.

MARQUETTE WAS ENTHUSIASTIC.

Warmest Reception of the Day Given to the Free Coinage Apostle at That Place.

MARQUETTE, Mich., Oct. 14.—With his arrival at Marquette this evening Mr. Bryan completed his first day of campaigning in Michigan. The reception accorded him along the line was various. At some places he was warmly received, and at others the crowds were not at all enthusiastic. Early in the day the weather was warm and pleasant, but later turned off cold and disagreeable. The most important and enthusiastic meeting of the day was at this city. Mr. Bryan was introduced by James Russell, editor of the Mining Journal, and spoke for a few minutes, his address containing nothing not already embodied in some of his earlier speeches.

Mr. Bryan entered Michigan early this morning. The weather has been considered to him for the last two days. Whether the candidate had reason to anticipate cold and disagreeable traveling he has encountered sunshine and warmth. As usual, he began early this morning, starting in with his speech-making at Ironwood at 8:45. The special car of D. Campbell, chairman of the Democratic campaign committee, was attached to the train at Duluth last night, and the Michigan committee was in charge of the train. The state was in charge of the train. The state was in charge of the train. The state was in charge of the train.

At Ironwood a large crowd was in waiting to see and hear Mr. Bryan. It was composed of a great part of the miners, and when he emerged from the car they gave him an enthusiastic welcome. He spoke from a rally-decorated platform, erected a few hundred yards from the train, and in the most part his speech dwelt on an explanation of the statement that under a gold standard the dollar would fall in proportion to that rate.

Fifteen minutes later Mr. Bryan addressed a similar crowd at Bessemer, Mich. He spoke from a rally-decorated platform, erected a few hundred yards from the train, and in the most part his speech dwelt on an explanation of the statement that under a gold standard the dollar would fall in proportion to that rate.

The biggest crowd of the day up to that time was encountered at Iron Mountain, Mich. The crowd was the most unanimous silver aggregation. At the little station of Norway several hundred people were about the depot and cheered the noisy train as it arrived there. The usual crowds which assemble about the rear end of the platform at the Kentucky Bank towered the candidate at Powers.

By the time Escanaba was reached, the bright sunshine of the day had changed to a drizzle, which was not so much a disappointment as it was a relief. The crowd was not so large as at the other places, but it was not so much a disappointment as it was a relief. The crowd was not so large as at the other places, but it was not so much a disappointment as it was a relief.

The opposition was out in force at Ishpeming when the Bryan party arrived. The crowd was not so large as at the other places, but it was not so much a disappointment as it was a relief. The crowd was not so large as at the other places, but it was not so much a disappointment as it was a relief.

"I am informed that band is at the head of a so-called McKinley club. We are very much obliged to them and the people when the band appeared. Mr. Bryan, in his speech, made a very kind interruption, but inside of three weeks that band will be playing, if still in the same employment, an entirely different tune."

CHICAGO, Oct. 14.—The first session of the International Organization of Farmers' Institute Workers convened at the Sherman house today with representatives present from about two-thirds of the states. The meeting is the result of the efforts of the state institute workers, which at its meeting last February issued a call to all state institutes of farmers to send representatives to this meeting. The work of the institute workers mainly consist of organizing and election of permanent officers.

After the meeting had been called to order by President C. V. Griggs, of Minnesota, a committee, consisting of F. E. Darrow, of New York; Casey Butterfield, of Michigan; and Mr. McClellan, of Wisconsin, was appointed to report on a plan for permanent organization, which will be sustained tomorrow.

HARPER CASE ECHO

BANK DECISION OF MORE THAN USUAL INTEREST HANDED DOWN. PRECEDENT IS ESTABLISHED. FIDELITY BANK MUST PAY MONEY BORROWED WITHOUT ITS CONSENT. STATE ASSOCIATIONS IN SESSION. Free Silver Question Discussed in Annual Address in Both Illinois and Kentucky.

CINCINNATI, O., Oct. 14.—In the United States court today Judge Sage announced a decision which becomes a precedent of great interest to bankers and other business men. E. L. Harper, of the Fidelity National bank, borrowed \$200,000 from the Chemical National bank, of New York city, March 2, 1886, to place in the bank. He made the loan on his own responsibility and did not consult the bank trustees. When the bank failed the Chemical entered suit against Receiver Armstrong to recover the \$200,000, with interest. Armstrong fought the suit, because the trustees had not authorized the loan. The complaint alleged that they were doing business with an uncredited officer of the bank and made the loan in good faith and had no means of knowing his misdoings. Judge Sage decreed for the complainants, and gave judgment for the amount with interest.

CURRENCY QUESTION UP. Discussed by the Bankers' Association of Kentucky. LOUISVILLE, Ky., Oct. 14.—The fifth annual convention of the Kentucky Bankers' association was called to order this morning at 11 o'clock at Macanley's theater by President John H. Leathers, of Louisville, who delivered a paper on the subject of the currency question. The convention was opened with prayer, and the report of Secretary Itham Bridges showed the membership to be 770, and reported the successful attempt to have the three days' game abolished by law. The report of the committee on the currency question was read by Mr. H. R. French, of the Exchange Bank of Mount Sterling, Ky., made the response, and the meeting adjourned. ILLINOIS BANKERS. A Sound Money Address Delivered by President Halliday. SPRINGFIELD, Ill., Oct. 14.—The sixth annual convention of the Illinois Bankers' association convened in the senate chamber today. The attendance was not large. Mayor Woodruff, on behalf of the city, welcomed the delegates. The response by President William P. Halliday, of Cairo, was very interesting. He said: "I belong neither to that class pretending to believe that all the bad and scheming men are on one side of the money question nor to that other class claiming to have only the workman's interest at heart, regardless of my own. I believe that the money question is a question of the nature of the famous 'Baltimore plan,' which would be of great benefit to the whole country, but particularly to the South and West, where the cry for a change is greatest. Those who array one class of our citizens against another are our greatest enemies our country can ever have. I should they utilize their money, the death knell of the republic will soon be sounded. It is not our monetary system that has made the inhabitants of the Eastern states a saving people, while we of the South and West are not. We cannot see our cake and have it, too. We cannot indulge all our

Deficit of About Eight Million Dollars Shown. WASHINGTON, Oct. 14.—The annual report of the third assistant postmaster general for the past year shows total expenditures for the year \$80,628,256; receipts, \$82,609,288; deficiency, \$5,127,088, or a reduction of \$1,979,565. The expenditures do not include the cost of carrying the mail over the subsidized Pacific railroads, which amounted to \$2,420,000. The special delivery service made an increase of 13 per cent in business during the year, 4,184,232 letters being delivered. The average time required for delivery was seven-and-a-half minutes. The number of pieces mailed was about 100,000. The number of cards issued was 4,195,653, an increase of 1 per cent over the issues of the preceding year. The value of these issues was \$7,178,101, which is about \$7,000 more than the value of the issues of the preceding year. TOYED WITH TIGERS

PRINCETON BESTED IN FIRST HALF BY CARLISLE INDIAN SCHOOL. ELEVEN.

THEN TABLES WERE TURNED.

INDIANS FAILED TO SCORE AND JERSEY MEN PILED UP POINTS.

TALE BEATS WILLIAMS EASILY.

The Blues Had Much the Best of a Punting Contest Between the Fullbacks.

PRINCETON, N. J., Oct. 14.—The Carlisle Indians came upon the Princeton football field today in quest of tiger scalps, and at the end of the first half it looked as if they would prove successful, as the score then stood 6 to 0 in favor of the Indians. In the second half, however, the Princeton players took a big brace and turned the tables upon their opponents. Rosengarten and Reller succeeded in Bannard and Kelly behind the line, and thereby put life and dash into the men. At the end of the game Princeton had rolled up a score of 22 points, and the Carlisle failed to add to their score.

THE FLEET GAMES.

Couring Results at Huron Surprised the Talent.

HURON, S. D., Oct. 14.—The second day of the American Waterloo cup couring meeting brought some surprises for the talent. Pretender was touted as "hot" but was soundly beaten by Old Sir Hugo, which was not her own doing. The imported dog Bed of Stone beat Silvia, the imported dog of Minneapolis, the crack of the kennel, owned in that city by Miss Marf. It was so astonishing to those in the know, as they were aware that she was drawn too fine and had gone off for a long time.

The weather was again clear and hot, and warm, really for couring. The attendance was large. Hares were none too plentiful. Sixteen courses were run. Not much fault could be found with the slipping, but the dogs were not so fast as in the previous days. The three courses left over from the first day were run off first and second. The first course was won by Pretender, St. Louis, D. J. Huron, best Fanny, Elkhorn, S. D.; second, Huron, best Fanny, Elkhorn, S. D.; third, Mulkirk, Hawarden, Io. The second course was won by Pretender, St. Louis, D. J. Huron, best Fanny, Elkhorn, S. D.; second, Huron, best Fanny, Elkhorn, S. D.; third, Mulkirk, Hawarden, Io.

TEBEAU A SLUGGER.

Indulges in a Barroom Row at Cleveland.

CLEVELAND, Oct. 14.—A story is printed here to the effect that Pat Tebeau, captain and manager of the Cleveland baseball club, last night assaulted and badly injured Elmer Pascoe, a reporter for an afternoon newspaper. The affair is alleged to have taken place in the barroom of the Kennard house. Tebeau charged Pascoe with writing for his paper an exaggerated account of the recent trouble between himself and Left Fielder McAleer. The discussion waxed hot and the lie was soon passed, resulting in Pascoe being knocked down by Tebeau. The bartender went between the two, and while he was demonstrating with Tebeau Jack O'Connor, also of the Cleveland baseball club, struck the reporter. The latter was taken to the toilet room and his wounds washed, while Tebeau went home. Pascoe refuses to have Tebeau arrested.

PLAYERS' FINES REDUCED.

Cleveland Men Let Off at Louisville for \$10 Each.

LOUISVILLE, Oct. 14.—The case of the Cleveland ball players who were fined in the police court last summer for disorderly conduct at the ball park came up in the criminal court today before Judge Tompkins. The players were Tebeau, McAleer, Burkett and McKean, and they were fined from \$50 to \$100 by Judge Thompson. Dr.
