Special to the Globe. GRANITE FALLS, Minn., Oct. 18.—Yellow Medicine county has in years past had two earmarks by which it could readily be distinguished—the heavy percentage of Republican votes it cast, and the always stood at the foot of the list of counties constituting this commonwealth. It retains the latter peculiarity yet, but, alas, the former has relaxed its hold.

been inaugurated and much enthusiasm prevails. The vote of this county for 1892 was as follows: Harrison, 886; Bryan, 1,015; Bidwell, 1,991. Our correspondent believes that this year will be increased to 2,700 votes this year. On account of this year there will be but two candidates whose vote will be anything but scattered.

Special to the Globe. CROOKSTON, Minn., Oct. 18.—Polk county has for many years been the hotbed of Populism in Minnesota. It is the only county in the state in which all the indications point to a tremendous Populist majority here again this year.
