

SAVED BY A PRIEST

...F. I. A WOMAN'S CONFESSION... MANILLA WOULD HAVE BEEN SAVED.

FIRST BLOW FOR FREEDOM

...WAS TO HAVE BEEN THUS STRUCK BY THE NATIVES OF PHILIPPINES.

ISLANDS OUT OF SPAIN'S CONTROL

Unless the Present Troops are Quickly Reinforced There is Danger of Final Defeat.

SAN FRANCISCO, Cal., Oct. 19.—Advisers by the steamer Peru from Singapore and Hong Kong state up to Sept. 27 that the rebellion in the Philippine islands is much more serious than has been generally recognized.

The Spanish forces are in danger of final defeat. The rebels now hold the province of Cavite, are well organized and have 8,000 Mauser rifles.

There are many natives in the Spanish troops and the officers are afraid to take native regiments into the interior, because their loyalty is doubted.

The Hong Kong Press says editorially that there is no longer room for the least doubt that the rebellion in the Philippine islands will in a short time assume the proportions of the Cuban rebellion. The natives are determined.

As each rebel signs an agreement he writes his name on his arm with blood and swears vengeance against the Spaniards.

The story of the original plans for striking the blow is a most serious one. For a long time the natives have been conspiring to overthrow the government.

It was arranged to sweep suddenly upon the body of officers who attended the funeral, kill as many as possible, then ransack the town of Manila and take every possession of the Spaniards.

It is due to a woman that the diabolical plot was discovered. In confession she disclosed the plot to a priest who divulged the secret.

The priest was a member of the order of the arrangements and then, toward the end of August, the fighting commenced in earnest.

From that time up to the middle of this month there were repeated bloody conflicts between the Spanish troops and the natives. The Manila correspondent under date of Sept. 2 denies that the Spanish troops defeated the rebels on Monday, Sept. 1.

"Eight rebels killed at St. Mesa, defeated six or eight at San Juan, besides those on the Spanish side. The rebels' bodies are being buried in a common rot. Over 100 of them, some say 150, were shut up in a small room under the bastions of San Sebastian intra Muros on Monday night.

One small window, fifty-four found dead in the morning. With those prisoners since died, said to total 70."

ARMENIANS IN AMERICA

Refugees Here to Make for Themselves New Homes.

NEW YORK, Oct. 19.—One hundred and sixty-seven Armenians who embarked at Boulogne arrived on the steamer Onda on Sunday afternoon.

They were one family of sixteen, including husband, wife, children, uncle, aunt and cousin.

The Armenians as a rule were well-dressed, intelligent looking, and did not appear to have suffered any privations.

The refugees were met at Ellis island by representatives of the Salvation Army and ladies from the Women's Christian Temperance Union.

A protest from the residents and taxpayers of Hohokus county, N. J., was presented to Dr. Senner, commissioner of immigration.

Upon their arrival at Ellis island they were grouped and photographed and interviewed by representatives of the Christian Herald.
