MOVEMENT OF STEAMSHIPS.

NEW YORK, Nov. 1.-Arrived: La Bourgeois, from Havre; Spaarndam, from Rotterdam. LIVERPOOL.-Arrived: Cevic, from New York. HAVRE.-Arrived: La Gasconne, from New York. QUEENSTOWN.-Sailed: Umbria, from Liverpool for New York.

CLAIMING NEW JERSEY

Are Both the Chairmen-Legislature Republican.

TRENTON, N. J., Nov. 1.-The campaign in New Jersey has practically closed, and the leaders of both the Republican and Democratic parties are claiming the state. Chairman Franklin Murphy, of the Republican state committee, declares that McKinley will carry the state by a margin of 40,000 to 50,000, and that the Republicans will secure the entire eight congressional seats and seven of the eight state senators. Nor would he be surprised if the lower house of the next legislature was solidly Republican.

DIVISION IN TEXAS.

Watson Contingent Makes the State Somewhat Uncertain.

AUSTIN, Tex., Nov. 1.-The campaign which is now practically closed has been one of the most exciting in the history of the state. The Democrats, while the Democrats have been claiming the state as safe all along the line, the Republicans and Populists, with the assistance of the gold Democrats, have been making such an interesting fight that it has kept the Democrats busy beating the bushes. Now that the election is within forty-eight hours, the situation, while it looks as though it was leaning favorably to Democracy, is in a position as to be problematic. The situation is such that the Populists hold the balance of power, and whichever way they go will tell the story, and in their present chaotic

condition they are the uncertain quantity. Democratic State Chairman Blake says there will be 500,000 votes cast in the state. McKinley will get 275,000, Bryan and Watson 90,000, McKinley and Hobart 125,000, and Palmer and Buckner 10,000. Blake also says that the Democratic state ticket will win by anywhere from 50,000 to 75,000 majority. Chairman John Grant, of the Republican party, who has managed the organization of the Republican party in Texas, and is in touch with every part of the state, figures the total vote at 500,000, but claims from 250,000 to 210,000 votes for the McKinley electors, and the Populist state ticket on the fusion arrangement. Conservative politicians figure out that of the 500,000 votes the Democrats are sure of 200,000, and the fusionists, comprising Republicans, Populists and gold Democrats, are also sure of 200,000, thus leaving 100,000 votes as the uncertain quantity. Of this number it is estimated that

LOVELY IN COLORADO.

Fusionists Agree Like a Young Couple in Their Honeymoon.

DENVER, Col., Nov. 1.-The campaign in this state has been almost devoid of interest so far as the national tickets are concerned, as a fusion was early effected between the Democrats, Populists, Silver Republicans and Silver Democrats on presidential electors pledged to Bryan and Sewall, and on congressional members Shafroth and Bell for re-election. This combination, it is conceded, will carry the state by a very large majority. The vote this year is estimated at about 160,000. The supporters of Bryan and Sewall claim for them a majority of 100,000. The McKinley Republicans promise to show their strength credited to them by their opponents. All parties, except the McKinley, have declared for the re-election of Senator Teller.

LANDSLIDE IN BAY STATE.

McKinley Majority Fully 153,000, Says the Boston Journal.

BOSTON, Mass., Nov. 1.-The Boston Journal has just completed the most thorough canvass ever made in the state. It shows the following probable vote of Massachusetts for president and governor: National ticket-McKinley, 281,519; Bryan, 128,408. McKinley's plurality, 153,111. State ticket-Wolcott, 264,834; Williams, 112,298. Wolcott's plurality, 152,536.

DEAD CERTAINTY FOR EVERYBODY AND EVERYTHING.

SIOUX FALLS, S. D., Nov. 1.-South Dakota is claimed by both sides with equal confidence. Populist Chairman L. M. Eastbrook, Democratic Chairman J. A. Bowler and Chairman M. S. G. Cherry for the free silver Republicans, all of this city, unite in claiming the state for Bryan by six to eight thousand. Cherry claims that he has two polls of silver Republicans, the last showing 6,300. Bryan votes Eastbrook says he has two complete polls to his estimate. Upon, but no poll as to the legislature. He expects to carry the legislature in all but six counties. Bowler claims his poll on the Democratic vote shows less than 3 per cent for McKinley. National Committeeman Kiltredge says McKinley will carry the state by eight to twelve thousand. He says it is a dead certainty. He says the Republicans will have not less than ninety out of one hundred and twenty-six in the legislature.

DOUBT ONLY IN A FEW CONGRESSIONAL DISTRICTS.

PHILADELPHIA, Pa., Nov. 1.-The campaign in Pennsylvania closed last night with the meetings that were held all over the state. Although the electoral vote has been conceded to McKinley from the start, Republican orators have traveled up and down the state making speeches in behalf of their candidate. This activity has been largely due to two causes. First, the fact that the legislature to be chosen on Tuesday next will elect a successor to United States Senator J. Donald Cameron; second, the business men's national campaign committee and the leading Republican organizations in the large cities have provided an army of speakers and the means of holding innumerable meetings all over the state. The three leading candidates for United States senator, Gov. Hastings, John Wanamaker and State Senator Holes Penrose, have been on the stump during the campaign and have spoken in nearly every county. The uncertain situation in several

FINISHING 'TOUCHES' OF THE CAMPAIGN.

of the congressional districts is the cause of much anxiety to the Republican leaders. In the landside of two weeks ago, the Republicans elected twenty-eight out of thirty congressmen, but the chances are that this year the Democrats will elect four or possibly six congressmen. At the headquarters of the Republican state committee it is claimed that Pennsylvania will give McKinley and Hobart anywhere from 200,000 to 300,000 plurality. The Democratic chairman hopes to keep the Republican plurality below 100,000. The Palmer and Buckner followers, under the title of "Jeffersonian Democracy," have a very active organization in the state and Chairman Given hopes the ticket will poll from 40,000 to 50,000 votes.

MISSISSIPPI SILVER CONGRESSMEN.

JACKSON, Miss., Nov. 1.-The campaign in Mississippi may be said to have closed several days ago. The only interest was over the congressional contest. There is no question but what every Democratic congressman

will be elected. This is conceded by all parties. In two districts the Populists made an account of back of funds for campaign purposes, there is no prospect of the Republican electoral ticket being elected. Chairman Vaughn, of the Republican committee, claims 76,000 white votes for McKinley, which have never been Republican heretofore. In the second district the gold standard is the Republican ticket. The Democratic house, and his election is claimed over Stallings, the present member of congress, a silver Democrat.

HIGH CLAIMS IN ALABAMA.

Silverites Say They Will Have 50,000 Votes to Spare.

BIRMINGHAM, Ala., Nov. 1.-Both Republican and Democratic headquarters have been active today. The silverites are hardly less active than yesterday. The gold standard Democrats have not made any aggressive campaign except in the Democratic headquarters. The Democratic headquarters tonight Gen. Shellock, state chairman, claims the state for Bryan and Sewall electors by 60,000 plurality. This claim is based on the theory of a large vote and large gains from Populists and Silver Republicans. At Republican headquarters it is stated that, on account of lack of funds for campaign purposes, there is no prospect of the Republican electoral ticket being elected. Chairman Vaughn, of the Republican committee, claims 76,000 white votes for McKinley, which have never been Republican heretofore. In the second district the gold standard is the Republican ticket. The Democratic house, and his election is claimed over Stallings, the present member of congress, a silver Democrat.

MONTANA VOTERS LUCKY.

Politicians Have Left the State Severely Alone.

HELENA, Mont., Nov. 1.-The campaign in Montana has been remarkable for the absence of anything like a campaign. The Republican candidate for governor met with an accident early in his speech, and this compelled his withdrawal from active work. The Democratic-Populist candidate for governor went to California to make speeches, and the Democratic-Hartman went East to make silver speeches. He made a few speeches here, and Col. Saunders, Senator Carter and others made a few speeches for McKinley. The Democrats and Populists had several speakers out, but large meetings were not numerous on either side. The fusionists will get about two-thirds of the votes cast in the state and the fusion state ticket about the same. The McKinley Republicans claim McKinley will get 20,000 out of 45,000 votes, and that Botkin, Republican, for governor, will get more.

IN BRIGHAM YOUNG'S LAND.

Women Will Vote-Bryan Has a Lead in Claims Made.

SALT LAKE, Utah, Nov. 1.-The campaign has closed without any sensational features and everything is ready for the contest at the ballot box on Tuesday. It is estimated that the vote of the state will be over 60,000, as the women will vote for the first time in this election. The chairman of the Democratic committee claims Bryan's majority will be over 40,000, that King, Democrat, for congress, will be elected by over 3,000 majority and that the Democrats will have twenty-seven majority on joint ballot in the legislature. The chairman of the Republican committee does not name figures on the presidential vote, but says the Republicans will elect the congressmen and carry a majority of the legislature. The chairman of the People's party says the strength of the party cannot be estimated under the fusion arrangements. The party expects to poll a strong vote for Foster for congress.

YOUR CHOICE IN SOUTH DAKOTA.

Dead Certainty for Everybody and Everything.

SIOUX FALLS, S. D., Nov. 1.-South Dakota is claimed by both sides with equal confidence. Populist Chairman L. M. Eastbrook, Democratic Chairman J. A. Bowler and Chairman M. S. G. Cherry for the free silver Republicans, all of this city, unite in claiming the state for Bryan by six to eight thousand. Cherry claims that he has two polls of silver Republicans, the last showing 6,300. Bryan votes Eastbrook says he has two complete polls to his estimate. Upon, but no poll as to the legislature. He expects to carry the legislature in all but six counties. Bowler claims his poll on the Democratic vote shows less than 3 per cent for McKinley. National Committeeman Kiltredge says McKinley will carry the state by eight to twelve thousand. He says it is a dead certainty. He says the Republicans will have not less than ninety out of one hundred and twenty-six in the legislature.

NEW BULLETIN IN LOUISIANA.

Bryanites Expect to Carry Everything in the State.

NEW ORLEANS, La., Nov. 1.-The Australian ballot system will be given its first trial in Louisiana. The state will give Bryan a majority of between 15,000 and 20,000. The Democrats expect to carry all six congressional districts, but with an honest count the Republicans claim to have excellent chances in the First, Second, Third and Sixth districts. In the latter district both Republican and Democratic nominees are for free silver. It is claimed that the Australian ballot system will result in disfranchising a large percentage of voters in each political party, as illiterate citizens will not be able to prepare their ballots according to law. The Republicans claim that this city will go for McKinley. On the other hand, the Democrats are confident that when the returns are made up on the night of Nov. 3, they will have their usual majority of 10,000 or more in the city and 30,000 in the state.

CLING TO THE NUTMEG.

Democratic Chairman Claims to Hope for Connecticut.

HARTFORD, Conn., Nov. 1.-C. R. Flyer, of the central Republican state committee, makes the following statement: A conservative canvass of this state just completed shows a plurality for McKinley of 30,000; will probably exceed these figures. State ticket will have a plurality of not less than 20,000. Will elect four Republican congressmen by pluralities ranging from 7,000 to 12,000. House of representatives will have not less than 200 Republican members of a total of 222. Indications point to a solid Republican senate. Today Alexander T. Troup, chairman of the Democratic state central committee, said: "At the last meeting of our committee I requested the various members to report the situation in their districts, giving estimates, the very darkest for Bryan and the most hopeful for McKinley. I wanted to get down to hard pan. From these estimates I have come to the conclusion that McKinley will probably carry Connecticut, but his plurality will not be more than 8,000. If these estimates are correct and every Bryan man does his duty, there is a reasonable fighting chance for Bryan in this state."

NO CHANGE IN MAINE.

Results Foreshadowed by the State Election.

AUGUSTA, Me., Nov. 1.-The chairman of the respective state committees express the opinion that the result in Maine will not show much change from that of the recent state election, and that the congressional election will be continued on Second Page.

ARKANSAW IS CONCEDED.

Republicans Estimate Bryan's Plurality at 40,000.

LITTLE ROCK, Ark., Nov. 1.-Comparatively little interest has been taken in the campaign in this state, the electoral vote being conceded by all to Mr. Bryan, but the public have eagerly watched political affairs in the other states. Few speeches have been made in Arkansas except by local orators, the only campaign of consequence being made by congressional candidates in the Third and Fourth districts. Congressman McRae and Mr. Friedheim, his Republican opponent, in the Third district, closed their campaign Saturday. Fryer, Democrat, in the Fourth, delivered his last cam-

NO MCKINLEYISM IN OURS.

"Democrats Should Vote for Palmer and Buckner," and So Say We All of Us.

NATIONAL DEMOCRACY'S GRAND OLD MAN.

The following telegraphic correspondence explains itself. National Democrats were amazed at the press report from Warrensburg, Mo., in which General Palmer was made to advise them to vote for McKinley. The editor of the GLOBE therefore telegraphed to General Palmer on Saturday, immediately following the publication of the Warrensburg message, the following:

ST. PAUL, Minn., Oct. 31, 1896. TO SENATOR JOHN M. PALMER, Headquarters National Democracy, St. Louis, Mo.: Associated Press quotes your speech at Warrensburg as follows: "I promise you, my fellow Democrats, I will not consider it any great fault if you decide next Tuesday to cast your ballots for William McKinley, although you may, if you desire, vote for Palmer and Buckner." National Democrats here disturbed, but do not believe report. Please telegraph me your denial or confirmation of the above. National Democrats of the Northwest are with you to the last. J. G. PYLE, Editor St. Paul Globe.

General Palmer was not at St. Louis, as reported, and the following reply was sent back: ST. LOUIS, Mo., Nov. 1, '96. G. J. TANSEY.

Palmer at Springfield, Ill., today. Your telegram repeated to him.

Yesterday General Palmer sent, from Springfield, Ill., the following conclusive answer to the slander upon him and upon National Democracy: SPRINGFIELD, Ill., Nov. 1, '96.

J. G. PYLE, St. Paul: THE MEETING AT WARRENSBURG WAS COMPOSED LARGELY OF REPUBLICANS. I SAID: "SOME OF YOU WILL ON NEXT TUESDAY VOTE FOR MCKINLEY, BUT DEMOCRATS SHOULD VOTE FOR PALMER AND BUCKNER. ONLY POPULISTS WILL VOTE FOR BRYAN." THANKS TO THE DEMOCRATS OF THE NORTHWEST. JOHN M. PALMER.

BYNUM SOUNDS A WARNING.

State Committee Appeals to True Democrats to Stand by the Ticket.

The following telegram was received last evening by F. W. M. Cutcheon: MICHIGAN CITY, Ind., Oct. 31, '96. F. W. M. Cutcheon, St. Paul, Minn.: The National Democratic organization is earnestly and sincerely supporting Palmer and Buckner, and no one has any right or authority to direct, or commit it to, the support of their candidates. -W. D. Bynum.

VOTE FOR PALMER.

Veteran Candidate of the True Democracy is in the Fight to the Last.

Special to the Globe. ST. LOUIS, Nov. 1.-The St. Louis Republican correspondent was present at the Warrensburg meeting where Gen. Palmer was quoted by the Associated Press as saying: "I promise you, my fellow Democrats, I will not consider it any fault if you decide next Tuesday to cast your ballots for William McKinley, although you may, if you desire, vote for Palmer and Buckner." This correspondent says that at that meeting Gen. Palmer made no such remarks. Gen. Palmer replied to the McKinleyites: "Shall we vote for you or McKinley?" "Why, for me, of course."

STAND BY SOUND MONEY.

National Democratic Committee Appeals to the Party. To the National Democrats of Minnesota: Thursday evening, there was published an open letter addressed to the National Democracy of Minnesota and signed by Thomas Wilson, Charles E. Flandrau and others, in which all those considering themselves members of the National Democracy of this state are urged to vote for those nominees for presidential electors that represent William McKinley. Simultaneously with the publication of this address, telegrams were sent from the Bryan headquarters in this city to all sections of the state which, as published in at least one of the county newspapers, read as follows: "A circular has been issued by the gold Democrats in favor

of McKinley and Clough intended for the cities only. They have deserted their pretended candidates and should be exposed." Upon the authority of this telegram the representatives of Bryan Democracy are freely stating from every stump in the state that the National Democratic committee of Minnesota has abandoned its candidates and has advised all gold standard Democrats to vote for the McKinley electors. To the end that the facts of this matter may be known, that the attempt to lead astray the true Democrats of Minnesota upon the one hand, and the attempt to misrepresent the authority of the address mentioned upon the other, may be defeated, and that the National Democracy of this state, we feel ourselves in honor bound to make the following public statement: Any statement or expression of inference that this address of Messrs. Wilson, Flandrau and others was prepared or published with the consent or knowledge of the state committee, or of any official of the National Democracy of this state, is unqualifiedly false and should be known to be false by any man that makes such statement or expresses such inference. The officials of the National Democratic organization repudiate that address and disavow it as a scheme secretly devised for the intended benefit of the Republican ticket, and perpetrated at this late hour in order that its effect might not be neutralized by any answer.

The officials of the National Democracy have, in good faith, waged such a campaign as the means at their disposal permitted, for the National Democracy and their own candidates-Gen. Palmer and Gen. Buckner. They purpose to continue the prosecution of this campaign as energetically as they know how until the election is over, and in this they rely upon the loyal support of all those who have been associated with the National Democracy of the state, regardless of Republican advice or Populist misrepresentation. -Jared How, Secretary of the State Committee of the National Democratic Party.

IRISH ON BRYAN'S TRAIL. Politics Will Be Red Hot in Nebraska Today. OMAHA, Neb., Nov. 1.-One of the most exciting as well as intensely interesting features of this sensational campaign will occur tomorrow, when William J. Bryan, in his rapid flight through Nebraska, will be closely followed by Hon. John P. Irish, of California. The itinerary of the Irish train has been arranged with great care. Hon. Euclid Martin, chairman of the Burlington road, starting his special train in the early hours of the morning, closing his campaign in Omaha Monday evening. Shortly after Mr. Bryan has commenced his orating the special train carrying Irish and the followers of the gold state Democracy of Nebraska will follow him closely.

condition they are the uncertain quantity. Democratic State Chairman Blake says there will be 500,000 votes cast in the state. McKinley will get 275,000, Bryan and Watson 90,000, McKinley and Hobart 125,000, and Palmer and Buckner 10,000. Blake also says that the Democratic state ticket will win by anywhere from 50,000 to 75,000 majority. Chairman John Grant, of the Republican party, who has managed the organization of the Republican party in Texas, and is in touch with every part of the state, figures the total vote at 500,000, but claims from 250,000 to 210,000 votes for the McKinley electors, and the Populist state ticket on the fusion arrangement. Conservative politicians figure out that of the 500,000 votes the Democrats are sure of 200,000, and the fusionists, comprising Republicans, Populists and gold Democrats, are also sure of 200,000, thus leaving 100,000 votes as the uncertain quantity. Of this number it is estimated that

of the congressional districts is the cause of much anxiety to the Republican leaders. In the landside of two weeks ago, the Republicans elected twenty-eight out of thirty congressmen, but the chances are that this year the Democrats will elect four or possibly six congressmen.
