closing 4c lower, oats a shade higher and provisions unchanged to 21/2c higher. Liverpool again gave the tone to the beginning of the wheat market here. It sent quotations from 11/2 to 2d, 4d per cental lower than the previous day's closing prices. So strong was the desire to sell at the commencement, and so cold and cautious at the same time, were intending buyers, that December had to be offered at 76½ before buyers could be found. To add to the opening bearish-ness, the receipts at Minneapolis and Duluth had risen to 919 compared with 454 a week ago, and 948 the correspond-454 a week ago, and 948 the corresponding day a year ago. Some European news was quite bullish. Paris reported unfavorable weather and stated that France would be an importer before another crop, and Liverpool confirmed the reports of damage by locusts to the Argentine crop. After the price had recovered about 1c from the opening prices, there was another slump, because of a New York telegram, saying light rains had fallen in Bombay. It was afterward said, however, that ing light rains had fallen in Bombay. It was afterward said, however, that the rain in India had not fallen where it would help wheat growing. The best improvement in this market followed the estimate by a local statistician that the visible supply for the week was likely to show a decrease Monday of 1,000,000 bushels and possibly 1,500,000. The increase the corresponding week of last year was 1,895,000 bushels. The demand of cash wheat was good week of last year was 1,895,000 bushels. The demand of cash wheat was good and came from both exporters and home millers. Early in the forenoon sales of 180,000 bushels were made and 80,000 bushels of that was No. 3 hard winter for export. After a recovery to 771/sc, the market began to tend downward again. The continental markets sent much lower quotations at the close, and that renewed in its full force close, and that renewed in its full force here the very bearish feeling which had been temporarily overcome. Fi-nally, about half an hour from the

close, December broke to 75½c. There was very little recovery, December closing weak at 75½@75‰c.

Corn opened weak, under the influence of the big drop in wheat, but the decline with which the market commenced brought in so many who had menced brought in so many who had previously sold short, to take advantage of the chance to buy, that the price soon rose again. May started ½c lower at 26½c. It rose to 26¾c, then declined to 26½@26¼c, closing steady at 26%@26½c. Oats opened weak and 1½c lower then vectorday's closing steady at 26%@26½c. Oats opened weak and ½c lower than yesterday's closing price. May opened 21½c, sold at 21½c, advanced to 21½c, and closed steady at 21½c bid. The opening in provisions was evidently affected by the weak market in wheat, but after hog price had risen, with the subsequent revovery in wheat, they did not again fall below yesterday's closing, though wheat afterwards became ing, though wheat afterwards became ing, though wheat afterwards became ing, though wheat afterwards became in orthern, 77c; 3 cars 1 northern, to arrive, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, choice to go out, 77c; 3 cars 1 northern, 27c; 3 car The leading futures ranged as follows:

MINNEAPOLIS MARKETS. Covering Caused an Advance in

Wheat Prices.

was quite a large trade done There was quite a large trade done in speculative wheat, but as a general thing the selling was better than the buying. The opening was much lower on the early Liverpool cable which quoted wheat 2½ d lower and weak. But on the break there was some cash wheat worked at Chicago and elsewhere and the crowd began covering their sales carrying the price up about a cent. Then, on fresh selling, the market dropped back somewhat. somewhat.

There was a rather poor demand for all There was a rather poor demand for all kinds of cash wheat. Buyers were not actively engaged in taking the wheat and some of the millers were entirely out of the market, claiming that they now have more wheat on track than they can unload in some days. Elevators also are not so much inclined to buy at high premiums as they were and the result is that the regular premium of %c over December was only well maintained. Following were closing prices:

MINERS' TRUMP CARD

Played to Bring Leadville Operators to Terms.

I.EADVII.LE, Col., Nov. 20.—The most important move yet made by the striking miners is today announced on what is considered reliable authority. The statement that the governor had decided to take summary measures to suppress further violence here and to bring the strike to an end has, it is said, caused the officers of the union, with the backing of the Western Federation of Miners, to decide to play a trump card which, they think will force the mine managers to come to their terms under pressure from the managers of mines in other districts of the state. The union has sent emissaries to all other unions in the state to urge them to inaugurate for a sympathetic strike, thus tying up all the mines in the state Cripple Creek and Telluride are to take the initiative and the other unions to

DEPRESSION IN THE FINAL HOUR.

Close for the General List Was at About the Lowest of the Day.

NEW YORK, Nov. 20.-The stock market was under pressure from pro-fessional bears all day. The volume of fessional bears all day. The volume of business was the lightest that has been recorded on any full business day in the past two weeks and the distribution was very poor. The movement tion was very poor. The movement was irregular and in most instances narrow, the market displaying a tendency to rally whenever pressure was stocks, and "spluges" in the usually spectacular stocks, facilitated by easier monetary conditions, afford the only relief from the monotony of the market. The bears and the bulls without stocks accompany their attacks upon the general list with gloomy forecasts as to the outlook for traffic and lay particular stress upon the discouraging returns that are now coming to hand as well that are now coming to hand, as well as the more moderate activity in general business. Liquidation is apparent here and there in some of the high-priced specialties, and this has caused an abatement of the purchasing movement that was noted until a day or two

an abatement of the purchasing movement that was noted until a day or two past in the low-priced shares. London orders are light, but are mainly to sell. The initial prices today were irregular and the changes fractional. Bear aggression, however, soon became evident. Minnesota Iron reacted 2 percent, but the losses otherwise were unimportant. The downward movement was succeeded by a rally. Reading was largely dealt in and gained a point on reports that the reorganizers had succeeded in arranging for large reductions in rentals of leased lines. In the early afternoon the market was very dull, but prices stiffened sharply all round. In the last hour, renewed bear pressure caused depression to the lowest figure of the day. The closing was weak at general fractional net losses. Railway bonds were dull and without special features. Firmness was generally noted, however. Sales were \$1,456,000. Governments held firm on dealings of \$38,000. Silver certificates were quiet and easier on sales of \$20,000. The total sales of stocks today were 17, 2007 shores. and easier on sales of \$20,000. and easier on sales of \$20,000. Midway Horse Market.

Barrett & Zimmerman's report: Today's receipts light. All classes of horses are well represented among the offerings, with advices received of large consignments billed to arrive the first of next week. Today's business was not up to expectations. The volume of sales was small and prices ruled low. Should the weather continue cold, with snow, larger sales are looked for. Representative sales:
