

It Is Perplexing

this question of dressing the small boys. No fabric has been found that will withstand the healthy violence of the small boy.

We come as near as is possible to making clothes that will wear. They will tear, but they won't rip. They are made of the best obtainable materials, and they are put together as strongly and honestly as good silk thread and skilled workmen can contrive.

And then there is a style about our Children's clothing that you don't find commonly. They are cut to fit and to look right as well as to wear well.

When it comes to the prices, there is even more to be said in favor of our goods. One of our suits will outlast two of the shoddy sort at hardly greater cost than for two of the 'cheap' suits.

ALL RIDING TO WIN

DISTANCE RECORDS SUFFERING IN THE MADISON SQUARE SIX-DAY EVENT.

TEDDY HALE IN THE LEAD.

BOY OF ERIN SETTING THE PACE FOR THE INTERNATIONAL CRACKS.

EVENING'S WORK MOST SPIRITED.

Encouraged by a Large Crowd the Contesting Wheelmen Went Out After World Marks.

NEW YORK, Dec. 8.—The great throng that will late last evening, cheered the wheelmen in the six-day international cycling contest now being held in Madison Square Garden.

repaid for their hardihood in facing a stiff wind and a nasty mist, which fell during the evening. When the band began playing at 8 o'clock, the riding was most spirited. Teddy Hale, the young son of Erin, had just scored his seven hundred and third mile and Rice had 683 miles and third mile and Schock, during the hours between 6 and 7 o'clock, did some very fast riding. Pierce, who had been sleeping between 5 and 7 o'clock, came on the floor refreshed and went to work in earnest and soon jumped ahead of Elkes, and it soon became apparent that he intended to crawl ahead of some of the favorites.

For a long time before the galleries began to assume an air of life, the riders had been doing some fast riding. Little Taylor, the darkey, carried a grin that was amusing, as he bent far over his handle bars. Hale rode steadily, and did not appear to exert himself, as did Rice, who has been slowly creeping along throughout the evening. The riders later braced up smashing world's records. At midnight, the score stood: Hale, 770; Rice, 748; Schock, 714; Forster, 701; Reading, 701; Smith, 686; Taylor, 685; Moore, 670; Pierce, 672; Ahinger, 625; Maddox, 618; Glick, 599; Elkes, 596; Cassidy, 578; Gannon, 559; McCleod, 472.

The opening of the second twenty-four hours of the race found the roll of competitors sadly depleted. Of the original twenty-seven entries, only sixteen remained, and it is good betting that less than half of this number will be in the race at the finish. Hale, the Irishman, who had led yesterday afternoon and broken record after record, was fresh and hopeful of success this morning. He took a little nap during the early morning, but managed to add seventy-six miles to his credit between 3 o'clock and 9. Experts at the Garden say, however, that he will not last the six days, there being nothing in his appearance, however, this morning to warrant that assertion. Redding, the Nebraska man, who broke all records yesterday for continuous riding, was within a score of miles of the Irish champion at 9 o'clock, but gave evidence of breaking up. It would surprise nobody to see "Major" Taylor, captured, capture first money. He was within thirty-two miles of the leader at 9 o'clock, and seemed as fresh as when he started. Maddo, of Amsbury Park, was over 100 miles behind the leader this morning. Moore, of Philadelphia, in much better condition than several of his competitors. Schock, the winner of the last six-day contest, has disappointed his friends and his withdrawal would sur-

prise no one. The chances of Glick, Cannon, Cassidy, Smith, Pierce, Ahinger and McCleod are slight. All the fifty mile records have been broken. Hale turned in his best shortly after 10 o'clock. He was out again at 10:15 and made the pace for his adversaries. Schock made a gain of twenty-eight miles over Hale this morning. Comparison with the previous contest found the Irishman only seven miles ahead of Schock's record of 535 miles at the end of the first thirty-four hours. Taylor sought rest for ninety minutes, during which time he was passed by Schock and fell from third to eighth place. Glick, the Michigan man, was run into, but remounted and continued his ride. Cassidy left the track at 11:55, seemingly badly used up. Hale continued to break Schock's previous record, and at the end of the first thirty-six hours he was fifteen miles ahead of it. An hour later he increased his lead on the record by seventeen miles.

The best work of the day was done by Rice, of Wilkesbarre, Pa., who covered a distance of 195 miles between 10 o'clock and 1 o'clock this afternoon and seemed as fresh as any of them. He was within twenty miles of Hale and led all the others by from seven to 130 miles. About 2 o'clock Maddox, who had been going along steadily all morning, let out a link or two and for a couple of miles, passed his adversaries as if they were standing still. At 12 o'clock the score found Hale twenty miles and three laps ahead of all previous six-day records for that time—by seven and a half hours. At six o'clock the score was: Hale, 671; Rice, 651; Schock, 639; Forster, 628; Moore, 621; Reading, 626; Taylor, 616; Pierce, 607; Smith, 587; Elkes, 551; Glick, 542; Maddox, 540; Ahinger, 526; Cassidy, 523; Gannon, 500; McCleod, 416.

POLO AND INDOOR BALL.

Co. C Organizes an Athletic Club for the Winter.

At a meeting of Company C at the armory on Monday of last week an athletic club was organized and officers elected as follows: Capt. N. C. Robinson, president; Sergt. J. Snow, treasurer; Private H. H. Bennett, secretary. The object of the club is to play polo and indoor base ball this winter. The first game of base ball was played Monday night, between teams captained by J. Snow and N. C. Robinson, and was won by Snow's team by a score of 24 to 15. Saturday evening a game will be played between teams representing Battery A and Company C, beginning at 8:30 sharp.

Eighth Game Drawn.

MOSCOW, Dec. 8.—Early this morning Lasker and Steinitz drew the eighth game, a Ruy Lopez, played by the former, after five moves. Present score: Lasker, 8; Steinitz, 9, drawn, 3.

Hrs Cochrane a Hoodoo!

Torrance and Cochrane were the contestants in the amateur handicap series at Foley's last night. Neither had done good work in the present tournament, and Torrance the poorer, perhaps, so it was thought Cochrane would win. His friends were mistaken, as Torrance showed more form, and won with ease, beating his man 57 to 47. Cochrane has lost five times to Torrance. This evening there will be a match between Torrance and Poland.

Burns by Default.

CHICAGO, Dec. 8.—"Farmer" Burns tonight defeated James Rooney, the grimpman, in the 200 yard race by default. He was to throw Rooney five times in a row, but after he had done twice Rooney was unable to continue.

Gallagher Defeated.

CHICAGO, Dec. 8.—In the billiard tournament tonight Thatchor defeated Gallagher 239 to 246. Gallagher was to make 400 to Thatchor's 220. Winner's average, 92-28; loser's average, 84-39.

FIRST SUPPLY BILL

PENSION APPROPRIATION PASSED BY THE HOUSE WITH NO OPPOSITION.

IT CARRIES \$141,263,880.

TOTAL AMOUNT PROVIDED A TRIFLE SMALLER THAN FOR LAST YEAR.

THREE POSTAL LAWS ADOPTED.

No Time Wasted by the House in Getting Down to Routine Business.

WASHINGTON, Dec. 8.—The house, without wasting time, proceeded to business today, and before the session closed had passed three bills of considerable importance and the first of the regular supply bills—that for pensions. Three of the bills related to postal matters. One provided for the use of private mailing cards of the same general size and character as the present postal cards, when 1 cent stamps are affixed. Another provided for a limited indemnity of \$10 for the loss of registered mail matter and the third provided for a private carrier service in towns and villages where no free delivery exists. It provides that on the application of twenty persons, receiving their mail at the same office, the postmaster shall appoint such persons as are willing to undertake the collection and delivery of mails, that the charge be not to exceed 1 cent for each letter and that the charge shall be paid by the beneficiaries.

The pension bill was passed without factious opposition, but Mr. Grow, of Pennsylvania, took occasion in the debate to submit some views in favor of higher tariff duties based on that portion of the president's message relating to the tariff. The bill carries \$141,263,880, about \$75,000 less than the law for the current year. The attendance was very large when the house met today, but the galleries were almost deserted. No programme had been arranged before the house met. After the adjournment of the regular order, the call of committees. Mr. Loud (Rep., Cal.), from the committee on postoffices and post roads, called up a bill to provide a limited indemnity for the loss of registered mail matter. It provided an indemnity of not to exceed \$10 for any one registered letter, but if of less value, not to exceed the actual value of the letter, also approved by the postoffice department. Such an indemnity is made by the postmaster general, and the cost of the increased revenue from registered mail would more than offset the indemnity losses he paid.

Mr. Loud said that on the basis of last year's statistics the government could have a revenue of \$900,000 with a liability of \$50,000. There was some criticism of the bill, and a resolution was introduced to amend the bill so that it would be passed by a vote of 79 to 79. Mr. Loud then called up the bill of Mr. Sperry (Rep., Conn.), to authorize the collection and delivery of mail in cities, towns and villages, where no letter carrier service exists, and employment under mutual arrangement between the citizens of any service at a cost not exceeding one cent for the delivery of each letter or package. The expense of delivery under the terms of the bill is to be borne by the beneficiaries, and the government is liable so far as the government is concerned.

DANGER IN SODA.

Serious Results Sometimes Follow Its Excessive Use.

Common soda is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it is never intended for medicinal purposes, and people who use it as such will some day regret it. We refer to the common use of soda water, which is a habit which thousands of people practice almost daily, and one which is fraught with danger; moreover the soda only gives temporary relief and in the end the stomach trouble gets worse and worse. The soda acts as a mechanical irritant to the wall of the stomach, and the bowels and cases are on record where it accumulated in the intestines, causing death by inflammation or peritonitis. Dr. Harlandson recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation called Stuart's Dyspepsia Tablets. These tablets are large 20-grain lozenges, very pleasant to taste and contain the natural acids, peptones and digestive elements essential to good digestion, and when taken after meals they digest the food perfectly and promptly before it enters the stomach, thus preventing the blood and nervous system. Dr. Wuerth states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach derangements and finds them a certain cure not only for sour stomach, but by promptly digesting the food they create a healthy appetite, increase flesh and strengthen the action of the heart and liver. They are not a cathartic, but intended only for stomach diseases and weakness and will be found reliable in any stomach trouble except cancer of the stomach. All druggists sell Stuart's Dyspepsia Tablets at 50 cents a box. Each box contains a book describing all forms of stomach weakness and their cure mailed free by addressing the Stuart Co., of Marshall, Mich.

The Republicans, and the opinion was expressed by some who were on the inside, that fully one-third of the Republican senators, not including the rebel bolters, were antagonistic to the bill.

SHORT SENATE SESSION.

Early Adjournment in Memory of Ex-Speaker Crisp.

WASHINGTON, Dec. 8.—The senate settled down to business today, and there were evidences of the excitement of the opening session yesterday. The attendance was small. When a letter from the secretary of the treasury was read, answering a senate inquiry as to the senior citizens in the treasury, Mr. Gallinger (Rep., N. H.) said that he was glad to observe that the foreigners had seen fit, as a result of the inquiry, to take out naturalization papers. Many petitions were presented from manufacturing bodies, urging the passage of the Dingley bill, and the senior citizens in the treasury, Mr. Gallinger (Rep., N.
