THOSE WHO HAVE NOT FILED ARE REQUESTED TO SEND THEIR NAMES TO SECRETARY ROTHSCHILD

In Order That Duplications of Names, Uniforms, Etc., May Not Occur This Year.

The Capitol City Driving club met in district court room No. 4 in the court house last evening and completed its reorganization by adopting a constitution and by-laws and appointing an executive committee.

The old constitution and by-laws were adopted in the main, only a few changes being made. The tenure of office of the various officers was extended from a period of six months to one year. It was also decided that person might become a member upon paying an initiation fee of \$3.

The discussion of the evening arose over the question of a member's right to employ a professional driver to drive his horse in the races. It was proposed by law on this subject provides that "any person shall be entitled to enter a horse in any race held under the auspices of this club, if he is a member in good standing."

Some of the members present were opposed to allowing professional drivers to drive in the races. It was urged that their "jockeying" tactics were decidedly objectionable to gentlemen, and that it would be well to exclude them. After a general discussion it was proposed that the matter of permitting professional drivers to drive in the races be left to the discretion of the executive committee.

Subsequently on this action was reconsidered. It was pointed out that the exclusion of professional drivers would tend to discourage one of the objects of the club, namely, the promotion of interest in exhibiting driving horses. Many owners of good horses were unable to handle them on the race track and were consequently obliged to employ professional drivers for that purpose. It was, therefore, considered unfair to such owners to adopt a regulation that would practically shut their horses out. It was finally decided to appoint a committee of three to draft a suitable by-law regulating the manner of admitting professional drivers. Geo. W. Sherman is chairman of the committee.

The old by-laws concerning the records of horses standing against them, was not adopted, but the matter was left to the discretion of the executive committee.

Examples of uniform caps were exhibited. The club selected one bearing across its front these letters in gilt: "C. C. D. C."

On motion, Second Vice President Corcoran, who occupied the chair, appointed Mrs. A. Palmer, president, and five to solicit membership and donations: Charles Leibold, W. F. Zimmerman, James Fenstermaker, Charles Bretsch and W. C. Sherman.

The following members were appointed the executive committee: George W. Sherman, H. W. Flagley, James Fenstermaker, G. L. Bonney and Charles Leibold.

Matt Jensen informed the club that St. Paul of Parks Nussbaumer had assured him that the club would be in good shape as soon as suitable weather arrives.

The club then adjourned until next Thursday evening, when it will meet at the Windsor hotel.

All members of Ramsey Council Royal Arcanum interested in the formation of a carnival club are invited to meet at Windsor hotel this evening at 8 o'clock.

The meeting of the directors of the St. Paul Carnival association, which was called for last evening, was postponed until some future date, in order to allow the committee to complete their reports. Vice President Bowly announces that the finance committee has already succeeded in doubling the total subscription pledged for the year, and that there appears to be great interest in the forthcoming event.

Secretary Rothschild says carnival clubs are being formed in various parts of the city, and that two or three are reported to the association every day. It is requested that, as clubs are formed, that they notify the association with the officers of the carnival association in order that the uniforms worn by the different clubs may not be duplicated.

There has been some trouble in this direction already, and as it is desired the uniforms of the different organizations shall be radically different, it is suggested that the secretary of the carnival association should be consulted. Those reporting the names of new clubs are also asked to bring in the names of officers elected. The new organizations already reported are the following: Crescent Carnival club, E. Weller, captain; L. McCarty, president; W. McKay, second lieutenant. The uniform consists of a seal brown suit, yellow trimmings, blue cap, white and blue stockings, dark blue sash and red tassel. The club already numbers twenty-six members.

Central Park Carnival club, John M. Knight, captain; C. A. Palmer, president; Miss Mark Kendrick, secretary; Harvey Webster, treasurer. The club numbers thirty-five at present and the uniform will consist of gray suits, trimmed with blue, with black toque, and black stockings and blue sash.

The Red Men are organizing a strong club, which will be one of the best uniformed in the city. The members will wear a brilliant green suit, with red trimmings and toque.

The Juvenile Carnival club has been organized on Dayton's Bluff with a membership at present of thirty. The uniform will be blue and pink, blue beret, pink trimmings and black stockings.

The Mechanic Arts high school students are organizing a splendid club of 100 members and a very handsome uniform will be selected.

The Wacouta Carnival club has been organized with a membership of twenty-five ladies and twenty-five gentlemen. William King will be captain, Charles Beagle, first lieutenant, Merry Gotham, president; J. A. Ballard, vice president. The uniform will be gray and blue, with gray toque and black stockings.

West side citizens will meet this evening at the residence of V. J. Hawkins, Leabel and Clinton, for the purpose of organizing another new club.

G. A. R. ELECTIONS. Ord Post Met Last Night—Acker Dae Tonight. Gen. Ord Post G. A. R. elected the following officers last evening at the annual election: Commander, Louis N. Bryar; senior vice commander, C. Donahower; junior vice commander, Herman Schiffman; surgeon, George A. Gotwald; chaplain, John A. Able; quartermaster, E. D. Waters; officers of the day, F. C. Mallory; officer of the guard, Marshall Sig; delegates to the state convention, G. A. Gotwald, J. C. Donahower and H. D. Webster; alternates, William Bircher, Marshall Sig and William V. Gardner. The installation of the new and reports of the retiring officers will be the principal business at the next meeting of the post.

Acker Post G. A. R. will hold their regular meetings this evening at their hall, West Sixth and Seventh streets. The annual election of officers to serve the ensuing year will be held, making this one of the most important meetings of the year, and every comrade should make it a point to attend. MONEY IS HALE'S

THE PLUCKY IRISH LAD LOOKED UPON AS A SURE WINNER.

FIFTY MILES TO THE GOOD.

RICE STILL IN SECOND PLACE WITH SCOCHE IN THE RUCK.

NINE ARE AHEAD OF THE RECORD.

Hale Given an Ovation Upon the Completion of Sixteen Hundred Miles—School Game.

NEW YORK, Dec. 12.—Hale's chances for taking first money in the big six-day event at Madison Square garden seem now to be brighter than ever, and, barring accidents, the Irish boy is looked upon as a reasonably sure winner. At 2 o'clock this morning the score was:

Hale, 1,629.8; Rice, 1,425.9; Forster, 1,416.4; Reading, 1,406.9; Schock, 1,371; Taylor, 1,236.9; Smith, 1,137.1; Moore, 1,111.3; Pierce, 1,111.1; Ashinger, 1,105.2; Maddox, 1,044.6; Cassidy, 1,075.6; Gannon, 1,221; Ghick, 1,040.4; McLeod, 1,139.6.

Fully 5,000 people, the largest afternoon crowd of the week, were in the garden at 3:30. Peter Grundy, the announcer, at 3 o'clock, made it known that Hale was then leading the record by 125 miles and 3 laps. Thereupon the crowd cheered wildly. Schock ought to get the first prize for gameness. At 4 o'clock he had been in the saddle continuously for thirty-two hours, and, together, he has rested less than four and a half hours. It is scarcely to be doubted that had the champion's stomach not gone wrong, he would have been Hale's principal rival.

The record-breaking scores of the riders and the interest naturally attached to the last hours of the race served to bring out an unusually large crowd early tonight. At one minute past 8 it was announced that Hale had made 1,600.7 miles. Prolonged cheers greeted the announcement, and a large basket of flowers was handed to the Irishman, which he carried around for a few laps. The former record for six days, made by Schock, was only 1,600 miles. All the riders spurred for several minutes after this, amid vociferous cheering from the audience.

At 8:25 Moore and McLeod had a collision. Both were thrown off, and Moore appeared to be hurt by the fall, but in a little while he was able to mount his wheel again. At 8:50 Ashinger and Maddox started a lively spurt. In five minutes Hale, with a spurge in his mouth, was making lap for lap with them. Rice, too, followed suit, and the crowd gave expression to its delight in cheer after cheer.

At 1 o'clock more than half the contestants in the race had over 1,000 miles to their credit.

The event of the early evening was the half-mile invitation race for professionals. Those who entered in the final heat were Con Baker, of Columbus; Albert Weing, of Buffalo; Jay Blinn, of Elizabeth; and C. G. Carpenter, of Philadelphia. The result showed Con Baker a winner handily in 1 minute 8 seconds.

EASY FOR CREEDON.

O'Brien Out-Pointed in Nine Rounds of Hot Fighting.

NEW YORK, Dec. 11.—At the Broadway Athletic club tonight Dan Creedon, of Australia, fought and out-pointed Dick O'Brien, of Boston, in nine rounds. From the beginning of the bout until the referee interfered and stopped the mill, when the ninth round had nearly expired, the work of both men was very rapid, and they worked so hard that during the last three rounds, one good blow would have settled the contest. Creedon was undoubtedly the better man, and there was not a word of protest uttered when the referee gave his fiat. There were about 2,500 persons present in the club house to see the fight.

Preliminary to the big fight, Eddie Curry, of New York, and Billy Whistler, of Philadelphia, 120 pounds, sparred six hot rounds. Curry got the decision, and a large majority of the audience hissed the referee.

O'Brien was the first to make his appearance for the star bout of the night. He was accompanied by his sons, Danny McBride, "Society" Faulkner, Tom McGrath and Jack Burns. Creedon followed him in a minute after, equipped by Jim Mace, Solly Smith and Benny Murphy. The men were announced to go to the ring at 8:30 o'clock. Creedon showed the results of faithful training. When they landed up with left jabs on the face and rights on the left side of the head, O'Brien landed a right with a left on the face and O'Brien landed a left on the head and forced Creedon back.

They traded two good lefts on the face without a return.

They blocked cleverly in the second, until O'Brien landed a right swing on the back of the head. They then swung rights and lefts on the face and neck without a let up for half a minute. Neither man showed any effect from this rapid work at the call of time.

O'Brien opened round three with a left on the face and a right on the neck. Creedon jabbed a left on the face. Creedon sent his left hand on the face and O'Brien landed the same. O'Brien swung for the jaw but fell short and Creedon placed his right glove on the head and jabbed at Creedon's face.

Round Four—Creedon opened with a left jab on the face. O'Brien swung his right with a left on the neck and O'Brien landed a heavy right on the neck. Creedon landed a right on the neck but O'Brien was still ready for him. Creedon sent his right to the neck and his left on the face and O'Brien landed a left on the face without a return.

In the fifth, sixth, seventh and eighth rounds the fighting was fast. Both men landed often on the face and body but the blows were seemingly very light and good blows would have finished either one.

They traded a clinch at the start of the ninth. O'Brien landed a left on the face and Creedon backed away. He came back with a left swing on the face and Dan put three lefts on the face and O'Brien landed a left on the face. Creedon kept up a constant slugging with both hands on O'Brien's head, and O'Brien led over the Australian to avoid punishment. Dan still kept smashing the head and jabbed at Creedon's face and face relentlessly. O'Brien was unable to defend himself and the referee stopped the fight with a warning on the ninth. Creedon landed 2 minutes and 58 seconds of fighting in this round.

DEADWOOD, S. D., Dec. 11.—Fire this evening badly damaged the new Ellison hotel, in course of construction by the Homestead Mining company, at Lead City, a building 200x250. Almost everything wooden about it was destroyed, and some of the steel work was so badly warped that it will have to be replaced. An estimate of the loss could not be had at a late hour tonight, but it will run well up into the thousands.
