It is X-mas that is absorbing the X raise at this season.

Chicago wants a 4-cent street car fare. Will Father Knickerbocker please lend her that amount?

Arizona is holding its annual irrigation convention. Down in Kentucky the colonels meet to irrigate daily.

As a means of protection German beet sugar growers threaten to form a trust that will beat all tariff laws.

Give the Texas to those Lone Star fire eaters and let them go down and sink Havana and themselves out of sight.

May the strongest win, doesn't apply to the products entered for a prize at the state buttermakers' meeting at Albert Lea.

If these six-day races break down a cyclist's constitution as claimed, the court ought to declare them unconstitutional.

When the new governor gets through with Michigan railways we may expect to see Pingree patches on their right-of-way.

The letting of contracts for building St. Paul's ice parthenon has been deferred. It is just as well. Borcas hasn't O. K'd the plans yet.

Congressman Towne wants one of the new gunboats named Duluth. A gentle intimation that he would like to see Duluth sunk in the sea.

The mayorality campaign in Chicago promises to be a weighty affair. There are prospects that the Democrats will nominate a man named Scales.

The course of the coal trust in curtailing the output and keeping up the price of coal is explained. The entire supply will be exhausted in 7,350 years.

A reform is begun in China to quit squeezing women's feet. Truly, China is a country of contraries. In this part of the world it is the women's hands that get squeezed.

Chicago has invented a camera, by which a man can get four negatives at once, but the man who would risk getting four negatives at once hasn't been found to try it.

Minneapolis is so proud of that monument of blunders which she calls a city fall that it is proposed to turn it into a dime museum by charging 10 cents admission to all visitors.

Fifty of the sixty-three members of the Utah legislature which assembles next month are Mormons. The impression that the state had gone Democratic is not wholly true. It went Mormon as usual.

A middle-of-the-road Populist of Colorado is organizing a regiment to fight for Cuba. Weyler will have more trouble finding just where the pop is at than he complains of having with the native insurgents.

LODGE BILL VOTE

IMMIGRATION ACT WILL COME UP FOR FINAL DISPOSITION ON THURSDAY.

SENATE SURE TO PASS IT.

THE MEASURE WILL BE IN CONVICTION BEFORE THE HOLIDAY RECESS.

PEPPER HAS A CURRENCY PLAN.

Resolution Providing for a Non-Partisan Money Commission Offered by the Kansas Senator.

WASHINGTON, Dec. 14.—The final vote on the immigration bill will be taken in the senate next Thursday at 4 p. m., according to an agreement reached today. Little doubt is entertained as to the passage of the measure, and as it already has passed the house, it will be in conference before the holidays. Mr. Call (Dem., Fla.) renewed attention to the Cuban question by three resolutions, one being a bitter denunciation of the manner in which it is alleged Gen. Antonio Maceo had been killed while under a flag of truce. Other resolutions by Mr. Call requested the president to demand the release of United States prisoners at the Spanish post on the island of Ceuta, and also asked the secretary of state for a list of Americans held in Spanish prisons. The call resolutions went to the committee on foreign relations.

Several spirited political tilts occurred on the floor during the day. Mr. Allen's speech protesting against intemperate criticism of Populism in Nebraska, led to a passage between himself and Mr. Hoar, in which the Massachusetts senator declared that it was a new and novel departure for senators to appear as the representative of political parties instead of representatives of their states. In the course of Mr. Allen's remarks, he paid a glowing tribute to William J. Bryan as the foremost citizen of Nebraska and the greatest orator since the days of Webster and Clay. Later in the day, Mr. Chandler and Mr. Mitchell had a good-natured encounter.

Mr. Teller was on the floor for the first time this session when the senate considered a resolution recognizing the assassination of Gen. Maceo, which was greeted by his associates after some preliminary routine. Mr. Pepper (Pop., Kan.) introduced a comprehensive resolution for the appointment of a commission to investigate and report upon the establishment of a permanent monetary system. The resolution provided for the appointment of a commission to investigate and report upon the establishment of a permanent monetary system. The resolution provided for the appointment of a commission to investigate and report upon the establishment of a permanent monetary system.

Mr. Call (Dem., Fla.) presented three separate resolutions. One denounced the corruption of Gen. Antonio Maceo, as follows:

Resolved, That the killing of Gen. Antonio Maceo, a renowned general in the service of the Cuban republic, was a crime of the first magnitude, and that the government which authorized, permitted or failed to punish the assassin who was taken in any way with the guilt of this crime with the extreme penalty of the law, is unworthy of the name of a government, and that the people of the United States should make inquiry as to the facts and report to the senate at an early day.

Mr. Allen (Pop., Neb.) was then recognized for a speech on his resolution reciting that states have not the power to legislate in such manner as to violate the obligation of contracts.

Mr. Call (Dem., Fla.) presented a resolution which he asked to be passed, which was referred to the committee on foreign relations.

Mr. Hoar (Rep., Ohio) presented a resolution which he asked to be passed, which was referred to the committee on foreign relations.
