OFFICIAL LAST

McKINLEY COUNTED IN AS PRESIDENT-ELECT BY THE HOUSE AND SENATE.

ACT DEVOID OF INCIDENT.

THE JOINT SESSION ENTIRELY ROUTINE AND FORMAL IN ITS CHARACTER.

WILD TIMES OF 1876 RECALLED.

Only One Present of the Fifteen Men Who Comprised the Hayes-Tilden Electoral Commission.

WASHINGTON, Feb. 10.—The electoral votes of the forty-five states of the Union were formally counted at the joint session of the house and senate held today for that purpose, and Vice President Stevenson proclaimed the election of McKinley and Hobart as president and vice president respectively.

Although the sky was overcast, the weather was auspicious, and the galleries of the hall of representatives were thronged.

The general public besieged the doors in vain, as but small space was reserved for them. Ladies were arrayed in gay toilettes and gave touches of color to the brilliant setting of the scene.

Many distinguished personages witnessed the count, among them Ambassador Patenteo and Chancellor Bouve, of the French embassy; Chat Chung, of the Chinese legation; Baron von Thielman, secretary Matsui, of the Japanese legation; Viscount Thyro, of the Portuguese legation, and Sir Richard Cartwright, of the Canadian government.

No member of President Cleveland's family was present. The Jordan of blue-coated brass-buttoned uniforms, which the electors as they marched majestically over to the house, preceded by Vice President Stevenson and Mr. Cox, secretary of the senate, with the returns locked in a cherry colored box.

This guarding of the returns was a precaution first taken by Acting Vice President Ferry, of the house, twenty years ago, during the wild excitement attending the Tilden-Hayes count in anticipation of a possible raid.

As the house and senate sat in joint session today and listened intently to the count, those stirring days were recalled.

The matter of fees in the medical department at the university has been the cause of quite a considerable number of students in that department dropping out and either entering some other institution or going home.

Not a student in the department is not so steep or waiting until they have the ready cash. Some twenty-five students left college at the beginning of the year for the reason stated.

It is also the probability that at least some of them had notices that their work was not such as would warrant their presence in the institution.

At the end of the session, it was announced that hereafter instead of having regular fees for each course of work everything would be lumped together in one payment.

This makes a total of \$350 for the four years' course, the last two years requiring only \$80 each.

This is an advance of about \$100 per year, a sum that is not considered exorbitant, however, as in all first-class medical schools the fees are even higher.

As a matter of fact the question of prices of tuition has been a serious one in students dropping out as the failure to pass examinations. The fees in both the medical and law departments are nearly to pay the tuition.

Those departments and in order to keep up with necessary improvements the price of tuition was raised.

THE POP IS SHOCKED

DEMANDS AN INQUIRY INTO THE CHARGES OF BRIBERY AT PIERRE.

KYLE'S FRIENDS SCARED. REALIZE THAT SOMETHING MUST BE DONE TO PREVENT A STAMPEDE.

A COMMISSIONER OF DRYS IS WANTED BY THE TEMPERANCE ELEMENT IN NORTH DAKOTA—NEWS OF THE NORTHWEST.

Special to the Globe. PIERRE, S. D., Feb. 10.—The senate today listened to the reading of a number of new bills, and put in a share of its time working over their liquor bill. A number of other sections were adopted, and they can probably pass on it within another day or two.

A committee was demanded to investigate the charges of bribery against members in the house most of the time were taken up with a parliamentary fight on the Dowdell amendment.

The bill in question was the first vote of 41 to 29 in favor of retaining Sheldon, the present member, in his seat, the Republicans and Democrats voting together.

Several new bills were introduced, none of general interest. The vote in joint ballot today was: Pickler, 49; Kyle, 24; Goodykoontz, 19; Plowman, 10; Hinckley (Dem.), 9; Palmer, 1; Keller, 1; Weeks, 1; Morgan, 1; Populist, 1; and the solid Democratic vote, with the exception of his own, went to Hinckley.

Morgan rose to a question of privilege in the joint session, his question being that he had been charged in the morning paper over the signature of "A Populist," of having sold his vote to the Republicans.

The chair ruled him out of order, and on the ballot he again voted for Pickler. Senator Bouck, of Milbank, is looming up as a compromise candidate for United States senator.

The defection of some of their number to Pickler is bringing the Populists to a realization of the fact that they must get together and buy differences, or Pickler will be elected.

TO WATCH BLIND FIGS. Temperance People of North Dakota Want a Commissioner. Special to the Globe.

BISMARCK, N. D., Feb. 10.—The house today reconsidered the resolution to investigate liquor selling, and granting in the city of Bismarck and made it apply to the whole state.

The senate passed a bill to reduce the salaries of railroad commissioners to \$3,000 a year from \$2,000 now received. It was charged in a speech on the floor that the commissioners were useless.

They were either grossly incompetent or negligent. A bill was introduced to create the office of state temperance commissioner to enforce the prohibition law.

The bill gives him the power of attorney general and states attorney. Four deputies are provided for to assist in the work of the commissioner to be appointed by the governor and to receive a salary of \$2,000 per year.

The Davis bill, which has seen its way through the legislature, will probably be voted down, if voted on at all."
