CARSON, Nev., Feb. 22.—The thermometer at daybreak stood at 8 degrees below, the coldest weather known in Carson for several years.

Bob Fitzsimmons commenced work today with a four-round bout with Hickey and a half hour's work with Roemer on the wrestling mat.

Jim Corbett carried out his routine work, putting in more than an hour at hand ball with his brother Joe, and then took on Woods until the latter was exhausted.

Secretary Wheelock said today that negotiations are going on with two or three good men in the city to meet George Green, but as yet there is nothing definite to give out.

Wheelock said: "I have received letters from all over the United States urging the management to allow ladies to witness the big fight. We have not, as yet, passed on the question, but I presume Stuart will call a meeting of those interested in a few days to decide the matter."

Martin Julian left for San Francisco on the Western express last evening. He will be back Wednesday.

Ernest Roemer is as confident as Julian, and Hickey is full of rosette dreams concerning the result of the fight on the night of the 17th of March.

The case was tried in a nutshell by one of Carson's citizens this afternoon. Said he: "The state has a reputation for fair play, and this was preserved at no matter what cost."

The live bird shoot will be given March 16, 17 and 18. Champion Elliott, of Kansas City, will defend his title and trophy in this event.

"JULIAN JAW."

"Oh, well, I am not making that kind of a fuss. If they don't hear themselves speak, why, it's all right. It does not hurt anybody. I am surprised at Fitzsimmons running out in the snow today. I don't think it is a very good thing for him to do, but I guess he knows best."

With regard to Sharkey's statement that he has in his possession letters from Corbett that, if published, would stamp him as a faker of the worst kind, Jim had very little to say beyond denying the truth of the report, and saying that Sharkey had evidently become affected with a touch of what he characterized as the "Julian jaw."

There has been a good deal of talk about the danger in the ring side of crowds and of gangs who would be on the spot to win the fight if their man could not. There is absolutely no danger in this direction.

It is believed that in this way more wheelmen will be interested in the construction of cycle paths, for which purpose the money thus received will be used. Last year the sum of \$2,300 was raised, while this coming season it is hoped not less than \$2,500 will be contributed.

The Trotting Matchee Produced Several Exciting Events. The ice races on Lake Como yesterday afternoon proved the most exciting of any in the Northwest.

Some of the games were very interesting, especially the match between Hill and Lynde, and Lynde and Jellet. In each case the loser had an apparent winning position which was lost by a blunder on the part of the loser.
