

ODD FOR OXFORD

CAMBRIDGE BEATEN IN THE ENGLISH INTERCOLLEGIATE FIELD GAMES.

ONE POINT TO THE GOOD.

FINAL AND DECISIVE EVENT WAS THE EXCITING THREE-MILE RUN.

ROYALTY WAS IN ATTENDANCE.

The Duke and Duchess of York Among the Spectators—Weather Dull and Cold.

LONDON, April 2.—The annual field and track games between teams representing the universities of Oxford and Cambridge took place today at the Queen's club grounds. The 100-yard dash was a dead heat between C. T. Thomas, of Jesus college, Oxford, and F. L. Carter, of Catus college, Cambridge; G. Jordan, University college, Oxford, was third, ten inches behind the leaders. W. H. Pilkington, Trinity college, Cambridge, was last. Time, 10 1/5 seconds. Every one expected Jordan to win. He led until ten yards from home, when, to the surprise of all, Thomas and Carter came to the front with a splendid burst and finished together. Garnier carried the hurdles beautifully and won easily in that event. Five yards separated Maundrell, the second man, and W. G. Paget-Tomlinson, Cambridge, who was third. The mile run was interesting. Davidson, Cambridge, led nearly to the half mile, and then gave up. A pretty race between Hilliard, Oxford, and Howard, Cambridge, followed, and ended by Hilliard being pumped and falling out. Then Deane, Oxford, gave up, and Howard, Cambridge, gouted gamely to the finish and won. Cambridge, finished fifteen yards behind Dawson, Oxford, who was second.

Great interest was taken in the high jump, and it was soon seen that the jumping of Cambridge was less than that of Oxford. Wimbush, Cambridge, retired early, and Cholmley, Cambridge, knocked the post over. Adams, Oxford, retired, and Cholmley made great efforts to beat Kirlow, but found it difficult to clear five feet eight inches, both lightly touching the bar. The result was a tie between Kirlow, Oxford, and Cholmley, Cambridge.

Interest in the quarter centered mainly in it being the second meeting between the two teams. The Oxford team, Cambridge, Oxford, and Cholmley made great efforts to beat Kirlow, but found it difficult to clear five feet eight inches, both lightly touching the bar. The result was a tie between Kirlow, Oxford, and Cholmley, Cambridge.

The final event, the three-mile run, was the most exciting of the day. Lowe, Cambridge, jumped to the front, leaving Wilkes, Oxford, in second place. Cambridge, and Freeman, Oxford, in the order named. To the mile post the time was 4 minutes 57 seconds. At the second mile Lowe stopped, Freeman took the lead and passed the second post in 10 minutes 14 seconds. Wood clung close to the leader, and there was a splendid struggle between them, with Lowe the wildest, cheering from each side. At the opening of the ninth lap Freeman started, drew away, and won as he liked by 60 yards, thus giving Oxford the odd event. Summary: 120-yard hurdle, dash—E. S. Gardner, Orleole college, won; H. M. Maundrell, Corpus Christi college, second. Time, 2:30. 200-yard dash—H. F. Howard, Trinity Hall college, second. Time, 4:27. 500-yard dash—H. F. Howard, Trinity Hall college, second. Time, 4:27. 1000-yard dash—H. F. Howard, Trinity Hall college, second. Time, 10:14. 1500-yard dash—H. F. Howard, Trinity Hall college, second. Time, 15:14. 2000-yard dash—H. F. Howard, Trinity Hall college, second. Time, 20:14. 2500-yard dash—H. F. Howard, Trinity Hall college, second. Time, 25:14. 3000-yard dash—H. F. Howard, Trinity Hall college, second. Time, 30:14. 3500-yard dash—H. F. Howard, Trinity Hall college, second. Time, 35:14. 4000-yard dash—H. F. Howard, Trinity Hall college, second. Time, 40:14. 4500-yard dash—H. F. Howard, Trinity Hall college, second. Time, 45:14. 5000-yard dash—H. F. Howard, Trinity Hall college, second. Time, 50:14. 5500-yard dash—H. F. Howard, Trinity Hall college, second. Time, 55:14. 6000-yard dash—H. F. Howard, Trinity Hall college, second. Time, 60:14. 6500-yard dash—H. F. Howard, Trinity Hall college, second. Time, 65:14. 7000-yard dash—H. F. FOOTBALL CLUBS JOIN.

Will Take the Strongest Players for Future Games.

The St. Paul Football club and the North Star Football club held a joint meeting at the Windsor last evening to frame up a policy for the coming season. The club is smarting under repeated defeats administered by the Minneapolis teams, and this spirit is expected to result in a better record this season.

It was thought wise, in order to save the name of St. Paul from being used to combine all of the best players in the city under one name. Hereafter the best clubs have been the St. Paul and the North Star. One of the other was continually playing Minneapolis and getting beaten. Now it is proposed to pick the best players from both clubs whenever there is a contest on, and line up a strong eleven against all comers. Consequently it was decided to consolidate the two clubs under the name of the St. Paul Football club, and to encourage a vigorous campaign during the season of 1897. The members of the North Star club gracefully gave up their name in order to perpetuate the name of the St. Paul club. Officers of the consolidated club were elected as follows: President, Norman Dahn; vice president, D. H. McLean; captain, W. D. Stewart; vice captain, Herbert Spurr; secretary and treasurer, C. A. Stewart; committee on teams, Messrs. Ivey, Hart and Holder. Mr. Stewart was elected to represent the club at the meeting to be held in Minneapolis April 13 to arrange a summer programme of games.

CALIFORNIA DERBY.

The Ingleside Event Will Be Run Off Today.

SAN FRANCISCO, April 2.—The first California Derby, a sweepstakes for three-year-olds at one mile and a quarter, is to be decided at Ingleside tomorrow. The Derby this year will be worth \$5,000 to the winner. But as the event is destined to be the classic stake in the history of the California turf, the relative value will probably be increased each succeeding year. The best three-year-olds in training on the coast will sport silk on this occasion, and a great deal of supremacy is expected when the barrier is

When Wheaton Retires the Present Department Commander at St. Paul Will Get Another Star.

LONDON, April 2.—There should be an unusual amount of interest in tomorrow's Oxford-Cambridge race throughout the United States, for it is the first time that an American has been entered by De Knopp, of New college, Oxford, and Albany, N. Y., rows bow for his university, and B. H. Carter, of Trinity hall, New York City, is No. 4 in the Cambridge crew. There are several individual flaws throughout the Oxford boat which cannot be found in the Cambridge crew, but there is something that more than counter-balances them all, and that is a long, sweeping swing that means a steady, strong beginning, and that is rapidly developing a pace above the ordinary in showing their craft through the water. What that pace is was demonstrated by their wonderful trial two weeks ago when they finished in the record time of 13 minutes 30 seconds. This has never been beaten under any circumstances over the full distance of more than four miles and a quarter. The nearest approach to it was done by Oxford when she won the race two years ago, and though a strong life ran beneath and a strong wind blew behind, the merit of the performance is very great. If they race as well as they can row in practice there will not be much doubt of the result.

COMISKEY GOES EAST.

Team Opens in Cincinnati Friday of Next Week.

Manager Comiskey, of the St. Paul base ball club, with Mrs. Comiskey, left last night for Cincinnati, where the Athletics will open the season today in an exhibition game with the Cincinnati Red Stockings, of which Comiskey was for several years captain, and where he is sure of a warm reception. Tim O'Rourke, third baseman ever since the present management has been in St. Paul; Preston, the big outfielder who played with this team last year, and who is Comiskey's man this season, the St. Cloud twirler, and Munch, the local phenomenon, will start for Chicago this morning, joining the manager in Chicago, together with Alton and Harley Parker, who are to meet the St. Paul manager there. It is possible that Parker may desert the arena this year, as he has established himself in Chicago as a specialist in nervous disease, and it is reported that he

NO QUORUM VOTED.

Only His Usual Strength Developed by Hunter.

FRANKFORD, Ky., April 2.—No quorum voted today and the second annual convention of the Pyramidal Pile Club, which has been within three votes of an election and the Blackburn people and the Hunter Republicans voted. The Democrats and Republican bolters feared that the Hunters were about to put up some candidate when the joint assembly was called to order, and declined to answer to their names in roll call. Sixty-five answered, but sixty were necessary to a quorum. However, President Worthington, who has ruled very liberally on this point, ordered the roll called, which resulted: Hunter, 55; Davis, 7; Boyle, 3; total, 65. No election, and the joint assembly adjourned.

ONE IN EVERY FOUR.

One Person in Every Four Suffers From Piles.

About one person in every four suffers from some form of rectal disease. The most common and annoying is hemorrhoids, indicated by warmth, slight moisture and intense, uncontrollable itching in the parts affected. The usual treatment has been some simple ointment or salve which sometimes gives temporary relief, but nothing like a permanent cure can be expected from such superficial treatment. The only permanent cure for itching piles yet discovered is the Pyramidal Pile Cure, not only for itching piles, but for every other form of piles, blind, bleeding, prolapsed, and all other varieties. The cure gives instant relief and the continued use for a short time causes a permanent removal of the tumors or piles. The cure is sold by Dr. J. H. Wedderburn, 405 Washington, D. C., for their \$1.00 per package, and list of 1,000 inventions wanted.

DISTINCTIONS TO VAGUE.

Why an Insurance Man Objects to Senate Bill No. 428.

To the Editor of the Globe. Objections to assessment bill, Senate File No. 428 (substitute for S. P. 149)—First, the bill makes the great mistake of not making a clean cut distinction between the sections governing life and those governing accident business. Second, the bill provides that every policy issued shall specify the amount of the indemnity to be paid, which sum shall not be larger than the amount of one assessment upon the entire membership. This might not be a hardship to a life company, where every policy is issued with a claim kept in force; while in an accident business the claim is a very remote possibility, and it is not possible to determine what the amount of the assessment might not be for several years. With the policy, the company, like the assured are square. The whole theory of assessment insurance is to allow the amount not needed to pay losses to remain in the pockets of the assured, where it is more safe than put up and invested in some other kind of insurance. This is only one of the objections to the many sections of the bill. To quote from another: "The assessment insurance is essentially the same as the fire insurance, and the assessment man would go uninsured. The interests of assessment companies are so diametrically opposed to those of the fire insurance companies that they will never be free from their opposition. What I object to is forcing the assessment companies, who are contrary to the general belief, represent a very much larger interest in this country than the other kind of insurance. It has been estimated that there are 100,000 assessment companies in this country, and that they do not pay a cent of premium. The increase affects 1,000 men employed in the Norris and Pabst mine.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper effort, the gentle efforts of pleasant, rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which procures internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any physical disease, one should be commended to the skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives general satisfaction.
