GAMES SCHEDULED FOR TODAY.

Grand Rapids at St. Paul. Indianapolis at Minneapolis. Detroit at Milwaukee.

Two joyous announcements were made at Lexington park yesterday, one being that St. Paul had won from Grand Rapids, 19 to 4, and the other that Roger Denzer would pitch today for the Apostles in the game with the Bobolinks, which will begin at 3:45 p. m.

When the Saints came home from their Eastern trip, it was given out by the managerial magnate of the Saints that Grand Rapids was playing the fastest ball in the bunch. That Comiskey always was a rare satirist. They do play fast ball. They made errors faster yesterday than the track record, and there have been some fast clips struck out there lately, at that.

But fourteen of the wrong things in one game! Not by St. Paul. By Grand Rapids. There is still hope. It took the Bobolinks twenty minutes yesterday to find out if they were coming to bat. Meantime the locals had piled up seven runs.

The bright particular stars of the error-making aggregation were the two young men named Griffin and Egan, both of whom were hit in enough to be ball players. Griffin is about the size of a minute and a half, with a "she may have seen better days" set about his mouth. Egan is bigger than Nyece, and has even more trouble with it.

He played yesterday like a pianofortist, whose fingers were all thumbs, and had a bad ear anyway, to boot. McBride hit a low liner into Griffin's free hand, and the ball was not being edible, was quickly ejected. Then McBride stole second, Griffin again muffed the ball and McBride went on to third. Nyece hit to Egan, who was as good as a sacrifice as a matter of mush, and the ball went right through. George slammed one out for two bases and the run getting began to get warm.

McBride was presented with a base by the ex-Clevelander with the Holy Cross college pedigree, and Griffin again went to pieces, Nyece being the beneficiary this time. George and Glasscock watched high ones caught, but Shugart's single drove in one run before Slagle got under Parrott's high one. Hollingsworth made a beautiful stop of Slagle's grounder, and Nyece threw Griffin out a second time. Campau fanned the air, and the visitors had not yet seen first.

Rapids' half with a nice single to right field, and a sacrifice sent him to second. A passed ball advanced him another. Isbell presented Griffin with a base, and it looked as though the visitors must score, but Campau hit to Hollingsworth and a neat double play was finished just as Pappalau was in easy reach of the plate.

Hollingsworth and McBride opened the seventh with a bouquet of singles. Nyece flew out to Slagle, but George hit safely, and Griffin muffed Glasscock's fly. Shugart hit a safe one to right, and Slagle muffed Parrott's while he was running. Kline threw out to center field, and the infield and Hollingsworth went out on a grounder to Glenalvin. Glen hit Isbell's grounder go through him, though, and the ball was in play when a bad throw by Twineham to Isbell third, where he was nipped, off the sack.

Straus singled. Glenalvin was presented with four bad ones, but Kibben popped Glasscock an easy one, but a wild pitch advanced both runners, and Twineham's sharp grounder to Hollingsworth, saved the visitors a shut-out. "Tally," shouted Straus proudly, as he dashed across the plate. Egan flew out to Parrott. McBride muffed the eighth, but the next three did not get out of the infield and he did not score.

Pappalau had his eye on the ball and singled again in the ninth. Slagle following suit, Griffin flew out to Parrott, and Campau forced Slagle out. Straus' fly to George prevented a score that had seemed almost inevitable. Glenalvin let the ball go through him again and Shugart was safe. Parrott hit to Egan, who threw this time all right, but Campau's sacrifice bunt, Shugart stole third. Kline struck out. Parrott was thrown out at second, but Shugart got home. Hollingsworth went out on a foul fly to Twineham.

Glenalvin opened Grand Rapids' final spurt with a three-base drive down the center of the lot, whereas Campau's sacrifice bunt, the Bobolinks were going to tie the game right up. McKibben hit to Isbell and went out. Twineham hit to Shugart, who threw to Kline in succession. Nyece, and Nyece dropped the ball. Glenalvin scored. Egan's two-bagger scored Twineham, and Pappalau's single, his third in succession, did as much for Egan, bringing the visitors total up to four at the time that grounders to Hollingsworth and Shugart put them out for the day.

Today Denzer pitches. Roger Will Be Sent Against the Bobolinks. Manager Comiskey will return this morning to Chicago, where he will be in charge of the team. Denzer, who he found first in Chicago, Denzer, according to a telegram received yesterday, will pitch against the Bobolinks today. He will strengthen the team with a new pitcher, who is the unfortunate accident to Phyle Sunday.

"Well, this is a good thing," remarked "Old Hoss" Twineham, as he surveyed the grand stand at the opening of yesterday's game. "It was about right. At the opening of the Indianapolis game and some reporters and I had an argument about the stand, although a few more come later and the stand was made for this season."

The Chicago Tribune said yesterday: Charles Comiskey, the leader of the St. Paul team, yesterday afternoon, after he had been down to renew his efforts to get the team, but with what success both he and Mr. Hart were unable to say. He said that his mission for Dahlen. "That started reminiscences, as President McManis said, but I don't know when he was a lamplighter at Erie. He used to light a lamp and then run to see how many more he could get out of the same match. That was his specialty," Comiskey says. "I think St. Paul will land the pennant in the West this season."

his arm allows of his getting in the game again. Then he will undoubtedly be able to catch on with a big league team. He will not accept a position with the Millers, as this was offered him yesterday and was refused. Neither will he play with Anson, who still has a claim on him, as he was never released.

SAN FRANCISCO, July 21.—The steamship Umatilla, which arrived today from Puget sound ports, brought down almost \$200,000 worth of Alaskan gold, of which \$130,000 was in gold dust from Seattle consigned to Wells-Fargo company. There were several other shipments of gold in sacks. Among the sensational advices received was one from St. Michael's, to the effect that over \$400,000 in gold dust which had not been included with the fortunes brought here by miners will be shipped

Klondike Company. CINCINNATI, O., July 21.—At a meeting held here by a number of well-known men here, P. H. Wilson, a builder, was elected president and H. A. Theburn, a real estate man, secretary and treasurer. Wilson said the object of the meeting was to organize a company of 100, each to pay \$1,000, and proceed to San Francisco, purchase a vessel of sufficient tonnage to carry men and provisions to the Klondike valley, at a cost of \$50,000, and proceed to the Alaskan gold fields. It is the purpose to hold the vessel at the nearest point to the gold fields, and headquarters for the members of the company and employes. An agreement was drawn up and a light-draft steamer named after each agreeing to the payment of \$1,000, others are being solicited.

Yukon River Steamers. PORT TOWNSEND, Wash., July 21.—Owing to the present rush to the Klondike gold fields, it is expected that a greater rush which is expected next spring, the Klondike company has decided to put a steamer on the route to the Klondike valley. The steamer men here believe that by the 1st of August a large steamer can leave the Sound daily with all passenger and freight accommodations crowded.

Better Service. SEATTLE, Wash., July 21.—There are promises of additional steamer service between this city and St. Michael's, also a line of Yukon river steamers. Arrangements are now being made by a company that is being organized by local and Eastern capitalists. The scheme is to build a sea-going steamship and build a light-draft steamer to take the business between St. Michael's and Dawson City. The company is organized on a \$200,000 paid in capital.

Good for Trade. WASHINGTON, July 21.—The rush of miners, supplies and goods to the Alaska gold fields is expected at the treasury department to give increased business to American vessels on the Pacific coast. Trade between the United States and Alaska is restricted by law to American vessels, and the department has no authority to make any exceptions or grant any privileges to foreign vessels.

HOWELL DEFEATED. Blackstaffe the Winner in the Race at Putney. LONDON, July 21.—At the Putney boat races today Blackstaffe won the Wingfield sculls, Howell, the young American, being among the competitors and taking second place at the finish. Blackstaffe won by two lengths, Howell rowed a very plucky race. Some of the other races were of great possibilities. The water from Putney to Mortlake was very lumpy, and howled him a great deal, but he was a sculler of great power and in one of his arms. Howell covered the course in 21 minutes and 6 seconds, 12 seconds behind the winner, being fourth in the start.

Although the capacity of the steamer Portland, which sails tomorrow for St. Michael's, and the Excelsior, which sails on the 28th is limited to about 110 passengers, over 1,000 applications have been made for berths. Most of the disappointed ones are making arrangements to travel hence to Tacoma by rail and secure passage on the Mexico and Topeka which set sail next week.

Special to the Globe. WILMINGTON, Del., July 21.—The Yukon Mining, Trading & Transportation company, which was formed here last year and which is just completing final arrangements for operations in the Yukon district, will shortly put into effect a plan which will solve the problem of shortage of supplies in the Klondike and other mining camps in the Yukon territory. In 1896, P. I. Packard, of Portland, Ore., who is interested in the company, went to the Yukon district to locate a route from the coast to Teslin lake, the head of the navigable waters of the Yukon, upon which a railway could be built. With the aid of Indians, they located a pass leading direct from Taku inlet on the Alaska coast to Teslin lake.

Special to the Globe. DULUTH, Minn., July 21.—It is now almost a certainty that Duluth will not be represented in the annual regatta of the Winthrop and Minnesota Rowing association to be held at Minnetonka on Aug. 6 and 7. The nature of the regatta, however, has been changed, and that he had notified the secretaries of the other clubs to that effect.

In speaking of the proposed eight-oared race between Duluth and Minnesota, Mr. White said that it all depended on the weather. There would be little rivalry in the race, for Duluth had beaten the Minnesotas last year, and he thought that the local boat club, yesterday said that it was the wish of all the members of the club to get in the money, however, and that they would unless the dates were changed, and that he had notified the secretaries of the other clubs to that effect.

Secretary White is somewhat impatient at the little amount of interest displayed by the Duluth people in the local boat club. He said that when the Duluth eight won the race last year the people here took it as a matter of course and paid little or no attention to it, when as a matter of fact it was one of the big achievements of the year in rowing circles. He says that exactly the opposite spirit is shown by the people of St. Paul. They are all interested in the contest and are doing everything in their power to promote its interests.

COOPER THE VICTOR. In Spite of the Fact That He Did Not Finish First. DETROIT, Mich., July 21.—Tom Cooper won the mile match race between Eddie Beale and Earl Kiser this afternoon, notwithstanding he did not finish first in any heat. The decision was upon points. Cooper's total figures exceeded those of Bald by one. The final announcement of the official result was received by the 3,200 people present with mingled hisses and cheers. Many of Cooper's townsmen who wanted to see him win, disapproved of the decision of the judges. Kiser won the first heat, and also came in first in the second heat, but in the latter he was disqualified for colliding with Bald. The collision broke Bald's pedal and he rode in on one leg. Cooper, who was second, was given the heat on the first heat by Bald in a hot finish with Cooper. Kiser was sulky over being set back, and did not try for the final heat. The total of points was Cooper, 6; Kiser, 4; Gardner and Loughhead, 2 each. Summary: First heat—Kiser won; Cooper, second; Bald, third. Time, 2:36. Second heat—Cooper won; Bald, second; Kiser, third. Time, 2:18-5. Third heat—Bald won; Cooper, second; Kiser, third. Time, 2:18-5.

SEATTLE, Wash., July 21.—B. W. Shaw, formerly a well known insurance man of Seattle, has written a letter to a business man of this city, in which he states frankly he does not expect to be believed. "This is a great mining strike," says Shaw, "probably the greatest on the American continent or in the world. I know you will not believe me, if I tell you all about it.
