MOVEMENTS OF STEAMSHIPS. NEW YORK, Aug. 1.—Arrived: La Champagne, Havre.

Prince Damrong is a member of the king of Siam's suite. The prince is a perpetual swear word.

It is expected one of the first great commercial concerns to be started in Alaska will be a distillery.

The silver dollar is worth 44 cents this morning. It doesn't shine worth a cent alongside of a bushel of wheat.

They are playing golf in the Black Hills. They are not, however, permitting their firearms practice to languish.

Politicians will please take notice that I am dishing out no pap from Lake Champlain.—William McKinley.

Mr. Quay is in Philadelphia discussing the "weather" with reporters. He hasn't discussed anything yet with Mr. Wanamaker.

It is now stated that Japan will not fight us. But, if she doesn't stop being so "sassy," she will have to run away from us.

Now it is hinted that Li Jung Chang doesn't want to become a member of the G. A. R. Chang isn't much of a soldier anyway.

Loans increased nearly \$3,000,000 during the week in New York, showing that the banks are still willing to let go of their coin freely.

The first place at which Chicago felt the corn famine was at the county jail. Come to think of it, the bastille is generally a pretty cold place.

Col. Grant is something like his father. He is going to resign from the New York board of police commissioners if it takes all summer.

Bob Fitzsimmons has bought a stable of horses. In about a year he will have a world of horse experience, and the bookmakers will have his money.

Now an Indianapolis man has held a note on a corn 138 seconds. A lot of people are holding notes very much longer than that, but not on corn.

The political razor is beginning to gleam in earnest in Ohio. The Republican state committee has appointed, and there isn't a Foraker man on it.

A rich lead mine has been struck in the main street of Joplin, Mo. This makes it certain that no grass will grow in that street for several moons.

MINERS IN UGLY MOOD.

March Interrupted by the Arrest of Leaders—Trouble May Follow Today.

STRIKERS KEEPING UP THE SIEGE.

Monster Meetings in Spite of the Injunctions of the Courts—Strike Leaders Confident of Developments in Their Favor Within Forty-Eight Hours.

PITTSBURG, Aug. 2.—At 1:15 this (Monday) morning, the strikers at Camp Determination were aroused and 500 men ordered to march to Sandy Creek and 500 to Plum Creek mines. The marches began with President Patrick Dolan heading the force going to Sandy Creek. After proceeding a short distance, Dolan was served with a writ charging him with riot and unlawful assembly at the instance of Thomas P. De Armit. For a time great excitement prevailed among the marchers, but Dolan quieted them by saying that he would be all right and soon join them. He was then taken back to the justice's office and the marchers proceeded. Secretary Warner, Organizer Cameron Miller and other leaders are included in the writ.

A citizen of Turtle Creek stands ready to furnish bail for Dolan, and it is presumed he will be released. The incident has caused a very ugly feeling among the strikers, and if the other leaders included in the order of arrest should be stopped in their work, decidedly vigorous action will likely be taken at the big meeting this morning.

PITTSBURG, Pa., Aug. 1.—All roads led to Turtle Creek today. Marching miners from all over the district were converging toward Camp Determination, and if all those reported as being on the march reach the scene before morning there will be at least 6,000 diggers present at the big meeting, which is scheduled for 11 o'clock at McCrea's school house. The miners expect 8,000 to be on hand.

The borough of Turtle Creek experienced the liveliest day in its history with its large transient population of miners and curious visitors, but the day passed without trouble of any kind. Burgess Teats, of the borough, visited the miners' camp today, and said he had no reason to order the crowd to disband. There was a complete shift in the make-up of the campers today. The men from the Wheeling division of the Baltimore & Ohio, who have been on guard ever since the big movement against the De Armit men was inaugurated, left during last night for their homes at Finleyville, Gastonville, Snowden, Whitehall and Banksville. These miners, after reaching home and recuperating somewhat, have formed new divisions and are returning to the seat of war in order to attend the big meeting in the morning. While the old guard was flitting last night, new men were taking their places and took charge of the watch that is to be kept until all of the New York & Cleveland men quit work.

Sheriff Lowry spent the afternoon in Turtle Creek consulting with his deputies. Chief Deputy James Richards was in the district all night. Sheriff Lowry said that he would not interfere with the strikers in holding meetings, if they acted orderly. He will not allow them to go on the property of the New York & Cleveland Gas Coal company, nor will he allow them to act disorderly while marching on the road.

T. B. De Armit, manager of the Oak Hill mine, said today that he had been in the New York & Cleveland mines. He said he had given fifteen of them places, and they would go to work in the morning. He added that two men had offered to supply him with dynamite for the strike, but he had refused. He was receiving letters in every mail from miners in various portions of the district, asking for news of the district and Cleveland mines. Concerning the action of some of his men, he said they had come to him, saying that they would be glad to work as soon as the excitement is over. He was emphatic in the statement that if the old men did not return to work soon, he had many others who would take their places. Secretary Warner says the miners' officials have decided to bring an action in equity against Sheriff Lowry, asking for an injunction restraining that official from executing the proclamation of the proclamation. He said the proclamation was in violation of law and they would go into court to have that point settled, or believe the proclamation is illegal.

Warner, "and we are going to try and find out if the sheriff has a right to interfere with a peaceable assembly."

FAIRMONT, W. Va., Aug. 1.—"There is a surprise in store for the operators of this region," said John W. Rea tonight. "Inside of forty-eight hours there will be several additions to those out." There is more in Rea's words than many people think. He has been here since last Wednesday and has had two or three meetings each day. Not in the usual way, but has quietly gone to some school house or public hall, and the miners have gathered there as if by magic. This afternoon at Monongahela, the meeting was a repetition of the business meeting of last night, had Catawba yesterday afternoon. Tomorrow at Worthington, he will make a speech to the men. Four more organizers will join Mr. Rea and Ed Davis, his aide tomorrow. Davis went to Clarksburg this afternoon to organize the

SHOCK FOR QUAY. Governor Hastings His Rival for the Senatorship.

PHILADELPHIA, Pa., Aug. 1.—Senator Quay, who has been at Atlantic City for the past few days, was stirred today by the announcement that Gov. Hastings will shortly come out as a candidate for United States senator to succeed Senator Quay. The information, it is said, came to the latter from a friend close to the governor. Senator Quay admitted having heard of Gov.

EUROPE IS STARTLED.

England's Denunciation of the German Treaty is the Sole Topic of Discussion.

BRUSSELS, Aug. 1.—The Moniteur officially announces the fact that Great Britain has denounced the commercial treaty with Belgium, but adds that the British government has intimated its readiness to negotiate a new treaty.

BERLIN, Aug. 1.—The Kreuz Zeitung says that the denunciation of the commercial treaty with the German Zollverein is Great Britain's first step toward the protectionist system, and adds: "But there is no ground for serious alarm, because she has her carrying trade to protect and retaliation to fear. Moreover, a one-sided preference shown to Canada might provoke a conflict with the United States."

The National Zeitung says that Great Britain is herself the nation most interested in the conclusion of a new treaty, and that Germany may gain much by skillful, cold-blooded diplomacy.

The Vossische Zeitung says: "So far as Germany's relations to England are concerned, it is a matter of indifference whether we have a treaty or not." The Berliner Tageblatt says: "Great Britain's intention to join the mother country and the colonies in a customs union will not induce her to restrict her trade with Germany any further than is necessary to attain this object."

The Tagblatt, the Vossische Zeitung and the National Zeitung all agree that it is quite out of the question for England to adopt protection.

LONDON, Aug. 2.—The denunciation by Great Britain of the commercial treaties with Belgium and Germany is the chief theme of discussion in the European newspapers. The Daily Chronicle says: "It is the first triumph of free trade on a great and imperial scale. It is a curious irony of fate that it should be the work of a ministry persecuted by the fallacies of protection."

The German papers, on the contrary, maintain comparative calm, with the exception of a few of the extremist order. Greater anxiety is felt as to the possible motion of British colonies in favoring a protection policy with reference to the tariff in which Germany is strongly interested.

The Kolnische Zeitung says: "Nobody believes that England is actuated by the desire to secure advantages for Canadian products. Her sole object was to annihilate German export trade to the United States, and thereby to deal the heaviest blow to the German manufacturer's a fatal blow. For England's aim is to avert herself of the 20 per cent remission granted by the Dingley tariff to countries according the same treatment to the United States."

Taking the German press as a whole, however, it is safe to say that no great difficulties will be placed in the way of a new treaty.

Stirring Up the Servians.

Turks Claim It is a Plot to Drag Europe Into a General War.

CONSTANTINOPLE, Aug. 1.—Incursions of Albanians, who recently attacked almost simultaneously seven Servian block houses along the stretch of frontier between Madliza and Rashka, have led the Servian government to make a formal protest to the powers, and it is believed that this is part of an organized plan to provoke Servia. The matter is being discussed by the ambassadors in conference, with a view of getting an explanation from Tewfik Pasha, the Turkish minister of foreign affairs. Word has been received here from Van, the capital of the Villet of Van, Armenia, that Armenian revolutionists are preparing to cross the Persian frontier.

CANEA, Crete, Aug. 1.—The foreign admirals held a conference on Thursday last and decided to oppose by force the landing of any additional Turkish troops in reply to their notification that effect, small Bey said he could not accept such a decision. It is believed that fresh troops are brewing.

CONSTANTINOPLE, Aug. 1.—The peace conference held a three hours' session yesterday, and the result is a further postponement of the actual signature of the peace preliminaries.

The union conveying the remaining sections of the draft, including those providing for a limited control of Greek finances, and a new article in the constitution, and the evacuation of Thessaly.

Tewfik Pasha, in turn, true to his well worn methods of delay, presented a number of amendments to all the articles previously suggested. This will necessitate further discussion.

The sultan has instituted a naval commission, with himself as president, to study the scheme for reconstruction of the Turkish navy in accordance with modern ideas.

INDIAN REVOLT SPREADS.

Fifteen Thousand Natives Under Arms and Their Numbers Growing.

FORCED MARCHES BY TROOPS.

Nineteen Soldiers Die From Sunstroke on the Way—Indian Reserves Called Out—British Troops Find Work in Africa—Charges Against Boers.

SIMLA, Aug. 1.—Dispatches to the government show that reinforcements with abundant supplies of ammunition arrived at Dargal at noon today. The march was forced and very rapid, and nineteen Sikhs died from sunstroke on the way.

Col. Reid, with large reinforcements, has reached Camp Malakand. In consequence of the rapid spread of the revolt, from 12,000 to 15,000 natives now being under arms, the government has ordered the reserve brigade to assemble under the command of Col. Woodhouse.

The British regiments will await events at Rawal Pindi, and the native regiments at Mardan. The staff will remain for the time at Nowshera.

SIMLA, Aug. 1.—Maulvi Sidayat Rasool, who was recently arrested at Lucknow on the charge of inciting Queen Victoria and the British government at the meeting of Mohammedans called to congratulate the sultan on his victories over Greece, on which occasion Maulvi told the assembly that "but for the sultan's forbearance the old woman's ribs would have been broken years ago," has been sentenced to a year's imprisonment. The government offered to accept sureties for his good behavior in lieu of imprisonment, but he could not produce them.

CAIRO, Aug. 1.—The Egyptian intelligence department has received word of heavy tribal fighting in the Nile, between the Dervishes and the Jaalons. The Dervishes, under one of the generals of the Khalifa, defeated the Jaalons in a pitched battle and occupied Metemneh on July 1. The losses on both sides were very large. The Jaalons are said to have lost 2,000 killed.

ROUTES THE REBELS. LISBON, Aug. 1.—Official dispatches from Lourenco Marquez, South Africa, confirm the reports of recent fighting between the government troops and rebellious natives in Garama. The battle took place on the 28th of July, near Chamblu, the capital of Garama. The governor of Portuguese East Africa, the duke of Saldanha, and his Portuguese forces routed 7,000 rebels. The Portuguese losses were two killed and ten wounded. The natives lost 300.

CLONDBURST IN BOHEMIA. VIENNA, Aug. 1.—A cloudburst is reported from Budweis, Bohemia, and there has been extensive flooding in the skirts of Jachl, a fashionable watering place. The visit of the Emperor Francis Joseph to Baden and the proposed journey of King Alexander of Serbia from Belgrade to Vienna have been stopped by the floods.

BRITISH TROOPS BUSY. Battle in Southern Africa—Natives Are Routed. CAPE TOWN, Aug. 1.—Serious fighting took place on Friday in the Langeberg district. The British loss was trifling. The enemies' position in the Gamasiep valley was captured, and the rebels fell back in confusion toward Twaiskloof.

The government troops have captured all the enemy's positions north of Twaiskloof. Among the British losses

Horrible Heat in Kansas.

Mercury Over 100 for Three Days—Corn Crop May Be Completely Ruined.

KANSAS CITY, Mo., Aug. 1.—All Kansas City and vicinity sweltered again today through the third successive day of over 100 degrees of heat. The government weather bureau reports show 100 degrees and over from 2 p. m. until after 5 o'clock this evening, the maximum being at 4 p. m., when 102 degrees was recorded. At 7 o'clock this evening the reading

was 95. Throughout Kansas the same condition prevailed. The reports as to the condition of the corn crop are gloomy. Hot winds are general throughout the state, and in the southern and western parts, where irrigation has been needed for many days, farmers are losing hope. Several localities in the southern part of the state report that farmers are cutting their corn in order to preserve it for fodder.

Settlers' Titles in Peril. Land Grant in Dispute. MARQUETTE, Mich., Aug. 1.—Land Commissioner Binger Herzmann has opened the contest between the Michigan Land and Iron company and the settlers. This will cause an open court contest for 50,000 acres of land and may jeopardize the title to nearly ten times that much. The land claimed by the Michigan Land and Iron company is the old Marquette, Houghton & Ontonagon railroad grant, which was given to aid the construction of a line from Marquette to Ontonagon in 1851. It consists of 460,000 acres. Since passing to the new corporation its title has been in dispute, and settlers have squatted on 50,000 acres of the best homesteads. The company filed an application for patents covering swamp, timber and mineral lands. The commissioner's action in granting an open hearing in the land office requires all the settlers to be notified, and the company will have to prove in open court that it comes under the railroad grant confirmed by act passed in 1857. The settlers say it will be impossible to do this, and are rejoicing in their victory.

PROTESTS ON DINGLEYISM. Foreign Countries Insist the New Tariff Will Injure Commerce. WASHINGTON, Aug. 1.—In a late number of the Congressional Record, containing speeches on the tariff conference report, is a speech by M. N. Johnson, of North Dakota, in which he makes a compilation of the protests received by the state department from the representatives of foreign governments against certain duties imposed in the Dingley tariff bill, while that measure was pending. Some of these protests have been made public, others have been referred to the committees of congress having the tariff bill in charge and little or no attention has been paid to them. Nearly all these communications revert to the commerce between the several countries and the United States. They insist that the new tariff will retard that commerce, and some of them intimate that it will result in decreasing the demand for American goods. Among those who protest are Denmark, Italy, Belgium, Turkey, Switzerland and England. Some of the ministers disclaim any intention to interfere in the international affairs of the United States, but make the representations for the benefit of the commerce between the countries.

Good Time to Sell Pacific Steamers. WASHINGTON, Aug. 1.—The United States coast survey steamer Hascote, now lying at

the Puget Sound naval station, Bremerton, Wash., is to be sold to the highest bidder. The treasury department has authorized to be received at that point by her commanding officer up to noon Aug. 16.

TERROR REIGNS IN HAVANA. Spaniards Lost Heavily in the Raid of Cubans. TAMPA, Fla., Aug. 1.—The story telegraphed from Havana last week about an attack of insurgents on the suburbs of that city is confirmed by passengers who left Havana on the Plant line steamer Marcotte yesterday. They arrived here tonight, among them was Senor Calbafer, a wealthy Spaniard, and his wife and daughter, who are now to be reckoned among the refugees who have fled from Havana. The attack referred to was made on the little village of Marnano, about ten miles southwest of the city and the terminus of the annual road and dilapidated Marnano railroad. The engagement was short and desperate. Forty-nine Spaniards were killed, and 120 wounded. Two Cubans were killed and forty wounded. The inhabitants of the town fled for their lives, leaving the insurgents in complete possession. They sacked the place and secured \$40,000 in gold, besides a large quantity of supplies that they could not carry away. It is said that the wildest terror reigned in Havana, and the well-to-do inhabitants are leaving as fast as local laws will permit.

KEANE IN FAVOR AGAIN. Papal Delegate to the Meeting of American Archbishops. NEW YORK, Aug. 1.—The World says it is expected that Archbishop Keane, late rector of the Catholic university of America, at Washington, will arrive in this city from Europe early in the week. Since Archbishop Keane's retirement from the university, he has been living in Rome. He has been delegated by the pope to attend the meeting of the archbishops of the United States, which will take place in the halls in the Catholic university during the first week in October next. It is understood that the archbishop is of important messages from the holy father to the prelates of the church at their annual conference.

SILK FROM ITALY. NEW YORK, Aug. 1.—The Golden Rod Silk company, of Paterson, N. J., has given notice of its failure and a receiver has been appointed. Liabilities, \$100,000; assets, about \$75,000. Aral & Tokaki & Co., importers of raw silk, are large creditors. The firm accuses its loss of the archbishop's labor troubles. The strikers some months ago retarded orders, causing a loss of trade and crippling of resources.

THE ROBERTS ENTERTAINED. NEWPORT, R. I., Aug. 1.—Vice president and Mrs. Hobart were at a luncheon given by Hon. C. M. Tamm at his estate at Newport. Among the guests were Lippard Stewart, Mrs. Cornelius Vanderbilt, Mrs. Eliza Taylor and Chauncey Wood. This evening Mr. and Mrs. Calvin S. Hrice gave a dinner to 150 of Vice President and Mrs. Hobart.

WHAT IS REID WANTED FOR? Summoned to Conferences With McKinley and Sherman. NEW YORK, Aug. 1.—The president, immediately on learning of the arrival of Jubilee Ambassador Whitelaw Reid, telegraphed an invitation to himself and wife to make a visit to Mr. and Mrs. McKinley at their country retreat on Lake Champlain, beginning next Saturday. Later, Mr. Reid will visit the Hon. John Sherman, secretary of state. One or two pretended interviews with Mr. Reid were published immediately on his arrival, but they all have been repudiated. Mr. Reid absolutely refused to be interviewed.

VETERANS IN REBELLION ORDERED SUSPENDED. WASHINGTON, Aug. 1.—Something of a sensation has been created in the ranks of the United Veterans' union by an order from Gen. M. A. Dillon, recently appointed provisional depart-

Disaster to Portuguese.

They Are Routed in Africa. LONDON, Aug. 1.—A dispatch to the Times from Cape Town says a report has reached there that the Portuguese have been badly routed in the Bileni district, north of the Delagoa bay. The natives declare that not a Portuguese is left alive.

LAURIER HONORED IN FRANCE. PARIS, Aug. 1.—Sir Wilfrid Laurier, the Canadian premier, has been appointed a grand officer of the Legion of Honor.

REFUSED REDUCED WAGES. PHILADELPHIA, N. J., Aug. 1.—The American Sheet Iron company strikers held a meeting last night at which the committee reported the result of its conference with Supt. Danby. The company offered the men work at cut wages, but they refused to accept the offer, and decided not to depart from their stand.

AGREED ON A SCALE. PUDDING ACCEPTS THE FIGURES OFFERED BY MANUFACTURERS. YOUNGSTOWN, O., Aug. 1.—It was daylight this morning before the iron puddlers and the puddlers of the Amalgamated association conference agreed on a scale for puddling. There were twenty-five puddlers in the amalgamated committee of 400, and the puddlers had the scale about accepting or rejecting the proposition directly affecting them. The puddlers made several attempts to effect a compromise which would obtain \$4.25 per pud, but the manufacturers positively refused to recede from their demand for a reduction from \$4.50 to \$4. When the puddlers met at a secret meeting to consider the matter the vote stood 13 to 12 in favor of taking the whole reduction, and this portion of the difficulty was at an end. The new scale adopted is as follows: Four dollars a ton on a 1 cent card rate; \$4.25 on a 1.1 cent card rate; \$4.75 on a 1.3 rate; \$5 on a 1.4 rate, and \$5.25 on a 1.5 rate; a 1 cent card rate meaning when bar iron is selling for 1 cent a pound, etc.

AN ADJOURNMENT WAS TAKEN AT 7 o'clock this morning, until 10 o'clock Monday morning, when it is expected the finishers' scale will be adjusted, and the whole trouble brought to an end.

OBJECT TO SVENTING SYSTEM. NEW YORK, Aug. 1.—The general strike of the Pants Makers' union, a branch of the Socialist Trades Alliance, went into effect today in the New York district, in the Greater New York district. The strikers are enthusiastic, and believe this effort on their part will end the system, and will restore the old rate of wages. Under the present system they are able to make only \$2.50 a week. Under the old schedule, which they want restored, the operators made from \$10 to \$12 a week. There are nearly three thousand operators out, and in consequence of the strike five thousand finishers are idle.

TRAGIC SABBATH FOR BATHERS. Four at Terre Haute and Four at Kansas City Drown. TERRE HAUTE, Ind., Aug. 1.—This has been a tragic Sabbath for Carlisle, a town about thirty miles south of here. Four of her citizens were drowned at Heat's ferry in the Washash river, and the Terre Haute track at Carlisle. The head was crushed in, the right hand torn off and the body almost severed. It is thought Hines fell from the train while stealing a ride.

CHARLES HINES WAS FOUND SHORTLY after daylight lying close to the Evansville & Terre Haute track at Carlisle. The head was crushed in, the right hand torn off and the body almost severed. It is thought Hines fell from the train while stealing a ride.

MEANEST MAN IN WASHINGTON. Once Lived in Minnesota, but of Course Left. WASHINGTON, Aug. 1.—The meanest man in Washington came here from Minnesota. That statement was made to me by a senator from an Eastern state who said that the meanest man was trusted with a fund of \$120 per month, to divide between himself and a young lady stenographer. The young lady is an orphan, having lost her father and mother when she was very young; and she is now not more than nineteen years old. She has learned short hand and typewriting and supports herself.

INSTEAD OF GIVING that little girl her \$60 per month, the Minnesota man, who is a man of property, and well to do, gave the little girl only \$5 per week, and kept the rest of the money himself. The little girl feared to say anything, because she supposed the Minnesota man was a thief, and hereafter she will be a beggar, and she has to find board and lodging, and clothe herself, on \$5 per week; while the Minnesota man kept the money which she earned.

ACCIDENTALLY, the senator who had trusted the Minnesota man heard of this blood money proceeding, and he put a stop to it. He denounced the Minnesota man a thief, and hereafter he will draw the money himself, and see to it that the little girl gets her pay. She is an innocent, hard working little body, and how any man with a particle of conscience could have robbed her in such a sneaking manner is beyond comprehension. The senator tells me that he is a whining, pretentious church member, and a leader in prayer meetings.

AND YET some people believe there is no hell and no need for such a place.

WUNNIPEG, Man., Aug. 1.—Four drowning accidents are reported in the province yesterday. At Oak Lake, William Morrison, of Brandon, lost his life while bathing. A boy named Goody was drowned in Red river by the boat capsized. All but Robert Stott and Peters were saved.

KANSAS CITY, Mo., Aug. 1.—Four small boys were drowned here today while swimming in the Washash river, and the Terre Haute track at Carlisle. The head was crushed in, the right hand torn off and the body almost severed. It is thought Hines fell from the train while stealing a ride.
