EVENTS TODAY.  
Met—The New Dominion, 2.30.  
A Southern Gentleman, 8.15  
Grand-Tennessee's Partner,  
2.30, 8.15.

MOVEMENTS OF STEAMSHIPS.  
NEW YORK—Arrived: Lucania, Liver-  
pool.  
LIVERPOOL—Sailed: Celtic, New York.  
SOUTHAMPTON—Sailed: Augusta, Victoria,  
New York.  
GENOA—Arrived: Campania, New York.  
HAMBURG—Arrived: Puerst, Bismarck,  
New York.  
NAPLES—Sailed: Patria, New York.

King for a Day—The Boston Base  
Ball club.

The cloud with the silver lining ex-  
ploded right over Brown university.

Anyhow, it cost Lueigert \$25,000 to  
find out that he could not be made  
sausage king.

The sweetest music of the year comes  
from the jingle of European gold into  
American pockets.

Richard Croker is in Chicago. He  
seems to be running from the mayor-  
alty of Greater New York.

The September brides of 1897 are a  
little prettier than the September  
brides of any previous year.

Miss Grace Thompson bids fair to  
become famous as the only American  
woman who ever snubbed the Prince of  
Wales.

Just at this season several minor  
league team managers are paying off  
players by fining them the amount of  
their salaries.

Typhoid fever is ravaging the Turk-  
ish troops in Thessaly. If the Greeks  
could have secured typhoid fever as an  
ally, things might have been different.

If Mrs. Lueigert really went to Ke-  
nosha, Wis., that in itself was suf-  
ficient evidence of her insanity when  
there were so many nice towns that  
she could have gone to.

The Wichita Eagle says: "Mr. Green  
last Saturday lost a \$300 diamond in  
his wheat field." Kansas has evidently  
been moving toward affluence in the  
night when nobody was looking.

Boreas seems to be bent on making  
it particularly uncomfortable for the  
tenderfeet in Alaska this winter. There  
is already four feet of snow in that  
far-away frigid country of the north.

Who knows but a gathering gold in the  
Klondike country may yet become a  
regular picnic? A Colorado man has  
invented a machine which will thaw  
frozen ground with marvelous rapidity.

A Paris newspaper advocates the as-  
sassination of President Faure, King  
Humbert and the queen regent of  
Spain. Several of the editors of this  
world should be blue-pencilled off the  
state.

Carrier pigeons with messages from  
Andree are now being pulled down in  
Kentucky and Indiana. Jokes of this  
character plainly come under the head  
of "ghoulish glee" and should not be  
encouraged.

The American farmer is sorry for the  
Russian farmer, but he is tickled over  
the prospect of a good price for his  
wheat again in 1898. The Russian  
drouth has prevented the sowing of  
much winter wheat.

An Ohio man is in the queerest pre-  
dicament of the age. Some time since,  
learning that his wife was dead, he  
telegraphed money for the funeral ex-  
penses. Now, a year later, he finds the  
wife alive and "kicking."

It is announced that Mrs. Marina  
Comenol Orbi Hosea Rial, of the Phil-  
ippine Islands, is in Philadelphia. A  
train could almost run from Philadel-  
phia to New York before a Quaker  
could get through pronouncing that  
name.

## TEXAS TOWNS UNDER SUSPICION.

The Whole State Said to Be in Danger of a  
Yellow Fever Epidemic.TWO DEATHS  
REPORTED AT  
NEW ORLEANSTotal of Cases at That  
Point Is Now Above  
the Hundred Mark.Death Rate Not Far Below That When the City  
Was Last Visited By the Scourge—Mayor Determined to Pre-  
serve Order.PHILADELPHIA, Pa., Sept. 24.—The  
following dispatch was received to-  
day:"New Orleans, Sept. 24.—Use your influence  
with Mr. Wainmaker and other prominent  
Philadelphians to appeal by wire to Surgeon-  
General Wyman to order Dr. Outers to in-  
vestigate, immediately, the very suspicious  
fever now prevailing in Galveston, Houston,  
Dallas, San Antonio. All Texas is threatened  
and should be guarded.""Horter, Terroux & Co."  
This message was addressed to  
George Horter, of Haddonfield, N. J.,  
the father of the head of the firm in  
New Orleans. Directly upon its re-  
ceipt, consultations were had with Mr.  
Wainmaker, Strawbridge & Clothier,  
Hood, Foulkrod & Co., Col. Grey and  
President Thompson, of the Pennsyl-  
vania railroad, as to the best means  
of securing a response to this appeal.San Antonio, Tex., Sept. 24.—A tele-  
gram was received here today from  
President Olliphant, of the New Or-  
leans board of health, inquiring as to  
the health condition of San Antonio  
and stating that this city was "strongly  
suspected." The matter was taken  
up at a meeting of the board of health  
here today, and the following state-  
ment issued: "There is no case of yel-  
low fever or smallpox in San Antonio,  
and to our knowledge no case of yellow  
fever in all Western Texas."NEW ORLEANS, La., Sept. 24.—  
Eminent doctors believe that the work  
of the board of health is productive of  
good results and that the fever is not  
spreading, but on the contrary is being  
confined to localities. Thus far there  
have been a few less than one hundred  
cases and fifteen deaths. The death  
rate is in the neighborhood of 15 per  
cent. It was in 1878, 16 per cent; so  
that up to the present time the disease  
is about as virulent as it was in the  
last great epidemic New Orleans has  
had. One of the sensations of the day  
was the announcement that the board  
of health had decided to prosecute Dr.  
Monluzin for having failed to report a  
case of suspicious fever. In one of the  
morning papers a few days ago Dr.  
Monluzin was quoted as saying that  
there was little if any fever in New  
Orleans and that the prevailing sick-  
ness was Burnah or sun fever which  
he described as contagious or infec-  
tious and quite likely to be attended  
with about the mortality of yellow  
fever. This morning Monluzin reported  
to the board of health the case of Miss  
Dreyfuss who, he said, was suffering  
with yellow fever. It was not long  
before this report was received that the  
board had reported the death of Miss  
Dreyfuss. An investigation proved that  
Miss Dreyfuss had been taken sick  
last night and that Dr. Monluzin  
had failed then to report the  
case as suspicious. This was the  
record of today:Deaths—Salvador, Casimir, 143; Charles  
street, 635; 534; 534; 534; 534; 534;  
Dreyfuss, old number 36 Bourbon.  
New Cases—Child in Woodville, Oc-  
tober, between 31 Charles and Pitts; Miss  
McCall, 31 Jackson; Miss Marie McNeely,  
1519 St. Louis; George, 321; 321; 321;  
John, 83 Howard; Kate Murray, col-  
ored, 1528 Magazine; Rosalia Bading, col-  
ored, 645 Washington; Joseph Beuther, 616  
Robertson; Miss Dreyfuss, 36 Bourbon.  
Of the new cases that in the Woodfamily was developed where two cases  
already existed. The case of Miss Mc-  
Call is on one of the most prominent  
avenues of the city. No previous case  
has appeared on the street. Of the  
ninety odd cases in New Orleans from  
the beginning, but four have been  
investigated, immediately, the very suspi-  
cious fever now prevailing in Galveston,  
Houston, Dallas, San Antonio. All Texas is threatened  
and should be guarded."This message was addressed to  
George Horter, of Haddonfield, N. J.,  
the father of the head of the firm in  
New Orleans. Directly upon its re-  
ceipt, consultations were had with Mr.  
Wainmaker, Strawbridge & Clothier,  
Hood, Foulkrod & Co., Col. Grey and  
President Thompson, of the Pennsyl-  
vania railroad, as to the best means  
of securing a response to this appeal.San Antonio, Tex., Sept. 24.—A tele-  
gram was received here today from  
President Olliphant, of the New Or-  
leans board of health, inquiring as to  
the health condition of San Antonio  
and stating that this city was "strongly  
suspected." The matter was taken  
up at a meeting of the board of health  
here today, and the following state-  
ment issued: "There is no case of yel-  
low fever or smallpox in San Antonio,  
and to our knowledge no case of yellow  
fever in all Western Texas."NEW ORLEANS, La., Sept. 24.—  
Eminent doctors believe that the work  
of the board of health is productive of  
good results and that the fever is not  
spreading, but on the contrary is being  
confined to localities. Thus far there  
have been a few less than one hundred

board had reported the death of Miss  
Dreyfuss. An investigation proved that  
Miss Dreyfuss had been taken sick  
last night and that Dr. Monluzin  
had failed then to report the  
case as suspicious. This was the  
record of today:George street; Estee McDonald, Sa-  
vannah, near Marshall street, dead;  
Frank Stewart, dead. Three patients  
were discharged.The bulletin today says forty-one  
cases, six deaths, nineteen discharged  
and sixteen under treatment. With  
one or two exceptions the sick are do-  
ing well. Dr. George A. Ketchum,  
president of the board of health, re-  
marks that the sick of the fever are  
all dwellers in one-story houses, that  
is to say, sleep on the ground floor.  
He infers that the poison moves along  
the ground and preferably attacks  
those closest in reach.JACKSON, Miss., Sept. 24.—The state  
board of health tonight issued the fol-  
lowing official bulletin: The board is  
daily receiving requests from parties  
from the North for permission to re-  
turn to their homes, and has decided  
not to allow them to do so for the pres-  
ent. After the board is certain that  
the fever is confined to Edwards and  
immediate vicinity, quarantine will  
probably be raised on railroads not  
connected with any infected point.The following is the official report  
from Edwards since 7 p. m. last night:  
New Cases, Whites—Mrs. Ella Goode, Le-  
roy Ratliff, Marie Lewis, A. J. Lewis Sr.,  
Miss Willie Ross, Mrs. R. F. Birdsong, R.  
St. Elliott, Mrs. E. W. Elliott, E. K. Knob-  
lin, Mrs. T. P. Martin, J. B. Howie's child,  
Mrs. E. A. Walton Sr., Kathleen Lowery,  
Mrs. J. F. Galloway, Mrs. P. H. Montgom-  
ery, E. L. Bowling, Miss Sallie Donovan,  
Miss Winnie Donovan and Miss Bettie Wag-  
ner. Colored—A. K. Jones, Mary Jones,  
Nancy Smith, Henry Gray, Carrie Stevens,  
James Buchanan, Mary Brown, Sallie Jen-  
kins, Ella Scott, Bessie Hiett. Total num-  
ber of cases for the day, 30; total cases to  
date, 136. Total deaths today, none; total  
deaths to date, 4. Convalescent, 44; now un-  
der treatment, 55. Frank Rossman had  
black vomit all night and today and is not  
expected to live.The following is the official report  
from Edwards since 7 p. m. last night:  
New Cases, Whites—Mrs. Ella Goode, Le-  
roy Ratliff, Marie Lewis, A. J. Lewis Sr.,  
Miss Willie Ross, Mrs. R. F. Birdsong, R.  
St. Elliott, Mrs. E. W. Elliott, E. K. Knob-  
lin, Mrs. T. P. Martin, J. B. Howie's child,  
Mrs. E. A. Walton Sr., Kathleen Lowery,  
Mrs. J. F. Galloway, Mrs. P. H. Montgom-  
ery, E. L. Bowling, Miss Sallie Donovan,  
Miss Winnie Donovan and Miss Bettie Wag-  
ner. Colored—A. K. Jones, Mary Jones,  
Nancy Smith, Henry Gray, Carrie Stevens,  
James Buchanan, Mary Brown, Sallie Jen-  
kins, Ella Scott, Bessie Hiett. Total num-  
ber of cases for the day, 30; total cases to
