CHICAGO, Feb. 19.—Wheat reached

the flood mark of the recent December squeeze, selling up to \$1.06, and closing at \$1.06, an advance of 1/2 cent, July showed even more sensational strength and closed at 98 1/2 or 3/4 over yesterday's price, after selling as high as 99 1/2. The market was stirred at first by a statement that the wheat sold to consumers at 4.00 per bu. while the wheat was selling abroad, and attempts to cover or weekly sales caused the widest half hour that has been seen on 'change for many years. Brokers for Letter helped to make the wheat lively by bidding for July.

Corn was excited and higher, due principally to the influence of the bulge wheat, although small country offerings would probably have made the market strong on its own. Demand from shippers and exporters forced prices up sharply. There was enough realizing to cause some decline from the top, the market closing steady. May ranged from 31 1/2 to 32 1/2, and closed 1/2 cent higher at 31 3/4.

The market for wheat was fairly active. The strength of wheat and corn was the influence. Shorter wheat bidders and the influence of offerings resulted in a sharp advance in prices. There was also good buying from New York. Corn was steady, and closed 1/2 cent higher at 27 1/2.

Estimated receipts: Wheat, 500 cars; corn, 550 cars; oats, 350 cars; hogs, 500 head.

The leading futures ranged as follows:
