RESULT OF AWARDS IN THE DOG SHOW

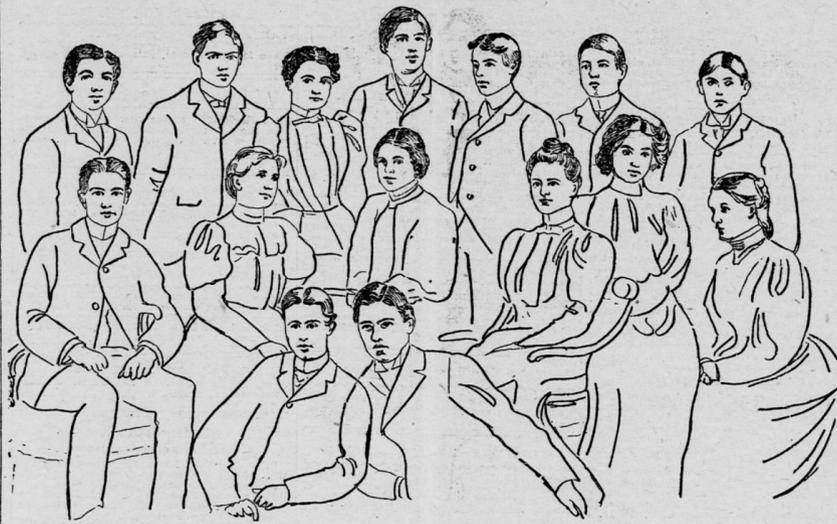

Judges Complete Their Work, and the Successful Owners of Fine Dogs View the Result With Pleasure—Society is Paying a Good Deal of Attention to Exhibition.

Society passed approval on the bench show yesterday and all the afternoon and evening the fashionable element of the city crowded the hall and coaxed and petted the hundreds of dogs. The toy dogs with their dainty cushions and wraps were not always the favorites either. Many of the handsome groomed women favored the shaggy coated St. Bernards, the black nosed mastiffs, or the brindie hued Great Danes.

All the dogs. They said the dogs were as nearly equal in merit that it was hard to decide which were superior animals, and that many second prizes were conferred on dogs that ordinarily would have received first. A second prize dog in this show was worthy of the utmost respect.

Among the prominent winners at this show is Dr. Matschenbacher, of New York, who won everything in dachshunds, taking six first and four special prizes. G. J. Carnachan, of New York, won almost everything in wire-haired fox terriers. Dr. Matschenbacher and Klein's Basset hounds won first and second prizes in miscellaneous classes. J. Lorillard Arden won everything in bull terrier bitches with Indian Queen II, Sylvia L and Neil.

CAST OF "THE LADY OF LYONS."

David Aronson. Arch Vernon. Belle Butler. Franklin Smith. Bryan Dorr. Harry Robbins. Halstad Moody. Mason Case. Katherine Berse. Florence Ely. Edith Dabney. Herman Johnson. Roy Squires.

"The Lady of Lyons" was creditably produced by the members of the class of 1888, of the Central high school, last night. The piece itself was a deviation from the usual character of class plays, and was cordially received by an audience of students and their friends, which crowded Assembly hall to the doors.

Beausant, the leading role villain, in league with Glarvis, an artisan, seeks revenge upon Pauline, the Lady of Lyons, who has rejected the suit of Beausant. They make a compact with Claude Melnotte, a poor peasant, whom they array with the auxiliaries and the title of a prince, who agrees to marry the heroine.

is in blank verse, and his recital was accentuated by the high school orchestra. Miss Kate Berse, as Pauline, lent to the part greatly by her sweet personality. The character which elicited the most applause was that of the gulf French Fernon, Col. Damas, impersonated by Arch Vernon, with his grand air, Mr. Case's interpretation of his part was excellent.

SAMPLED BY THE CROWDS AT THE FOOD SHOW

Market Hall continues to prove an attraction for the people of St. Paul—Surprised and Delighted at What They See Produced in St. Paul—Today's Attraction.

Seven thousand people surged through the old market house yesterday, between the time the doors opened in the morning and the closing hour in the evening.

Seven thousand interested men and women came to see what the manufacturers of St. Paul had to show for themselves, and went away well satisfied that St. Paul stands well with the best manufacturing centers of the United States.

"Well," said one of the women of the auxiliary yesterday, "I never imagined people would turn out in such terrific numbers to attend anything of this kind. And the men seem as interested as the women. Look at their faces, they are all as earnest and interested. I must confess I have been amazed at the success of the entire venture. Of course, I supposed there would be a fair attendance, and I realized it was a most excellent thing to be done, but I had not the slightest conception of the interest the majority of people seem to feel in such a display."

This is the sentiment expressed by all connected with the exhibition. Theodore Barker, the manager for C. R. Groff & Co., said:

"The success of the manufacturers of St. Paul has been beyond all expectations, and from the talk of the people who visited our exhibit it seems certain that they are all willing to patronize goods that come from St. Paul."

"So far as the Commercial club is concerned, I can say that this exhibition has been far beyond the expectations of the members. A large share of this success is due to the efforts of the women of the auxiliary, and I learned from the reports of Chicago are undertaking a similar venture." D. R. Noyes said:

"The exhibition is very creditable to the city, but the space here is too small."

All Comment It. James J. Hill said: "The exhibition is very fine."

Fred Yerxa said: "The exhibition is very fine, indeed."

Maj. Wheeler remarked: "It is the best thing of the kind I have seen in St. Paul, and I am glad the people have taken hold so readily."

Mr. Hill called in the morning and made an inspection of each booth. He expressed deep approval for the displays made.

Rukard Hurd was among the afternoon callers and found nothing but praise to say of the affair.

Theodore Schultz and Col. Ferris were among others who expressed approval of the exhibition, and Adolph Michaud also complimented the management.

Bishop and Mrs. Gilbert and Alexander Ramsey also inspected the displays with apparent pleasure.

The first disturbance of any kind occurred yesterday afternoon, and was of no particular importance, at the same time showing how excellently the police arrangements have been handled.

A young man, accompanied by three associates, made some lighting comment to the young woman serving coffee at Griggs & Cooper's booth, when the manager, Mr. William Morwitz, took him in charge, handed him over to an officer, and two minutes he had been walked down the front steps and landed on the sidewalk with a warning not to show himself on the premises again. At the time of blustering his companions followed.

The music for the afternoon was furnished by Sellings' orchestra from the Grand Hotel. Several interesting selections were given previous to the lecture. Miss Armstrong opened her demonstration by saying that salads were messy things, and that she did not care very much about making them. However, on occasion they were nice. She made several very delicious ones.

Cooking Demonstrations. A small book containing a number of Mrs. Armstrong's best and most delicate recipes has been put on sale in the hall and copies were readily disposed of yesterday. It is surprising the interest displayed by both men and women in the cooking demonstrations. The gathering, though large, is perfectly quiet and attentive and men and women alike watch the skillful cook's every movement and listen with close attention to every word she utters. No doubt there will be better dinners cooked in St. Paul hereafter and fewer dyspepsias.

The booths were as busy as usual. At Hamm's exhibit during the hours for distributing souvenirs there were thousands of tiny blue ribboned bottles given away. At the Chipewee spring water exhibit, just over the hall, Thomas Fowler greets former Minneapolis friends and present St. Paul ones and offers glasses of the sparkling spring water to his guests. Dewey & Sons have this display in charge.

Tea by the Gallon. At the Andrew Schuch exhibit the Challenge tea is served in pretty tea

cup under the supervision of a tea expert, Louis Huisick. Thousands of cups of tea were served during the day.

The springs of the Muckle buggies have been tested to their utmost during the week and that they come out unharmed after the severe strains to which they have been put for two or three days is a splendid recommendation. The buggies are handsome ones, by the way, and the exhibit made by the Perkins Manufacturing company, a huge glass case of gold fish is particularly attractive. Fresh water comes in continually through a tiny fountain.

Souvenirs Given Away. Towle & Co. gave away handsome watch charms yesterday, and at the St. Paul Stove Co. exhibit finely engraved cards in black and gilt are given out. The "C" and "X" ranges, for both wood and coal, are shown by E. Haberman, the genial superintendent of the works. A small laundry tray with a fancy sort of an oven in the pipe is at once useful and cheap.

Waitresses Given Hand. Several of the waitresses from the popular downtown restaurants were interested listeners to Mrs. Armstrong's lecture, which fact was noted with beaming satisfaction by the many bustling men and women attending. It was a good indication of the success.

Lindeke's Apple Blossom biscuits could not be baked fast enough to supply the demand yesterday, and it is a fact that several times the biscuits were actually picked off the oven by the man's hand before he could reach the booth, so tempting were they to the crowd.

The women in charge yesterday were Mrs. H. M. Hinckley, Mrs. Denis Follett, Mrs. Haacker and Mrs. Wilder Merriam. Among the visitors yesterday were William Merriam, J. Kemp, J. B. Allison, Peter Baldy, Maj. J. B. Wheeler, Mrs. Bergner, Mrs. Presley, Mrs. A. A. Nolan, Mrs. C. H. Melvin, Mrs. F. A. Hubbard, Mrs. R. B. Knowlton, Mrs. Matthei, Mrs. F. Schlick Jr., Mrs. H. D. Smith, Mrs. A. C. Warden, Mrs. Duffresne, Mrs. J. B. Chase, Mrs. Culver, Mrs. M. C. Woodruff, Mrs. C. L. Winslow, Mrs. E. Valentine, Mrs. C. G. Ainsworth, Mrs. M. Forbes, Mrs. Greengerson, Mrs. Sauter, Mrs. F. Smith, Mrs. W. R. Woods, Mrs. M. A. Lowell, Miss F. A. Lowell and others.

Today will be the competitive dinners by the same cooks as on Tuesday. Mrs. Groff and Mrs. Fernald will be in charge today.

Tomorrow morning an artistic dinner will be served under the supervision of Mrs. Fryner. The display of china will be very beautiful.

The crowd in the evening was larger than before all the week. It was almost impossible to get about the hall yesterday, the crush about the popular exhibits and at the demonstration given by Mrs. Thompson was compact.

Praise for Mrs. Thompson. Mrs. Thompson has won popular approval and enough praise cannot be accorded this little lady for her thoroughly comprehensive talks each day and her most convincing proofs of the superiority of her cooking and the system she uses. In no case has there been anything but that which is complimentary expressed of her work, and the demonstrations have been attended each day by gradually increasing numbers of people who want to learn the best way to do their own baking and cooking, and many valuable hints have been jotted down in note books and carried home for future reference.

Food for Invalids. Last evening Mrs. Armstrong spoke on food for invalids and children. She said: "Invalids should not eat any of the cereals unless they have been cooked long and thoroughly. Beef tea is a stimulant, but not a food for building up. It should be cooked long and carefully. Geleatine is not nourishing, but is slightly stimulating. Toast, to be used for invalids, should be toasted very through and should not be buttered till just before it is eaten. Tea should be made of freshly boiled water and should be steeped, not boiled." She made several tempting dishes, such as may be given to children and invalids.

Booth & Co. furnished the fish used yesterday, and the beef used came from the Swift exhibit.

Tonight's Feature. One of the interesting features of the food show this evening, will be a lecture by Prof. Snyder, of the state experimental station, upon the subject, "Comparative Values of Food." Prof. Snyder has made a special study of this subject, and discloses a unusual best way to do their own baking and cooking, and many valuable hints have been jotted down in note books and carried home for future reference.

Becker Found Guilty. Convicted by a Jury of Burglary in the Second Degree. Jacob Becker was convicted yesterday in the criminal court of burglary in the second degree. The jury recommended the young man to the state penitentiary for one year.

Becker broke into the dwelling house of Nels O. Nelson during the day time. Judge Kelly will pronounce sentence next Monday. The case of the county attorney John Moberg was then called and the trial began. Moberg is charged with stealing a lock from Simon Jewell's store.

On motion of the county attorney the indictment charging Al Wood with larceny in the first degree was called.

learn from his face if all were well and there were no "cases" to report. But Mr. Moak had only the very best of reports to make and the pleased visitors went away delighted with the bench show.

Some of the ladies have made arrangements for buying some of the dogs exhibited.

Among those noticed yesterday were: Mrs. F. E. Wright, Mrs. Fred Driscoll, Mrs. Mairs, Miss Mairs, Miss Kaiman, Miss Edith Driscoll, Miss Bridges, Mrs. A. E. Boyson, Mrs. Morton Barrows, Miss Maud Lewis, Mrs. Uri Lamproy, Miss Tarbox, Miss Gotzian, Mrs. W. G. Rhodes, Mrs. J. E. Striker, Mrs. George W. Finch, Mrs. H. W. Mathews, Mrs. Forest H. Orton, Mrs. Alexander Stone, Mrs. and Mrs. Charles Thompson, Mrs. C. A. Clark, Mrs. Al May, Mrs. H. E. Willis, Mrs. T. M. Tompkins, Misses Dousman, Miss Armstrong, Misses Horn, Miss Ferguson, Miss Stickle, Mrs. F. A. Fox, Mrs. McNeil Seymour, Miss Appleby, Mrs. Thomson, Mrs. Dr. Abbott, Mrs. Alfred Sibley, Mrs. Theodore Schurmeier, Mrs. A. Driscoll, Mrs. Ambrose Tighe, the Misses Hill, Miss Auerbach, Dr. and Mrs. Menard, Mrs. Thomas Lowry and Mrs. G. A. Spalding, from Minneapolis; Walter Driscoll, Lewis Hill, George C. H. Thompson, W. D. Hobart, George Finch, C. D. Thompson, Lieut. Barker, Dr. Orton, Mr. Mathews, Lieut. Moale, Charles Thompson, Dr. Ritchie.

Hard-Worked Men. The hardest worked men in St. Paul yesterday were the judges who started in at 10 o'clock and labored without a rest until nearly 8 o'clock in the evening. They had the satisfaction at the end of the day to know that their work was about over, and they were as happy as the owners of the successful dogs.

Judges John Davidson, G. W. Clayton and Dr. Royce last evening declared that their tasks had been more difficult than any similar work they had ever been called upon to perform, because of the unusually high quality of

a black, white and tan color, and while Minnesota's Pride is black and white and ticked, neither dog ever experienced such crowds before, but they have become accustomed to them now. They are favorites with the visitors.

Bird is the name of F. O. Craig's English setter, which is exhibited in the show. Mr. Craig is from Hudson, Wis., and he says Bird is the best dog of his kind in the country.

St. Jean exhibits four splendid St. Bernards, they are St. Paul and Ponton and their puppies, Romeo and Juliet. Ponton took second prize in her class and St. Paul third in his, and both pups won their prizes.

The splendid St. Bernard Prince is not feeling very well, and yesterday he manifested signs of ugliness to such a degree that his owner, William H. Lightner, nailed a guard across his bench and placed a sign on it warning visitors that the dog was dangerous. In consequence, people kept clear of Prince yesterday and his behavior indicated that he was pleased to be let alone.

G. T. Michaud did well yesterday with his black cocker spaniel, Spider, Fly, Chief and Molly Carew. Fly won first prize in the novice class, Chief second in junior dogs and Molly Carew second in free-for-all bitches. Mr.

He will leave for Kansas City with his kennel via Chicago on Saturday.

and he appears extremely happy over the event. Another contented little fellow was Leo, Mrs. E. Thomas' Maltese terrier. Leo wears a blue ribbon also, because he is the only pibble of his kind on this bench.

The smallest dog in the whole show is Prince, exhibited by Al G. Eberhart, and owned by J. D. Lehmer, of St. Louis. Prince is a perfectly formed black and tan and weighs but three pounds. He is three years old and during his short life he has won seven first prizes.

One of the most admired of the small dogs is Lady of the Lake, a King Charles spaniel. She is a black beauty with long soft hair and blazing eyes under a bulging forehead. She is owned by C. C. Hendre, of New York, who also owns Kenneth Chesterford, a dog that won first prize.

Among the prominent winners at this show is Dr. Matschenbacher, of New York, who won everything in dachshunds, taking six first and four special prizes.

G. J. Carnachan, of New York, won almost everything in wire-haired fox terriers. Dr. Matschenbacher and Klein's Basset hounds won first and second prizes in miscellaneous classes. J. Lorillard Arden won everything in bull terrier bitches with Indian Queen II, Sylvia L and Neil.

Robert Hoodless, of Chicago, brought twenty-four dogs to the show, and won twelve firsts, nine seconds, two kennel, two winners and two special prizes.

Board of Public Works to Ask for a Final Order. The board of public works yesterday decided to ask the council for a final order in the matter of boulevarding Grand avenue from Grotto to Floral streets. At the hearing yesterday, two of the owners who had petitioned for the improvement withdrew their names, but additional names were secured to make up the requisite one-third needed.

The president of the board stated that all the resident owners on the street favored the improvement, while the non-residents were opposed to it. The proceedings in the matter of condemning Grand O to the midway parkway under the new street and the necessary and permanent resolutions for the same were adjourned for one week. Owners and residents.

Drill in Rubber Shoes. Nearly every member of Company D was present at the drill last evening and much enthusiasm was manifested in the new calisthenic exercise which the company is taking up, and in which the members already show much proficiency.

The men drill in rubber-soled shoes which are much easier on the feet of those wearing them, as well as the floor of the armory, and the commands of the officers are much easier understood, there being scarcely any noise to the foot movements.

Company D finds these are an advantage—Practicing the New Calisthenics.

Company D by Company M is a fine piece of workmanship and will be treasured as a token of the friendship existing between the two crack companies.

The cup is on exhibition in a show window on Robert street, together with a large group of pictures of Company M, taken in front of their magnificent armory.

Marksmen's medals were presented to the following members of Company D last evening, the qualifying scores having been made on the home range: Messrs. L. H. Tubbesing, L. C. Miss, T. J. Avey, W. Whitcomb, C. J. Hipp, H. A. Lauer, N. B. Lauer.

Company D has now nearly the full number of men allowed by law. The drill last evening was witnessed by Maj. F. W. Ames, Capt. Hart, Winne, Robinson and several other officers, besides a large number of civilians and spectators.

HELP WANTED—If you need help of any kind a want ad in the Globe will bring it to your door; a cent a word makes them cheap.

Capt. Montfort to Resign. Friction among the members of Company H of the state national guard has resulted in the declaration of Capt. E. Montfort that he will resign. Capt. Montfort made the statement at a meeting of the company, and temporarily requested Maj. Ames, temporarily meeting for the election of his successor.

Maj. Ames announced that the meeting would be called during the first part of the coming week.
