

NEWS OF THE MINNESOTA BOYS WHO WEAR THE BLUE

WILL SAIL WITH MERRITT

THIRTEENTH WILL STAY AT SAN FRANCISCO UNTIL JULY

Men Disappointed at Not Being Able to Join the Next Expedition to Manila, Which Will Sail About the Middle of Next Week—Blaine's Son Has Reported to Col. Reeve for Duty.

Staff Special to the St. Paul Globe. SAN FRANCISCO, Cal., June 3.—The men of the Thirteenth regiment are disappointed that they were not selected for the second expedition to sail next week for Manila. It is now understood that the regiment will accompany Gen. Merritt, who is expected to depart about July 1.

Capt. James G. Blaine reported to Col. Reeve today for duty as assistant adjutant general of the second brigade. The three battalions drilled on the Presidio hill this morning. Capt. Garcelon attended to his duties today and rode the horse that threw him Wednesday without further mishap.

It is understood that all horses will be sent back to Minnesota as they cannot live in the Philippines. —Evan M. Jones.

AMES IN COMMAND

Regiment Under Him While Reeves Is a Brigadier.

SAN FRANCISCO, June 3.—Lieut. Col. Ames, of the Thirteenth Minnesota, is enjoying new honors. Technically, while Col. Reeve heads the brigade, he is acting colonel. The regiment is to be vacated within the next few days as a final preparation for its departure for the Philippines.

Col. Reeve in assuming command of the brigade has been issuing some orders on his own authority. Capt. routine for the regiments under him was prescribed yesterday. It provides for the present drill to be confined to regimental maneuvers. Each command will observe its own guard duties.

Private Currier has been appointed to succeed Corporal Ray, Company I, deceased. The latter's promotion occurred during his last illness. Chaplain Cressey officiated at his funeral yesterday. Ladies of the Red Cross secured the best-known musician in the city for music at the service.

The boys of the Thirteenth Minnesota are much interested in the religious war which has sprung up in the camp. The controversy appears to be a Catholic priest and the chaplain of the regiment. Ever since the regiment went into camp at its present quarters, Chaplain Cressey has not been alone in administering to the spiritual welfare of the men of the regiment. Father Yorke, a local priest of San Francisco, has done something for the men of his faith in the regiment, early opened up a gospel tent on an adjoining vacant lot. It is not known just what the personal friction between the two divines was started, but at any rate it is a fact. This was proved by Father Yorke's remarks at a meeting last night. With considerable courtesy of language and feeling, he referred to Chaplain Cressey as a backwoods preacher of narrow mind and limited attainments who had been fostered into the regiment by the authority of a man who had received his present appointment because of his record in a previous war, and more in the same spirit.

COMPANY D, THIRTEENTH.

St. Paul's Pride Supplies the Colonel With Officers.

Special Correspondence The St. Paul Globe. CAMP MERRITT, San Francisco, June 1.—All quiet on the Pacific. Private Burton, Company D, reported as orderly to the colonel this morning. This makes thirteen of a possible sixteen for Company D.

COMPANY D.

CAMP MERRITT, San Francisco, May 30.—Capt. Charles E. Metz is justly proud of Company D. During the short time it has been at Camp Merritt it has justified its claim to being the banner company of the regiment, and the people of San Francisco have learned to look for Company D wherever they visit Golden Gate park, where its drills are held.

Capt. Metz has spent but little time from camp. He is always to be found with his company, even at night, and the men are becoming more attached to him every day. Capt. Metz and Lieut. Merrill and Tenover are three officers who have not "gone" to Manila. They have no desire to witness the scenes which their brother officers have there, and they have no doubt that they have more important work to do in camp.

COMPANY E.

Capt. Spear's men are in first-class fighting trim and it will be a sad day for the Spaniards if they are introduced into the Philippines. Capt. Spear and Lieut. Clark and Trowbridge are working all the time to perfect the very best of the regiment into military duty, and the result is gratifying to them and to the men themselves.

The company is as popular with the ladies of San Francisco as any in the regiment, and its members are continually receiving gifts. Capt. Spear is one of the few officers who have received marked attentions from the ladies. For some time past the officers do not fare as well as the men. They are loaded with favors, but perhaps the most curious present received by any one was a cake of ice, which a lady presented to him.

Manager Bailey, of the Goodyear Rubber company, gave Capt. Spear a rubber pillow. The captain still has his bicycle, and last week he added a handsome camera to his outfit. Among other presents received by Capt. Spear Sunday was a quantity of wines from B. E. Stevens, one of the principal distillers in California.

A young woman entered Capt. Spear's tent a few days ago while he was receiving a letter. She then returned to the tent and was seen to enter the company's tent. She then returned to the tent and was seen to enter the company's tent. She then returned to the tent and was seen to enter the company's tent.

Private Robert Grinnell had been at Camp Merritt but a day or so when a letter came from his mother, who was at Long Beach, Cal. She remained in San Francisco

BUSY DAY IN THE CAMP

BOYS AT CHICKAMAUGA KEPT ON THE MOVE

Drills and a Dress Parade Served to Fill in Every Hour—Send-Off Given a Departing Regiment by the Minnesota Soldiers—Usual Rumors of Movement, but No Departures From the Camp.

Special to The St. Paul Globe. CHICKAMAUGA, June 3.—This has been the busiest day Camp Thomas has yet had and the Minnesota boys have been quite as busy as their fellow soldiers. There was drill for both regiments and a dress parade to close the day. The Minnesota men did not share in the big show of the day, which was a grand review of the First division of the Third corps under Gen. Fred Grant.

Col. Van Duzee, who was in the hospital, has fully recovered and is directing the movements of the division which he is commanding temporarily. Lieut. Col. McCoy is in command of the Twelfth Minnesota. Surgeon Thom-

and C. E. Nathorst are the occupants, and they are proud because the inspecting officer has said their tent is the neatest in the regiment in its appearance. Capt. Robinson occupies a comfortable tent which is usually ornamented with flowers, presents from ladies who visit him. Lieut. Bunker is similarly favored, and so is Lieut. Snow. All three officers are in good health.

COMPANY H.

The officers of Company H are the junior officers of the regiment, but they are energetic and diligent as any of their seniors. Capt. Bjornstad has proved his right to his rank since the company left St. Paul, and is a worthy successor to Capt. Hardy, who left the company on his return to St. Paul. Capt. Bjornstad has merely had to take up work and continue it on the same lines as his predecessor.

Private J. F. Becker has been entertaining his brother from St. Paul. Private Lacey, Bunnell, Daly and Hanna have been on the list of non-combatants for a few days, but all are recovering rapidly. The guard detail for this morning was composed of Private Mangan, Bish and Burton and Corporal Parker.

Our old friends of the Texas trip, the Thurston Hillites, who were here when they were glad to see them, and have been visiting back and forth.

COMPANY D.

Special Correspondence The St. Paul Globe. CAMP MERRITT, San Francisco, May 30.—Capt. Charles E. Metz is justly proud of Company D. They have no desire to witness the scenes which their brother officers have there, and they have no doubt that they have more important work to do in camp.

Lieut. Merrill continues in good health, and is one of the most popular officers in Camp Merritt. He has received a number of evidences of the respect in which he is held from residents of the city, and he attended several receptions given in his honor.

Tenover attends strictly to business. He is one of the most conscientious officers in camp and shares with Capt. Metz and Lieut. Merrill the confidence and devotion of the men.

Company D had an old-fashioned Maryland dinner Friday. The menu was a most excellent one. It was donated by ladies of the Red Cross society. The boys all feel grateful to the Red Cross society for the fine dinner which has lavished upon them since the regiment arrived in San Francisco.

Private Robert Grinnell had been at Camp Merritt but a day or so when a letter came from his mother, who was at Long Beach, Cal. She remained in San Francisco

SECOND MANILA EXPEDITION WILL SAIL ON TUESDAY

SAN FRANCISCO, June 3.—The second expedition to the Philippines will probably get under way next Tuesday or Wednesday. It will not reach the proportions at first anticipated, owing to the fact that the five vessels which were to have made up the little fleet of transports are not ready, nor will any of them be ready by the time states unless the government hurries the supplies which have been decided upon to make up the cargoes of the vessels.

So far no supplies of any kind have been placed on board the China, the Zealandia or the Colon, and the work of fitting up the bunks for the soldiers is progressing in a somewhat desultory manner, but this will not keep the vessels back when "hurry orders" are issued by the department.

It is not possible for the Centennial or the Ohio to be made ready to start in the second expedition. The Morgan City, which arrived from South American ports yesterday, was today inspected by the government officials, and it is generally expected that the City of Paris, which will arrive early next week from the South, will be the vessel to accompany the two vessels, with the Ohio and Centennial, will compose the third fleet of transports to be sent to Admiral Dewey.

The Morgan City, which is capable of carrying 800 men in comfort, is a powerful addition to the third fleet. It was today inspected by the government officials, and it is generally expected that the City of Paris, which will arrive early next week from the South, will be the vessel to accompany the two vessels, with the Ohio and Centennial, will compose the third fleet of transports to be sent to Admiral Dewey.

It is possible that the Minnesota regiment will also go. The Colorado and Pennsylvania volunteers were inspected today by Gen. Otis. The men appeared in heavy marching order and were put through a series of military maneuvers. Gen. Otis expressed himself as much pleased with the result of the inspection.

The Popular Measured Telephone Service will be introduced in St. Paul on and after June 1st, by the NORTHWESTERN TELEPHONE EXCHANGE COMPANY which will enable Everybody to Have a Telephone At Their Residence.
