TWELFTH LOSES A CAPTAIN

S. R. MILLER, OF COMPANY H, RESIGNS

Served His Country Honorably and Faithfully Before and if Necessary Would Go Through Again—His Age and Large Business Interests Influence Him to Return to Renville County.

Correspondence The St. Paul Globe. CHICKAMAUGA, Ga., June 22.—Capt. S. R. Miller, of Company H, Fourteenth Minnesota volunteers, resigned today.

On the 19th of May he answered the call of the government for his company just five days before the spring term of the district court, which convened at Beaver Falls, Minn.

Capt. Miller is fifty-four years old, having served his full time in the Civil war, filling many positions in line and staff with distinction and honor.

Aside from having the entire collection of the Oliva State bank and Beaver Falls bank and a thousand dollars in cash, he has other interests that cannot be here mentioned.

He considered it a painful duty, in the face of the heavy loss that the neglect of such business interests would necessarily incur, to tender his resignation.

He has been chief of scouts and traveled over the present parade grounds here at Camp Thomas, on horse back, under much less favorable circumstances.

He has been a member of the Oliva State bank and Beaver Falls bank and a thousand dollars in cash, he has other interests that cannot be here mentioned.

CLOUGH IS NOT SATISFIED

HE THINKS THE WORK OF RECRUITING IS VERY SLOW

Says He Could Have Gotten 800 Men Together in a Day Instead of Occupying a Month's Time of Forty-Five Men—Progress Made by the Various Officers Yesterday.

"It seems to me the work of recruiting is going ahead very slowly," said Gov. Clough yesterday. "If they had left the matter to me, I could have gotten 800 men together in one day. I had the letters all on file offering twenty men in this place, thirty or forty in another, blocks of five or six here and there, and so on. These officers have been waiting for three weeks, forty-five of them, and they have not yet gotten the 600 they wanted."

Sergeant Crow is still recruiting at the capitol. The following were enlisted yesterday: T. Dadd, 53 West Seventh street; John Heger, Lanesboro; John H. Bacon, Hastings; Le Roy Revell, Litchfield.

OLIVIA AND MORTON Recruited the Lion's Share of This Score of Volunteers. Lieut. Erstad, recruiting for the Third battalion of the Fourteenth regiment, arrived in the city yesterday with his recruiting detail, accompanied by twenty-one men from Olivia and vicinity. The men came in at 6:30 and left at 8:10 for Chicago over the Milwaukee.

The men presented an excellent appearance. Many of them tried to get in the Olivia company before it left Camp Ramsey, but failed because the company had supposedly a sufficient number of men.

The list includes members of some of the best families in Renville county, and Lieut. Erstad spoke highly of the quality of the recruits for the Olivia company at the union depot last night.

Corporal Neurenberg, of Olivia, rendered valuable assistance in securing the men. The following is the personnel of the squad which went South last night in care of Private O. Smith, of Morton, Minn.:

E. Greely, Stewart; E. Dahlman, Olivia; O. Evered, Redwood Falls; M. Smith, Morton; T. Frain, Morton; P. Phillips, Morton; T. Tomlinson, Glenoc; S. Doucett, Olivia; C. Everett, Redwood Falls; F. Salstrom, Olivia; F. Welsh, Olivia; N. H. Edwards, 129 Main street; O. Osmundson, Renville; F. Kelsey, Olivia; F. Hare, Olivia; E. Everson, Olivia; J. Hrensh, Renville; E. Fehr, Olivia; E. Emma, Olivia; E. Davis, Morton.

Lieut. Erstad left last night for Crookston to secure twenty-five men for Capt. Deane's company, which is the last one in his battalion to be recruited. The other members of his recruiting party are Corporal Neurenberg, of Olivia; Private Lang, of Olivia, and Private Knudson, of Crookston.

FOR THE ENGINEERS' CORPS. Col. Powell Will Go to Duluth Next Week. Examining Surgeon Hesselgrave will examine the first of Col. Powell's recruits for the company of engineers which is being raised in St. Paul, some time today.

In the business done at the armory yesterday, yet the number applying for admission was sufficient to keep Col. Powell and his assistants busy during the greater part of the day.

The following were accepted yesterday on condition that they pass the physical examination: Frank Tandy, 458 St. Anthony avenue; P. A. Royce, Minneapolis; Phil Usher, Minneapolis; C. L. Grimes, 184 Forbes street; Fred H. Brecht, 72 Cook street; Charles Nacy, 187 West Third street; Thomas M. Brown, 221 1/2 1/2 street; John Skok, 277 Goodhue; Wm. Hoffman, 1075 Park avenue; T. H. Edwards, 129 Main street.

Col. Powell has to date received nearly fifty names of men wanting to join the company of engineers. Tomorrow will be the last day for enlisting men here, as he will leave tomorrow night for Duluth, where he will open an office Monday, leaving for Grand Rapids that night. He will remain in Grand Rapids until Tuesday night, when he will return to Duluth.

Wednesday he will again be in St. Paul to muster in the men accepted by the examining surgeon.

St. Paul's Church Excursion today. Boat leaves levee at 2 p. m.

SEVEN WERE REJECTED. Capt. Eva Wants No Loafers in His Company's Ranks. Capt. Eva, of Duluth, rejected seven men yesterday on general appearance, out of nine applying for admission in Company M, of St. Paul. C. W. Thurston, of Minneapolis, and Charles Markowitz, of St. Paul, were the two men rejected.

Capt. Eva has enlisted in all an even dozen men, and he expects to secure the additional eight necessary to fill his company by Monday night. He stated yesterday that he would accept only the best men, and that no loafers would be admitted.

Privates Pederson and Jensen, recruiting at Princeton and Ferguson Falls respectively, are expected either today or Monday. Private Pederson will probably take his Princeton recruits South tonight.

CASTORIA. Bears the Kind You Have Always Bought. Signatur of J. C. Watson. WILL USE THE AX.

Mayor Kiefer Will Not Ask Police-men to Help. There is a very unusual feeling in police circles about impending changes. Hints have been given some of the men of what they have to expect, and they are feeling that it is nearly time for them to be called into the mayor's office.

Yesterday afternoon Lieut. Boerner sat around the mayor's office for a couple of hours waiting for his honor, and then did not see him. Boerner is said to be one of the men slated for a change in the new deal, and he will probably get a step. A return to the old conditions at the central station is not likely, and Boerner will probably get a subalterncy, as it is very unlikely that Capt. Rouleau will be interfered with—the mayor knowing that a change affecting Rouleau would be bad politics at his post.

It is hinted that the changes will be announced on the first of the month. Col. Kiefer is not going at the business of decapitating the men as his predecessor did. The men he wants to remove he will remove. Mayor Doran was in the habit of trying to justify himself by asking for resignations. On the first of the month he will announce the removals, and that will be the end of it.

THROUGH TO WILDWOOD STREET RAILWAY COMPANY TO BUILD BROAD GAUGE ROAD

White Bear Electric Line Becomes a Part of the Regular City System—New Como Interurban Line to be Completed Tomorrow, but Will Not be Opened Till Friday.

The St. Paul City Railway company has absorbed the North St. Paul, White Bear & Suburban Electric railway, which Stone and Morton built in 1892.

The original company failed, and since the road went into the hands of a receiver, the street railway company has furnished the motive power.

It is said that the line will be made of standard gauge, instead of as presently proposed in The Globe a few weeks ago.

The formal opening of the new interurban street railway line via Como is promised for next Friday, although the road will be finished for the running of cars by tomorrow for the test of officials.

A ten-minute service is promised beginning next Friday. It is given out that the new cars will be among the finest in the country. They will be somewhat larger than the present interurban cars, and will be combination summer and winter cars, opening almost down to the floor. They will be finely upholstered, and twenty incandescent lamps will give the brilliant lighting of the inside. Eight of the new cars are now practically finished at the Thirty-first street shops.

The Como avenue interurban will run around the Minneapolis Sixth street loop, and after passing the union depot will follow the Como avenue line to its terminus, thence out Como avenue and the county road to St. Anthony Park, where it will strike the present Hamline line past the state fair grounds. It will go direct from the city to the Como park, and will follow the Como avenue line into the city.

ARE TAKEN IN CINCINNATI

BATCH OF CAPITOL CERTIFICATES SOLD AT A PREMIUM

Rudolph Kleubotte & Co., of the Ohio Metropolitans, Offered \$3,621 Over the Face Value, an Interest Rate of 3.15 Per Cent.—St. Paul Bidders Offered a Premium, but Were Not as Liberal.

Rudolph Kleubotte & Co., of Cincinnati, were the successful bidders for the \$200,000 worth of certificates of indebtedness offered by the board of capitol commissioners to provide ready money for the building. The certificates were offered in three series, \$50,000 maturing July 1, 1900; \$100,000 maturing July 1, 1901, and \$50,000 due July 1, 1902.

All of the certificates bear the uniform rate of 4 per cent interest. The Cincinnati firm offered a premium amounting to \$3,621 for the entire issue, or at the rate of about 3.35 per cent.

The board met yesterday afternoon to make the awards. All of the commissioners were present. There were fourteen bidders and, although the advertisement offering the certificates stated that they would be issued in sums of \$500 and upwards, the smallest bidder wanted \$5,000. The first bidder were national banks, the first National of Hastings and Shakopee, respectively. The Shakopee bank offered a premium of \$72,500 and the Hastings institution wanted the amount for a premium of \$50.

J. C. Norton and Martha J. Cullen were the individual local bidders. The Norton bid was for \$50,000 worth of the certificates, returning in 1902, offering a premium of \$1,050; the Cullen bid was for \$7,000 of the 1900 certificates, at a premium of \$45.

There was a very wide difference in the values placed on the certificates. The Minnesota Loan & Trust company offered to take the whole lot at a premium of only \$355. Mason, Lewis & Company, of Chicago, bid on the lot and offered a premium of \$2,275.

George B. Lane, of Minneapolis, would have taken the lot at a premium of \$900. The St. Paul Fire & Marine Insurance company made a combination bid offering \$500 premium on the 1900 certificates, or \$1,375 for the \$50,000 of the 1902 lot. The bid returned some figuring and there was a disposition to make some inquiry as to what would be the result if the Cincinnati firm would take one-half of the lot and the Fire and Marine the other. If that arrangement could have been made a trifle more might have been realized.

The other bidders were the First National bank of St. Peter, for \$7,500 worth of the 1900 at a premium of \$72. The First National bank of St. Paul, \$425 premium for the issue of \$50,000, maturing in 1900.

The State Savings Bank, of St. Paul, \$35 for \$25,000 of the 1900 issue. The Winona Deposit Bank would have taken a short time lot at a premium of \$250.

The Merchants' National Bank would have taken \$100,000 at a rate that would net the state \$24 per annum. The figures were digested and it was announced that the bid of the Cincinnati firm for the entire set of certificates would be accepted.
