

ROMANCE IN THE FIFTEENTH

DRUM MAJOR TILSTON MARRIES A MINNEAPOLIS GIRL

Hadn't Figured on Having the Ceremony Take Place So Soon, but the Enlistment Brought It About—Company Clerks Busy Preparing the Muster Rolls—Dr. Ohage Remembers Company B.

The first wedding to occur in the Fifteenth regiment took place July 29, and was made public yesterday afternoon. On that date Drum Major H. G. Tilston, of the regimental band, and Miss Laura Kinkle, the daughter of Mrs. Mary Kinkle, who resides at 4497 Third avenue south, Minneapolis, were joined in marriage. The ceremony was strictly private, not even the parents of the contracting parties being let into the secret. The young couple have been keeping company about a year, and although they had not become engaged, they only needed the possibility of a temporary separation to confront them to prove to them how well they loved. Tilston's enlistment did not matter to the parents, now that the matter has been decided, they are pleased, and all is serene. Congratulations will be in order today in plenty, for Tilston is one of the popular boys in the regiment.

The Fifteenth regiment tailor shop went out of business yesterday. The gun club headquarters at Camp Ramsey were turned over to the captains and company clerks of each company. They took possession of the building early in the day and settled down to the tedious work of straightening out the company pay rolls. A great deal of care is exercised on the books, as any little defect would be liable to cause some unfortunate to lose his pay or cause it to be tied up so tight that his locks would be hoary before he could collect. Several companies have their books finished and signed by the men. So that they will be ready to paymaster any time that welcome individual presents himself. When he comes he will disburse about \$7,000. Companies B and C attended the open air benefit, which opened last night down near the main entrance to the fair grounds. Tonight companies B, D and E will be on duty to attend. Tomorrow night companies M, E and C will go, and on Saturday night companies L, G and F will be granted the privilege of attending. The entertainments of the entertainment tent will be postponed until 10 p. m. and taps until 10:20 p. m., thus giving the soldiers an opportunity to hear the entire programme. Soldiers in uniform will be admitted free.

Last night the members of the Marine order who were connected with the Fifteenth regiment were invited to attend a session of Cataract lodge, Minneapolis, when several of the craft took the third degree. A banquet was given to follow the ceremony. The members of the regiment accepted the invitation and attended.

The reference in The Globe of yesterday morning to the financial condition of Company B seems to have brought good results, early. Dr. Ohage called at Camp Ramsey yesterday afternoon, and administered 100 abdominal bandages and a lot of jellies, chocolate tea and coffee at the hospital, with the compliments of the German-American League. Yesterday J. M. Diegel, one of a committee appointed by the lodge, presented each captain with an engrossed set of resolutions recently passed by the lodge, and which were spread upon the records of the lodge, expressing the sentiment of their brother knights as to the esteem in which they were held and the appreciation of their conduct and valor during their services in the war for humanity by the members of the lodge. It was a gracious act, and one which Capt. Bond and Capt. Elwin will treasure for years to come.

Presentations of tobacco seemed to have an inning yesterday at Camp Ramsey. Capt. Leonard received a big box of it from Winston, Farrington & Co., of Minneapolis, which he distributed liberally through Company K. Peliguer & Son, of St. Paul, remembered Capt. Elwin with a large box of their choice smoking tobacco. Capt. Elwin was very generous with it, and the smokers of Company A were in a delightful mood last night.

The hospital force was busily engaged in invoicing supplies to last three or four months past, and the books and weights and measured carefully, and it checked up correctly with the shipping bill. There is medicine for everybody now.

Guard yesterday: Officer of the day, Capt. Nelson, Company D; officer of the guard, Lieut. Reak, Company J; sergeant of the guard, Lieut. Hubbard, Company H; sergeant of the guard, Herbert Mark, Company F; junior sergeant of the guard, Nelson, Company G.

Expert bicyclists have already succeeded in riding a single wheel, or unicycle, for short distances. In years to come the unicycle may become as common as a bicycle. Only a few years ago a man who had ridden a bicycle for a few years ago would have laughed at the idea that all the world would be awheel. It is not in mechanics alone that the world is making rapid progress. Not many years ago all physicians pronounced consumption an incurable disease. To-day a large proportion of people recognize that it is a distinctly curable disease. Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of consumption. It has stood the test for thirty years. Thousands of people who were given up by doctors, and had lost all hope over their lives to this marvelous remedy. It acts directly on the lungs, driving out all impurities and disease, and restores the appetite, corrects all disorders of the digestion, strengthens the weak stomach, makes the assimilation of the life-giving elements of the food perfect, invigorates the heart, purifies the blood and tones the nerves. It is the great blood-maker and flesh-builder. It does not make flabby flesh like cod liver oil, but the firm, muscular tissue of absolute health. An honest dealer will not offer you an inferior substitute for the sake of a little added profit.

Miss Mary Whitman, of East Dickson, Franklin Co., N. Y., writes: "For nearly ten months I have been suffering from a cough and getting better, it grew worse. I was told to have consumption. I tried Dr. Pierce's Golden Medical Discovery and in two weeks my cough was empty I had no cough and was cured."

Dr. Pierce's Golden Medical Discovery is a gentle laxative, and two mild cathartics. They never gripe. Druggists sell them.

HASN'T MINNESOTA A PULL

THAT WILL GET THE BOYS AWAY FROM CHICKAMAUGA

Politics Is Now Said to Be an Element in the Selection of Troops—Cannot the North Star State's Congressmen Get the Ear of Secretary Alger?—Appeal From the Boys.

The men of the Twelfth and Fourteenth regiments stationed at Camp Thomas are becoming discouraged because they have not been assigned for duty at the front, and they begin to believe they never will have an opportunity to enter the field. The Twelfth regiment is particularly disappointed, for that was the first regiment mustered into the United States service, and the men feel that they had a right to expect to be sent to the front as early as any regiment at Chickamauga.

The conditions of camp life at Chickamauga are not the pleasantest. The Minnesota regiments seem to have been assigned locations in particularly bad places. There is a good deal of sickness in the camp, but no relief appears at hand, and there is a prospect that the men will remain there until the peace negotiations are settled, and then they will be sent home.

To men who are anxious to take an active part in the war the outlook is very discouraging, and the men have written letters and petitions to send to their representatives begging them to exert their influence with the president and authorities in the war department to secure their details to the numerous expeditions to be sent to Cuba or Porto Rico. They are not particular as to their destination, so long as they can get away from Camp Thomas.

The following, received by The Globe yesterday, is a sample of the many that have been sent by the Minnesota men to government officials: CAMP THOMAS, Aug. 1.—We, the soldiers of Minnesota, appeal to the fathers and prominent men of the state to have something done for us. We are the first regiment mustered into the United States service, and by all appearances will be the last to go into action, if we get away that far.

The boys of the Twelfth and Fourteenth regiments are so disappointed that they have been treated in the past two months, that they have written a letter to the Twelfth especially. We are located in the hell-hole of the country. They have a mile to the rear of the main body of the army, and in an old log house, we are crowded together. The Twelfth and Fourteenth regiments were ordered to fall in line on the morning of July 22, and drill till 5 p. m. We do not see that the drills have been shortened, only a chance around.

To say a few words about the smell of the camp. The soil is a kind of yellow clay and the rain just runs off, leaving on a settling of decayed matter that is very unhealthy.

It seems that the thoughts of the Minnesota people are wrapped up in the Thirteenth, Fifteenth and St. Paul regiments, and their all right, but please think one or two of us poor fellows in the South, where malaria is as frequent as a cold, and you will have the best wishes of the Twelfth and Fourteenth Minnesota regiments.

The belief has become general that politics has something to do with the retention of the Minnesota troops at Camp Thomas. Minnesota's delegation in congress is as strong and influential as from any state, and its members, it is felt, should be able to accomplish something for the men of this state at the front. The Chicago Tribune, which is a Republican paper, yesterday published a Washington dispatch which declared that politics would govern the selection of troops for the next Porto Rican expedition.

Politics is responsible for the organization of the "provisional division" under command of Maj. Gen. Wade. It will go to Porto Rico whether peace is declared or not. With the fifteen regiments of which the division is composed, Gen. Miles will have over 30,000 troops at his command.

President McKinley is quoted as saying that the men of the Twelfth and Fourteenth regiments are "enough," and it will be plenty to do for his army before law and order are established in Porto Rico.

Gen. Wade and officials of the war department were busy today selecting regiments from states which have not been represented in the field. In order to avoid any suggestion of partiality Maj. Johnson is proceeding cautiously, especially in view of the numerous complaints registered by regimental officers whose knowledge of the war is confined to what they have read of the events in Cuba and Porto Rico.

In the event of a declaration of peace it will be necessary to maintain an army of 20,000 in Porto Rico until a government is established, and hence it is not unlikely that those with political "pull" will see the service their patriotism impels them to demand. Maj. Gen. Wade's army will be embarked in about two weeks, and it will probably be a month before the entire fifteen regiments are in Porto Rico.

If the Twelfth and Fourteenth are allowed to remain at Chickamauga much longer and watch other regiments getting away, some of the politicians, it is claimed, may see a time when explanations will be necessary, and they will have to be pretty lucid ones at that, to go down with the people of Minnesota.

CASTORIA. Bears the Kind You Have Always Bought. Signature of J. C. Watson.

COL. JOHN H. PAGE. Page was the last of the regular army colonels left in Cuba. Of all those who went originally, some were killed in battle, some died of fever, and others were sent home ill, their places being filled with new men.

Col. Page is a veteran of the Civil war. Early in 1861, when eighteen years old, he ran away from his home at Evanston and enlisted in Battery A of the First Illinois volunteers, the first regiment that went to the front from that state. He returned to the front and was appointed to the regular army, in which he has ever since remained.

GRAPES ARE SOUR ANYWAY

THOUGHT WHICH CONSOLES

The Twelfth and Fourteenth Sorry They Were Not Selected to Go to Porto Rico, but Think Those Who Do Go Will Not See Much of Actual Service—Secretary Alger Invited to Visit Camp Thomas.

CAMP THOMAS, Chickamauga, Aug. 3.—The hopes of the men of the Twelfth and Fourteenth regiments were dashed today when news was received of the list of regiments assigned to go to Porto Rico with Gen. Wade. The men are consoling themselves to-night with the sour grapes reflection that those who do go will not see much of real war, those who do stay at Chickamauga, in fact, the Minnesota men have now settled down into a belief that they have been as near active service as they are likely to get, unless the United States mixes it up with Emperor William or Aguinoldo.

The report from Washington giving the list of regiments that have been designated to constitute Gen. Wade's provisional division includes only the following regiments: First Vermont, First West Virginia, Third Tennessee, First Arkansas and Fifty-second Iowa.

As to when the regiments to constitute Gen. Wade's force would proceed there was no inkling here this evening.

The Twelfth Minnesota wagon train took part in the review yesterday afternoon and made a good show of it. Quartermaster Lind and the wagon master were in charge of the train. Maj. Wright continues quite sick in Chattanooga.

The regiment is still expecting to move camp with the view to getting on to higher ground.

The Twelfth Minnesota wagon train took part in the review yesterday afternoon and made a good show of it. Quartermaster Lind and the wagon master were in charge of the train. Maj. Wright continues quite sick in Chattanooga.

A movement is now on foot to invite Secretary of War Alger to visit Camp Thomas, and the invitation will likely be forwarded and strongly pressed during the next few days.

Private Swedehagen was on hospital litter detail. Corporal True is in charge of quarters today. Norman is a good soldier, will do his part and well liked by all members of the company.

Guard detail for July 27: Privates Johnson, Jones, and Murray. Detail for July 28: Privates Johnson, Jones, and Murray.

Private Pickett visits the boys in the hospital quite frequently and his visits are the growth of whiskers. Pickett is watched for daily by the sick.

It is thought that the Twelfth Minnesota was the first regiment mustered into the United States service and remains in Chickamauga. The men are anxious to get away from the front, and they are anxious to get away from the front.

a man's jaw to pronounce the names of some of the sick. Gihlan Middlegham, Starr, McLoone, have put a floor in their tent. It improves matters very much. Sunday our captain gave us an extra fine dinner for dinner. We had fresh roast pork, apple sauce and lemonade; at supper, tea and oranges included. Captain Starr and his boys enjoy very much. Erickson has sold his barber outfit to his tent mate, DAVE.

IN A BAD WAY. The Warships of Admiral Camara's Fleet Badly Stove Up. NEW YORK, Aug. 3.—A dispatch from Gibraltar says: It is now an open secret that not a single fighting ship of Admiral Camara's squadron is in a condition to go into action. The Pelayo's boilers have given out; the firing gear and turrets of the Carlos V. are unmanageable; the Audaz is completely used up by the recent excursion to the Suez, and the armaments of the auxiliary cruisers are lamentably defective. In case of any hitch in the peace negotiations, the Pelayo and Carlos V. would under no circumstances undertake an engagement here or in the open sea, but would take refuge behind the formidable forts of Cartagena.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. The genuine has L. B. Q. on each tablet. WAR IN WESTERN CUBA. Gen. Gomez and American Warships Have Occasional Work to Do. KEY WEST, Fla., Aug. 3.—Capt. Del Valle y Ignacio, of the insurgent forces, was brought here this morning by the gunboat Helena, which took him aboard near Tunose de Caso, on the south coast of Cuba on July 30. He reported that, on July 9, Gen. Miguel Gomez (under whom he served in the

Sancti Spiritus district of the province of Santa Clara) attacked the town of Gibara (not Gibara) with 500 men, and after two hours fighting, compelled the Spaniards to raise the white flag. Three dynamite shells from the Simududley gun, he said, tore big holes in the walls of the town, killed nine Spaniards and wounded twelve. One hundred and sixteen prisoners were taken, and the town is held by the Cubans. The Cuban loss was one killed and three wounded. When Capt. Ignacio left, Gen. Gomez was making plans to attack the trocha and restore communication between the eastern and western provinces.

The Helena, which has been on blockade duty for nearly a month, sank a number of harbor tugs and lighters at Casilla last week, and sent one little tug, the Manatee, which surrendered in preference to being sunk, to Guantanamo bay.

WHAT MAY HAPPEN. All Forces at Manila to Protect Property From Insurgents. NEW YORK, Aug. 3.—A special report from Washington says: It is feared the crisis at Manila is already at hand, and that Gen. Augustus may at any moment be compelled to surrender the city to Gen. Merritt, whether the latter is ready to receive it or not. Under such circumstances it is certain that Gen. Merritt would be promptly compelled to accept the serious responsibility of protecting property in the city from the insurgents at whatever hazards and the incongruous spectacle may yet be presented of American and Spanish troops there co-operating against a common enemy, supported by the combined forces from the foreign fleets which have gathered in the harbor.

ARMOUR LEBES ELEVATORS. MILWAUKEE, Wis., Aug. 3.—P. D. Armour, of Chicago, has leased from the Chicago, Milwaukee & St. Paul railway four large elevators known as A, B, C and E. They will be operated by the Chicago firm from Sept. 1 in the name of the Milwaukee Elevator company. The capacity of Elevator A is 500,000 bushels; that of B, 600,000; C, 450,000, and E 1,100,000.

Sale of State Fair Privileges. This year's programme promises to bring large crowds to the state fair and the biggest crowd the more valuable "privileges," about which there is lively inquiry from those who wish to make the week profitable. Secretary Randall has appointed Saturday, Aug. 6, at 10 a. m., as the time, and his office on the grounds as the place where he will sell the privileges for fair week, and those interested should make a note of it.

It's good, Sah-mighty good! Pickwick Pure Rye Whiskey. Judges of the real article know it to be the moment they taste it the real, true article, rich and mellow.

Dr. Pierce's Golden Medical Discovery is a gentle laxative, and two mild cathartics. They never gripe. Druggists sell them.
