NO FIGHT AGAINST DAVIS

SO SAYS GOV. CLOUGH ABOUT MINNESOTA'S EMINENT STATESMAN

He is for the Re-election of the Present Senator Davis. He Says, Because of His More Than Ordinary Usefulness to His Constituency—He Looks for No Republican Opposition.

"There is no doubt now about Senator Davis' re-election to the United States senate."

At least that was the way Gov. Clough declared the situation yesterday, and the governor has been at the head and front of the Republican element which has been for years plotting the dethronement of the present senior senator from this state.

Gov. Clough's declaration was as unqualified as it was apparently sincere. "Do you believe Minnesota ought to be represented on the peace commission?" was asked of the governor as a feeler.

"Yes," replied the governor, deliberately. "I am of the opinion that Minnesota is entitled to be represented anywhere she can get representation."

But the governor supplemented this more or less equivocal declaration with the following convincing addition: "I am more of the opinion that Minnesota is entitled to a place on that commission, because she has such excellent timber for the place."

"Are you satisfied that Senator Davis is the proper man? Or, he, in your judgment, to accept an appointment tendered him by the president?"

"Yes," replied the governor. "Senator Davis has shown himself to be the possessor of unusual ability in his field. He is no longer a Minnesota man, solely. The civilized world respects his opinions, and his action on that commission or any like it would carry great weight with it. I say this, not as a friend of Senator Davis, for I never have been personally intimate with him, or politically friendly, you might even say, but I do not think there is a man in the state of Minnesota today who amounts to anything who would not like to see Senator Davis appointed on that commission."

"Of course, that does not mean," added the governor, "that there are not Democrats who would like to see a Democratic senator elected from this state, but I do not believe there is a Republican who would endeavor to make his appointment on such a commission a pretext for depriving him of his seat in the senate."

"For myself, I am in favor of his re-election. I do not think there will be any opposition in the Republican party to him."

"Minnesota Republicans will not take out of the national arena a man who reflects on their party and their state so great credit as does C. K. Davis. It is no small honor to the state that it is represented there by so able a man; it is of no small value to the state and the people of the state to be represented at the national capital by a man of such ability. The party will not permit the personal ambitions of any politician to cost it the removal from the senate of a man whose service has been so brilliant."

PEACE FOOTING.

It Will Be Reached as Quickly as Possible by the Government.

WASHINGTON, Aug. 19.—Retrenchment in nearly all branches of the army is following close upon the cessation of hostilities. Notably is this the case in the ordnance, quartermaster and engineer bureaus, where the need for the supplies required and the men employed for the exigencies of war no longer exist. In the ordnance bureau the force at the various arsenals is to be reduced in all cases where it can be accomplished without detriment to the service. The Rock Island arsenal probably will be affected more than any other. There before the war were 240 men employed. When the peace protocol was signed there were approximately 4,000 men engaged, and orders have been issued which will reduce this number by two-thirds.

NEW JERSEY DEMOCRATS WILL AVOID ALL NATIONAL ISSUES.

ATLANTIC CITY, N. J., Aug. 19.—The Democratic state committee met here today and selected Trenton as the convention city, appointed a committee to name a date for the selection of a gubernatorial candidate, and positively decided to debar all national issues, particularly the currency question from discussion at the convention. It is therefore assured that the Democratic candidate for governor will be selected without regard to his views on silver, although the evident leaning of the committee was toward Mayor James B. Seymour, of Newark, who is known to be a thorough Bryan man.

SPAIN'S PEACE POLICY

IT IS DEFINITELY OUTLINED BY SENOR SAGASTA

Boldly Declares That Present State of Affairs is Neither Peace Nor War, but Merely a Suspension of Hostilities—Recites Some of the Complex Questions to Be Passed Upon by the Peace Commission.

MADRID, Aug. 19.—El Liberal publishes remarks made by Senor Sagasta on the diplomatic and political situation, quoting the premier as follows: "From a legal point of view the present state of affairs is not peace nor war, but merely a suspension of hostilities. An armistice would have allowed us to dispel better the obscurity of the situation, but the United States declined to agree to our making a step further in advance."

"The questions to be solved are numerous and complex. What we have done here is to lay down certain bases on which each minister may make any observation which study of the subject suggests. These will continue to be treated in daily cabinet councils, it being held that bases in questions are the fundamental instructions for the guidance of the various commissions in the forthcoming negotiations, to be supplemented and rectified subsequently by telegraph."

"In Cuba, besides evacuation, there remain other problems. Spain may abandon her sovereignty over the greater Antilles, but there will remain the question of edifices and all our properties. There are law suits before the tribunals affecting the interests of the Spaniards. When and where will these be decided? In Havana, where a large number of criminals have been condemned, but the Spanish tribunals, what is to be done? There are other questions for which we have to fix a basis for discussion and agreement regarding the Philippines. Besides these and other problems of great importance there is a preliminary question to be discussed. According to international law a suspension of hostilities has been signed and the surrender of Manila ought to have no legal efficacy. How will that principle be understood by the United States? This causes us much anxiety and we give it great attention, but we are still waiting for information demanded from Gen. Jaudenes which has not yet reached us on account of the difficulties of communication between Manila and Hong Kong."

These remarks have all the appearance of being authentic, as they are in accord with information from other sources and in harmony with Senor Sagasta's usual style.

The public is still anxious for an explanation of Gov. August's mysterious departure from Manila, but his curiosity is not likely to be satisfied for some time, the government declining to say anything.

The government has resolved to insist that the capitulation of Manila after the signing of the protocol shall have no effect in the peace negotiations unfavorable to Spain. In any event, the government holds that the capitulation having been signed by the commander of the town does not entitle the surrender of the whole of the Philippines.

SPAIN'S COMMISSIONERS.

Those for Cuba Are Named, While Porto Rican Body is in Doubt.

MADRID, Aug. 19.—The cabinet council tonight decided to appoint Gen. Gonzales Parrado, second in command in Cuba; Rear Admiral Luis Pastor Lander, who succeeded Admiral Navarro, the Spanish commander in Cuban waters, and Marquis de Montoro, minister of finance in the insular cabinet, as the commission of evacuation for Cuba.

The Porto Rican commission has not yet been appointed, the government awaiting an expression of the views of Gov. Gen. Marcias, but it has been decided that Admiral Vallarino shall be one of the commissioners. The peace commissioners have not been nominated, but it is believed the commission of the commission has been decided upon, though the names of its members will not be published yet, as the government is resolved to take advantage of the delay granted by the protocol in order to avoid a cabinet crisis.

RELIEF OF ARMY DUTY.

Gen. Wade and M. C. Butler, of Cuban Peace Commission.

WASHINGTON, Aug. 19.—Maj. Gen. James F. Wade, formerly in command of the Third army corps at Chickamauga, and Maj. Gen. Butler, in command of a division of the Second army corps at Falls Church, were today relieved of their present duties in order to enable them to enter upon the discharge of their important duties as members of the commission charged with the execution of the provisions of the peace protocol regarding the evacuation of Cuba by the Spanish troops. A similar order was also issued today in the case of Brig. Gen. William M. Gordon, commanding a division of the Fourth army corps, who has been appointed a member of a similar commission in the case of Porto Rico. No one has yet been selected to succeed these officers in their present commands.

CURRENCY QUESTION BARRED.

No Need for Additional Troops Other Than Those That Have Been Ordered to Santiago—Probable Effect of the Capitulation of the Spaniards in Manila Being Discussed.

WASHINGTON, Aug. 19.—(Special.)—Advices from Santiago today are of a more encouraging tenor. There has been nothing given out officially as to the action of the Cubans when informed that they must submit to American control for the present, but it is generally believed that they have acquiesced in the decision of their leaders, and will quietly accept existing conditions. That there was grave apprehension felt by the government is now admitted. There was no misunderstanding with the junta, but the Cu-

ban and Porto Rican ports have announced the resumption of regular trips within the next few weeks.

LEAVING SANTIAGO.

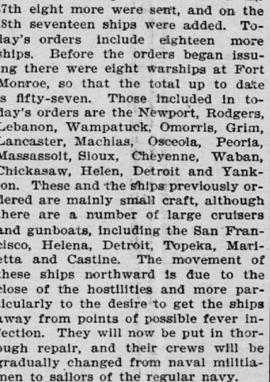

American and Spanish Soldiers Departing by Hundreds.

SANTIAGO DE CUBA, Aug. 19.—A portion of the First regiment of infantry left this morning on the steamer D. H. Miller. This afternoon 500 of the District of Columbia troops sailed on the transport Hudson, 800 of the Seventh Infantry on the Yucatan and six companies of the Thirty-fourth Michigan on the transport Santiago. The troops are going forward as rapidly as possible. Owing to the increase in sickness there is much need of hospital ships. The number of those sick is large and there are not sufficient accommodations for them.

The embarkation of the Spanish troops continues. One thousand will leave on the Ville De Verd tonight. Next week smaller transports will take the Spaniards to Guantanamo bay.

The bodies of Maj. Grady and Maj. O'Connell and Privates Carey and Lane, of the Ninth Massachusetts, are on board the transport Santiago, in charge of a brother of Congressman John F. Fitzgerald.

PHILIPPINE QUESTION.

Government officials refuse to discuss the probable effect of the capitulation of Manila to the American forces, pending the settlement of peace terms between America and Spain. It is openly said here that the Spaniards have shown little discretion in making claims before the assembling of the peace commission at Paris, where all those disputed questions will be disposed of. The Spaniards seem anxious to place themselves on record as contending that the fall of Manila must not affect the provisions of the peace protocol. It may, and it may not, be the way the question is disposed of here. In short, the government does not propose to place itself on record as to what its idea of the effect of the surrender of Manila is. There has been received but meager reports from the Philippines since the capitulation, and the government is not officially aware of what the terms of capitulation of the Spaniards at Manila are.

PUBLIC OPINION.

It is said here that the public will greatly influence the government in the disposition of the Philippines question. If it is the evident desire of a majority of the people that the United States maintain supremacy in the Philippines, then that will probably be the result of the Paris peace conference. On that occasion the Americans will have most to say as to the peace programme. Little weight is given the sensational reports that European powers may interfere and prevent the United States from reaping the reward for the expenditure of life and money that has resulted from the war with Spain. While there are none in any way connected with the government who will discuss the subject, yet it is in no humor to brook interference from any foreign quarter.

DEPARTURE OF SPANIARDS.

It is thought that the evacuation of Cuba and Porto Rico by the Spaniards will have been accomplished by the latter part of September, though the commissions will not meet until about Sept. 1. Then will follow consideration of permanent government for the two islands—the one perhaps temporary, the other permanent—for the United States has fully determined to keep Porto Rico for all time. The gravest question is undoubtedly the future of Cuba. The Cubans are at present apparently unable to govern themselves, and the United States must answer to the world for the island. That American control will be indefinite is the only construction that can be placed upon the government's probable policy in Cuba, is about all that can be said at present of the future of the island.
