

FEVER IS NOW CHECKED

ONLY THREE NEW CASES WERE DEVELOPED YESTERDAY

All the Men in the City Hospitals Are Doing Well and All May Recover—A Wounded Soldier From Santiago the Hero at Camp Ramsey—Inspection Today Will Be Held at 2 P. M.

Three new typhoid cases, forty to fifty men on sick report and fourteen men in the hospital—that is the substance of yesterday's progress in the battle with the epidemic at Camp Ramsey. Indeed, the conquest is almost complete.

Dr. Fry, of the hospital corps, visited the boys who are in the Minneapolis hospitals, while the captain in the afternoon came to St. Paul to see the typhoid patients in this city.

The Camp Ramsey patients at St. Luke's are improving, although Taylor, of Montevideo; Charles Goodrich, of Brainerd; Leon, of Fostoria; Butler, of Dayton, O.; O'Brien and Moffett are all having a severe relapse. The typhoid fever has been delicious a good share of the time. None of the cases, however, are considered dangerous.

The men who came in Thursday were suffering from a higher fever than those who came earlier.

Private Israelson is greatly improved. The recent patients placed in St. Luke's from Camp Ramsey are: L. L. Taylor, Montevideo; Rex Smith, Owatonna; Charles Blackburn, Worthington; Ole Evanson, Northfield; D. J. Douglas, Kimball; John Burdick, Dayton, O.; John Augburg, Bagley; Louis Wood, Wheaton; Charles Goodrich, Markato; Sam Leen, Poston; Henry H. Rosenquist, St. Paul; Thomas F. Brown, Northfield; E. H. Brimmer, Brownsdale; Sidney Wydie, Minneapolis.

At the detached camp the company streets were widened again yesterday. In order to get the additional space the guard house and tents occupied by the guard details were moved further south and pitched along the edge of the drill ground. Tents of Company K were then moved east to the fence. This left room for company streets twenty-five feet in width and a distance of seventeen feet between the backs of the tents.

Moving camp occupied so much of the time that the battalion did not attempt to drill in the afternoon, but however, the men were treated to a concert by the full regimental band, which was thoroughly appreciated.

Yesterday, too, the drill was interrupted daily for the benefit of the boys in quarantine.

The proudest and most popular man of the camp grounds yesterday was James Russell, of the Tenth cavalry, U. S. A. Russell is a negro, and he was twice severely wounded at Santiago. Both the wounds are such that only external treatment could save them from being fatal. In some way he managed to get into the quarantined camp, and there he was found yesterday morning by Capt. Leonard. Russell went out to the camp to see one of his friends in Company K. Typhoid fever brought no fear to a man who had encountered the yellow brand, and his regular army equipment took him safely across the picket line. He was the hero of the day.

The quartermaster's department put in a rather light day yesterday. The issuance of the shirts to companies was finished. The boys now have a much more soldierly appearance, and they find considerable comfort in being able to go to drill without their blouses. Sunday the quartermaster will issue rations for eleven days, or till the end of the month.

Yesterday 3d, 4th and 5th, and the 3rd, 4th and 5th regiments of the 1st division were drilled. The major was very much pleased at the way the drill went off.

Today, and every Saturday hereafter, according to a bulletin posted yesterday, the regular inspection will be held at the hour of 2 p. m., the first call being sounded at 1:35 p. m.

Sergeant Kelly, who received the state flag from Mr. Hill Thursday night, was a member of Company B, not of E. It was obviously appropriate that a St. Paul man should be quarantined and that a St. Paul company should escort the colors.

Capt. Finckh was officer of the day yesterday at the regular camp; Lieut. Tucker, officer of the guard; Lieut. Patten, junior officer of the guard; Sergeant Kelly, Company B sergeant of the guard; Sergeant Nelson, Company C junior sergeant of the guard.

First Relief—Company F, Company C; Privates Burlington, Bjorkman, Becker, Burk, Brown, Company B; Hear, Anderson, Dunary, Brunson, Jacobs, Benedict, Company C; Swinburn, Holmbeck, Company D.

Second Relief—Company K, Company L; Privates Morin, Walland, Walsh, Borklund, Company D; Anderson, Tucker, George, Carl, Urach, Company E; Lampman, Lundquist, Klungness, Company G.

Third Relief—Company Nelson, Company A; Privates Krueger, Lundquist, Burnett, King, Company G; Hoffman, Hoffman, Johnson, Company I; Crograve, Von Bergen, Hansen, Minnet, Aronson, Company H.

The guards were kept busy all day picking up the men who have been spending their time and money in town since pay day. A superabundance of prisoners are in the guard house, and many men are yet out who will have a good term of service at hard labor when they return. All of Company I's cook detail went off on a foraging expedition the night after last, and were paid and forgot to return in time for breakfast next morning. One, in fact, is not back yet, but the rest are in the tent down by the gate and Company I hopes to get along with a substitute detail.

St. Paul has great reason to be proud of Company B, Fifteenth Minnesota. That company holds the honor of having the fewest number absent without leave and the fewest number on the sick report.

Company A last evening presented Capt. Brown with a Colt's revolver, the duplicate of that given Lieut. Vincent Thurman.

Capt. Spicer, Company D, was visited yesterday by the adjutant general.

Corporal Grant, Company I, is the only hospital orderly who hasn't been on the sick list. In fact, by the orders of Capt. Bond, the guard house waits for him if he does get sick.

Special Order No. 15 reads: "Upon recommendation of all company commanders, Private Charles Wagner, Company I, is promoted to be corporal, vice Benedict, returned to the ranks, and Private Fred Casey, same company, is promoted to be corporal, vice John Peterson, promoted.

Sergeant Wolfe, Company C, is home on leave. Thomas McClary, of Minneapolis, will next Monday evening deliver

his lecture on "The Mission of Mirth."

An admission of 10 cents will be charged, to raise funds for the regiment, and every cent is to be deposited to a fund.

Sergeant Otis, Company G, has been detailed for the quartermaster's department.

The new regimental colors floated all day in the wind in front of the colonel's tent. A bulletin invited "all enlisted men to make a critical examination of the flag any time during the day."

By Special Order No. 16 the following privates are appointed company cooks, with the rank of corporal, for the company, and from the late set opposite their respective names:

Company A, Richard D. Sheridan, Aug. 11, '98.

Company C, Loxley Culp, Aug. 2, '98.

Company D, Mando Samson, Aug. 2, '98.

Company E, Harry G. Scott, Aug. 1, '98.

Company F, John H. May, Aug. 1, '98.

Company H, Thomas Maloney, Aug. 11, '98.

Company I, Scott Bates, Aug. 4, '98.

Company K, The Graham, Aug. 2, '98.

At the camp of the detached battalion the guard detail yesterday was as follows: Capt. Dolan, officer of the day; Lieut. McMahon, officer of the guard; Sergeant G. G. Pierce, Company K sergeant of the guard; Sergeant James D. Cummings, Company H, junior sergeant of the guard.

ROAD TO RECOVERY.

Patients at the Hospitals in This City Are Improving.

At St. Joseph's all new and old cases of fever from Camp Ramsey are doing nicely. Flowers sent in yesterday by the Red Cross society.

The men sent to hospital yesterday were J. F. Johnson, of Luverne; Albert Lang, of Valley; William Baird, of Brown's Landing; Thompson, of Pesto; Otto Kolhauser, of Turin; of Minneapolis; Henry Peters, of Worthington; and Ernest Miller, of Minneapolis. It seems to be established that these men have the fever.

Sergeant Leo Hide, of Merriam Park, was promoted to be sergeant of the day to recuperate. William Patterson, of Worthington, is ill, but his trouble has not been deemed serious.

Following are the new patients at St. Joseph's: William Nimocks, King Station; Ole Knutsen, Braver Falls; Richard O'Brien, St. Paul; William Cronan, St. Paul; Dennis O'Connell, Houston, Wis. These men are in wards on the lower floor.

Young and Keenan, at the city hospital are getting better rapidly, and all their fever patients are doing nicely. The case of Von Hagen, of Company A, Minneapolis, was accepted at St. Luke's last evening. His case is not serious.

BIG BASE BALL DEAL.

Columbus Team to Denver and St. Joseph to Chicago.

INDIANAPOLIS, Ind., Aug. 19.—The Western league deal, involving the transfer of the present Columbus and St. Joseph teams, has finally been arranged. Charles Kelly, the Minneapolis third baseman, in conversation today, said his recent trip to Denver had been authorized by both Tom Loftus and President Johnson. Arrangements were completed for all the backlogs necessary to take the team to Denver. President Johnson, before Reilly went to Denver, said:

"You get the people in line for the Denver team and we will attend to the mileage part of it all right." The St. Joseph team, or at least the franchise, will go to Chicago. It is presumed, to use the new Western league "jargon," Reilly claims to know the deal involves the transfer of the present St. Joseph team to this city, the Cleveland team to St. Louis, and the Indianapolis present team to Cleveland. Reilly claimed that his information came from league headquarters.

HENRY LARSON CAPTAIN

ELECTED BY BATTERY B BOYS AT LAKE CITY

Camp This Year is Comfortable and the Artillerymen Are All Well Pleased With Their Quarters and With Their Mess—Target Practice With the Gatling Guns Begins Today—Notes of the Camp.

CAMP LAKEVIEW, Lake City, Aug. 19.—(Special).—Everything at camp begins to have a settled appearance now, as the boys have made the work done. This morning they moved the company's tents back toward the lake from the former position so that the batteries will be able to hold most of their drills on the grounds, where the infantry generally camp.

The boys are comfortably located in the mess houses. One end they use as a dining room and at the other the cots are placed along the sides. All are very much pleased with the way the camp is arranged and they all say that they are getting the best grub that they have had for years.

There is no lack of all praise over the mess that their quartermaster, Sergeant C. F. Clinton is giving them, and the way that he has decorated their barracks with lanterns and pictures. Through the center of the room he has arranged small boxes, so that the boys can throw all rubbish into them and in that way keep the floor clean.

At the election, held in Battery A's quarters last night, First Lieutenant Henry Larson was elected captain; Second Lieutenant Allen B. White, second lieutenant, and former Chief Bugler Rude M. Groh, second lieutenant. All of these officers were examined this morning by Capt. Geo. C. Lambert.

Private Frank Schomaker, and Sgt. of Battery A, were promoted to sergeants today. Privates H. Jones, Longbahn, Fuller and Glosser, of the 2d battery, were promoted to corporals.

CAMP NOTES.

There is considerable talk among the officers of changing the time of dress parade to an earlier hour, as at present it gets dark before they can get through the drills. This question will be decided this evening.

Maj. Libbey arrived in camp this morning. The batteries were out this morning for cavalry drill to instruct the new men as to their duties and to get the horses accustomed to their work.

The two batteries appointed to be in position this afternoon, and tomorrow morning the target practice with the Gatling guns will be commenced. The two batteries appeared in the field again this afternoon for the regular gun drill.

The surgeons report that the men's barracks are very neat and clean. In talking to one of the officers in regard to the horses, he stated that they had had a hard time this year in getting enough draft horses to haul their guns, and that they were not used to this kind of work, he expected to see some fun when the boys began firing the guns. The reason of the difficulty he states is that at this time there are no draft horses in the city for hauling purposes.

Twelve men belonging to Battery A arrived on the morning train, and between ten and fifteen are expected tomorrow. The officers were practicing shooting at a target with pistols this afternoon. As yet no men have reported at the hospital or guard house.

Sergeon Cook is going to St. Paul tomorrow to spend the day. Lieut. Nelson, of Battery A, acted as officer of the day yesterday.

William Meyer, the member of Battery A who had part of his hand shot off while firing salutes for the Thirtieth when they were departing for the front, is in camp with his wife and is acting as clerk for the quartermaster sergeant.

The boys have no band with them this year, and are making do with considerable music with the string instruments that are strung through the camp.

The men are not allowed to leave the camp or go to Lake City without their passes.

COMPANY E, FORTTEENTH.

Merriam Park Boys Have No Desire to Go Garrison Duty.

Special Correspondence The St. Paul Globe. CHICKAMAUGA PARK, Aug. 18.—The boys of Company E, Fortteenth, have no desire to go to Garrison duty. They are all well and happy, and are enjoying the camp life.

Sergeant Smith and Sergeant Kluehmann are in charge of the company this morning at drill. After the drill the boys will have a review. The corporals marched their squads past the reviewing stand. The reviewing stand was the same as the one in a lady's chamber, to the lascivious pleading of a lute, but for a Black Douglas ready for the devil's own work in desperate encounter.

Running and Bicycling. There is more exertion used in running 200 yards than in riding a bicycle four miles.

Capt. George S. Holmes was in charge of the Second battalion.

It is reported here that one of the Vermont regiments has gone home. Most of the boys are anxious to know whether or not they will be called home or sent to Garrison duty.

Garrison duty is much dreaded, and none of the boys want to go. The government is now making preparations for the war.

Sergeant Tom Markley and Corporal Ralph Dowe are to take in the sights at Chattanooga and Lookout mountain today.

Corporal Jack Markley has been detailed in charge of the water wagon for the Second battalion.

UNIQUE ACCIDENT.

By Which a Railway Bridge Was Put to a Test.

From the Philadelphia Press. Some years ago the New Haven Railway company abandoned the historic wooden bridge which supported its trains as they crossed the Housatonic river and replaced it by an iron structure, which was reported at the time to be one of the finest bridges ever constructed.
