

MINNESOTA DEMOCRATIC THE FIRST TIME SINCE 1850

MADE GREAT GAINS

BUT THE NEW YORK DEMOCRATIC STATE TICKET IS PROBABLY BEATEN

GREATER NEW YORK DID ITS DUTY NOBLY

MAJORITY FOR JUDGE VAN WYCK IN MUNICIPALITY APPROXIMATELY 80,000

CONGRESSIONAL GAINS ARE CONCEDED

Legislature Is Claimed by the Republicans, but Returns Are Incomplete—Brooklyn Wheeled Into the Democratic Column With a Handsome Majority for Judge Van Wyck.

NEW YORK, Nov. 9 (1 a. m.).—The state senate will probably start twenty-seven Republicans and twenty-three Democrats. The last senate contained thirty-five Republicans, fourteen Democrats and one Independent.

NEW YORK, Nov. 9.—The World (Dem.) gives Roosevelt 20,244 plurality and says the Republicans have a majority in the legislature of thirty-two on joint ballot.

NEW YORK, Nov. 8.—At midnight the indications were that Theodore Roosevelt, the Republican nominee, had carried the state by a plurality over Augustus Van Wyck of about 20,000. The total Republican vote when received will probably show a falling off as compared with that for Gov. Black in 1896, of about 14 per cent. In the municipality of New York the old time Democratic majority was approximately 80,000 greater than that of the Republican candidate. This latter result was helped in some measure by the result in the borough of Brooklyn (Kings county), which in 1896 gave Black (Rep.), a plurality of 23,682, but today gave a Democratic plurality of about 16,830. Brooklyn is the home of Judge Van Wyck, but this fact does not wholly explain the practical reversal of pluralities which, it is possible, is attributed to the lukewarmness of the friends of Jacob Wurms, who was deposed from the chairmanship of the county committee as a consequence of his opposition to the plans of Senator Platt in the majority contest last year.

The returns from many counties up to the state are incomplete and in some cases are missing altogether. The indications being computations upon the figures at hand, point to a Republican plurality in the counties above the Harlem of about 100,000, to offset which the Democrats can produce only the 80,000 plurality of Greater New York.

The solid vote will not be counted until Dec. 1, but it is not likely that the ballots from the camps will materially alter the result. There would seem to be the greater probability that the majority for Roosevelt will be increased.

DEMOCRATIC GAINS

The figures on congressmen are not accessible at this hour, but there are indications that the Democrats have made some gains in New York city districts. The majority of Congressman Quigg in the Fourteenth district, has been reduced by William Astor Chandler, but he is probably returned. Congressman Sulzer, Democrat, whose district renominated him upon a free silver platform, is undoubtedly re-elected.

Little is known of the vote for state senators and assemblymen. The Republicans had in the last election a majority of twenty-eight on joint ballot, and leaders of the party profess confidence that there will be no material diminution of that majority. A Republican legislature will mean the election of a Republican to the United States senate in place of Senator Murphy.

Every condition was favorable to the polling of a full vote in all portions of the state. In this condition there was no fulfillment of predictions of trouble at the polls. The state deputies authorized by an act of the last legislature were most in evidence in the East side districts, where the cheap lodging houses are located. The number of arrests made was below rather than beyond the usual record of a general election, and, in many cases, the occasion was found to be in the carelessness of registration clerks. Fights at the polls were few and easily quelled. There was no friction between deputies and police, one lending assistance to the other in the preservation of order.

On the streets down town there were the usual election night noises and scenes. Returns were displayed in

OHIO COUNT IS SLOW

BOTH SIDES ARE MAKING CLAIMS OF HEAVY GAINS EVERYWHERE

PLURALITY WILL BE SMALL

Republicans Are Laying Claim to Less Than Fifteen Thousand—Democrats Say Only the Cities Have Been Heard From, and Figures May Be Materially Altered Later On.

COLUMBUS, O., Nov. 8.—There are 2,067 precincts in Ohio at which the polls close at 6 p. m. except in Cincinnati, where the polls closed at 4 p. m. There are 200 precincts in Cincinnati and 176 precincts in Cleveland. Reports from all over the state indicate a light vote, on account of which the Democrats claim congressional gains and a close result on the state ticket. The Republicans are equally confident.

Advices from some counties up to 7 o'clock the Republicans claim gains over last year on both state ticket and congressmen, while the Democrats claim that only cities have been heard from, and that the rural counties will show such Democratic gains as to increase the number of Democratic congressmen and make the result on the state ticket very close.

The Republican state committee have a dispatch at 8 p. m. from George H. Cox, of Cincinnati, that Hamilton county gives a Republican plurality of 14,500. As the county gave Bushnell a plurality of 1,500 last year, this is a Republican gain of 13,000 in one county. The vote of both parties is less than last year, but early reports show that the Democrat losses greatly exceed those of the Republicans, so that the latter expect a large plurality on the state ticket and a gain of two congressmen.

At 10 p. m. incomplete returns indicate that the Republican plurality on the state ticket will exceed the plurality of 51,109 for McKinley for president in 1896, and probably double the plurality of 28,105 for Bushnell for governor last year. The Republicans elect fifteen of the twenty-one congressmen, and four districts are carried by the Democrats. Two districts, the Third and the Twelfth, are in doubt. The present delegation in congress is 15 to 6.

Kinney, Republican, for secretary of state, carried this city by about 2,200.

CINCINNATI, O., Nov. 8.—The total vote of Hamilton county will be about 65,000. The plurality of the Republican state ticket will be very near 12,000. The majority for congressmen in the First and Second districts will be in that proportion. The county Republican ticket is elected by pluralities averaging about 8,000. The lowest candidate being Otto Fiedler, for judge of the court of common pleas.

Albert S. Berry (Democratic candidate for congress in the Sixth district), is undoubtedly elected, having carried both Covington and Newport by an increased majority.

One hundred and forty-nine precincts in Hamilton county show an average Republican gain of fifty to a precinct. This indicates a Republican majority in the county of from 12,000 to 15,000.

CLEVELAND, O., Nov. 8.—Returns in at 9 o'clock indicate that Kinney, Republican, for secretary of state, has carried this city by 7,000 and the county (Cuyahoga) by 10,000. This is a gain of 5,000 over the Republican plurality of a year ago.

CANTON, O., Nov. 8.—Twenty-six precincts in Canton and Stark county show a net Republican gain of 213 over last year. The same ratios maintained would give the Republicans the county by 1,600. McKinley, in 1896, carried the county by 850.

COLUMBUS, O., Nov. 8.—At midnight Chairman Blacker, of the Democratic state committee, concedes the state to the Republicans by over 40,000 plurality, and Chairman Dougherty, of the Republican state committee, claimed about 60,000.

CINCINNATI, O., Nov. 8.—Official returns complete of Hamilton county: Total vote 72,778. Secretary of state, Kinney (Rep.), 42,920; Guthery (Dem.), 29,858; Kinney's majority, 13,062. Congress, First district, Shattuck (Rep.), 20,132; Follet (Dem.), 14,087. Shattuck's majority, 6,045. The Second district, Bromwell (Rep.), 22,373; Swain (Dem.), 15,861. Bromwell's majority, 6,512.

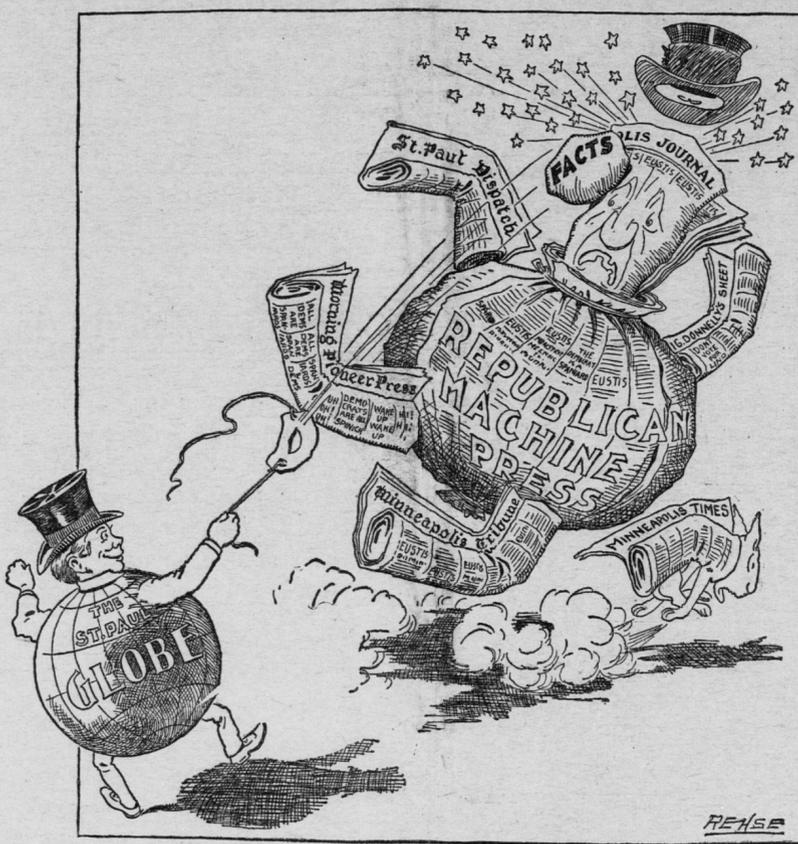

WEST SUPERIOR, Nov. 8.—Incomplete returns show a safe plurality for the entire state ticket, also for Congressman Jenkins, state senator, and C. L. Catlin for assembly. C. J. Norquist was defeated by W. E. Hoehle, Democrat, for assembly. Almost the entire Democratic county ticket is elected.

GAINS THAT COUNT

DEMOCRATS CAPTURE SIX NEW CONGRESSMEN IN ILLINOIS

CHICAGO, Nov. 8.—Five, and probably six congressmen have been gained in Illinois by the Democrats, and the next congressional delegation from this state is likely to be evenly divided. Eleven Democrats and eleven Republicans. It is possible for the Republicans to have twelve of the twenty-two congressmen, as all the returns are not yet in, but the indications are for an even split on the delegation.

The entire Republican state ticket is elected by about 30,000 plurality. In Cook county the vote has been very close, the Republicans carrying the county and the Democrats the city of Chicago. The Democratic plurality in the city is about 3,000 and the Republican plurality about the same in the county.

DAVID AND GOLIATH.

WISCONSIN IS CLOSE

REPUBLICANS CLAIM ELECTION OF SCOFIELD BY FAIR PLURALITY

THEY CONCEDE BIG LOSSES

Democrats Will Concede Nothing, Nor Will They Give Out Figures Until Something More Definite as to Results Is Known—Nothing Upon Which to Base Legislative Estimates.

MILWAUKEE, Wis., Nov. 8.—Up to 11 p. m. not over 5 per cent of the election returns have been received. On this basis it is impossible to make an accurate forecast of the result. Twenty precincts out of 124 in the city of Milwaukee give Scofield (Rep.), for governor, 2,324, and Sawyer (Dem.) 2,817, a considerable Democratic gain.

Chairman Treat, of the Republican state committee, estimates that Scofield will carry the state by 38,000 to 40,000 plurality and claims nine congressmen. On the other hand, National Democratic Committeeman E. C. Wall, who is figuring for the Democrat present nor will he give any figures. He says the latest returns favor the Democratic ticket.

From a conservative standpoint it looks as though Scofield will carry the state by a somewhat reduced plurality from the figures estimated by Chairman Treat.

At this hour there is nothing on which to base the complexion of the next legislature, nor can the result on congressmen be stated.

MILWAUKEE, Wis., Nov. 8.—Nine precincts out of 124 in city of Milwaukee give Scofield, Republican, for governor, 1,062; Sawyer, Democrat, 1,383. Thirty precincts outside of Milwaukee county: Scofield (Rep.), 3,351; Sawyer (Dem.), 2,107.

MILWAUKEE, Wis., Nov. 8.—At 10 o'clock tonight not enough returns have been received from the state to form anywhere near an accurate estimate on the outcome of the election. Only sixty precincts have thus far reported, including ten in the city of Milwaukee, which give Scofield (Rep.), for governor, 6,389, and Sawyer (Dem.), 5,502. On these figures Chairman Treat, of the Republican state central committee, figures that Scofield will carry the state by about 40,000, and claims the legislature and at least eight out of ten congressmen.

NEBRASKA

Some Surprises Are Predicted in That State.

LINCOLN, Neb., Nov. 8.—Scattering precinct returns up to 10 p. m. indicate a political surprise in Nebraska, inasmuch as they forecast the almost certain election of Hayward (Rep.) for governor by a plurality of not less than 8,000. This will be a reversal on the verdict of '96 by nearly 15,000. The count thus far is wholly on governor, so far as the state ticket is concerned, and as it is the belief that Hayward is running slightly ahead of his ticket, it would mark the results on remaining state officers very close.

The most surprising feature of it all is the strength displayed by Republican legislative candidates, the few returns received showing them to be even ahead of Hayward; as these are from but one or two counties, however, they fail to indicate assuredly the complexion of the legislature.

Rhode Island. PROVIDENCE, R. I., Nov. 8.—The voting was light throughout the state, as the election of both Republican candidates for congress was a foregone conclusion. The revised constitution has probably been rejected. The country districts voted heavily against it, and unless the vote in the cities proves larger than expected, it will not be approved. In Providence, Baker, Democrat, is re-elected.

NORTH DAKOTA VOTE

RETURNS FROM THE STATE MEAGER AND COMING IN VERY SLOWLY

THE REPUBLICAN TICKET CUT

At Fargo Fancher and Spaulding Suffered Severely—The Result for the State Senate Close in the Capital County—Early Claim of a Substantial Majority by the Republican State Chairman.

FARGO, N. D., Nov. 8.—Reports from over the state are very meager and are coming in slowly, but indicate eight Republican gains over 1896, except in Grand Forks county, where the Republican ticket was badly cut. Spaulding and Fancher, the Republican

state committee, estimates that Scofield will carry the state by 38,000 to 40,000 plurality and claims nine congressmen. On the other hand, National Democratic Committeeman E. C. Wall, who is figuring for the Democrat present nor will he give any figures. He says the latest returns favor the Democratic ticket.

From a conservative standpoint it looks as though Scofield will carry the state by a somewhat reduced plurality from the figures estimated by Chairman Treat.

At this hour there is nothing on which to base the complexion of the next legislature, nor can the result on congressmen be stated.

MILWAUKEE, Wis., Nov. 8.—Nine precincts out of 124 in city of Milwaukee give Scofield, Republican, for governor, 1,062; Sawyer, Democrat, 1,383. Thirty precincts outside of Milwaukee county: Scofield (Rep.), 3,351; Sawyer (Dem.), 2,107.

MILWAUKEE, Wis., Nov. 8.—At 10 o'clock tonight not enough returns have been received from the state to form anywhere near an accurate estimate on the outcome of the election. INDIANA DEMOCRATIC

STATE CLAIMED BY THE DEMOCRATS BY 15,000 MAJORITY

ENTIRE STATE TICKET WINS

Republicans Make Counter Claims, but Democrats Are Confident of Having Achieved a Sweeping Victory—Returns Are Coming in Slowly, but Estimates Have Been Conservatively Made.

INDIANAPOLIS, Ind., Nov. 8.—At midnight only about 320 precincts out of 2,259 have been heard from, no one having reported in full. Returns come in slowly owing to the great number of candidates running on the various tickets, and both parties claim the

state. Chairman Martin, of the Democratic state committee, expresses himself as confident that the Democratic state ticket is elected by about 15,000 majority, together with a majority of the legislature. The Republican chairman makes the same claim for his side.

INDIANAPOLIS, Ind., Nov. 8.—Scattering returns from precincts in Indianapolis and Marion county indicate Democrats have carried the city and county. This secures Bailey's (Dem.) election to congress over Overstreet (Rep.), the present incumbent, and also seven Democratic members of the legislature instead of seven Republicans, the present incumbents.

As there are state, congressional, county and township tickets embracing all told 94 candidates, returns will be late from Indianapolis, and correspondingly so from the remainder of the state. In the city there are 229 precincts, and in Indiana, including Indianapolis, 2,259 precincts. Comparisons will be made with the vote for McKinley electors in 1896, when they carried the state by a plurality of 13,131.

HON. JOHN LIND, Governor-Elect of the State of Minnesota.

an candidates for congress and governor, respectively, are running ahead in Fargo, but the vote is far from being counted.

Reports from Cass county, the largest in the state, show Republican gains. The Republican members of the house are elected in Fargo, but the vote on state senate is very close and the result not yet determined. An estimate on the state gives the Republican ticket about 4,500 majority.

FARGO, N. D., Nov. 8.—In Fargo thirty-four precincts give Fancher, governor, 1,552; Holmes, fusion, 1,316. Two years ago the same precincts gave Briggs, Republican, 2,248; Richardson, fusion, 1,415. Spaulding, Republican, for congress, 1,852; Creel, fusion, 899. In North Dakota, thirty-three precincts outside of Fargo give Spaulding, Republican, for congress, 1,703; Creel, Democrat, 840; Fancher, governor, Republican, 1,493; Holmes, fusion, 954.

LIND SWEEPS THE STATE

Minnesota Democratic for the First Time in Fifty Years.

GAINS IN ALMOST EVERY PART

Glad News for the Democratic Party From the Time the Returns Began to Come in—Majority of at Least Ten Thousand and the Figures May Go Much Higher—Returns From the State Tell the Story of the Party's Triumph.

Incomplete returns received up to hour of the Globe going to press, 3:30 a. m., give the following pluralities for Lind by congressional districts:

	Eustis.	Lind.
First.....	3,500	.....
Second.....	850	.....
Third.....	.....	2,000
Fourth (St. Paul).....	.....	1,400
Fifth (Minneapolis).....	.....	2,500
Sixth.....	.....	4,000
Seventh.....	.....	5,000
	4,350	14,900
Lind's Plurality.....		10,550

The returns last night from the election in Minnesota were sweet music to Democratic ears for the first time in forty years. From the time the first precinct of Ramsey county came in to the last dispatch that straggled into the Globe office at 3 o'clock this morning, the vote got better and better for the Democratic candidate until there is no question that Mr. Lind is elected by a plurality which will be at least 12,000 and may reach 20,000. St. Paul has given Mr. Lind a plurality of 1,200 and Minneapolis 500. Out in the state the people wanted Mr. Lind and they said so with a hurrah from Ely to Caledonia. St. Louis county has gone with the rest of the bunch by 1,500 or so. Red Wing bobs up with a surprising Democratic gain. Chicago was pretty unanimous for the Democratic standard bearer, and Isanti seconded the motion with a vengeance. Over in Kandiyohi they weren't doing a thing but casting votes for Lind. Even in that row of counties in the southern part of the state, which generally gives every Democrat a shudder—Houston, Fillmore, Mower, Freeborn, Faribault, Martin, Jackson and Rock—Mr. Lind did superbly. In the northern part of the state the farmers were not doing anything but thrashing Eustis. Polk, Red Lake, Clay, Marshall, Kittson and the rest of the bunch did themselves proud from sun to sun. Mr. Eustis anti-machine candidate that he was, did manage to scrape off a county here and there through the state, but he didn't get enough votes to make him feel proud of his run.

As to the remainder of the state ticket little is known up to the hour of going to press. Judge Mitchell is running ahead of the ticket everywhere, sometimes even leading Lind, and is undoubtedly elected by a good round plurality. Mr. Ringdal is certainly elected to congress in the Seventh district, and Mr. Towne probably in the Sixth. The Third may have gone for Mr. Hinds, but it looks this morning as if Mr. Heatwole had been returned. All of the other districts appear to have gone for the Republican candidates by greatly reduced pluralities.

THE LEGISLATURE

Republicans Appear to Have Majorities in Both Houses.

The returns so far indicate that the Republicans will have a clear majority in both houses of the legislature. The contests were so close in places that official figures may change the result. The following, however, appear to have been elected:
