TOOK DEFINITE FORM

DEMOCRATS OF THE CITY AND COUNTY PERFECTED PROVISIONAL ORGANIZATION

THE ARTICLES ARE ADOPTED

Stormy Night Didn't Prevent the Attendance of a Goodly Number of Party Men—Steps Taken to Arrange for an Inaugural Reception and Ball When Hon. John Lind Goes into Office.

The Democrats of the city and county set up a provisional organization last night that will be made official as soon as ward meetings can be called, and the Republicans are through reigning in this part of Minnesota. In spite of the elements representative members of the party gathered at the Jefferson club rooms, in the Arrol block, and there adopted the more fully digested articles of organization which had been submitted to a committee, and there is no longer faction or division in the party.

The plan, in brief, provides for a provisional organization to consist in the first instance of five precinct men, ward chairmen and regularly elected central officers. The combination is to be known as the Democratic City and County Organization of Ramsey County.

The Democratic City and County Organization of Ramsey County presents the following plan of organization and requests the Democratic city and county conventions in 1900 to approve and adopt such plan as a joint city and county committee.

ARTICLE I. The name of the organization shall be "The Democratic City and County Organization."

ARTICLE II. The membership of said organization shall be made up as follows: Five legal voters from every election precinct within the city of St. Paul and every election district within the county of Ramsey, and outside the city limits, together with the chairman, secretary and treasurer of said city and county organization, and their successors, shall be known as precinct chairmen.

ARTICLE III. No person shall be entitled to membership in said organization except legal voters who have by their actions proven themselves faithful and loyal Democrats, or who shall pledge themselves to be faithful and loyal Democrats.

ARTICLE IV. Section 1. The members of said organization with said county shall choose for themselves a chairman of the committee of each precinct or voting district, which chairman shall be one of the five committeemen in such precinct or district, and the chairman so selected shall be known as precinct chairman.

Section 2. The said precinct chairmen of each precinct or voting district, shall be known as precinct chairmen.

Section 3. Such executive committee for the said county shall have as members, the chairman and secretary of each precinct or voting district, and any secretary or treasurer, and the successors of any person so removed shall be filled in like manner as above provided for.

Section 4. Vacancies caused by removal from precinct, ward, city or county, and by death or resignation, shall be filled in the same manner as above provided.

ARTICLE V. These articles may be at any time amended by the executive committee by an affirmative vote of two-thirds thereof.

ARTICLE VI. The executive committee shall prepare and adopt by-laws for the more specific government, control and work of said city and county organization in all its branches.

ARTICLE VII. The said executive committee may at any time incorporate the said city and county organization, provided three-fourths of the members of said executive committee shall concur in such incorporation, and the officers and management of said city and county organization shall not be changed or modified by such incorporation.

ADOPTION FOLLOWS. Edward Dahl moved that the report be received.

G. C. Lambert moved to amend to the effect that the report be adopted. There was some little discussion on the amendment.

Capt. O'Connor thought that it might be better to postpone the adoption until the articles had been thoroughly considered.

Ald. Murphy said that it might do to refer the adoption over to another meeting. He was astonished that there should be such a turnout of Democrats on such a night, but there were some hundreds who would have been present if the weather permitted.

P. D. Scannell explained at some length the changes that had been made in the articles and urged their adoption without delay. He said that the committee had put in a great deal of time considering what should be done and the articles were as nearly what

ward in said city of St. Paul shall elect a chairman, secretary and treasurer of the committee of each ward, and such chairman, secretary and treasurer need not be precinct chairmen of such ward, but must reside in such ward.

Section 3. The said chairman, secretary and treasurer of each ward shall be known as ward chairmen, ward secretaries and ward treasurers.

Section 4. The several chairmen of the election districts outside of the city of St. Paul, and within said city, shall in like manner elect a chairman, secretary and treasurer of such country districts.

ARTICLE V. Section 1. The said ward chairmen, together with the chairman of the country districts, shall compose and be an executive committee of said city and county organization, and the members of said executive committee shall elect a chairman of said city and county organization, and such chairman shall be the executive chairman of said executive committee.

Section 2. Said executive committee shall also elect a secretary of said city and county organization, and also a treasurer and treasurer-treasurer of said city and county organization, and the chairman, secretary and treasurer of said executive committee and city and county organization, and the chairman, secretary and treasurer of said city and county organization, and they shall hold office for two years, except as herein provided.

ARTICLE VI. Immediately after these articles are adopted the Democratic voters of said county shall proceed to organize as herein provided, and the committee, chairman, secretary and treasurer so selected in so organizing shall hold their positions until their successors are chosen as hereafter provided.

ARTICLE VII. Section 1. At the time of holding the Democratic primary elections in the spring of 1900, and every succeeding spring election thereafter, they shall be chosen in each and every precinct of the said city of St. Paul two precinct men of said city and county organization.

Section 2. The members of said city and county organization so elected from the several precincts in the spring of 1900 shall take the place of the members of those elected immediately after the adoption of these articles, and the persons whose places are so taken shall hold office until the spring of 1900.

Section 3. At the time of and immediately after the primary elections in the spring of 1900 and every succeeding spring election thereafter, the precinct committeemen in the even numbered precincts in the city of St. Paul shall be the precinct chairmen in the even numbered wards, and in the spring of 1900, and every two years thereafter, and immediately after the adoption of these articles, the chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 4. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 5. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 6. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 7. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 8. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 9. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 10. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 11. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 12. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 13. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 14. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 15. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 16. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 17. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 18. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 19. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 20. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 21. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 22. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

Section 23. The chairman, secretary and treasurer of said city and county organization shall be elected in the same manner as above provided for.

SOME CIVIC MATTERS

THEY CREATED CONSIDERABLE DISCUSSION AT THE CHAMBER OF COMMERCE MEETING

RADICAL PRIMARY CHANGES

They Are Proposed in a Bill Submitted by the Legislative Committee, Which Would Do Away Entirely With the Holding of Delegate Conventions—Water Board Also a Topic.

Maj. Espy stirred up a lively discussion at the chamber of commerce meeting yesterday with the following resolution:

That the citizens of St. Paul are hereby requested to have complete system of water works, having a sufficient capacity to supply a much larger population than at present, and to have the water entirely free from any foul or contaminating matter, at comparatively very low water rates.

A motion to suspend rules was carried and the congratulations were also given to the adopted.

Thomas Cochran suggested that, while the water board was no doubt a valuable institution and well conducted, the resolution was hardly in order.

William Pitt Murray moved that the resolution be referred to a special committee, of which Mr. Cochran should be the chairman.

Mr. Cochran responded by informing the president that he considered the motion foolish and he should certainly decline to serve on any such committee.

Mr. Murray's motion was voted down and a motion to lay the resolution on the table was carried.

The report of the special committee on the annual report of the interstate commerce commission had been filed with the board of directors.

C. P. Now read, by request, a resolution which had been handed to Secretary Tallmadge just prior to the meeting, the reported author being Sam Johnson of Minneapolis. This resolution was directed to Gov. Lind with a view of assisting that gentleman to appoint the right man as a state auditor.

But Mr. Chapin interposed that such a motion was hardly courteous to Mr. Johnson, and that the resolution was referred to the banking and currency committee.

One feature is that the primaries are to be held by political parties existing to 10,000 or more votes for their candidate for governor at the preceding election.

The third Tuesday preceding election day is to be known as primary day. Each political party is to hold its caucus on that day, and their respective adherents to vote and to nominate the candidates they desire for any respective nomination.

The authorities are given extended jurisdiction over the primaries, in that stationery will be furnished at the public charge.

The proposed law also provides for official and unofficial primaries. The latter are to be held on any day. The unofficial primaries are held for a short time in the afternoon and evening.

One novel effect of the passage of the bill would be to eliminate the candidates at the primary rather than at the delegated convention.

The primary vote would be cast directly by the candidates, and the candidate receiving the most votes would be successful candidate. By this method of choosing the candidates much of the machinery of the present convention system would be abolished.

Gen. Sanborn stated that the Minneapolis contingent of the joint committee had favored the bill unanimously.

E. S. Durmont and Walter Chapin, members of the committee, stated that they had not been present at the meeting, which was held at the Windsor hotel, and had been approved by a committee, of which they wished to go on record as opposed to certain details of the bill.

Are run twice every month by the Wisconsin Land Seekers' Territory south of the Ohio river. For particulars call at City office, 275. Forbicular, St. Paul, Minn.

BILL TO PENSION TEACHERS ST. PAUL WILL ASK ITS PASSAGE AT THE COMING LEGISLATURE

Twenty Years' Service and Deduction of One Per Cent From the Monthly Salaries Are the Salient Features of the Proposed Law.

The legislative committee of the St. Paul Teachers' Association, recently appointed by President H. H. Worth, has drafted a "teachers' pension bill," to be presented to the next legislature, met yesterday afternoon and decided upon the general outlines of the measure.

The bill will be presented at the next teachers' meeting and approved without delay. It is a measure which the committee has not fully decided upon, and the measure will then be submitted to the teachers' association, which will be asked to endorse it, and to be operative only in cities of 30,000 or over unless amended by the legislature.

The bill provides for a "pension fund," created by a deduction of 1 per cent every month of the teachers' salary, to be applied in paying pensions to teachers who have been employed in the public schools for twenty years and over, who are incapacitated for further usefulness in the schools. No teacher shall receive less than \$50 per cent of the salary which she received upon leaving the educational field. The bill makes it optional with the teachers whether or not they wish to be included in the fund, and no teacher shall receive aid until three years after the passage of the bill.

Miss Flint, of the Monroe school, is chairman of the committee and stated that the Globe yesterday that the measure had been heartily endorsed by the St. Paul teachers, and two years ago, when an effort was made to get a similar measure through the legislature, it failed because of the opposition of the bill and it was only through a series of unfortunate circumstances that the bill failed of passage. The bill as originally presented by the Ramsey county delegation provided for the

creation of this fund in St. Paul alone, but, as special legislation was prohibited, the bill was returned to the association and another drafted with the assistance of the Minneapolis association, and presented to the legislature. It was in the session at the measure was introduced in some of the committees and failed of passage.

Similar laws are in effect in New Jersey, California, Illinois and Missouri. In New Jersey and California the law permits all teachers' associations to share in it, but in Illinois and Missouri it only applies to cities of 100,000 and over. Both Chicago and St. Louis have a similar fund, with which to provide for aged teachers in cases of necessity. In Chicago the fund is credited with a large balance annually and there has been considerable agitation recently looking towards the creation of a home by the association in some of the Chicago suburbs.

The proposed bill provides that aid shall not be given unless the teacher is incapacitated by reason of age or other causes. She may walk about her room in the dark when she unknowingly got into the bed and fell down a short flight of stairs. Her arms and legs were badly bruised, but her bones were broken. Mrs. Hall was able to be about yesterday.

Mrs. Hall's Accident. Mrs. H. P. Hall met with a serious accident at her home Sunday night, falling part way down stairs and sustaining painful injuries. She was walking about her room in the dark when she unknowingly got into the bed and fell down a short flight of stairs. Her arms and legs were badly bruised, but her bones were broken. Mrs. Hall was able to be about yesterday.
