Cubans an Excitable Race, and Once a Riot Was Started It Would Be a Serious Matter to Quell It—More Cuban Flags Taken Down, and Some Houses May Be Draped With Emblems of Mourning.

HAVANA, Dec. 31.—The position of the military administration regarding the Cubans not to make any demonstration tomorrow upon the turning over of the government to the United States was probably advised by several leading Cubans, whose names are not made public, in order to protect them from the wrath of the people. The prohibition would have been issued even if this advice had not been given. Nevertheless the fact that it was given shows that the judgment of Gen. Brooke and Gen. Lindley is suspicious.

PLANKINTON BLAZING. Fire Threatens to Wipe Out the South Dakota Town.

CHAMBERLAIN, S. D., Dec. 31.—(Special).—Fire broke out this evening at Plankinton, in the general store of J. T. Bartow, which was entirely consumed, with its stock. The fire spread to the adjoining stores, and as this dispatch is sent is not yet under control and promises to destroy a large portion of the business center of the town. The loss will reach many thousands of dollars.

Plankinton, which is the county seat of Aurora county, has a population of about 500. It is on the Milwaukee road, about half-way between Mitchell and Chamberlain.

DROP SILVER ISSUE

JUDGE MCCONNELL'S ADVICE TO THE NATIONAL DEMOCRATIC PARTY LEADERS

SAYS SIXTEEN TO ONE IS NOT AN ESSENTIAL

Two Declarations Quoted by Judge McConnell as Expressive of the Great Mission of the Democratic Party—Outlines Plans for an Effective Campaign—Discusses the Gold Standard and Tariff Issues.

CHICAGO, Dec. 31.—Ex-Judge S. P. McConnell, one of the Illinois Democrats-at-large to the National Democratic convention in 1896, delivered an address before the Monticello club today which caused a great deal of talk.

existence. Even after all that has been said against combination, trusts and monopolies, I am far from convinced that the body of the people adequately appreciate the great peril to their worldly welfare springing from these vast aggregations of capital which are gradually absorbing and controlling the industrial activities of the country. Thousands who voted for Mr. McKinley in 1896, are ready to join in a campaign to be waged against trusts, combinations and monopolies. They only need evidence that we will fight effectively.

ONE PLANK IN THE WAY. There is but one plank in the platform of 1896 which prevents these thousands being openly and aggressively with us. They do not believe in the re-monetization of silver at the rate of 16 to 1. They regard it as even less defensible now than two years ago.

The question for us to consider is, whether we are showing an appreciation of the relative importance of issues when we seem to be willing to run the peril of repeating the experience of 1896, rather than to modify our proposition regarding the ratio between silver and gold. To my mind the 16 to 1 proposition has always seemed something of a superstition, and I have come to believe that the best friends of bimetalism are not those who refuse to have it except upon this condition. I should begin to be skeptical of their value as opponents of monopoly if they persist that it must be sought only in connection with those radical demands that the re-monetization of silver at a value it had more than a quarter of a century ago.

With aggressive declarations in the platform of 1900 against trusts and monopolies and against their great allies and supporters—the gold standard and the protective tariff—without insisting on a particular value for silver in a plan for its re-monetization or a particular schedule for a revenue tariff, and with the name of the great leader (Bryan) for its candidate, the Democratic party will be assured of success, and the people through its victory will be assured of the blessings of healthy competition, freedom in trade and honest money.

CALIFORNIA SENATORSHIP. Many Candidates With Strong Following Are Announced.

SACRAMENTO, Cal., Dec. 31.—The California legislature will commence its biennial session here on Monday, Jan. 2. A United States senator to succeed Stephen A. White, will be elected by the legislature, this year, and as that body is overwhelmingly Republican, a

Ever since the organization of the new Baltimore & Ohio syndicate the probable manager of that line. He stands very high in the estimation of President James J. Hill, who is largely interested in the Baltimore & Ohio, and it is understood that Mr. Hill first offered the position of general manager to him. Mr. Underwood has had supreme control of the Soo, and he did not like to relinquish such a position for one subordinate to others, and he said he did not care to make a change unless assured that he would have the management of the traffic and operation of the Baltimore & Ohio.

He thought he should hold a position as vice president of the company also, which would give him a better standing in the eyes of railway officials. The receivers, however, and several members of the syndicate objected to giving Mr. Underwood so much power and authority, and Mr. Underwood declared that he would not consider the matter further. It is understood that Mr. Hill, who was anxious to have Mr. Underwood accept the position, persuaded his associates to give Mr. Underwood all the power he asked, and that, acting upon Mr. Hill's advice, they yielded to Mr. Underwood's terms, except that he does not become vice president of the road, at this time at least. Mr. Underwood was notified yesterday that his terms were satisfactory, and he promptly notified the receivers that he would accept the general management of the Baltimore & Ohio system.

A reporter for The Globe last evening asked Mr. Hill about the appointment of Mr. Underwood.

"I was not aware Mr. Underwood had accepted," said Mr. Hill. "His negotiations were with the receivers, who are now operating the Baltimore & Ohio. I am very glad if the report is true, for Mr. Underwood is certainly an excellent man for that position. This was recognized by the receivers when they came so far to get him."

Mr. Underwood's salary, it is understood, will be \$25,000 per annum, and he will make his headquarters in Baltimore.

The retirement of Mr. Underwood from the Soo leaves a vacancy, which it is believed will be filled by the appointment of W. F. Fitch, general manager of the Duluth, South Shore & Atlantic, which is connected with the Soo as an auxiliary of the Canadian Pacific. It is understood that the management of the Soo and the Duluth, South Shore & Atlantic will be consolidated. Mr. Fitch having charge of the traffic and operation of both lines.

Mr. Underwood has risen from the lowest rungs of the railway ladder. He was born in 1850, in Milwaukee, and at the age of eighteen he became a clerk for the Milwaukee railroad. He wanted more active experience, and he took a position on the road as a brakeman, and worked his way up to baggage man, foreman of elevators, conductor first of a freight and later of a passenger train. He was faithful and intelligent and was promoted to division superintendent. From that position he rose to superintendent. In 1886 Mr. Underwood was appointed general superintendent of the Minneapolis & Pacific railroad, and in 1888, when that road was consolidated with the present line known as the Soo, he became general manager, and has since held that position.

Mr. Underwood has shown himself to be a remarkably able railroad man, and his success is due entirely to his merit. As general manager of the Soo he enjoyed unlimited authority, and his hand guided that road in every move it made.

William F. Fitch, who is to succeed Mr. Underwood, is fifty-nine years of age. He was for many years connected with the Northwestern railway system, filling many important posts. He was general manager of the Fremont, Elkhorn & Missouri Valley road, and of the Sioux City & Pacific. In November, 1888, he entered upon his present position as general manager of the Duluth, South Shore & Atlantic. He is also president and receiver of the Duluth & Winnipeg railroad, president of the Mineral Range road, general manager of the Hancock & Calumet road, and president of the Lake Superior Terminal & Transfer
