GOV. LIND MAY SIGN HIS FIRST BATCH OF MILITARY APPOINTMENTS TODAY

VACANCIES IN THE THIRD

And Commissions for Two Companies Vacancies in the Fourth or Fifteenth—A Good Many of the Boys Will Remain in the Guard

Gov. Lind will sign his first batch of military commissions today. Since Gov. Clough went out of office quite a number of vacancies have occurred in the Third regiment, where two company commissions are to be filled, the commissions are issued according to the result of company elections.

When the volunteer regiments were organized for ten years the same medals immediately assumed the old national guard organization, although no drills have been held, and probably will not be for some time.

From present indications but little will be done by any of the regiments until camp at Lake City next summer. As Gen. Lambert expressed it yesterday, "the boys are resting up."

The Fourth regiment nominally takes the place of the Thirtieth, but it is expected that the state militia will be reorganized and authorized an additional regiment, as it thought that the Thirtieth will want to retain its national guard organization, which would freeze up the Fourth unless some legislative provision was made.

Gen. Lambert yesterday made out commissions for the following. They will be signed today by the governor. W. J. Murphy, St. Paul, captain and adjutant of the First battalion of artillery, vice George C. Lambert, promoted.

Richard D. O'Brien, judge advocate Third regiment, vice Stearns, promoted. Richard D. O'Brien, judge advocate Third regiment, vice Stearns, promoted. Charles Henry Leaman, first lieutenant Company I, vice Delaban, promoted.

It is expected that an inspector general for the national guard will soon be appointed to succeed Lieut. McCoy, who has been ordered to his regiment in the South.

Gen. Lambert said yesterday that it was his intention to get back from the government as much of the equipment which was taken out of the state by the volunteers. Both the First and Third will need a complete outfit. Their arms were turned over to the war department when the regiments were mustered out.

It is quite likely that the legislature will pass a bill completely reorganizing the national guard. In any event, however, the three Minnesota regiments will be in shape for duty at the next annual camp at Lake City.

Dr. Bull's Cough Syrup will make a permanent cure in all cases of cough, whether on chest or lungs. It is better than other remedies have failed. Price only 25c.

WE HAVE SAVED THE

RESOLUTION OF THE COUNCIL ASKING PERMISSION TO ISSUE BONDS

NEITHER SIGNED NOR VETOED

Something Odd About the Resolution—Has at Least Become Operative by the Passive Action of the Mayor, Who Said He Had Not Signed It—Report That the Councilmen Have Been Active.

At a meeting of the commission men, grocers and the city development committee of the Commercial club, held recently, a resolution was adopted requesting the city council to take steps looking toward the location and erection of a public market or to grant a franchise to private parties for the purpose.

This brings to light the fact that the resolution recently passed by the council, and by the board of aldermen, was not signed by the mayor, and neither has that official returned it to the council with a veto message.

MISSISSIPPI SAYS NOT

REFUSES TO GIVE UP THE MEN UNDER ARREST AT ST. JOSEPH

WAS RECALLED HIGH-HANDED

Removal of Father Alfred Meyer, the Recent Head of the Parish, is Credited in Some Quarters to an Antipathy Growing Out of the Work of the Church—Strong Feeling Manifested.

The state authorities of Missouri have refused to turn over to the United States government the three men, James Gilmore, John Allan and Harry Howard, who are now in custody at St. Joseph, Mo., and are wanted in Minnesota for alleged complicity in the robbery of the Great Northern train at Ferguson, Mo., on the night of Nov. 10. A telegraphic request as to whether the men would be given up was made by Assistant United States Attorney Furdy last Monday and met with a prompt and curt refusal.

The Missouri authorities were advised by wire that the men were wanted by the government on a charge of robbing the mails, and were asked if they would surrender the men to the government on complaint, examination and order of removal. The answer was that the men would, under no circumstances, be given up.
