UNCERTAINTY ABOUT THE TIME OF THE THIRTEENTH DEPARTURE FROM MANILA

WHAT CORBIN SAYS ABOUT IT

"If the Situation Warrants," the First Six Regiments Sent to the Philippines Will Return in the Order Which They Went—Third Expected to Leave St. Paul Next Monday Morning.

A majority of the people of Minnesota have been under the impression that the Thirteenth Minnesota would return to the United States as soon as the Third regiment reached Manila. The idea was encouraged by Congressman Stevens, who, a few weeks ago, kept the telegraph wires busy sending messages that the Thirteenth would be home in a few months.

DEPARTURE OF THIRD

The Third regiment is to leave this city for the Philippines on Monday morning, and if a demonstration is made in honor of the event, those having charge of it will be obliged to hurry the ceremonies, for there will be no delay whatever allowed.

This will be a great disappointment to the friends of the men who hoped to give them a send-off on the occasion. The committee of the Commercial club, which has arranged for a demonstration, will undoubtedly attempt to carry out the program as far as possible, but it will not be as elaborate as was planned.

The railway passenger agents of the various lines that are to carry the troops East were notified by the officials of the quartermaster's department yesterday and received their instructions. Each of the roads will make two additional trains, and will require an equipment of nine cars to a train.

MAY BE DELAYED

Reports received at the army building yesterday, about the transport in which the Third is to go to Manila, were not encouraging. It was said that the carpenters have only just commenced to fit the ship with bunks, and that it is doubtful if the ship is ready to sail before Friday or Saturday next.

It is feared the regiment's departure from New York may be delayed several days after its arrival at Manila, if the officers dread any derangement in the plans of sailing.

A dispatch from San Francisco states that the following members of the Thirteenth regiment will be discharged from the Presidio hospital: Robert W. Terry, Company A; P. M. Newgard, Company C; and Clarence C. Rice, Company E.

BOARD APPROVES THEM

Some Minor Street Improvements Recommended to the Council.

The board of public works yesterday, relative to the matter of grading, in block 22, at Merriam Park, running between Carroll and Iglehart streets, decided to make a favorable report upon the improvement to the council.

The proposed building of a sewer on Pennsylvania avenue, between Mississippi and "Orient" streets, was approved by the council with a favorable recommendation.

The building of a sewer on Atwater street, from Rice to Sylvan streets, was taken under advisement, as it was the question of putting the sewer in that street, between Forest and Mendota streets.

CLARA RICK'S ASSAILANT

In the Police Court, but His Examination Is Postponed.

William Olson, alias John Carion, the man who attacked Miss Clara Rick on Atwater street Sunday evening, was before the police court yesterday, charged with assault. The prisoner informed the court that he would like the services of an attorney to defend him, but the court refused to appoint one until he had secured one.

From the nature of the charge lodged against the prisoner, it is believed that the authorities are inclined to credit Olson, or Carion's, story, to the effect that he mistook Miss Rick for another woman, and in his intention of committing robbery. The police are still endeavoring to find out more about the prisoner, but if he is guilty, a successful flight may be thrown upon the real object of the attack upon the young woman.

FILING THE PAPERS

A NUMBER OF APPOINTMENTS LIKELY TO BE ANNOUNCED SHORTLY

STATE BOARD POSITIONS

Hon. Pierce Butler and Mr. Nye, of Moorhead, Stated for the Normal Board—Dr. A. J. Stone to Become Surgeon General—Ald. W. A. Donahower May Not Accept Mr. Douglas' Offer.

A large number of minor positions will be filled within the next few days, and it is not unlikely that some of them will be announced today. It was reported yesterday that Dr. J. A. Stone was expected to be appointed surgeon general, and his commission as surgeon general on the governor's staff today; at least it is understood that he has been definitely decided upon by the governor for the position.

A number of board appointments may be sent to the senate today. It is rumored that Hon. Pierce Butler has been tendered a nomination on the state normal board, and that like honor will be conferred upon Mr. Nye, of Moorhead. Dr. Du Bois, of Sauk Centre, will, according to gossip, draw a board appointment and in the same connection has been mentioned the name of J. C. Norby, of Ada, Norman county.

Col. Baasen, of New Ulm, was at the capitol yesterday. He paid his respects to Gov. Lind, and also called on Adj. Gen. Lambert. It is understood that Col. Baasen, who was the first secretary of state of Minnesota, will be given the position of assistant adjutant general.

The death of Judge Thorson, of Pope county, has caused a vacancy in the probate judgeship, which Gov. Lind will endeavor to fill. There are a number of applicants for the position, among them Messrs. Koefod and H. A. Adams, of Glenwood, and O. J. Johnson, of Starbuck. A son of the late Judge also seeks the position, but it is probably going to one of these gentlemen.

E. C. Allen and A. B. Appin, two members of the Minneapolis Anti-Eustice club of Minneapolis, will be elected shortly. They have been endorsed by the club and the endorsement, it is understood, carries all the weight necessary for their election. They are properly placed. It is likely that each will be given a position in the grain inspection department.

The candidacy of A. D. Campbell, of Winona, for a position in the dairy department, is not yet a forlorn hope, although his friends are not so confident of his success as they were some time ago. It is understood that the result of some personal misunderstanding, and it is possible that Mr. Campbell may yet win.

Ald. W. A. Donahower may not accept the position of assistant adjutant general after all, although it was carried over by the council. Capt. French has been in poor health lately, and it was feared he would be permanently incapacitated for active duty, but he has improved so rapidly that he will not be retired at this time. He will accompany his regiment to Manila.

Belongs in Eden Lake

State Agent Gates was referee in another paper controversy between two towns yesterday. He was called upon by Chairman J. Hess, of the board of supervisors of the town of Eden Lake, Meeker county, and by the board of trustees of Eden Lake, in Stearns county, presented the case in the case, and Mr. Gates adjudged the case in favor of Eden Lake, and because they claim that every day the present mayor is in office he is growing more and more unpopular.

It is expected that the committee from the Assumption Catholic church, consisting of Peter M. Kerst and John S. Grod, now absent in the East, will return early next week.

The committee went direct from St. Paul to Archbishop Ireland before the papal legate, but failing to find him there they proceeded to New York, where they expect to gain an audience with him.

NEW GRADE FOR DEWEY

Move Is on Foot to Make Him a Full Admiral.

WASHINGTON, Jan. 26.—There is apparently a movement on foot to promote Rear Admiral Dewey to the grade of full admiral. Senator Chandler, of New Hampshire, introduced a resolution authorizing the president to appoint by selection and promotion an admiral of the navy who will not be placed upon the retired list except upon his own application. Whenever the office is vacated by death or otherwise the grade will cease to exist.

It is generally understood that this is for the purpose of furthering the views of Dewey for the excellent work he did there on May 1.

And from this, a story comes from the far East to the effect that Dewey has been embarrassed because he is outranked by the commanding officers of other naval powers having ships in Asiatic waters. On state occasions he is compelled to give them precedence, and it is believed these stories have had some effect here.

Gen. Egan was arraigned today before the court-martial which is trying him for conduct unbecoming an officer.

DEATH OF MR. GARLAND

FORMER ATTORNEY GENERAL IS STRICKEN WHILE PLEADING A CASE IN SUPREME COURT

Had Been in Poor Health for Some Months, and Was Contemplating a Rest for the Purpose of Recuperating.

WASHINGTON, Jan. 26.—Former Attorney General Augustus H. Garland was stricken with apoplexy while addressing the United States supreme court at 12:15 o'clock this afternoon, and died within ten minutes. The occurrence came with startling and tragic unexpectedness, changing the history of the United States supreme court at 12:15 o'clock this afternoon, and died within ten minutes.

Mr. Garland's two sons, who are living in the city, were telegraphed for and arrived after their father's death. It is said that never before in the history of the United States supreme court has an attorney been stricken with death while making an argument there. There have been cases where counsel have faltered, stricken with illness, but no case where death has followed within a few minutes, as happened today.

Mr. Garland had been in poor health for several years and some months ago he was in the hospital for some weeks. After the death of the former attorney general became known, the supreme court adjourned for the day. This action was taken on the motion of Attorney General Griggs.

The news of Gen. Garland's death produced a profound sadness in the senate, where he was universally esteemed for his unassuming manners, genial disposition and common-sense way of viewing matters, as well as for his uprightness and integrity of attainments.

Augustus Hill Garland was born in Tipton county, Tenn., June 11, 1829, before he was a year old his parents removed to Arkansas. He was educated at St. Mary's college, Lexington, Ky., and St. Joseph college, Harrisburg, Ky. He read law there and in Arkansas and was admitted to the bar in 1853.

He was elected United States senator for the term beginning March 4, 1881, but was not permitted to take his seat. In 1887, after serving a short time as acting secretary of state, he was elected governor of Arkansas, under the new state constitution. In January, 1876, he was sent to the United States senate and re-elected in 1883, serving from March 3, 1877, to March, 1885, when he took his seat as attorney general in President Cleveland's cabinet. He was offered and declined a supreme court judgeship. At the close of the Cleveland administration he retired from politics and practiced law in this city, appearing chiefly before the United States supreme court.

DAU CLAIRE, Wis., Jan. 26.—(Special.)—David White, a leading Democratic politician of the town of Washington, died this afternoon of pneumonia. Mr. White has been prominent in politics and a delegate to the Democratic state convention.

DE BARAS AGAIN ARRESTED

Bondsmen Surrender the Baron and Barrones, Held for Swindling.

JACKSONVILLE, Fla., Jan. 26.—The Baron and Barrones de Bara, who were arrested in St. Augustine on the 31st inst. for using the mails for fraudulent purposes and after a preliminary trial were held for their appearance at the May term of the United States court in Chicago, have again been arrested in Pensacola. The United States marshal at that place has been instructed by J. N. Stripling, United States district attorney, to proceed to this city with the prisoners at once, and they are expected to arrive in the city tomorrow morning.

The baron and barrones left their cottage in St. Augustine rather hastily Monday and it was later learned that the cause of their sudden departure was the appearance of a deputy United States marshal from New York with requisition papers for Baron Edgar de Bara from the British government, upon the charge of embezzling \$5,000 from parties in a foreign land followed within a few minutes, as happened today.

Harry Mason, of this city, and G. W. Atwood, of St. Augustine, bondsmen for the baron and barrones, who were informed of their sudden departure, told Mr. Stripling that they desired to surrender their charges, and their arrest in Pensacola this morning followed. Mr. Stripling said he did not know how the case would be disposed of, but it is presumed that the case now pending against the baron and barrones by this government will be settled before the requisition papers from the British government are honored. The pair will be placed in jail here or sent to Chicago.

When a girl is 19 years old she ought to be a stranger to sickness. At that time in life she should be light-hearted, happy and well, but modern civilization seems to be responsible for this generation of weak women. A girl of 19 living in Tuckahoe, N. J., found her health breaking down two years ago. She became pale, thin, and had poor appetite. Her stomach seemed to give out entirely. Great pain followed eating. She was also troubled with sore throat and catarrh. Seeing an advertisement of Ripans Tablets in the Philadelphia Record, she sent for some to the drug store and took them six months. "I am not entirely cured," she writes, "but I feel greatly benefited by their use."
