

THANKS OF CO. D, 13TH

ACKNOWLEDGMENT OF CHRISTMAS PRESENT SENT FROM ST. PAUL. IT WAS MORE THAN WELCOME

Gen. Lambert Receives a Letter Telling Him of a Number of Promotions and Changes in the Minnesota Regiment at Manila—Reports that the Boys Should Be Brought Home Soon as Possible.

The following letter was received from Manila yesterday by one of the gentlemen to whom it is addressed: Manila, P. I., Jan. 31, 1899.—To the Members and Ex-Members and Friends of Company D: It is with feelings of deepest gratitude that the members of this company acknowledge the receipt of your magnificent Christmas gift of \$316. Spanish money. Coming as it did two weeks before my day, you may understand that it was extremely welcome. The yell that greeted the announcement, however, was a genuine one for there was a spontaneous expression of a sincere pleasure experienced at being made thus generously aware that, though far from them, we still live in the memory of our

this country in like. I will give you an idea of what it will do to a body of men. We have lost twenty-nine men of our regiment, 15 per cent of our regiment are sick at the hospital and 10 per cent of the rest are sick in quarters. We had 105 men in our company in Camp Merritt at San Francisco. This morning fifty-nine men answered the roll call, able for duty—just one-half of the company. Hospitals are so overcrowded that we have put up tents as hospital use. It is something frightful. The officers, who are getting the best of care, and drawn salaries as such as they never drew before, write home and tell the people how nice we are having them, in order that they may hold their jobs a little longer, but if the people of Minnesota only knew the true condition they would get their friends and relatives home as soon as they can. If I had money I would stay here and get rich in ten years. A person cannot, however, do hard work here. He must have money enough to live comfortably. Any one loving the way the soldiers do cannot last long.

THIRTEENTH PROMOTIONS. Three Discharges Reported and Some Changes in Rank. Adj. Gen. Lambert yesterday received another report from Col. Ames, of the Thirtieth regiment, dated Jan. 29. The communication gives the names of three privates who have been discharged since the last report, which was dated Jan. 27. They are H. A. Luxton, Company F; Hugo Hughes, Company C; A. G. Scherberg, Company K, all released on account of disability. Two changes of assignment among the officers of the commissioned staff are noticed. First Lieutenant J. J. Walsh has been placed in command of Company K, to take the place

A. J. KAHLERT, Sergeant Company D, Thirtieth Minnesota Volunteers.

of Capt. Masterman, who was given command of the First battalion. A. Clark, of Company E, is honored with a promotion to the rank of acting assistant adjutant general of brigade or provost guard. His successor, Maj. C. A. Potter, who was relieved, is now at St. Paul and well known in the city. The position of company commander in the 13th, as he is one of the young officers of the regiment, but up to the time of his appointment was on Gen. Hughes' staff as an aid.

BEUTNER OR LAVAQUE.

One or the Other Will Probably Get Fullerton's Place. There is a strong probability that the state game wardenship will go to Duluth after all. Andy McCormick, who was first mentioned as a candidate for the position, is disqualified by reason of the fact that he has not taken out his second papers. The contest now lies between John Beutner, formerly of Winona, and George Lavaque, of Duluth. When it was discovered that McCormick was out of the race, Mr. Beutner's friends thought he had the plum. Some opposition appeared from several quarters. Mr. Beutner is credited as living at Winona, but for some time he has been conducting the Mes-saba hotel at Proctor Knott, in St. Louis county. The Winona people did not ask for the appointment, as they did not want to be credited with Beutner's appointment, and the same question was raised by the Duluth people, who claimed that Beutner was not properly a resident of St. Louis county. George Lavaque, of Duluth, then appeared in the contest with strong backing from his home. Yesterday a delegation, headed by George Spangler, of Duluth, waited upon the governor to urge Mr. Lavaque's candidacy. The governor, who is in Duluth, especially asked Mr. MacRae to commend to the Wagner Car company Conductor McLean for his attention to the officers during the trip to New York.

THE "SUNSHINE ROUTE" TO CALIFORNIA.

Every Saturday a splendid Pullman tourist car leaves St. Paul at 10:30 A. M. for Los Angeles, California, arriving there at 10:30 P. M. on Wednesdays. Just four days. "Sunshine Route" is via "The Milwaukee," which leaves St. Paul at 10:30 A. M. on Saturdays, and runs through the heart of the state, and then to California. The route is via A. T. & S. F. Railway, the pleasantest route to the coast in existence. Rate per double berth in this sleeper, \$5.00. Apply to the company's agents for descriptive pamphlets, maps and lowest rates. Address J. T. Conley, Assistant General Passenger Agent, St. Paul, Minn.

NOT HEART DISEASE.

But Dyspepsia Is the Cause of "Stitch in the Side," Palpitation, etc. forming a hard mass. When fresh food is taken the wall of the stomach are forced outward and upward, to make the extra room needed. Soon this distention or swelling becomes so great that the space in which the heart throbs is encroached upon. The result is that the heart cannot work properly. The heart is shortened, as you would shorten a string by pulling it taut, by decreasing the space in which it moves. Then palpitation, which is simply the short rapid throbbing of the heart, follows. The other symptoms named are due to this cause also. Cure that case of Dyspepsia, and the so-called "Heart Disease" disappears. DODD'S DYSPEPSIA TABLETS are the only remedy known that can effect this result. They cure Dyspepsia by digesting the food, the stomach freed of its unnatural load returns to its natural size, the pressure is taken from the heart—and all is well. DODD'S DYSPEPSIA TABLETS are sold by all druggists at 50c a box, six boxes, \$2.50, or sent on receipt of price by the DODD'S MEDICINE CO., Buffalo, N. Y. Note the name in Red Letters on every box and D-O-D-D-S stamped on every tablet.

WHEEL BE A CLEVELAND

LEXINGTON AVENUE TO BE MADE A FITTING APPROACH TO COMO

ALL OBJECTIONS WITHDRAWN. President Wheelock, of the Park Board, Explains the Single Method by Which Another Stately Avenue Will Be Added to St. Paul's Attractions—House Line to Be Set Back and Trees Planted.

The board of public works held an informal meeting yesterday in conjunction with the park board. The property owners of Lexington avenue had been invited to give expression of their views in reference to the proposed improvement of Lexington avenue from Summit avenue to Como park. About fifty responded in person and many were by letter. On behalf of the park board, President A. A. Wheelock, in explaining the board's position, said: "The object of our proposed improvements of Lexington avenue is to provide a suitable approach to Como park from uptown districts. The avenue is so few feet wide and the street railway company has consented to remove its tracks and will do so this spring. The city council has turned over to the park board jurisdiction over the street limited to the boulevarding, planting trees and making a good roadway to Como. If our proposed improvements are carried out they will increase the value of the property along the street and attract residences to it. What we want is the co-operation of the property owners. At present many of the lots face the side streets and we would like to have the owners consent to a replat, so the lots will face Lexington avenue."

"A special benefit accruing to owners from a replat will be that when, in time, paving and sewers are ordered they will be assessed only for fifty feet front, whereas now many single lots have 150 feet on this street. "Having thus consented the property owners should also consent to a house line at least thirty feet from the street line, which would greatly beautify the avenue. "I hope, in view of the many manifest advantages that the property owners will consent, for unless they do consent to a replat and a house line it will be impossible to beautify the street; with the consent, it will be one of the most beautiful in the city. "The names of the owners were then called, and an opportunity was given them to be heard. "George Cole objected strongly, as he thought it would be impossible to get the owners to consent, and much of the property was so encumbered with mortgages that it would be impossible to replat. "What you want to do," he said, "is to put the expense on us for the benefit of some people who don't live on the street."

Judge Hickman, on behalf of himself, J. S. Knapp and several others, protested that their lots being 100 feet deep, have a house line of thirty feet would mean placing their houses on the back end of the lots and left no room for barns. Among other objectors were Thomas Slater, F. W. Hartfield, Ida E. Piper and Hans P. Anderson. F. W. Anderson said he believed that all residences streets should have a house line in many Eastern cities he had visited it was so arranged, and he for one would welcome the proposed improvements. There seemed to be a great deal of misapprehension arising from the fact that the notices had contained a reference to a proposed widening of the street, but when Mr. Wheelock explained that such was not the intention and that no assessments would follow the proposed improvements, but the cost of boulevarding and tree planting would come out of the park fund, most of the objections were withdrawn, and before the meeting adjourned it was ascertained that the consent of seven-eighths of the property owners had been obtained from Marshall avenue to Como park and about three-fourths from Marshall to Summit avenues. It is believed that the replatting will be experienced in obtaining the consent of all the rest, and Lexington avenue improved and beautified is a possibility of the near future.

COMMON SENSE:

A Doctor Who Practices as well as Preaches.

Dr. R. V. PIERCE, the author of The People's Common Sense Medical Adviser. An important factor in the popularity of this work, is suggested by the two central words of the title—"Common Sense." It has been the author's aim in this work to strip from medical information its useless verbiage and tell the truth in plain English.

No phrase can better express the secret of Dr. Pierce's power or explain his success than that brief phrase "Common Sense." The theory formulated by Dr. Pierce that "diseases which originate in the stomach must be cured through the stomach," is a common sense theory. The alterative medicine, "Golden Medical Discovery," which Dr. Pierce invented to cure diseases of the stomach and its allied organs, is a common sense medicine. Its cures are common sense cures. A foul stomach fouls all the food which is put into it. It is the food which is made into life-sustaining blood. The stomach, therefore, which befoils the food befoils the blood which is made from the food. Thus, the symptoms indicating foul or impure blood are, in general, symptoms indicating a foul or diseased condition of the stomach. Eruptions, palpitation, weak lungs, sluggish liver, and scores of other diseases have been cured again and again when Dr. Pierce's Golden Medical Discovery has cured the weak stomach and restored the other organs of digestion and nutrition to a condition of healthy activity. The testimonial which follows is supported by thousands equally strong and equally reliable.

ITS RESULTS ARE AN UNCOMMON BOOK By an Uncommon Man.

Dr. R. V. PIERCE, the author of The People's Common Sense Medical Adviser. An important factor in the popularity of this work, is suggested by the two central words of the title—"Common Sense." The testimonial which follows is supported by thousands equally strong and equally reliable.

"Something over two years ago I commenced to have an extremely tired, worn-out feeling and kept getting worse," writes Mrs. W. S. Lindsey, of Chetopa, Labette Co., Kans. "Almost as much as I was discouraged, on my stomach and caused diarrhea. I had such a heavy feeling in my right side, just opposite my stomach, that I could not lie on my left side. It seemed that the weight in my right side was tearing something loose whenever I would try to lie on my left side, and then I commenced to have such a terrible pain in my stomach and right side. It would shift from my stomach to my side and then back again, and every time the pain would get harder, and it would last hours at a time. Nothing would ease me in the least except laudanum, and I would have to take two or three doses before that would help. I was perfectly discouraged. In the first place, these spells would be two or three weeks apart, but at last they came on regularly every other day. They would commence about eight o'clock in the morning and last until nine or ten o'clock at night. I tried three different doctors; one said it was malaria, another said it was indigestion, and the third said it was a nervous ailment. I could not bear to think of leaving my little children, but was so down-hearted and weak I could hardly crawl around. Was in bed most of the time. My mother said, 'Try Dr. R. V. Pierce's Golden Medical Discovery; others recommend it, and I notice his advertisement in everything I pick up.' My husband bought a bottle. I did not feel much better after taking the first bottle, but my husband bought another and said, 'We will give it a good trial.' Before I had taken all of the second bottle I felt better and commenced to work a little. I have taken six bottles, and now I am able to do all of my work. Am never troubled with my stomach or side any more. God has surely blessed your medicine, and I recommend it to everyone. My sister-in-law is taking it now, and it is helping her."

Struck With Bottle and First. While John Dipercella, a laborer, was taking a quick drink in a saloon on the upper flats, about 7 o'clock last evening, he became engaged in an argument with Mike Mercea and Joseph Mizzarappa. When he left the place the two men followed him, and in a moment that followed Dipercella says one of them struck him with a bottle and the other with his fist.

Hanging Lamp Exploded. The explosion of a hanging lamp caused a slight blaze at 8:30 last evening at the residence of C. Hoffman, at 21 Twelfth street. The fire was extinguished before any serious damage had been done.
