

S. E. SCARLETT THE BIG STORE

MINNEAPOLIS,

Is the best advertised and the most patronized spot in the whole realm, the scene of so many noteworthy attractions—of a long series of triumphs—and is today a Household Word in every Northwestern home. Within the last three months there has, by the building of an additional story over all, been added 25 per cent to its sal-ready mastodonic dimensions. This improvement is now completed, and all the changes thereby involved, in the various departments on the different floors, have been wrought, and now, enlarged, improved, reconstructed, reorganized—the object of renewed popular approval and enlarged patronage is ready to GIVE THE PEOPLE A FITTING ENTERTAINMENT IN APPRECIATION OF PAST AND IN ANTICIPATION OF FUTURE FAVORS.

Grand Easter Opening and Display of Spring Merchandise Monday, March 27th, 1899.

... Music by Professor Ringwald's Orchestra, Beginning at 2:30 P. M. Monday ...

SPRING MILLINERY!

Chic Creations for Easter.
Bewildering and Betwicing Exhibit to be seen for the first time.

MONDAY, MARCH 27, 1899.

Best exclusive display of high art headwear ever beheld in the Twin Cities. The most unique, dainty and delightful productions from renowned French, English and American designers, as well as charming conceptions and swell models from our own workrooms, will add interest to this interesting occasion and at once appeal, as never before, to the good taste of all lovers of the beautiful from far and near.

Not only do we show the greatest variety of the select, the exquisite, the exclusive in Millinery art, made up of all the best materials in the most popular shades—but our prices also appeal to you as being wonderfully low—made so with a view of attracting patronage of all—to continue to do as in the past—the Millinery Business of the Twin Cities.

Hats, Bonnets and Toques.

Largest and best creations from all the leading houses of Paris, embracing the greatest number of imported models we have ever displayed. Also a very large and attractive collection of dress and suit hats from our own workrooms.

Untrimmed Hats in endless variety, representing the best ideas of all the leading French, English, Italian, Swiss and American manufacturers.

Imported Flowers and Foliage in Every Desirable Style—Wings, Quills, Aligrettes, Paradise. Also Millinery Ornaments, straw and fancy Braids, Crowns, Malines, plain and fancy chiffons.

..... GRAND OPENING OF NEW DEPARTMENTS, CELEBRATING THE EVENT WITH A GREAT BARGAIN SALE.....

BIG DEAL IS NOW OFF

SALE OF THE LUMBER EXCHANGE TO THE MCCORMICKS FALLS THROUGH OVER A MILLION INVOLVED

Other Property Included in the Negotiations and for the Remainder the Deeds Will Be Signed—No Formal Offer for a New Chamber of Commerce Submitted—News of the Mill City.

GLOBE'S MINNEAPOLIS OFFICE, 20 WASHINGTON AV. SOUTH.

What are said to be the facts in the deal for the sale of the Minneapolis Lumber exchange leaked out yesterday. The deal involved \$1,500,000—all but a small portion of it in cash—to be exchanged for the Lumber Exchange building and other properties in Minneapolis. S. S. Small planned and carried the deal through to what would have been a success but for the complications chargeable to the proprietors of the building. This deal is now off, so far as the Lumber exchange is concerned, but the other property bunched with the building in Mr. Small's negotiations will probably be sold. Mr. Small secured an option on the Lumber exchange and several other valuable pieces of Minneapolis property, and went to Chicago and interested the Leland McCormick family in their purchase. Hall McCormick, son of Leland McCormick, twice visited Minneapolis in looking up the matter, the last time being the middle of this week, staying while here with a relative in St. Paul. He was accompanied by Thomas H. Kelly, of Chicago. After carefully looking over the building and talking with its owners, Mr. McCormick made Mr. Small a written proposition, amounting to about \$1,500,000 in the deal. Mr. Small having this written proposition called upon Mr. Akley and asked him to verify a certain statement. Mr. Akley refused. Thereupon Mr. Small returned the proposition to Mr. McCormick. On Monday Mr. Small goes to Chicago to close the deal with respect to the other property.

NO OFFER MADE. C. M. FOOTE IS ILL.

Ground for the New Chamber of Commerce Not Yet Secured.

CONSTIPATION

"I have gone 14 days at a time without a movement of the bowels, not being able to move them except by using hot water injections. Chronic constipation for seven years placed me in this terrible condition; during that time I did everything I heard of but never found any relief; such was my case until I began using CASCARET. I now have from one to three passages a day, and I was rich I would give \$100.00 for each movement; it is such a relief."
ATLANTA, GA.

REGULATE THE LIVER

generally understood that the proposition in regard to the new building for the Minneapolis chamber of commerce, which has been figured on by Thomas Lowry, was to have been submitted at some time during the past week, the chamber has not yet received the offer. The proposition has not been submitted and may never be submitted. It is learned on good authority that the forty-four feet directly on the corner of Fourth street and Second avenue, has not been secured and that it is very doubtful whether it can be secured. The erection of the building without this corner is out of the question.

LOT IN DEMAND.

Two Rival Bidders Anxious to Secure a Judicial Order.
There was a scramble in Judge McGee's court yesterday morning for a lot on the corner of Second avenue south and Fourth street. There were only two bidders, but each of them wanted the lot. Mr. Edmund G. Walton had an option on the property, subject to the approval of the court, the lot belonging to the Mayall estate, and being in the hands of O. M. Metcalf as trustee. Mr. Walton had paid \$500 for the option and had bid \$80,000 for the ground. His rival for possession of the place was George E. Bell, who was as anxious as could be to get \$80,000. The matter was postponed until Monday morning.

COMMERCE IMPROVEMENT.

Plans Have Been Already Completed for the Improvement.
Architect Kenyon has completed plans for the proposed annex to the Chamber of Commerce building. They call for a building with a frontage of seventy feet on Third street and a depth of 150 feet. The architectural lines are made to conform to those of the old building. The plans contemplate a trading room which will be both roomy and impressive. Mr. Kenyon declined to show the plans or discuss them, but it was learned elsewhere that they are very favorably regarded by all who favor the present building. Mr. Eustis' friends claim that the Lowry proposition is now as good as beaten, and that the annex will soon be put up.

It Is Feared That He May Be on His Death Bed.

C. M. Foote is probably on his death bed. Yesterday morning G. F. McNeill received a letter from James W. Lawrence, who is with Mr. Foote at Jefferson, Wis., saying that although Mr. Foote was in a desperate condition, heart pounding, stomach rejecting food, feet and ankles swollen, that he would attempt to convey him to Minneapolis, as the doctor did not think the journey would aggravate the patient's condition. Later Mr. Lawrence telegraphed Mr. McNeill to send a nurse at once, which indicates that Mr. Foote has become so much worse that he cannot be moved.

Hoodoo to Firemen.

Driver Alex Smith, of Engine No. 19, of the fire department, was painfully bruised yesterday morning in responding to a fire alarm from the box at Washington and Sixth avenue south. Horse Sleigh No. 11, from the Cataract engine house, on the East side, also had a runaway while going to this same fire. Fortunately none of the firemen were hurt. Truck No. 2 also had an accident in responding to the same alarm, breaking one wheel, but none of its crew was injured.

Contract Is Involved.

Charles W. Sexton has sued the Manhattan Fire Insurance Company of New York for \$10,000 for alleged breach of contract.

tract. The complaint states that the defendant appointed him its general agent for this territory, but that in violation of the contract it later appointed other agents and allowed them to enter his field.

Balm for Affection.

Emma Bergman has sued Martin Swanson for \$5,155 for alleged breach of promise. She claims he promised in February, 1888, to marry her, but that though she had spent a considerable sum of money for clothing and was ready and willing to marry him, he has continually postponed the ceremony and has failed to keep his promise of marriage.

MINNEAPOLIS BREVITIES.

The Hotel Brunswick building, at Fourth street and Hennepin avenue, is to be entirely remodeled, and brought thoroughly up-to-date in the way of the very latest modern improvements.

Fire broke out in the rear of the two-story frame buildings at 657-7, Washington avenue south yesterday morning, and for a time it appeared as though a big fire would result. The loss, however, proved to be slight.

The regular monthly meeting of the Hennepin County Teachers' association was held at the court house yesterday morning. The psychology lesson was conducted by Mr. Olson, of Hopkins, and was followed by a paper on "Child Labor in America," by V. Eddy. Musical numbers by Miss Hunt.

Arrangements are nearly completed for a game of basketball between the ladies' team of Macalester college, of St. Paul, and the West Superior normal school. Dr. William Holman Huff, chancellor of Montana Wesleyan university, at Helena, met with a distressing accident while in the city on a short stay, and now lies recuperating at Asbury hospital under the care of Dr. Dunsmoor.

The funeral of Miss Georgia V. Roberts, who died Wednesday at San Antonio, Tex., was held at this afternoon at 3 o'clock from the residence of E. H. Thibault, 105 Eighth street south.

Hotel Temple and one of the best known colored residents of the city, died yesterday of Bright's disease. She was fifty years old.

HUMORIST WEDS.

Robert J. Burdett will become a Presbyterian pastor.

LOS ANGELES, Cal., March 25.—Robert J. Burdette, the humorist, and Mrs. Clara B. Baker were married today at Pasadena. Mr. and Mrs. Burdette will make their home in Pasadena, where the humorist will fill the pulpit of the First Presbyterian church.

CENSUS OFFICIALS.

Director Merriam Names Two of His Principal Lieutenants.
WASHINGTON, March 25.—Director Merriam, of the census, has made the following appointments: the best known statisticians in charge of population statistics.

Improving the Burlington.

The Burlington road will spend something over \$500,000 during the present year in improving its tracks, rounded and bridges west of the Missouri river. Of this amount more than \$200,000 will be put into iron bridges.

CATARH CAN BE CURED.

Catarh is a kindred ailment of consumption, long considered incurable, and yet there is a remedy for it in any of its stages. For many years this remedy was used by the late Dr. Stearns, a widely noted authority on all diseases of the throat and lungs. Having tested its wonderful curative powers in thousands of cases, and desiring to relieve human suffering, I will send, free of charge to all sufferers from catarrh, Asthma, Consumption and nervous diseases, this recipe, in German, French or English, with full directions for preparing and using. Send by mail addressing, with stamp, JAMES H. NOYES, 520 Powers' Block, Rochester, N. Y.

PINE LAND PIRATES

THEY HAVE BEEN ACTIVE IN THE NEW TOWNSHIPS UP NORTH

STATE TIMBER WELL WATCHED

The Most Serious Deprivations Have Been Upon Sections Held by the Government—Large Lumber Companies Have a Small Army of Cruisers on Guard—Railway Companies Are Also Alert.

BRainerd, Minn., March 25.—(Special.)—Timber thieves have been reaping a harvest in Crow Wing, Cass, Beltrami and neighboring counties this season, and have caused the mills and lumber companies considerable trouble.

The Pine Tree Lumber company, T. B. Walker, E. W. Backus, the Gulf River Lumber company and others have had a small army of cruisers scouring the country in this vicinity all winter, but despite their vigilance some heavy trespass losses have been reported. A popular method of operating by timber pirates is to get into some out of the way place, cut the timber and when spring comes burn the "works," thus making detection impossible unless the trespass is discovered before the snow leaves the ground. Even then it is quite difficult to prove conclusively the identity of the operators, as they are very careful not to leave any of their marks in the woods.

In most cases they are irresponsible parties, and frequently the big mills have to pay for trespasses of timber which have been purchased by them in good faith.

Along the Brainerd & Northern Minnesota and Fosston branch of the Great Northern the pirate operators have cut a great deal of pine and successfully disposed of it. O. O. Winter, general manager of the Brainerd & Northern Minnesota, has reported two cases which have come to his notice in his official capacity. Mr. Winter said: "I have heard a great deal of late about timber being stolen and have had some experience along this line during the season in contracting for ties. The contractor delivered the ties according to agreement on the right of way some distance up the road. Shortly after a complaint was made by a lumber company that the logs used in making the ties had been taken from land owned by it. In such cases we are held responsible. Another similar complaint received a few days later led me to investigation in the matter, and for our own sake we are now making it a rule to contract with contractors without first receiving a sufficient bond. I think the other roads are doing the same thing."

J. M. Nevers gave it as his opinion that the Indians on the reservation had been better protected this year than in the past. As to the big companies operating in the future we will let no more stone unturned to protect themselves from loss from trespass; but with all their efforts timber was stolen every winter. The Pine Tree Lumber company and others, said Mr. Nevers, "use their mill crews during the winter in the woods, in addition to their regular cruisers, and the railroad companies enlist the services of the men in charge of the section to look after their stumpage. With all the lumbermen who own pine it requires constant care to protect themselves from timber trespass. There seems to have been a good deal of it this winter."

Mayor J. H. Koop, of Brainerd, was also seen and stated that he knew of a case of unintentional trespass in Aitken county, where the state had discovered it within a short time after, and the lumber

company was made to pay for the damage. He said the state and government looked very carefully after their pine lands, and that it was difficult for any of the little fellows to steal very much, as the public cruisers were through the country all the time. Unless the government agents were dishonest, it was hardly a possible matter to carry off any logs without being detected.

C. T. Howe, of the Howe Lumber company, said that state and government lands were pretty thoroughly protected in this vicinity. There is but little government stumpage near here that has not either been homesteaded or bought from the government, although there is a great deal still undisposed of up north. It is said here on good authority that the greatest deprivations outside of the reservation have been committed on government lands. This is accounted for the fact that the state watches its stumpage lands very closely and the big corporations and railroad companies have also exercised great care, while the government agents, it is alleged, do as little work as the law allows. At any rate it is charged that government lands are being cut by timber pirates and that during the present season some valuable timber lands have been cut over. In some of the new townships up north.

PREPARING FOR AN OUTING.

Wisconsin Editors Will Visit the Black Hills This Summer

SIoux FALLS, S. D., March 25.—The Wisconsin Editorial association having decided to visit the Black Hills on their outing this summer, arrangements are being made by South Dakotans for suitable entertainment of the visitors. Secretary Schlosser, of the Sioux Falls Business Men's league, is now in correspondence with the Wisconsin association of editors with a view to getting them to spend two or three days inspecting the eastern part of South Dakota before proceeding to the Black Hills. If the plan succeeds, the special train bearing the Wisconsin editorial party will enter the state at Milbank or Watertown, and from there proceed down the Sioux or James river valley to Elk Point, thence westward to the Black Hills. Frequent stops would be made and banquets, etc., furnished the visitors. The extra train and all other expenses incident to the journey through eastern South Dakota would be borne by the local rustlers. The excursionist will be made some time in June.

CREATED A PANIC.

Insane Woman With Two Revolvers Takes Possession of a Car.

MANDAN, S. D., March 25.—A woman named Jennie Homan, en route from Seattle to St. Paul, created a panic on train No. 4, which reached here at a late hour last night. With a revolver in each hand, she planted her back against a seat and threatened to kill anyone who dared to interfere with her. Dr. Furness, of Mandan, the Northern Pacific physician, with a deputy sheriff, boarded the train and took her off. While being disarmed she fired off one revolver, the shot grazing Dr. Furness' leg and entering the door. She is now at the hotel here and will be sent to the insane asylum. She is twenty-five years old and had a number of newspaper clippings from coast papers, describing her as being a dangerous, scheming woman.

STRAIGHT CITY TICKET.

The Democrats Select Their Nominees at St. Cloud.

ST. CLOUD, Minn., March 25.—(Special.)—The Democratic city convention was held today for the purpose of placing a ticket in the field for the coming spring election. The convention was very harmonious, there being no contest for the different nominations. This action by the Democrats, the first ever taken in this city, was with a view to reform and retrenchment in the city's government. The following ticket was nominated: J. A. McDonald, mayor; H. J. Rosenberger, treasurer; J. I. Donohue, city

justice; alderman First ward, C. J. Metzroth; Second ward, A. L. Crumb; Third ward, P. Spaniol; Fourth ward, Joseph Uptegrove.

JUDGE KINGSLEY IS SEVERE.

Sends Robert Owen to Prison for Life for Assault.

AUSTIN, Minn., March 25.—Robert Owen, of this city, charged with criminal assault on a seven-year-old girl, was yesterday sentenced by Judge Kingsley, of the district court, to the state's prison for life. John Anderson, charged with killing his wife last October, will have his trial during the adjourned term of court, which will be held, probably, some time in June.

PASTOR IS ACCUSED.

Dakota Divine Is Said to Have Assaulted His Wife.

FARGO, N. D., March 25.—(Special.)—Rev. W. L. Blanchard, pastor of the First Baptist church, is reported to have assaulted his wife Friday night, breaking her spectacles and bruising her face. Mrs. Blanchard, it is said, has consulted an attorney, and is contemplating a divorce. There will be no services in the church until the matter is settled.

Lively Election in Sight.

WILLMAR, Minn., March 25.—The village election here promises to be an exceedingly lively affair, and, as usual, the issuance of liquor licenses is the burning question. The liquor license has been at work during the winter, and on Monday came out with a call for village trustees to nominate a council, the different nominees to stand pledged against the issuance of saloon licenses. This aroused the opposition. A call is out for Republican caucuses to be held at the same places named in the anti-saloon calls, but one-half hour earlier. A citizens' caucus was planned, but is now given up, and the Republican ticket will have to fight. It is conceded to be a hard matter to get the license and no-license forces are about even.

Must Show Their Papers.

MADISON, Wis., March 25.—The marriage license bill passed the lower house of the legislature by a big majority, but without debate. This practically insures its passage by the senate by a fair majority. The bill as passed by the assembly provides that five days must elapse between the taking out of the license and the marriage ceremony, and that during the time the license must be kept on file and recorded by the registrar of deeds of the county where the parties or the bride resides, or, in case the parties are not residents of the state, in the county where the ceremony is to take place.

Exciting Land Sale.

WATERTOWN, S. D., March 25.—The sale of school land, under the direction of Commissioner of School and Public Lands, Gastman, was the most exciting ever witnessed here. There were sixty-four tracts of forty acres sold, ranging in price from \$10 to \$21 per acre. Nearly all the purchasers were farmers whose land had joined the tracts bought. The prices paid indicate that the farmers of Codington county have great confidence in the future worth of real estate here.

Superior City Tickets.

WEST SUPERIOR, Wis., March 25.—(Special.)—The Democrats today nominated ex-Mayor Charles Starkweather for mayor, Starkweather desiring to make the run against Dietrich, who defeated him last year by 36 votes. The Republican city convention renominated Mayor Dietrich, Comptroller Reedfers and Treasurer Hunter. Starkweather will run on the anti-slot machine platform and is for reform in city affairs.

Crookston Candidates.

CROOKSTON, Minn., March 25.—(Special.)—A. D. Stephens was named for mayor tonight on the citizens' ticket; P. L. Remus, clerk; L. S. Courrette, assessor; alderman-at-large, S. Rosenthal; by wards, J. E. O'Brien, T. G. Thompson, G. S. Chesterman, L. B. Gossman, C. A. Meyers.

Lumberman Attempts Suicide.

NARY, Minn., March 25.—James Rogers, an unmarried lumberman, 28 years of

age, born at Plattsburg, N. Y., attempted to commit suicide at Sullivan's lumber camp early this morning by cutting his throat. His recovery is doubtful. Drink appears to be the only cause. The authorities have taken him to Walker, where the hospital is located.

Horse Thief Is Sentenced.

LUVERNE, Minn., March 25.—There are only two criminal cases on the docket for the March term of court, now in session, with Judge Quinn on the bench. Erick Strandlund, the horse thief, pleaded guilty and received a sentence of two years and two months. William Simons was pleaded guilty to petty larceny and was given ninety days in jail.

Ordered to Manila.

WATERTOWN, S. D., March 25.—(Special.)—Leut. Herman Schull left for Baltimore this morning, having received orders to report for duty at once at Fort McHenry. Schull is a member, has been ordered to Manila, and will leave in a few days. Mr. Schull graduated at West Point in February last, and has been in the city visiting his mother.

Towne May Be Absent.

DULUTH, March 25.—Though ex-Congressman C. A. Towne is booked to speak at the Bryan banquet next week at Duluth, he will probably not be there. Mr. Towne is sick at his home here, and there is no prospect of recovery in time to attend the banquet. His trouble is blood poisoning and while very painful is not, it is hoped, serious.

Business Blocks Burn.

WEBSTER CITY, Io., March 25.—Fire this morning destroyed two business houses. Mr. loss is estimated at \$25,000 and is amply covered by insurance.

INQUIRY MAY BE HAD.

Senator Davis Interests Himself in Behalf of Fifteenth Minnesota.

WASHINGTON, March 25.—Senator Davis, of Minnesota, was at the war department today, making some inquiry regarding the recent action of Gen. Young in covering up the officers of the Fifteenth Minnesota. He was informed that the matter had been referred back to the proper authorities, with direction that, in case the colonel of the regiment desired it, a court of inquiry would be ordered, and all the testimony regarding the conduct of all the officers would be taken. The colonel of the Fifteenth Minnesota is Capt. Harry A. Lehnhauser, of the Twenty-fifth infantry.

A HUNDRED REASONS

Can be given why Stuart's Dyspepsia Tablets are the best and most effective cure for every form of indigestion. They are in the tablet form which retains their good qualities indefinitely, while liquid preparations become stale and useless with age. They are convenient, can be carried in the pocket and taken when needed. They are pleasant to take. After each meal dissolve one or two of them in the mouth and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach. They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products of fermented, half-digested food. Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach troubles and nothing else. One disease, one remedy; the successful physician of today is the specialist, the successful medicine is the medicine prepared especially for one disease. Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure. They increase flesh by digesting flesh forming foods. A whole package taken at one time would not hurt one, but would simply be a waste of good material. Over six thousand men and women in the State of Michigan alone have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets. Sold at all druggists at 25 cents per package.
