GAMES SCHEDULED FOR TODAY. Indianapolis at St. Paul (two games). Detroit at Minneapolis (two games). Columbus at Milwaukee (two games). Buffalo at Kansas City (two games).

St. Paul lost again yesterday at Lexington park, and that such is the case reflects not more credit on Indianapolis and the Hoosiers' left-wing twirler Sanders than it does discredit on the Saints'

Burke went to sleep at first base. This is not strictly true, either. The place where he went to sleep was about twenty feet east-northeast by east of first base, toward right field. Eddie was having a delightful time out there. The balmy breezes of expiring May were fanning his fevered brow, and he took a deep draught of nature's elixir at every What wonder that in his somnolent condition he did not observe that "Sarah" Motz, but a moment be fore his consort in his right field paradise, had gone back to the base, and that Pitcher Sanders, utterly careless of Burke's personal comfort, was about to throw the ball to Motz. It was too cruel. To think that the veteran base-running champion should get lost at a critical stage in the game, when the misplay his dream cost made a difference of not less than two runs to the local team, enough to have kept the score a tie

through the rest of the nine innings. Aside from this fatal mishap, and some distinctly turtlelike base running on the part of Glenalvin at another serious crisis, the game was an interesting contest of the pitchers engaged. The batting was very even, and the fielding support good. St. Paul's worst error was Fisher's muff. of a sky-scraper on the first ball batted in the game. Beville made one like it, and Bob Allen failed on the game occasion to sight the failed on the game occasion to sight the failed on the game. on two occasions to rise to the emergency which confronted him, but in neither case was his delinquency visible in the score. For the most part the safe hits were not better than singles.

Indianapolis got a good start when Fisher muffed Hogriever's high fly. Shar-rott sacrificed. Hogriever stole second, and went to third when Shugart let Spies' throw go through. Beville flew out to Geler, who made a fine running catch, and Hogriever scored from third. Motz hit a hot one to Glenalvin, who hadn't time to turn to first, but gave Shugart a fast throw. Motz beat the however, but went out trying to

Burke struck out, but Geler hit a hard one over second, which Allen fielded nicely, but hopelessly. Glenalyfn hit a long one to left, but "Sharrott got it. Stewart threw Lally out, and the Hoosiers were one ahead on the inning. IF BURKE HAD CAUGHT IT?

Fisher gave Flynn a base, but Allen's Iner was taken in in good style by Shugart, and Dibby was doubled out at first. Burke misjudged Stewart's fly, and Asa went to second. Hickey put a safe one in center, but was thrown out trying to get to second on it. He was put out, but Stewart had already scored. Isbell's high drive fell safe in center. Hoffmeister bunted, and Sanders did not get to the sack in time for Motz's throw. Sanders threw Shugart's bunt to third. Fisher stopped Sanders' hot drive, but Hogriever lined a fast one just out of Shugart's reach. Sharrott forced George, but beat a double, the umpire said. Lally's sensational catch of a hard drive well toward center helped the locals out

of a bad hole.

Fisher walked by courtesy of Sanders, but was forced by Burke, who beat a double. Geler put another fine hit into center field. Glenalvin flew to Flynn, Lally to Hogriever.

Motz hit a hard drive to right to open the fourth. Flynn sacrificed. Motz stele.

Spies opened St. Paul's half with a fast grounder over short, but Fisher forced grounder over short, but Fisher forced him on a fast one to Stewart. Flynn could not reach Burke's fly. Eddle was caught off first, where he may or may not have been dreaming of castles in Spain, but distinctly and evidently was not attending to business. Geier's fine three bagger to right consequently drove in one run, instead of two. Sanders gave in one run, instead of two. Sanders gave Glenalvin four wide ones and Lally was in a position to save the day, but his grounder went too close to see Glen was forced. Burke's siesta had cost the locals two runs.

Deville flew to Lally and Shugart threw out Motz. Geler took Flynn's high one. Isbell batted a slow one to Stewart and beat it. More dissatisfaction was caused by Mannassau when he gave Indianapolis the decision at first on Alleh's bunt. Stewart retired on bunt strikes. Hickey hit safely to left, but Sanders forced Allen. Burke caught Hogriever's fly and no one

will play two games today as is usual on Memorial day. The morning game will be called at 10:30 and the afternoon contest will be later than usual, as a special bill has been arranged at the request of the lacrosse clubs of the Twin Cities. These clubs will play a game one hour in length, beginning at 3 o'clock, and the one price of admission will cover both centests. The base ball game will be called at 4:15.

Denzer will pitch for the locals in the forenoon, and McGill in the afternoon, unless the present plans are changed. Scott and Kellum will probably confront the Saints.

Tonight the Saints start for Detroit, where they are to play Thursday. They make the entire Eastern circuit and Mil-waukee and Kansas City on this trip, making a full schedule of eighteen games away from home before returning June 22. Jack Menefee, of Minneapolis, had the visitors from Detroit at his mercy most of the time yesterday, at Nicollet park, while big Thomas was given a very start fielding game by Minneapolis and four costly errors by the guests helped four costly errors b suited in runs, and hitting one man with a pitched ball, but he was effective at the right time, and kept the hits well scattered. In addition Menefee made three hits out of four times at bat, and batted in three runs besides his own. In

the sixth inning with two out and two men on bases Jack hit the sphere over the right-center fence for a homer. The Millers appeared to have complete ly recovered from their temporary loss of batting form, and waded into Mr Thomas to the extent of fifteen hits, in cluding three two-baggers and Menefee' homer. Wilmot and Menefee led the bat ting list, with three hits aplece, whil Abbatchio, Smith and Carey each got couple. The home team also played a perfect fielding game, and several hits which looked quite safe were gathered in by the infielders.

Umpire Sheridan put Perry Werden out of the game before it started be-cause Perry threw the ball at Sheridan napping at second. Then he tried to score on Allen's hard one to Fisher, but was caught at the plate. Allen, however, scored, when Geier let Stewart's single get away from him. Hickey struck out, Isbell was called out on a third strike that nearly hit his head. Hoffmeister gave Hickey a pop-up. Shugart was thrown out by Allen.

Shugart threw out Sanders and Burke made a nice running catch under Hogriev.

Lots of misinformation is floating about nowadays concerning the government use of the typewriter. A leading New York daily recently stated editorially that the use of the typewriter in the government buildings in Washington had only become general during the past year. As a matter of fact a careful census made four years ago of thesebuildings showed theuse of over 1,600 Remingtons alone, a number which has since been greatly increased. The truth is that Uncle Samuel is an old patron of the typewriter. It isn't strange, either. The strange thing is that so many of our newspapers have taken so long to find it out.

Considerable excitement was created at Fifth and Robert streets, shortly before 7 o'clock last evening, by the falling of the city railway company's network of trolley wires. For a number of years I have been a sufferer from bilious sick headache, and as is the custom of many, tried almost every remedy that I could hear of. A little over a year ago a kind friend at Albany obtained a promise from me that I would try Ripans Tabules. I procured a 50-cent package, put up in little glass vials, and in a very short time the change for the better was so marked that many of acquaintances, among them my kind doctor, asked me what was the cause of my improved conditions. Ripans Tabules were so effective in my case that I gave them to my husband, and I certainly think it was due to them that his life was spared through the winter. I soon learned that the Tabules were put up in a cheaper form, so procured twelve of the paper cartons for 48 cents, and found them just as effective and so much cheaper, which was very acceptable to me. After using that quantity I felt sufficiently restored to discontinue their use, having gained in flesh and being able to partake of foods that before were out of the question. Along in October of this year I began to awaken mornings with a severe, dull aching pain at the base of the brain, and after I was up awhile a fit of drowsiness would come over me, and it did not matter what I was doing, I found it almost impossible to keep awake. I bethought of Ripans Tabules and at once sent for a twelve-carton package. I had no trouble to keep awake after I had used four or five Tabules. I feel that I can not praise Ripans Tabules too highly.

A new style packet containing TEN RIFANS TABULES in a paper carton (without glass) is new for sale at drug stores—FOR FIVE CENTS. This low-priced sort is intended for the poor and the economical. One of the five-cant cartons (125 tabules) can be had by mail by sending forty-eight cent to the RIFANS (NEC CONFANT, No. 16 Sprince Street, New York—or a single carton (TEN TABULES) will be sent for five cents. R TABULES may also be had of grocers, general storekeepers, away agents and at liquor tors and bather shops
