\$5.00

It will pay you to read every word. Study every price in this ad. One cannot make a mistake trading here. Every purchase that leaves this establishment is guaranteed equal if not better than represented, or money cheerfully refunded.

BIG DRAFTS BOGUS

FACE VALUE OF THEM RUNS UP INTO THE HUNDREDS OF THOUSANDS

ARRESTED IN MINNEAPOLIS

A Mr. Jacobson, of Montana, Who Brought the Securities to the Twin Cities, Taken in Charge by the Police—Prisoner Says He is an Innocent Victim—The News of Minneapolis.

GLOBE'S MINNEAPOLIS OFFICE, 50 WASHINGTON A. SOUTH Telephone 2798 J-1.

Charles Jacobson, of Montana, is under arrest at Minneapolis, charged with an attempt to obtain money upon bogus drafts. He came to Minneapolis Monday with ten \$5,000 drafts in his pocket. He called at a number of banks and business houses and presented one of the drafts for payment. He was refused. At last he went to the People's bank. The cashier declined to cash the draft, but told Jacobson that he would telegraph to the New York bank on which it was drawn and see if it was all right. Jacobson advanced the money to pay for the telegram and waited patiently for an answer. He called at the bank about 3 o'clock and a reply had not been received. He was told to call again Wednesday. In the meantime the police had been notified of Jacobson's strange

actions, and the man was arrested by detectives.

Monday night the People's bank received a telegram from New York stating that the First National bank, of Twin Bridges, Mont., the bank which had drawn the drafts, had not money on deposit in the Eastern institution.

When arrested Jacobson had in his possession nine other drafts of the same denomination, and all drawn by the First National bank, of Twin Bridges, New York. The checks were signed, D. E. Hub, cashier. They were stamped properly with revenue stamps, and had latter were cancelled by "Hub, Nat'l Bank."

"In a cell at the lockup, Jacobson told his story. "I am just a poor man, and I have a logging claim in Montana near Kallispell. I live on it with my wife and one daughter, who is a small girl. I was in Butte one day not long ago and met a man who told me his name was Hub. He said that he was cashier of a bank at Twin Bridges, and that he had just sold a mine for \$250,000. He said that he had the drafts for the money in his pocket, but that somebody would have to come to Minneapolis or St. Paul to get them cashed."

"He told me that he thought I was a good, honest man, and he would trust me to get the money and bring it back to him. He asked me to tell any ladies, anybody about it, for he did not want people to know that he was going to get so much cash. He did not tell my wife, but came here while she thought I was prospecting for another timber claim."

It is reported to the police that Jacobson, before his arrest, left several of the bogus drafts at various places as security and in this way secured a number of small advances.

RECEIVE DEGREES TODAY.

Will be Conferred Upon Members of the University Graduating Class.

The graduates of the University of Minnesota in this year's class will receive their diplomas today. Three hundred and twenty young men and women will take degrees. The class is considerably larger than that of last year and is one of the largest though not the largest class that has ever been graduated. The commencement address will be delivered by Cyrus Northrup, president of the university. The conferring of the degrees will be held at the university building. The annual alumni dinner will be served in the right wing of the armory at 1 p. m. and will be followed by an informal reception by President and Mrs. Northrup. The evening will be devoted to class reunions.

Rudolph A. Lee, manager of the university, has been elected president of the graduating class, will not receive his diploma today with the rest of his class. He was indefinitely suspended by the faculty for permitting a Sunday ball game. The regents yesterday referred the question of whether or not Mr. Lee should receive his degree, back to the faculty, after approving its action in suspending the offender. Later in the day, at a special meeting, the faculty by unanimous vote approved its action at the previous meeting.

An audience of several hundred persons enjoyed Dr. Thomas Corwin Mendenhall's lecture on "Some Early Developments of Exact Science in America" delivered before the Sigma Xi honorary society in the university chapel last evening.

Anthony Kelly Goe, a resident of Minneapolis since 1858, died at his home last evening at about 3 o'clock. Mr. Kelly had been confined to his bed since Dec. 11, and the end was not unexpected, although it came, none the less, as a crushing blow to the family. Death is attributed to heart trouble brought on by rheumatism.

MINNEAPOLIS BREVITIES.

Mayor Gray appointed Lieut. Swan Walton successor of Capt. Ness at the board of trade yesterday passed a resolution favoring the mustering out of the Thirtieth regiment at Minneapolis. The annual meeting of the Minneapolis Red Cross society was held at Plymouth church last evening. The state yesterday bid in the remain-

ing assets of the State Bank of Minneapolis, \$400,000 face value, for \$5,000.

Allan Stanwood, of Northfield, was found in an unconscious condition yesterday morning in a lodging house at 25 Washington avenue south, suffering from the effects of a dose of laudanum. He will recover.

The funeral of Ernest L. Arnold, one of the victims of the Waterloo wreck of Sunday morning, occurred yesterday afternoon from the family residence, 316 Second avenue south.

The school board at a meeting held yesterday selected teachers for the year, passing over the principals for the time.

WICKED NEW YORK.

Maxet Committee Resumes Its Legislative Inquiry.

NEW YORK, May 31.—The assembly investigating committee resumed its sessions here today, Chairman Maxet presiding. Police Commissioner York was the first witness called, and a questioner him at considerable length as to the attitude of police commissioners towards the conduct of the women in the boxes as indicted.

Tombs prison management was taken up, Warden J. H. Hagen being called to the witness chair. Warden Hagen said there were about 300 prisoners in the Tombs, of whom forty-nine were women, twenty-five of them awaiting trial. During the day, he said, the women are allowed to converse in a corridor, which is about seventy-five by twenty feet. The same food was provided for all classes of prisoners.

Women who had been imprisoned in the Tombs testified that they were not afforded the necessary facilities for cleanliness, and one of them, who had been accused of connection with a gang of swindlers, swore that the officer who took her from prison to court insulted her.

The witness also complained that in the corridors she was brought into contact with the most depraved of women, whose behavior and language were disgusting. Roger Sheedy, receiving clerk of the Old Dominion Steamship company, testified that, wishing to become a policeman, he had been taken, on May 18, 1888, by Policeman Dugan, to a man named Hart, in the liquor business, and at Dugan's suggestion, had given Hart \$400 to secure him a position on the force. Hart told him he would have him appointed in about two months and then called. She had introduced a young man named Cunningham to James J. Hassett, a solicitor in insurance, because Cunningham wished to get on the police force, and Hassett said he might get him on.

Cunningham was then called. He swore that Hassett said he could put him on the force for \$400. He gave Hassett \$200 down and Hassett gave him a receipt. That was in July, 1888, and his application was filed in August. Soon after he met Hassett and the latter told him he had turned over the money. Hassett asked him for \$600 more to "push the thing along." He got his examination papers, which Hassett told him to bring to him, so that he "could fix the examiners." Later Hassett told him that Hart had gotten into trouble. Then he had Hassett arrested and he was held in police court for trial. The receipt from Hassett was put in evidence by Mr. Moss and witness testified that the \$200 had been given to Louis Phelps, civil service commissioner.

Additional Train Service on the I. & M. Division of the Milwaukee.

Increasing business and prosperous conditions have impelled the Chicago, Milwaukee & St. Paul railway to add another passenger train to run between St. Paul, Minneapolis and Austin. This \$200,000 double service on the Iowa & Minnesota division, beginning Monday, June 6th, a local train will leave Austin 6:05, Faribault 7:30, and Northfield 7:57, in the morning, reaching St. Paul at 9:30 and Minneapolis 9:50 a. m. Returning this train will leave Minneapolis 6:50 and St. Paul 7:20 in the evening, enabling the people on that line to put in a full day in the Twin Cities. This service is in addition to the daily train which leaves Austin at 7:25, Faribault at 8:05 and Northfield at 8:38 a. m., reaching St. Paul at 11:15 and Minneapolis at 11:35 a. m., and returning leaving Minneapolis at 4:30 p. m., St. Paul 4:40 p. m.

REVOLUTION IN CUBA

ALLEGED PLOT IS REVEALED TO AMERICAN AUTHORITIES BY A SPANISH MERCHANT

CONTRIBUTED TO A FUND

Was to Receive in Return Favorable Treatment by the Future Possible Government—Extent of the Proposed Rebellion Only Known to Americans Through Statement of the Spaniard—Date Not Fixed.

HAVANA, May 31.—The military authorities here have been informed that a conspicuous leader of the late military assembly recently collected thirty centavos from a wealthy Spanish merchant in this city, representing that it was a contribution to a revolutionary fund. The merchant gave the money on the assurance that it would secure him a favorable status with the possible future government. Then, in order to secure favor with the Americans, he revealed to them what he knew. The extent of the proposed rebellion is only known to the Americans through this informant, and

whether there is any foundation for the suggestion cannot be ascertained from the merchant, as he was told that it would not be attempted for several months.

The decree giving legal sanction to civil marriages only has been approved by the governor general. A clergyman of any church, however, may perform an ecclesiastical marriage afterward. By the terms of the decree a certification to the court, made by an ecclesiastical authority, is no longer to be required. Under this old regime this certificate sometimes cost \$100. The decree is favorably regarded, as tending to increase the separation of church and state.

Countess O'Reilly and Senor Duplessis, descendants of the famous captain general of Cuba, Marquis O'Reilly, who are the principal beneficiaries of the O'Reilly slaughter tax, have appealed to the governor general against Maj. Gen. Ludlow's decree abolishing the concession, which was yielded the family, it is estimated, millions of dollars.

The payment of the Cuban troops continued today at Santiago de los Vegas. Gen. Esquerro, commanding the Cubans near Cienfuegos, has secured positions and holdings of land for 500 of his men, among whom there is a determination to accept the American gratuity or to surrender arms. According to advices from Matanzas the third Cuban corps has made a similar decision.

The Havana papers ridicule Capt. William Pitcher, president of the Havana police court, for having issued a decree of divorce. A dispatch from Guanajay says that

eighteen or twenty mounted men cut the telegraph wires, and entered the town of Mariel, Province of Pinar del Rio, and while two held the avenues leading to the town, firing incessantly and caused a panic, the others looted stores, carried off a safe on a hand cart, and attempted to set fire to a number of places. Fortunately no one was hurt. The perpetrators of the outrage escaped by the main road, along the line of the old trocha.

CRAZED WITH DRINK.

George Stalker Shoots His Father, Mother and Himself.

MAYVILLE, Mich., May 31.—George Stalker, aged 23, late today shot his father twice, his mother once, and then sent a bullet into his own head. It is thought that the father was mother will recover. Stalker died half an hour after shooting himself.

Young Stalker had been drinking and his parents were remonstrating with him for quarreling with a neighbor.

STILLWATER.

Traveling Man Sent to Jail for Disorderly Conduct—New Line.

C. S. Revolt, a traveling salesman, and Florence Pires, the latter claiming to hail from Menominee, Wis., were arrested Tuesday night, charged with disorderly conduct, and in police court yesterday morning can be required to furnish each. They failed to turn over the necessary cash and went to jail for thirty days. Engebret Engebretson has been re-

ceived at the prison from Nicolet county, to serve two years for assault. George Watson, received from Otter Tail county, will serve a reformatory sentence for grand larceny.

The remains of Mrs. Jacobs, who died at Anoka on Monday, were brought to Stillwater last evening and the interment occurred at Fairview cemetery. The interurban line grading crew has moved closer to the city and is now at work about four miles west of Stillwater. The line will reach Stillwater early in July.

TWO GIRLS DROWNED.

Were Out on Prairie Lake When Their Boat Capsized.

TOMAHAWK, Wis., May 31.—Miss Katie Lee, aged 16, and Miss Maud Anderson, aged 17, were drowned in Prairie Lake, ten miles north of here. They were out in a boat by themselves and were capsized.

MONEY IS VOTED.

New York Will Welcome Dewey in Grand Style.

NEW YORK, May 31.—The board of aldermen today adopted the report of the committee on arrangements recommending an appropriation of \$150,000 for the purpose of welcoming Dewey home.

CASTORIA.

Bears the Signature of Dr. A. T. Sanden

STRONG CLAIMS But Fully Justified by the Facts

"DR. SANDEN: I notice in the newspapers that you make some very strong claims for the curative virtues of your Dr. Sanden Electric Belt. Please send me your book, 'THREE CLASSES OF MEN,' which you say tells about it." So writes a correspondent to Dr. Sanden.

The claim made by Dr. Sanden's Electric Belt is that it cures Rheumatism, Kidney and Liver Troubles, Varicocele, Stricture, Weak Back, Dyspepsia, Nervous Debility and all Weakness and Derangements due to lack of nerve and vital force in the system.

DR. A. T. SANDEN, Originator of the celebrated home treatment for the cure of all Chronic, Nervous and Wasting Diseases without drugs or medicines.

THESE ARE STATEMENTS OF FACTS WHICH YOU CANNOT AFFORD TO IGNORE:

Testimonials of few cases have been published daily. Testimonials of Northwestern people, with names and addresses given in full, making it an easy matter to ascertain their truthfulness.

When you get reputable business and professional men, as well as honest and hard-working mechanics and laboring men, volunteer statements of fact like the foregoing, you simply cannot afford to ignore them, but must be convinced that the Belt possesses extraordinary curative powers. Dr. Sanden's book, 'THREE CLASSES OF MEN,' gives full information and many more testimonials as good as the above. You can get it free, at office, or by mail, closely sealed.

helped me in other respects. I am very thankful for the interest you have taken in me, and I assure you I shall never forget it. Yours very truly, J. O. BURKE, Drummond, Wis.

Dr. A. T. Sanden—Dear Friend: Your electric belt is proving to be all right. I have used it a few days, and I tell you it has done me more good than all the medicine I have taken within the last three or four years. Yours truly, WM. BOYLICK, Flandreau, S. D.

Tomahawk, Wis., May 12th, 1899. Dr. A. T. Sanden: It was just a month yesterday since I commenced to use your belt. I have used it every night with the exception of two nights, and I am glad to state that I sleep very good now; my nervous system is better and my varicocele is nearly gone. Yours, J. GUSTAFSON.

Is Very Grateful, and With Good Reasons. A little over a month ago I sent to you for a belt, which you sent me. I changed and put on the belt the same evening. It was received, and I have worn it every night since. I have received great good from it; my back and kidneys are entirely cured. My memory is better and so is my eyesight; life seems so much sweeter. I

feel as though I could pick up a house and carry it. My heart was in the habit of stopping quite often. I cannot describe that awful feeling that came over me when it would stop. I think it is like death. My heart has not stopped since I first put the belt on, and this is worth so much that I shall ever feel grateful to you. Yours truly, NICHOLAS SEDORE, Neche, N. D.

As Represented. Dr. A. T. Sanden—Dear Sir: We bought two belts from you about three months ago, and we have found them to be just as represented. The regulator is the grandest thing about it—the current can be regulated satisfactorily every time, and it has proven a big success to all of us. Yours truly, JAS. & H. GILLET, Props. Gillett's Iron Works, Lake City, Minn.

Consider It Far Superior to Any Medicines. Dr. A. T. Sanden: The belt I purchased seven years ago has given me the most satisfaction. Used by myself for lame back and rheumatism of the spleen, and by my wife for female weakness, giving permanent relief in both cases. I consider it far superior to any medicines in all cases for

which it is recommended. Yours truly, F. F. GRISWOLD, Locomotive Engineer Great Northern Railway, 209 Sherburne avenue, St. Paul, Minn.

It is Easy to Apply and Not Costly. For the past three years I have used a No. 5 Dr. Sanden Electric Belt, off and on, with entire satisfaction. The belt now is as good as new, is easy to apply and in no way complicated. J. H. THOMPSON, Merchant Tailor, 118-120 Hennepin av., Minneapolis Minn.

Worth Its Price Many Times Over. Dr. Sanden: The \$15 belt I bought from you has been worth its price many times over. Like many railroad men, I had been troubled with my back and kidneys. When I got the belt I was in such bad shape that had you laid \$100 on the floor and told me I could have it if I picked it up, I could not have done it. But since using the belt I have had no more trouble with my kidneys, and once in a while when I feel a little pain in my back I use the belt a few hours, and it never fails to cure me. A. L. COX, Conductor Omaha Road, 769 Iglehart Street, St. Paul, Minn.

SANDEN ELECTRIC CO., 233 NICOLLET AV., CORNER WASHINGTON, Minneapolis, Minn.

OFFICE HOURS—9 A. M. TO 6 P. M. SUNDAYS—10 TO 12 A. M.

MARRIED HAPPINESS

is dependent upon the health of the wife more than on any other one thing. If a woman is troubled in a distinctly feminine way the most delicate nerves of her body are in a state of commotion. She has headache and backache. She is listless and spiritless. She is cross and blue. She feels that life is not worth living and her temper reflects the condition of her nerves. Poor, suffering wife—poor, distracted husband. If the husband is a cheerful, good-humored man he will sympathize—if he is nervous, tired and irritable himself, he will probably go off to the club or seek elsewhere more congenial company.

A sick woman is to be pitied because she is miserable and because she has not yet learned that Dr. Pierce's Favorite Prescription will make her well.

The "Favorite Prescription" was developed over thirty years ago in the regular practice of Dr. R. V. Pierce and was then, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y.

Since then it has been used by millions of women and has brought health, happiness and contentment to as many homes.

My wife was sick for over eight years," writes Albert H. Fuller, Esq., of Altamont, Grundy Co., Tenn. "She had uterine disease and was treated by two physicians and got no relief. At last I read about Dr. Pierce's Favorite Prescription. I sent to the drug store, got one bottle and the first dose gave ease and sleep. She had not slept any for three nights. Being sure that it would cure her I sent for five more bottles and when she had taken the sixth bottle she was sound and well. We now have a fine boy at our house."

The "Favorite Prescription" contains no alcohol and no opium or other narcotic, and is perfectly harmless in any condition of the system.
