

The story of Robert Barr to appear in the Globe next Sunday is entitled **Diamonds of the Princess.** There are eight more of these great stories. You cannot afford to miss them.

INSULT TO LOUBET

PRESIDENT OF FRANCE HISSED AND HOOTED BY ADHERENTS OF THE ARMY

ONE BLOW STRUCK AT HIM

AFFAIR AN ORGANIZED DEMONSTRATION AND THE RIOTING PROVED SEVERE

COUNT CASTELLANE ARRESTED

Anna Gould's Husband Involved, While She Herself Took the Side of Those Who Opposed the Executive—The Government Determined to Meet the Outbreak by Severe Measures.

PARIS, June 4.—President Loubet, accompanied by the premier, M. Dupuy, and the chief of the military household, Gen. McCall, drove to the Auteuil races this afternoon, closely followed by M. Loubet in a second landau. As they drove along the Avenue des Champs-Élysées the crowd bowed respectfully, but on arriving at Auteuil they were met by a violent demonstration, evidently organized and directed against the president. There was a storm of hoots, yells and cries of "Fanaam!" "A bas Loubet!" and "Vive l'armée!" A few shouts of "Vive Loubet!" were drowned in the clamor.

During the second race the clamor increased to violence, and was plainly directed by a committee of the League of Patriots, collected with their supporters before and behind the presidential stand, around which a formidable array proceeded. During the grand steeplechase many blows were struck and several policemen were injured in their endeavors to prevent an invasion of the presidential stand.

At the crisis of the excitement, while shouts of "Vive l'armée!" and "Vive l'armée!" were heard on all sides, Count Christiano rushed towards the president, brandishing a stick, and directed a blow at him, striking his hat. The crowd rushed upon Christiano, who only escaped severe handling by being taken under police protection.

President Loubet remained all the while quite unmoved, taking in the disorder, while the members of his military household were defending him against violence. Finally after thirty arrests had been made, the prefect of police ordered the republican guards to surround the presidential stand. The principal leaders of the demonstration were M. Joseph Lestour, anti-Semite and Nationalist, and M. Firmin Faure, anti-Semite and Nationalist deputy for Oran, Algeria.

Police Inspector Guiller had his head seriously wounded, and President Loubet has since bestowed on him the Legion of Honor, in recognition of his devotion to duty.

ORGANIZED AFFAIR

It seems certain that the demonstration was organized by the Jeuneuse Royaliste and the League des Patriotes and the anti-Semites, the rallying signal being a carnation in the buttonhole. Count Christiano is a member of the Steeplechase society, a very select body, and his conduct has produced the greatest excitement.

A special council was summoned at 9 o'clock this evening to consider the situation, and important measures were connected to be submitted to the president and the cabinet tomorrow for the preservation of order. The ministers who were in session until 11 o'clock, maintain strict reserve as to the nature of these measures, but a semi-official note has been issued, which says:

"The government will act with the greatest energy and will impose respect for the president and the state."

It is expected numerous arrests will be made in the morning. There is some fear of a renewal of the disturbances, although the demonstrators are of the most thorough character, and at late hour this evening more or less excitement is still observable on the boulevards.

LOCKING FOR PAY.

The Cubans at Guines Are Anxious to Get Their Money.

HAVANA, June 4.—According to a dispatch from Guines, Lieut. Col. George M. Scott arrived there yesterday to receive the payment of the Cuban troops, slipped on a piece of banana peel today and fell, fracturing his left leg. He declines to give up his leg, he is in hand, and was in attendance all day at the disbursement office.

The pay chest arrived there was met by a large crowd, and the guards had considerable work in keeping the people back. Col. Randall made 174 payments today, and received thirty-seven applicants. The payments made today brought the total up to 417, and there was a large crowd still waiting at 5 o'clock, when the office closed.

ST. PAUL MEN ARRIVE

In Kansas City to Secure Next Meet of the Woodmen.

KANSAS CITY, June 4.—Delegates from all directions arrived today by thousands to attend the coming convention of the Modern Woodmen of America. Head Count William Northcutt, of Illinois, arrived today, and opened headquarters at the Coates house. Headquarters here also been opened by Maj. G. W. Hawes, head clerk of the order, who is a candidate for re-election, and F. Crocker of Iowa, who wants to be head banker.

The first business session will begin Tuesday morning.

A special train from St. Paul arrived this morning, bringing a determined lot of delegates, who immediately began working for the next meet.

MYSTERIOUS CONFERENCE.

Mr. Melkjohn and Gen. Corbin Called to the White House.

WASHINGTON, June 5.—Acting Secretary of War Melkjohn and Adjutant Gen. Corbin had a conference with the president after midnight tonight. They had been summoned by the president. Mr. Melkjohn and Gen. Corbin were with the president about half an hour, leaving shortly before 1 o'clock. The lateness of the meeting attracted more than usual attention, as there has been no recent occasion for late conferences.

Upon return to his hotel Mr. Melkjohn said, in response to all inquiries that there was nothing to make public, and that the subject under consideration was not of a serious nature.

SHIP SUBSIDY BILL

MR. PAYNE BELIEVES ONE WILL BE PASSED BY THE NEXT CONGRESS

EXPORT TRADE INCREASING

IF IT IS TO BE HANDLED BY AMERICAN SHIPS EARLY LEGISLATION IS NEEDED

HENDERSON BY ACCLAMATION

General View in Washington of the Speakership Contest—It Is Not Shared by Mr. Joy, of Missouri, Who Believes the Race Is Still an Open One—No Trouble in Prospect.

WASHINGTON, June 4.—"I believe that next congress will pass a subsidy bill," said Representative Payne, of New York. "The time certainly seems to be right for such action. Our export trade has increased and I don't see how it can help increasing still further in the future. Business in the West, colonies and the far East is bound to pick up rapidly. We should carry that trade in our own ships and not transport it under foreign flags. In order to accomplish this it will be necessary to provide legislation to aid the American merchant marine."

When asked if he believed the house and senate committees would be able to reach an agreement on the currency bill Mr. Payne said:

"I do, and I think the bill will pass early in the session. I see nothing serious in the way of a satisfactory understanding between the house and senate on a bill which all Republicans can support."

MR. JOY'S VIEWS.

Representatives Joy, of Missouri, does not believe Col. Henderson, of Iowa, has by any means won the race for the speakership. "It is impossible to tell at this juncture," he said, "what effect the withdrawal of Mr. Hopkins will have on the other candidates. I still believe it is an open race and the contest will not be determined until the caucus meets. The withdrawal of Mr. Hopkins is quite a surprise. I think he was a little premature. You know I am a candidate for the speakership and expect to have the solid Republican delegation from Missouri behind me. You can say I will not withdraw until the last hour. There are two Republicans besides myself in the Missouri delegation, and I do not see why we shouldn't hold the balance of power and get some good chairmanships by withdrawing at the proper time."

STILLWATER.

Output of the St. Croix Boom—Iron Poles Set Up.

The output at the St. Croix boom during the week amounted to about 15,000,000 feet, making the total output thus far this season nearly 100,000,000 feet. William Fote, of Oak Park, will have a hearing in the municipal court today on a charge of assaulting Frank Hefty, of Oak Park.

The public school of this city close for the summer vacation next Friday afternoon.

The street railway company has almost completely completed the center line on North and South Third streets, and the company is now awaiting the arrival of rails so that active work on the lines can be commenced. The rails will arrive in a few days and the grading crew will probably be at work in the city in the course of a week or ten days.

The Stillwater Maennerchor gave an excursion to the Falls yesterday on the steamer "Vesta" and returned at 10 o'clock.

LOOKING FOR TROUBLE.

The election of a speaker and other officers of the house without a long and exciting fight is so unusual the politicians are beginning to look around for evidences of trouble, but without effect. Henderson more than has enough votes already in sight to nominate him, and the minor officers are likely to be portended to particularly satisfied delegates will decide on the precise man.

One result of the early settlement of the speakership question will be to expedite business in the house, as Henderson will be able to spend the summer picking out chairmen without much regard for a possible influence on his own chances of election.

When asked what he thought of the story that Mr. Hopkins had been promised the leadership of the ways and means committee in return for his withdrawal from the speakership race Chairman Payne, who succeeds Mr. Dingley as leader of the house, smiled and said: "I've been thinking it was about time for that story to make its appearance."

HENDERSON HAS WON.

More Than a Majority of Votes Are Pledged to Him.

CHICAGO, June 4.—Congressman David B. Henderson, of Iowa, today received enough pledges by telegraph and mail to give him 120 votes in the Republican caucus when it meets in Washington. As 93 votes constitute a majority of the Republicans, Henderson has given the Col. Henderson has ballots to the good and more states to hear from.

Word came to Chicago today that James S. Sherman and Seneca Payne New York's rival aspirants for the speakership, will withdraw from the contest in a few days, thus making Col. Henderson's election unanimous.

When Col. Henderson's mail and telegrams showed he had passed the majority, with votes by telegraph and mail to his colleagues in the house, as telling them there was no need to hold the caucus in Des Moines, which had been called for tomorrow to lay out plans for a vigorous campaign.

ALL FOR HENDERSON.

New York Will Declare for Him to Succeed Reed.

NEW YORK, June 4.—When New York's Republican congressional delegation met in caucus here Tuesday it will take up the speakership question. It is almost certain that at the meeting the New York delegation will declare

FOR GEN. HENDERSON, OF IOWA.

Gen. Henderson, of Iowa, Congressman several E. Payne, of Auburn, was in the city today to see Senator Platt after a talk with Mr. Platt today Congressman Payne said tonight:

"Reports from delegations that have publicly avowed themselves in favor of Gen. Henderson for speaker indicate that his nomination is assured."

MAY BE BURNED.

Georgia Mob Eager to Repeat Horrors of Hose Mass.

ATLANTA, June 4.—A negro named Menfield, who assaulted an eight-year-old girl near Powder Springs yesterday, is surrounded in a swamp near Austell, and when captured, he is likely to be before morning, the leaders of the posse say he will be buried at the stake.

There are a hundred men in the posse and all are determined to administer death to the negro in some form. The proposition to mete out to him the dreadful fate suffered by Sam Hose, near Macon, when captured, is, in fact, the most conservative of the pursuers, but reports say the majority favor it.

Word also comes from Cedartown that a mob is being organized in that part of the state. The dispatch from Cedartown does not say what vengeance the mob contemplates, but is angry over his crime is fevered and it would not be surprising, if a lynching occurs, if he also is burned alive.

CANADA WAS WILLING.

Did Not Refuse to Arbitrate the Alaskan Boundary Question.

OTTAWA, Ont., June 4.—The Canadian government has been notified by the imperial government that they can publish the protocol in reference to the Alaskan boundary question. The Canadian authorities are that when the protocol becomes public it will be seen that the contention in the press dispatches from New York that Canada was unwilling to arbitrate the question of the Alaskan boundary was the obstacle of arbitration will be set aside. What Canada offered to do was to refer the question to arbitration on the same as the Venezuelan question.

The United States refused to do so unless it was first admitted that Dyea and Skagway and the territory at the Lynn Canal were in United States territory. Canada objected to these conditions. What Canada wanted was an unconditional renunciation of the whole. The United States also refused to agree upon an empire so that in case of disagreement nothing would be settled. Canada wanted a settlement no matter who was to win. The public will likely be put in possession of the facts tomorrow.

TORTURE ADVERTISED.

Southern Railroad Sold Tickets on the Strength of It.

CHICAGO, June 4.—When the negro Hose was burned by a mob at Newnan, Ga., prominent colored people of Chicago raised a fund and sent a local detective named Levin, to investigate all the circumstances. Today he reported at a meeting held at Bethel church that the burning of Hose was fully premeditated and was open advertising to people the leading men in the community. He said he learned positively that while Hose killed Cleveland, Crawford had admitted that the negro did not molest her in any way.

One of the most astonishing charges made in his report is that the railroad officials, who made up special trains for a lynching party, after the capture of Hose actually advertised the contemplated burning of the negro to people attracted by these advertisements. Detective Levin said that the torture and hanging of the aged colored preacher, Eliah Stickland, was without a shadow of reason.

SEVERE IOWA STORM.

No One Killed or Injured So Far as Is Known.

WATERLOO, Io., June 4.—About 5 o'clock this afternoon a storm of wind and rain swept over Northwestern Iowa, covering a section of the state nearly 100 miles wide, and extending from Cedar Rapids to the northern part of the state. The storm was a straight blow, not in the nature of a tornado. Telephone wires are prostrated, but so far as could be learned no person was injured.

TOOTH IN HIS LUNG.

Experience of Joseph Hatfield, Supposed to Be a Consumptive.

MARION, Ind., June 4.—Joseph Hatfield, proprietor of the Tremont hotel, had a remarkable experience today. For nearly twenty years he has been a constant sufferer from an agonizing pain in the right lung, and he has long attributed it to a hopeless consumptive. Recently he has had a number of hemorrhages.

Today he had another attack, and he felt something dislodge from the spot in his lung that had given him so much pain. The foreign substance was torn loose and coughed out. On examining it was found to be a tooth that had been lodged in the lung for twenty years.

Word came that about twenty years ago he had a number of teeth extracted, and that gas was administered to relieve the pain, and the tooth passed down his throat while he was unconscious.

FOUR MINISTERS SUED.

Prevented Theatrical Performance and Manager's Rights Action.

LEAD, June 4.—Four ministers of this city have been sued for \$5,000 damages by the manager of a troupe of traveling minstrels. Recently the troupe was billed for an entertainment at the city hall, when four pastors of leading churches secured an injunction prohibiting the performance.

The manager of the company claims his reputation has been damaged \$5,000 worth, which sum he seeks to recover through the courts.

PLANT AT SPOKANE.

St. Paul Shoe Firm May Establish a Factory There.

SPOKANE, Wash., June 4.—(Special.)—The St. Paul Shoe Manufacturing Co. are figuring with the Spokane chamber of commerce to transfer their Tacoma branch shoe factory to Spokane or to establish here a \$75,000 plant.

Old Theater Burned.

NEW ORLEANS, June 4.—The famous old St. Charles theater was destroyed by fire tonight with adjacent buildings. The loss estimated at \$75,000.

JAYNE AT HOME

MISSING MINNEAPOLIS ATTORNEY RETURNS TO STRAIGHTEN OUT HIS AFFAIRS

DENIES STORY OF SHORTAGE

ASSERTS THAT ALL TRUST FUNDS IN HIS HANDS WILL BE FOUND INTACT

MEMORIES OF TRIP VAGUE

Came to Himself in London, Cabled to His Friends at Home and Started Back by the First Steamer—Will Set About His Task Today—Says That His Mind Has Not Been Working Well.

Trafford N. Jayne arrived in Minneapolis yesterday. He came home on the early morning train from Chicago, and went at once to his residence, 1822 Emerson avenue, where he passed the day talking over matters with his mother and with his former law partner, Robert G. Morrison.

Mr. Jayne can not himself explain his sudden departure from Minneapolis other than to say that he was not himself, and not responsible. He denies absolutely that there will be any shortage in any of the trust funds handled by him prior to his departure, and says that he expects to go to work early this morning, upon the tangle, with the absolute certainty

REED'S PROBABLE SUCCESSOR, DAVID BRENNER HENDERSON.

before him that everything will work out all right in the end.

When asked to explain the reasons for his departure Mr. Jayne hesitated for a minute, and then raised his hand to his head significantly. "My mind wasn't working right," he said. "I had been overworking and was worried, and as near as I can figure it I just decided to get away from it all. I did not realize what effect my going would have until after I arrived in London, and when I began to realize what had happened I wanted to get away. That was the only idea before me. Just as soon as I came to myself I wired home, and then started back on the next boat, the Aurore, of the Cunard line."

"I had kept myself in excellent physical health all winter. If I hadn't I suppose I should have been at home here in my bed now. As it was the break had to come somewhere. I had been worked to death and finally could stand it no longer."

STAYS IN JAIL.

An Aged St. Louis Woman Refuses to Leave.

ST. LOUIS, Mo., June 4.—Mrs. Mary J. Lapear, seventy-two years old, who claims to be the mother of United States District Judge J. W. Stoneking, of Oklahoma, at the four courts demanded that she be allowed to remain in jail to pay a penalty which she said had been unjustly imposed upon her. She was fined \$25 in the police court on Friday for applying an uncompensated term to Mrs. Melissa Belle Heitz, of 220 Columbia avenue.

The fine was later reduced to \$10, but she refused to pay it, and Friday night was placed in the calaboose. It was found that she had \$150 with her. Jennie Childress, a granddaughter of Mrs. Lapear, paid the fine. A deputy went to get Mrs. Lapear. She refused to go.

"I am in jail, and I will stay here," she shouted. "I will not pay my fine, and you cannot take me out unless you take me to the workhouse."

She was taken to the marshal's office, where she was informed that she was discharged. All day she has been hunting an attorney to get her back into jail.

TRINITY VESTRY PLEASSED.

Glad That Mr. Nichols, of Minneapolis, Will Accept.

NEW YORK, June 4.—The vestry of Holy Trinity church, One Hundred and Twenty-second street and Lenox avenue, was greatly pleased to receive from the Rev. H. P. Nichols, rector of St. Mark's Protestant Episcopal church, in Minneapolis, an acceptance of its call to him to come to New York and fill the pulpit vacant by the death of Dr. Bridgman last February. He will take charge of the affairs of his new parish in September. Mr. Nichols' church in the West is one of the most influential of the Protestant Episcopal denomination in Minnesota, and his parishioners are loath to let him go. He is favorably known to the clergy of the East, and was a delegate to the general convention in 1896 and again in 1898.

As 25 of his money had been advanced and also of the Divinity School of Philadelphia. He belongs to the broad church section, and comes here with the hearty approval of Bishop Potter.

His call from the vestry of Holy Trinity was unanimous.

CHICAGO SCORCHED.

The Weather There and at Milwaukee Was Extremely Warm.

CHICAGO, June 4.—Today was the hottest for June known in Chicago for five years. Official thermometers registered a maximum of 90 degrees, but 97 degrees were recorded unofficially on the street level. Two prostrations from heat were reported, both serious, but neither necessarily fatal.

MILWAUKEE, Wis., June 4.—Today was the hottest of the season, the official record showing 90 degrees. Other thermometers registered as high as 95 degrees. Two prostrations were reported to the police, neither of which will prove fatal.

PLAN OF CAMPAIGN.

Effort to Entrap Pio del Pilar Did Not Prove a Success.

MANILA, June 4.—The position of the American troops indicates that they will tomorrow sweep the peninsula of Morong, the land projecting to the south into Laguna de Bay, where the insurgents are supposed to have the largest force, near the town of Morong, as well as the batteries.

ANTIPOLLO TAKEN

FILIPINO STRONGHOLD IS IN THE HANDS OF THE AMERICAN TROOPS

COST SPAIN MANY LIVES

FORMER RULERS SAID THE CITY COULD NOT BE CAPTURED BY UNITED STATES

GALLANT CHARGE IN ADVANCE

Nothing braver during the course of the operations against the insurgents—Four Americans Killed—Stubborn Skirmish Firing, Which Extended Over Twenty-Four Hours.

MANILA, June 4.—Gen. Halls brigade advancing on the Morong peninsula has captured Antipollo, a Filipino stronghold after severe fighting, though the town when reached was deserted. The brigade has completed a circuit of twenty miles over rough and mountainous country, having two engagements with the insurgents, one of them severe and kept up with scattered bands of insurgents for nearly twenty-four hours. From 4 o'clock Saturday morning until the column left the pumping station. The Filipinos were driven in every direction, and the country through which Gen. Hall passed was pretty well cleared.

At 10 o'clock this morning the column reached a point a few miles from Taytay, where Gen. Hall was met by Gen. Lawton, who had already entered the town and found it deserted. The Filipinos' objective point was Antipollo, ten miles off, and there was desultory firing all along the line of march. The gunboats could be heard shelling the hills in advance of the column.

The column, after driving the rebels from the foothills near Maria Chino about noon yesterday, with a loss of but two or three slightly wounded, proceeded with all possible haste towards Laguna de Bay, the Fourth cavalry in the lead, the Oregon regiment next and the Fourth Infantry last.

At 5 o'clock those three regiments fought their second battle of the day, and it resulted, like the first, in the complete rout of a large Filipino force located in the mountains and having every advantage of position. In this fight the American losses were four killed, three of the Fourth cavalry and one Oregonian, and about fifteen wounded. The Filipino losses could not be ascertained, but the terrific fire which the Americans poured into them for half an hour must have inflicted severe punishment. In this engagement our troops made one of the most gallant charges of the war, and the enemy was forced to flee in the greatest disorder.

It was the intention to press on to Antipollo last night, but this was found impossible, owing to the two fights and the constant marching for more than twelve hours, with nothing to eat since morning and no supply train in sight. The troops suffered from the intense heat, many being prostrated and all greatly exhausted. Consequently they bivouacked for the night on the second day of the campaign.

REACHED FOR THE GLOBE
