

CHERRIES ARE RIPE.

St. Paul has never until the last two years been a market for cherries. Last year we had difficulty in supplying the unusual demand for Cherry Stomers, but we did it, and this year we are ready again.

Baby on His Hands - Supt. Jackson has under consideration the case of a child in Dodge county less than one year old whose parents are unable to support it. The little one is now in the county poor house, and unless some babies can be induced to take care of it it will remain there until it is one year old and may be taken to the state school.

Judge Has to Think - Arguments were heard yesterday in the police court in the continued case against Dr. Wirth. He was charged with treating a case of scarlet fever and reporting to the board of health. The case was put on the docket and continued to yesterday. The action is backed by Dr. Ohage, commissioner of health, and was submitted. The board took the action under advisement and decision was deferred.

Looked Over the Land - The board of public works yesterday viewed the property which is being offered for sale and widening of the driveway at the end of the look-out at the eastern terminus of Sherburne avenue. The land to be taken is owned by George Benz and Hiram F. Stone. The action is backed by the board and the board. The proposed improvement will be of benefit to the general public.

PROTEST AGAINST EVICTION

COMMERCIAL CLUB FAVORS POSTPONEMENT OF SECRETARY HITCHCOCK'S ORDER

Settlers Who Expended Money in Improvements at Cass Lake Entitled to Consideration by the Interior Department.

The board of directors of the Commercial club yesterday afternoon, and passed resolutions advocating the abrogation of the order made by Secretary Hitchcock for the expulsion of the white settlers from Cass Lake in the Chippewa Indian reservation. A copy was ordered sent to each of the Minnesota congressmen with a request that they use their best endeavors to secure a revocation of the order, and in postponing further action on the Cass Lake question until the coming session of congress, when legislation equitable for the settlers can be secured. Following is the text:

Whereas, Six hundred people have settled at a place commonly known as "Cass Lake" in the Indian reservation of the Park Rapids, Fosston & Eastern Minnesota branches of the Great Northern railway; and have been waiting to secure title to their holdings through (1) the proposed sale of land as advertised under the Nelson law of Jan. 14, 1899, or through the sale of the land under the claims ownership of and right to sell said land for the benefit of the state school fund, or through the Interior department, and whereas, said people for the past year and wholly within the knowledge of the Interior department have expended a large amount of money in the erection of store buildings, hotels, dwellings, houses, and improvements, and in the purchase of merchandise, hotel equipment, etc.

Resolved, That we the members of the Commercial club of St. Paul, do hereby most earnestly protest against the wholesale eviction of so large a number of our fellow citizens within the next few days as contemplated in the recent order of Mr. Hitchcock, secretary of the Interior; and said order will ruin many poor people.

LIVING UP HALL COMPANIES.

Commissioner O'Shaughnessy Will Enforce the Law of '99.

Insurance Commissioner O'Shaughnessy is now sending notice to the responsible heads of all hall insurance companies in the state that they will be required by his department to comply strictly with the terms of the insurance law of 1899 governing their line of business.

In the past the state insurance department has had a great deal of trouble in requiring compliance of the companies mentioned, and it was found that in many cases officers of the companies were receiving unreasonably high salaries. It is his letter to the officers of hall insurance companies Mr. O'Shaughnessy reminds them that they are required, under the new law, to furnish the state insurance department with copies of their by-laws and with full information regarding the salaries paid to officers. He also states that the maximum amount which such company may pay in salaries to its officers has been fixed by his department at \$2,300, which he suggests may be divided as follows: President, \$300; secretary, treasurer, and superintendent of agencies, \$700. He holds, however, that the salaries should be governed by the amount of business done by the company, and suggests that for the first year the total salary list should be fixed at 8 mills on the dollar of the insurance in force Oct. 1, and for the second year 4 mills on the dollar.
