CITY NEWS.

One Case of Diphtheria—Diphtheria was reported at the health office yesterday existing at 875 Clark street.

On a Vacation—H. J. Hadlich, superintendent of carriers of the postoffice, has gone to Denver on a vacation.

State Made a Loan—The state board of investment yesterday made a loan of \$1,800 from the permanent school fund to District No. 26, Nobles school.

Off for Walker—Lieut. Col. Theodore J. Wint, acting inspector general of the Department of Dakota, left yesterday for Walker to make the annual inspection.

Meet This Afternoon—The assembly committee on ways and means will meet this afternoon at 3 o'clock and the committee on license from the same body at 4 o'clock.

Goes to the Merchants—Clarence A. Storms, who held position in the office of the clerk of probate court, has lately accepted a day clerkship at the Merchants' hotel.

Another Day Nursery Excursion—The St. Paul Day Nursery association will go on an excursion down river on the steamer Henrietta on Friday, Aug. 11.

Brewing Company's New Deal—The Hamm Brewing company has taken out a permit to erect an \$1,000 double store and dwelling on the east side of Society street, between Winifred and Congress. The building will be 50 feet front by 74 deep.

Petitions in Bankruptcy—Petitions in bankruptcy were filed yesterday by Edward C. St. Jacques and Charles Nordin, both of St. Paul. St. Jacques places his liabilities at \$80 and his assets at \$100. Nordin, according to his schedules, has liabilities amounting to \$7,314.69 and assets of \$25.

Called on the Mayor—Former congressman Stevenson, of Michigan, who was in congress at the same time as Mayor Kiefer, called on the mayor yesterday. Mr. Stevenson is on his way to North Dakota, where he has large interests. The former congressman also called on Gov. Lind.

Pioneer Bicycle Maker—H. L. Ide, of Springfield, Ill., is one of the pioneers in bicycle manufacture, and is the owner of a number of valuable patents covering bicycle construction and apparatus. He is connected with the firm which manufactures wheels bearing his name.

Attack of Insanity—W. H. Hanson, a guest at the Merchants' hotel, was seized with an attack of insanity last evening, and, at the request of his sister, was removed to the county jail. The attack is not of a violent nature. Mr. Hanson has been traveling with his sister through Iowa. His home is at Lime Springs, Iowa.

Judge Hine is Executor—Judge Robert C. Hine, of the municipal court, filed in the probate court the will of Sarah A. Smith, of New York. Under the will Judge Hine was appointed executor of the estate, the deceased being his aunt. The estate in Ramsey county consists of \$2,500 in personal property and \$3,500 in realty.

Eight from Manila—It is expected that twenty or thirty of the young men recently mustered out of the service of the United States volunteer signal corps will arrive in this city today. They arrived at San Francisco recently from Manila, and are en route to this city via the Omaha, Great Northern and Northern Pacific roads. These young men joined the service in this city about a year ago, and have been in Manila since the early stages of the war.

Three New Incorporations—Articles of incorporation were filed yesterday in the People's Furniture company, of Crookston, with a capital stock of \$10,000. The incorporators are Felix Fournet, J. Jerome, A. C. Chabot and E. B. Davis. The Detroit Building and Loan association, of Detroit, Minn., also qualified to do business. The incorporators are J. H. Irish, G. D. Hamilton, E. G. Holmes, F. P. Tozaco and J. C. West. The Pearson Boat Construction company, of Duluth, filed, with a capital stock of \$10,000. The incorporators are M. H. Alworth, C. A. Pearson and F. H. Helmick.

WAS A DEATH BLOW

ALBERT UHLER DYING AT ST. JOSEPH'S HOSPITAL FROM LOCKJAW

HIS FATHER IS ARRESTED

Charged With Having Inflicted a Cut in His Son's Hand From Which Arose the Case of Tetanus That Will Prove Fatal—Blow Was Delivered in Self-Defense by the Father of Uhlcr.

Albert Uhlcr is dying at St. Joseph's hospital and his father, Ferdinand Uhlcr, is under arrest charged with inflicting the injury which, the physicians say, will result in his son's death. The son is suffering from tetanus, or lockjaw, induced by a wound on his hand, alleged to have been received in a fight with his father ten days ago. Young Uhlcr's jaws have set in the vise-like grip peculiar to the disease, and his death is regarded as but a question of a short time.

The Uhlcr family live on Union street, near State, in Dakota county. Uhlcr Sr. is a market gardener. His son lived with the old folks, together with his wife and two children. According to Mrs. Uhlcr, the dying young man's mother, Uhlcr has not been a dutiful son. The mother says her son drank heavily and would do little or nothing to assist in the support of himself and family, leaving the maintenance of the entire household upon the old folks. A week ago last Saturday matters reached a crisis. Young Uhlcr had been drinking heavier than usual, it is alleged, when his father rebuked him for the course he had been pursuing. This angered the younger man and he is alleged to have attacked his aged parent. With a savage blow from his fist the son is alleged to have knocked his father down and to have continued striking the old man while he was prostrate. Finally the father succeeded in getting away from his son and ran into the house.

After the fight the father came into the yard and the quarrel was renewed. During the second fracas it is alleged the young man knocked his father down again, when the old man jumped up and seized a hoe, with which he sought to inflict a severe and avenged contusion on the forehead of the younger man. After receiving the wound young Uhlcr is alleged to have continued the attack upon his father, severely pounding the old man and ran into the house.

FOUGHT WITH BULLDOGS

George Hoffman Badly Bitten by the Savage Brutes

George Hoffman, a grocer at 627 Jackson street, had a desperate fight with three bulldogs last evening, in which he was badly bitten by the savage brutes. The upper part of his right leg was torn in several places, while his right forearm was terribly lacerated and the flesh was nearly chewed off of a large part of the right hand.

The dogs attacked Mr. Hoffman while he was delivering groceries to a customer. The alley furnished a short cut to the house and Mr. Hoffman hurried along, intent upon getting through quickly and putting up his horse. As he passed the back yard of No. 29 Thirteenth street, where John Martin, a colored man, lives, the dogs rushed at him. The brutes are said to have jumped over a fence and have attacked Mr. Hoffman with terrible ferocity. Fighting with the dogs for some time, Mr. Hoffman backed up against a fence, but the animals continued in the attack. Calling for assistance Mr. Hoffman finally started the dogs. Before he had taken a dozen steps he fell down and the dogs were upon him. One of the brutes sank his teeth into Mr. Hoffman's leg just below the thigh and tore savagely at the flesh. Another grabbed his arm and shook it as a cat would a mouse and the third dog Mr. Hoffman succeeded in fighting off with his free arm until he appeared on the scene and the dogs were driven away with clubs.

After escaping from the dogs Mr. Hoffman was removed to his home and attended by a physician. He was seriously and badly profusely, but unless complication should arise are not considered in the most dangerous.

The attack of the dogs upon Mr. Hoffman was reported to Officer Thain, who made an investigation, and says he ascertained that the brutes belong to the colored man, Martin. Officer Thain commanded the dogs of the owner to be shot, but Johnson declined to give them up. Legal steps to have the dogs gotten rid of will probably be taken today.

SAYS SHE IS INNOCENT

Little Lydia Boyle Denies Having Stolen Anybody's Money

Lydia Boyle, or Lydia Boyle, the child who was arrested for the theft of \$2.50 from the pocket of a woman, yesterday denied having stolen anybody's money.

WILL INSURE THE LIBRARY

AMOUNT TO BE PLACED ON IT WILL BE THE SUM OF \$50,000

Director Feldhauser Reports That Alterations and Repairs on the Building Are Progressing Rapidly—The Question of Lighting.

At a meeting of the library board yesterday afternoon the board decided to place \$50,000 insurance on the library building at Seventh and Washburn streets. Director Feldhauser reported that the alterations and repairs to the building were progressing rapidly, and that Lennon & Gibbons, who will occupy the east half of the building, would commence to move into the store next week. The building committee will consider the question of lighting the stores on the west end of the building on the plan adopted by Lennon & Gibbons.

The report of the librarian for July gave the number of books issued for home use during the month as 13,215; visitors to the reading room on Sundays, 27; visitors to the reference room on Sundays, 57. Registrations canceled during the month were 1,200; total number entitled to draw books, 10,253.

RAUN ASKS FOR BIG MONEY.

Sues for Damages in the Sum of Ten Thousand Dollars.

Papers in a suit brought by Christian Raun against Samuel H. Haas and John Christensen to recover \$10,000 as damages were served yesterday on both defendants. Haas is building inspector of the city and Christensen is an assistant building inspector, but the action is brought against them as individuals and not as officials of the city.

Raun is a carpenter residing at 183 West Congress street, and the suit grows out of a violation of the building ordinance. Raun was employed by D. W. Ringer, a property owner and resident on Mt. Hope street, to erect a barn and while engaged in the erection of the structure was arrested and arraigned in the police court on a complaint charging him with violating the ordinance. The case was heard by Judge Orr, who discharged Raun, holding that it was not necessary for an employe to take out a permit as that should be the duty of the owner of the building.

J. M. Hawthorne, who is attorney for Raun, seen yesterday said the arrest of his client was a malicious proceeding and action had been commenced to recover damages. The suit is laid at \$10,000 with an additional \$100 attorneys' fees and \$15 for wages lost. The suit brings up a pretty row which has been continuing over the erection of a barn by D. W. Ringer. In December last Mr. Ringer secured a permit from the building inspector for the erection of a barn on Mt. Hope street near Prescott street. The barn to be erected was within a few feet of the house of Ald. M. J. Bell, who represents the ward in the council. As Mr. Ringer had secured the permit and declared he would build the barn, Ald. Bell secured the passage of an ordinance through the council providing that no barn or ice house should be erected without the consent of all of the adjoining property in the same block.

This did not have the desired effect and Mr. Ringer employed Raun to go ahead with the barn on the strength of the permit. Raun was arrested and arraigned in the police court on a complaint charging him with violating the ordinance. The case was heard by Judge Orr, who discharged Raun, holding that it was not necessary for an employe to take out a permit as that should be the duty of the owner of the building.

STATE WINS A ROUND.

Judge Holt Awards a Decision in the Oleomargarine Case.

Judge Holt, of Minneapolis, yesterday gave a decision in the case brought by the dairy and food commission against the Hammond packing company sustaining the oleomargarine law, which prohibits the sale of butter colored the same as butter. The case was argued to test the law, and will unquestionably be carried up to the higher courts by the corporation.

Maj. Bowler is very much gratified over the result of the first heat, but expects that it will be some time before the matter can be finally decided by the supreme court.

WILL MEET THE BOYS

GOV. LIND TO GO TO SAN FRANCISCO TO WELCOME VETERANS OTHERS MAY ACCOMPANY HIM

Special Accommodations From the Coast to St. Paul Will Be Provided for the Sick and Wounded—Nurses Will Be Taken From the Twin Cities, and Every Possible Comfort Provided for the Heroes.

Gov. Lind will go to San Francisco to meet the Thirtieth regiment when it returns. This has been decided by the chief executive, and it is quite probable that he will be accompanied by the members of his staff, and the mayors of the two cities, and representatives of the commercial bodies and the Thirtieth Auxiliary association. In view of the fact that the regiment will probably not come to St. Paul in a body, Gov. Lind has made up his mind that it would only be fitting for him to welcome the regiment home upon its arrival on American soil.

It is yet early and ample time remains in which to arrange details, but the governor has given it out that he will personally greet the regiment on its return. Gov. Shaw, of Iowa, has planned to meet the Fifty-first Iowa when it arrives in San Francisco, and governors of other states furnishing volunteer regiments are planning a personal welcome to the veterans of the Manila campaign. It is thought that the governor's presence at St. Paul with other prominent Minnesotans will, aside from being a very appropriate method of expressing the sentiment of Minnesota people, result in a large portion of the regiment coming home at the same time. It has been said that Tom Lowry has offered to bring the regiment home at his own expense, and this, if true, will bring all members of the Thirtieth to Minnesota at the same time, and make possible the original arrangement which was planned for the reception of the regiment in St. Paul.

There is every prospect that the regiment will leave the scene of its recent activities within the next ten days. Allowing time necessary for the muster out of the regiment at San Francisco, it is safe to say that Minnesota will welcome home her honored veterans of a year's hard fighting later in September, or not later than the 1st of October. Special accommodations from San Francisco to St. Paul will be provided by the state for the sick and wounded. Nurses and physicians will be taken from the Twin Cities and there will doubtless be a large number who will need special care on the homeward trip. A special hospital train will be provided for the sick and will be in charge of some member of the governor's staff.

Gov. Lind will spare no means to make ready the homeward journey of the sick members of the regiment. Ames is now at San Francisco representing the governor, and special accommodations will be provided for the sick members of the regiment who are now in the Presidio hospital, as soon as mustered out.

WILL WANT NOTHING.

Soldiers Returning to St. Paul Will Be Well Cared For.

The Thirtieth Regiment Auxiliary association met last night at the Commercial club and voted to instruct the president to appoint a committee, consisting of both officers and gentlemen, to work with the general reception committee in their special object being to provide temporary quarters for the accommodation of the members of the Thirtieth as they arrive in St. Paul and their friends here, and no place to stay. The attendance at a meeting was small, as it was not announced in the city papers.

The committee, consisting of L. A. Moore, chairman, and Messrs. L. A. Moore, Robinson, acted as secretary. Thomas Cochran, chairman of the executive committee, stated that he had no written report to submit, but gave a verbal account of the work of the committee since the last meeting. Said he:

"There has been but little work for the committee to do since we have prepared our report. A reporter from the Globe came to me not long ago and showed me the report published in the Globe regarding the treatment of soldiers from Minnesota in the military hospitals there. It stated that those who had returned on the train, provided for by the state, were not receiving proper care. I at once visited the hospital in San Francisco, and asked that he investigate and advise me of the truth of the report. I received a message in reply that the board of directors of the hospital really cared for and wanted nothing more than to advise me further that he would see that their wants were supplied and that if necessary we should have further communication with Gov. Lind."

"There are one or two suggestions which I would make regarding the arrangements for the return of our soldiers. I noticed that on the reception committee, names of those having soldiers in their families are conspicuous by their absence with the exception of one or two instances. I think there should be a general committee consisting of members of families in which there are soldiers, and that this committee be given a part in welcoming our returning boys."

"The Minnesota boys will probably leave Manila this week. Gen. Otis has wired the war department that the Minnesota boys are being sent to St. Paul. After their arrival in San Francisco, so far as we are able to learn, it will take between two and three weeks to muster them out. It is the hope of the committee to go to the coast to welcome the boys there and I suggest that all those so desiring hand in their names in order that the Minnesota people may go together."

The chairman suggested after the reading of the report that a committee be appointed to provide accommodations for such soldiers as stay in St. Paul after the return of the troops, and are without friends or places to stay. The idea met with favor and Thomas Cochran moved that such a committee be appointed with the treasurer as chairman. The motion carried unanimously. The treasurer made a report showing that the association has \$118.38 in the treasury after the payment of bills has been met. Among those present at the meeting were several former members of the Fifteenth Minnesota volunteers.

HAMLIN CAR ORDINANCE.

Assembly Committee on Streets Recommends Its Passage.

The assembly committee on streets have recommended for passage the Hamline street car ordinance as it passed the board of aldermen. President Wheelock, of the board, favored the ordinance, and he is to be run on some street other than Blair street, contending that the putting in of tracks at Comp avenue and Blair street would obstruct Comp avenue for a driveway.

The committee however in deference to the wishes of the aldermen and assembly committee, as well as the property owners, decided that the route selected in the ordinance was the best possible one and recommended the ordinance for passage. It was then for disposition at the meeting of the assembly tomorrow evening.

NEW FIRM SPRINGS INTO EXISTENCE

Under the Name of St. Paul Clean Street Company—Ordinance Granting It the Right to Maintain Waste Paper Boxes on Street Corners Referred.

SAY THEY WON'T ACCEPT IT

The board of aldermen, at its meeting last night, passed the ordinance fixing the amount to be expended by the school board for the school year ending June 30, 1900. The amount is the same as allowed last year, \$42,000. Ald. Sanborn, chairman of the ways and means committee, explained that the amount was all that could be allowed the school board under the charter.

The ordinance fixes the amount for teachers' salaries at not to exceed \$327,310; for salaries of officers, janitors, and for other employes not to exceed \$42,000, and for fuel supplies and all other purposes not to exceed \$50,000.

There was no discussion and the ordinance was passed by a unanimous vote. TELEPHONE ORDINANCE PASSED.

The ordinance reported by the committee on streets, providing for the Northwest Telephone company erect and maintain poles and wires on certain streets, was passed by a vote of 8 to 3. Messrs. Bantz, Bell and Murphy voting against it. The company asked for the passage of a resolution allowing it to erect poles and string wires for the purpose of carrying a long distance system in the Twin Cities and Selby and Prior avenues.

The committee recommended the killing of the resolution and the passage of the ordinance substituted. The ordinance granted the company the same privileges asked for in the resolution, but contained a section which provides that patrons of the company be allowed to talk to any subscriber within the city limits without the payment of any extra charge. Ald. Kenny said that under existing conditions it cost subscribers 10 cents to telephone to St. Anthony and Merriam Park, and the section in the ordinance would prevent what he called an imposition.

Ald. Murphy said the telephone company would not accept the ordinance with this provision in it, and moved that it be referred to the committee on streets. Ald. Kenny insisted on the passage of the ordinance, claiming that if the company refused to accept it nothing would be lost, and in this view of the matter was taken by all but three of the aldermen.

A CLEAN STREET COMPANY.

An ordinance granting to P. D. Scannell and Frederick C. Schiffman, doing business as the St. Paul Clean Streets company, authority to erect and maintain waste paper boxes at the street corners was introduced by Ald. Reeves, and referred to the committee on streets. The ordinance grants the company exclusive rights for ten years.

Ald. Bloomquist also introduced an ordinance granting to Joseph E. St. Clair the right to erect and maintain waste paper boxes on the city semi-annual 15 per cent of the gross income recovered from placing advertisements on the boxes to be erected. The committee on streets will consider both ordinances.

The billboard ordinance passed by the assembly was referred to the committee on streets, and the committee will report on it. A resolution by Ald. Kenny directed the board of public works to make an immediate report on the preliminary order calling for the removal of Broadway, from Seventh to Grove streets.

An ordinance granting to James McHose a twenty-five year lease to lot 1, block 4, block 10, and lot 1, block 11, West St. Paul, was referred to the committee on streets. The lots are on the West side levee and are to be used by the city for the purpose of manufacturing matters.

ORDERS FOR IMPROVEMENTS.

Final orders were passed for the following improvements: Paving with asphalt Farrington avenue, from Summit to Nelson avenues. Estimated cost, \$2,800. Paving with Kettle River sandstone on sand, Eagle street, from Third to Washington street, and same material on concrete foundation, Eagle street, from Washington street to the intersection of the railroad tracks. Estimated cost, \$12,850. Grading Geranium street, from Cortland to Rice street. Estimated cost, \$2,850.

As but one bid was received in answer to an advertisement for furnishing forage to the police department the bid was ordered to be returned to the officers. Griggs Bros. were the only bidders.

A request from Health Commissioner O'Keefe to be allowed to appoint additional inspectors for the balance of the year was referred to the committee on ways and means. The commissioner explained that the condition of the health department was such that the employment of additional inspectors would not exceed the amount appropriated in the budget for the department.

Health Commissioner O'Keefe recommended that a sewer be laid on such streets as the city engineer might select in order to make connection with the city sewer. This was necessary, the commissioner stated, in order to put the school in a sanitary condition. A preliminary order for the improvement was sent to the board of public works.

NEW BICYCLE RESTRICTIONS.

Ald. Knauft introduced an amendment to the new bicycle ordinance which was passed two weeks ago. The amendment prohibits the riding of bicycles on the sidewalks on both sides of Faugauer and the alley of the nation, between Payne and Duluth avenues.

A delegation of residents and property owners on the two streets were present to urge the passage of the amendment. A representative from the Wheelmen's association requested that the amendment be referred to the committee on streets, and this action was taken.

William Constans notified the council that he would sell the market site at Jackson, Tenth and Temperance streets to the city for \$47,000. This amount is a reduction in the price of the tract of \$5,000, as compared with the figures at which it was first offered to the city. The council has referred to the committee on markets.

How a Woman Holds a Man's Affection.

A wise and observing person stated the other day that many a wife complains that her husband does not take her out. She only sees him at meals, or that he makes friendships with her she has no part. Further, that she blames him for neglecting her, and thinks herself ill-used; yet he is only following the natural instinct of humanity—the fact is really hers. The most easiest way a wife can hold her husband's affection and sympathy is by beauty, which is possessed by few women. Dr. T. Felix Gouraud's Oriental Cream, or Marcella Beautifier, will render your skin a soft, healthy whiteness, free from tan, pimples, freckles, moth patches, and all blemishes. It will keep your complexion clear and bright. The Oriental Cream, or Marcella Beautifier, will remove superfluous hair without pain or injury to the skin. For sale by all druggists or fancy goods dealers, or direct from proprietor, 37 Great Jones street, New York city.

Field, Schlick & Co.
