GAMES SCHEDULED FOR TODAY. Minneapolis at Detroit. Milwaukee at Indianapolis. Kansas City at Buffalo.

GRAND RAPIDS, Mich., Sept. 10.-(Special.)-Grand Rapids celebrated the close of the Western league season here today by winning a double victory from the Saints, in the presence of one of the largest crowds of the year. The victories were all the more creditable to the home team from the fact that two amateurs played with it. This was made necessary by the leaving of Catcher Sullivan and Left Fielder Crawford last night to join the Boston and Cincinnati teams, respec tively. Buckley is still nursing his injuries, received in the morning Labor day game, and McAuley is on the hospital list. Radamacher and Tibald, who helped out the home team today, are both local players, and they made an excellent showing with the professionals, although the former had trouble in the second game in holding Bumpus Jones, who had speed to burn.

Ten innings were required to decide the first game, which was full of excitement and kept the enthusiasm and interest at fever heat all through. The Saints lost the game on costly errors by Fisher and Geier in the second and fifth. Tebeau made the first run, getting a single, reaching third on Fisher's throw over Vaughn's head, and home on a hit by Bierbauer. Tibald's fumble of Isbell's grounder allowed the visitors to tie the score in the third. Risley's two gifts helping out. A fumble by Geier, another wild throw by Fisher, and a poor throw by Geier let in White in the fifth, and the Saints bunched three singles, again tying the score in the sixth. The locals won out in the tenth on Pickering's double followed by a clean hit by Buelow, the visitors being unable to do anything in

Houtz hit for three bases in the first inning of the second game, and scored on a passed ball, but in the second inning Denzer was touched up for three doubles and a single, netting the home team two runs. In the third Tebeau made a two runs. In the third rebeau hade a home run with one man on base. The Salnts got one in the fourth on a wild throw by Buelow and a couple of safe hits. Rain began to fall, and the teams hastened the inning to make a game, going out in regular order after which the ing out in regular order, after which the game was called and the 2,600 fans bid adieu to the players with a rousing cheer. PRESTON SAVED THE DAY.

Tigers Defeated by Minneapolis on a One Run Margin.

DETROIT, Mich., Sept. 10 .- (Special.)-

Unquestionably the best for the club, cale or family board. 'BLATZ" possesses an individual goodness that is appreciated by those who enjoy good ining-not essentially epicures or con-Shall we send you a case? St. l'a: l Branch: Lower levee, foot of A THE ATT REFUING CO-MILWAINER

Frank Owens, a member of the Thirty-first regiment of Michigar volunteers, who pitched some thirty games of ball while the troops were in the South a year ago, winning every one, was given a trial by Manager Stallings this after-noon. The youngster lost his game, but it was only by the narrowest of mar-gins and he made a showing that entitles him to future consideration in the pro-fessional ranks. Menefee was hit rather freely all through the contest and he can attribute his success in adding another to his long string of victories to the solendid support he received. Preston doubtless saved the day for the Millers by making one of the most sensational catches of the year or any other season for that matter. It was in the ninth inning with a man on third base and one out that Dillard hit the ball on a line to left center. Preston was naturally playing in close for a left-handed batter and the instant the ball left the bat he turned his back to the diamond and sprinted to ward the fence. Looking up just at the right instant, while running at top speed, he whirled, sprang high into the air and pulled the ball down with his right hand, making a genuine circus catch. The man on third scored, but a hit that would off and the Tigers did no more scoring, That run gave them a lead of one, but with a man on base in the last half of the ninth, Perry Werden hit one for over the fence in deep left field, getting credit merely for a two-bagger as another run

had been scored earlier in the inning. The score: H. PO. A. E Barrett, cf... Stallings, lf. Dillard, 3b. Slater, 1b.. Gaston, rf. Owens, p. 7 14 *25 12 Totals ...39 PO. A. E. Minneapolis. AB. R. H. Minneapolis. A

TO FIGHT TODAY.

The Bout Between McGovern and Palmer Promises Good Sport.

NEW YORK, Sept. 10 .- Terry Mc-Govern, of Brooklyn, and Pedlar Palmer, of England, are to meet tomorrow afternoon for a \$10,000 purse in a twenty-five-round bout at 116 pounds, before the Westchester Athletic club, Tuckahoe, and the fight has attracted unusual interest. McGovern and Palmer, the sportsmen say, are two very evenly matched fighters, and as each has trained hard for the struggle there should be a battle from

Both McGovern and Palmer are clever, game and clean cut. They have scores of victories to their credit, are pugilists of the widest popularity in their respec-tive countries, and, consistently, the in-

terest will be at a fever point.

A number of Englishmen have come from the other side to back Palmer and witness the fight, and scores of them already in America will journey from distant points for the same purpose. The preponderance of money here is naturally in the hands of the Americans, and almost to a man they have picked Mc-Govern to win. Consequently he is a favorite in the betting.

The only time the Americans ever saw Palmer in the ring was on Jan. 30, 1896, when he fought George Dixon a six-round draw in Madison Square Garden. Then he made a most favorable impression. On the other side he has whipped such men as Billy Plimmer, Billy Rochefort, Ernest Anton, Dave Sullivan, Dave

Wallace and Billy Murphy.

Whenever Terry McGovern steps into the ring it is a case of fight from the beginning of the first round until a decision is reached. He is aggressive, a hard hitter and a good taker of punish-ment. Among those he has defeated are Johnnie Richie, Sammy Kelly, Billy Barrett, Casper Leon, Patsey Haley, Joe Bernstein and George Munroe.

According to the official returns only one case of rables was reported in Great Britain in the twenty-eight weeks ending July 15, as compared with fourteen cases in the corresponding period of 1898, nine-ty-eight cases in the corresponding period of 1897, and 348 cases in the corresponding period of 1896.

Protection of Carrier Pigeons. In China carrier pigeons are protected from birds of prey by apparatus consisting of bamboo tubes fastened to the birds' bodies. As the pigeon files the tubes produce a shrill, whistling sound, which keeps the birds of prey at a distance.

FAST TIME MADE BY CYCLISTS AT LEXINGTON PARK YES-TERDAY

TWO STATE RECORDS DROP

W. E. Becker Cut the Mile Unpaced Professional and Chester Clarkson the Amateur Mark for the Same Performance - Bergeson Took the Three-Mile Professional -Close of N. C. A. Meeting.

The contestants in yesterday's bicycle races at Lexington park won additional laurels in a number of trials against time, establishing two new state records. W. E. Becker clipped three-fifths of a second off the one-mile unpaced professional record, formerly held by A. Berge son, of 2:17, making the new time 2:16 2-5, and Chester Clarkson lowered the existing amateur unpaced mile record one sec-

A high wind and a heavy track operated to prevent fast time, but the riders were cheered by the arousing warmth of the September sun and the enthusiasm of the few hundred people who saw the events. As the last of a series of racing matinees that have been given by the N. C. A. during the week, and perhaps the last races that will be seen in the Twin Cities this year, unusual interest centered around each of the four events. While the meet has not been a financial success, some of the best racing seen in the Northwest has been witnessed since its opening a week ago yesterday.

Five professionals came up for the state mile record unpaced. B. B. Bird and A. Bergeson both succeeded in covering the distance unassisted in 2:20. A. W. Callander secured a record of 2:25, and Einar Lee 2:24 3-5. Becker, the popular Minneapolis boy, came up last. He covered the first third in 42 seconds, and it was evident that he would lower the marks set by the riders who had preceded him. A head wind swept down the back stretch, but Becker ploughed through it like a young colt through a field of clover, and crossed the tape at a two-minute clip, completing the mile in 2:16 2-5.

The one-third mile amateur state cham-

pionship event was a very fast one. Clarkson secured a position of advantage at the pole and held it throughout the race, Ben Erickson and R. Broadbent finishing second and third. Louis Nieder-hofer secured a bad start and was never able to head the leaders. The circuit was made in 45 seconds.

In the three-mile professional handicap race Becker and Johnson started on the scratch, and Bird at seventy-five yards, while the rest of the field were distributed from 100 up to 200 yards. Bird succeeded in catching the main bunch after the first mile, but fell out on the fourth mile. Johnson "shook" Becker, who was assisted to his dressing room with a bad attack of nausea, but Johnny likewise gave up the race, although he made several lap sprints which brought him closer to the handicap men, but the distance was too great to oversome without assistance. The race then lay between Einar Lee, A. Bergeson and A. W. Callander. The latter made the jump after crossing the tape CINCINNATI, Sept. 10.—The Reds won both games today. The first was called in the seventh to allow the Cleveland team to catch a train. Louisville should team to catch a train. Louisville should been shut out in the second game.

lows:
One-third mile, amateur state champion-ship—Chester Clarkson first, Ben Erick-son second, R. Broadbent third. Time,

45 seconds.
One mile, unpaced professional, against time—W. E. Becker, 2:16 2-5.
Three-mile handicap, professional—A. Bergeson, 100 yards, first; Einar Lee, 150 yards, second; A. W. Callander, 125 yards, third. Time, 7:23½.
One-mile amateur, unpaced, against time—Chester Clarkson, 2:17.

BASE BALL BREVITIES.

St. Paul was the first of the Western league teams to play its full quota of 126 games for the season. The Apostles won fifty-seven and lost sixty-nine games for the season, the poorest record they have made in any one of their five seasons.

The local team started out well on its last trip, but lost five out of the last six games played, making the record for the circuit five games won and eight lost.

The game at Buffalo today will decide whether Kansas City or Buffalo is to occupy last place.

If Milwaukee should win both games today at Indianapolis the Brewers would slide past St. Paul into fifth place.

be a tie between 2 ids for third place. be a tie between Detroit and Grand Rap-Outfielder Fleming, who used to be with Indianapolis, has signed with Wash-

If Detroit should lose today there would

The Hoosiers have fallen off in their batting. This is due to the nervousness which affects every man. The players all wish the season were over and the sus-pense ended. . . .

George Stallings has decided to quit base ball and go into business in Detroit. He is disgusted with President Vanderbeck for selling off his best players before the close of the season.

Abe Lezotte has refused to join the Buffalo team on account of ill health, and the Buffalo management finally secured the services of Danny Stearns to fill out the season for the Bisons on the initial corner. Stearns played first base for Buffalo when it was a member of the Eastern league in 1895.

When Patsy Tebeau reached his home yesterday morning from his one-day trip to Chicago he found himself a proud parent. It's a boy. Treasurer Stanley Robison intends signing the two young Crigers and the Infant Tebeau right away, so as to have them when they grow up.—St. Louis Globe-Democrat.

It is doubtful if there ever was such a batting team in the history of the league as the present Philadelphia combination. Every man is a slugger. All the outfielders have averages of over .350, while the

infielders, every one of them, are hitting at over a .300 clip. One of its catchers is batting up around the .350 mark and another one stands over .300 per cent.

Bad Willie Egan, whose vermillion brush has painted coats of cardinal over every burg in the Western league, has reached his string's end so far as Detroit is concerned, and was ordered to shake the dust of that city from his pedals the GAIN IN BOTH EXPORTS AND IM-PORTS FOR THE FISCAL YEAR dust of that city from his pedals by Manager Stallings. The fact that the National league pennant race has practically been decided has caused a great lack of interest in the playing of many of the men, and big scores are the result. Pitchers, who a month ago held opposing teams down to four and five hits, are now being batted for three times that number. The fielding of some of the teams has also fallen off, and the games are by no means up to the standard.

CUBAN TOTALS THE LARGEST

An Increase of Ten Million Dollars in Exports for Seven Months. With a Gain of Seven Million Dollars in Imports for the Same Time Over the Corresponding Peried One Year Ago.

Perry Werden continues to smash the ball as of yore. He is a dangerous man with the stick. WASHINGTON, Sept. 10 .- The war department made public today a statement of the trade between the United States and all of the colonies under military con-If He Had Been He Might Have Told trol, and with Cuba as well, for the seven menths of 1899, ending July 31, making comparison with the year 1898.

"Hot? Oh, a little, but's nothing to what we used to have out on the plains The exports from the United States to Cuba for the seven months were \$14,116,in the early '80s," began the boss liar of 993 in 1899 against \$4,485,937 in 1898. The imthe justice's court.
"Why. we didn't use to mind the ports into the United States from Cuba for the same period were \$19,976,956 in 1899, against \$12,474,770 in 1898.

weather that made the mercury boil over in the thermometer tubes. The grass on the prairie would dry up like tinder, The exports from the United States to and then the sun would rise quickly in Porto Rico for the seven months were the morning, and before we would know it everything was ablaze, and, I tell you, \$2,399,221 in 1899, against \$569,110 in 1898. you had to move pretty smart to bake our potatoes by hanging them out of the window in the sun, and you could fry Imports into the United States from Porto Rico during the same time were \$3,379,944 in 1899, against \$2,253,800 in 1898. but it didn't cook so well or so quickly

The exports from the United States to the Philippine islands from Jan. 1 to July 31 were \$386,109 in 1899, against \$65,736 in 1898. The imports into the United States from the Philippines for the same period were \$3,274,134 in 1899, against \$2,283,775 in 1898.

The trade of the United States with the various islands when stated by months shows a marvelous growth, very gratifying in all the islands, and especially so in the Philippines. The only fiscal years since 1877 showing

for the entire twelve months a larger value of merchandise exported from the United States to Cuba than is shown by the first seven months of 1899 were the years 1892, 1893 and 1894. If the same ratio is maintained until the end of the year. the imports into Cuba from the United States will be larger than the exports from the United States to that island in any fiscal year in the entire history of the trade between this country and Cuba. The imports into the United States from Cuba from Jan. 1 to July 31, 1899, were greater than the corresponding imports for either of the entire fiscal years 1897 and 1898. If the same ratio is maintained for the remainder of this year the imports

into this country from Cuba will exceed \$32,000,000, and be more than double those of the fiscal year ending June 30, 1898. The imports from Porto Rico into the of 1899 were larger than those of any of the preceding entire fiscal years since 1890, except 1893, while the exports to Porto Rico for the first seven months of

ried women in this country. The truth is that no such excess of spinsters exist in fact, it is quite the other way, the achelors outnumbering the maidens. the present moment there are in the United States 2,200,000 more unattached males than females similarly situated, the exact figures being 5,427,767 bachelors against 3.224,494 spinsters of ages from twenty is 26 per cent and in Virginia it is 22 per cent. All of these are low percentages, do not find husbands it is not for lack of a plentiful supply of the article. What

the fiscal years since 1877.
As far as the exports from the United tion of spinsters from the North and East to the great and growing West, in parts of which there are ten available males for every maid. From the last remark, however, it must not be inferred that there is actually an excess of unmarried women in the Northern and Eastern states. Even in those parts of the country there are

BACHELORS IN MAJORITY.

bachelors than spinsters twenty years old and upward, notwithstanding the theory to the contrary so widely accepted. No state in the Union has as many maidens as bachelors—not even Massachusetts, where the figures are 219,255 spinsters, against 226,085 bachelors. Massachusetts is the banner state for spinsters, the It appears that people generally are greatly mistaken in their notion that there is an enormous surplus of unmar- Rhode Island, where the excess of bachelors is 2 per cent. The excess of bachel-ors in the District of Columbia is 8 per cent, in North Carolina 9 per cent, in New Hampshire 9 per cent, in Connecticut 26 per cent, in Maine 37 per cent and

in Virginia 54 per cent. In Maryland the bachelor surplus is 19 per cent, in New Jersey it is 22 per cent, in New York it

T. W. ROBERTS' SUPPLY HOUSE, Minneapolis, Minn.

had palpitation of the heart, nervousness, vertigo, etc. "I tried the best doctors in Gaston Co.," he writes, "and tried nearly every kind of patent medicine without relief. I suffered untold misery for seven years; I could scarcely walk; I only weighed 103 pounds; the doctors said they could do nothing for me. A friend asked me to try Ripans Tabules, and I felt better after the second dose. To-day I eat krout and fat meat without any unpleasant feeling, for I always take a 'Tabule' after eating. I weigh 125 pounds-my weight before I was taken sick. I was past doing any work for two years-last night I hunted possums till 2 A. M.

A new style packet containing TEN RIPANS TABULES in a paper carton (without glass) is now for sale at some drug stores—FOR NYW CENTS. This low-priced sort is intended for the poor and the economical. One dozen of the five-cent cartons (29 tabules) can be had by mad by sending forty-eight cents to the RIPANS CHEMICAL COMPANY, NO. 10 Spruce Street, New York—or a single carton (TEN TABULES) will be sent for five cents. RIPANS TABULES may also be had of grocers, general storekeepers, news agents and at ignor stores and barber snore.
