

PROTEST BY CLERGY

TOO MANY HIGH-PRICED PREACHERS TRANSFERRED TO THE NORTHERN CONFERENCE

ANY FINAL ACTION DELAYED

Resolution Passed at Minneapolis, but Later Reconsidered and a Spirited Debate Upon the Pending Question is Expected Today—Praying Committee Reduces Estimates of Minneapolis Officials.

GLOBE'S MINNEAPOLIS OFFICE, 20 WASHINGTON AV. SOUTH. Advertising—Subscriptions—Tel. 2700 J-4.

The Methodist conference, in session at Minneapolis, yesterday touched lightly upon a topic which is likely to result in a spirited debate today.

Whereas, Our conference ranks are being crowded to the detriment of our own members by transfers from other conferences.

Resolved, That we respectfully but most earnestly request our bishop and his cabinet to make no transfers into our conference unless a man of the same grade is transferred out.

The significance of this move did not at once appear, and the resolution passed amid applause. However, by a parliamentary maneuver on the part of two or three leaders who foresaw the import of the resolution, the motion was reconsidered and the resolution tabled until today.

It is expected it will be the subject of the hottest debate of the conference the first thing this morning. It is aimed mainly at the Minneapolis churches who import preachers from abroad at high salaries to the exclusion of home talent.

Aside from this the most important action of the morning was the election of ministerial delegates to the general conference. The delegates chosen were: Richard Forbes, J. J. Hingley and R. N. McKel. This election had a bearing upon the choice of the new presiding elder for the Minneapolis district. It was generally believed at the close of the session that Dr. Hingley would be the next presiding elder of Minneapolis.

During the morning the following ministers were admitted by unanimous vote into the conference after a probationary connection of two years: Roderick Murray, Robert J. Taylor, Andrus L. Richardson, James A. Geer and Arthur E. Rowson.

At the afternoon session there was an address on missions by R. F. H. Roberts, and Dr. George H. Bragden made an announcement of the progress made during the summer vacation on the endowment fund for Hamline university.

The endowment fund for Hamline university reported that as the result of the summer it had secured a pledge for \$40,000.

It will be recalled that last spring a plan was set on foot for raising \$250,000 with which to endow Hamline university. At that time J. J. Hill made a gift of the fund of \$30,000 with the proviso that the gift would be forthcoming as soon as \$200,000 more was realized by the university authorities.

THIRTEENTH REGIMENT IS DUE TO ARRIVE AT PORTLAND THIS NOON

CHEERED ALONG THE WAY

Word Evidently Passed as to the Time of Expected Arrival at the Various Towns—Question of Subsistence Now a Matter That is Worrying the Returning Troops—No Change in the Programme.

ASHLAND, Or., Oct. 6.—(Special.)—The three sections of the special train carrying the Thirteenth Minnesota have completed three-quarters of the first stage of the trip from San Francisco to St. Paul, and are now speeding up to Portland, where the first welcome to the regiment awaits the volunteers.

The men are looking anxiously forward to meeting their old friends of the Oregon regiment, whom they met last on the firing line outside of Manila. The stop at Portland will be more than a mere break in the monotony of the long journey, and the hospitality in waiting will be fully appreciated.

The soldiers have spent today in doing nothing much in a variety of ways. Books and cards are the things most generally relied upon to pass the time.

There are also aided by story telling, songs and a wide range of practical jokes, none of them severe, but all calculated to afford amusement.

The question of subsistence has not yet troubled the soldiers. Nearly all left San Francisco with well filled baskets, and these supplies are not by any means exhausted.

The people along the route are displaying a decided interest in the Thirteenth Minnesota. Word has evidently been passed along the line as to the time of probable arrival, and at every station passed today there have been people out to cheer and see the returning soldiers. Where there have been stops the people have shown their hospitality, and this has tended to prevent trouble in the commissary department.

There have been a number of delays, and progress has been seemingly slow, but there is no reason to believe that the trains will not reach Portland on time. Nothing has been heard from Portland since leaving San Francisco, but the plans carried out will undoubtedly be as then announced, and the Thirteenth is expected to arrive about noon. The stay there will be for twenty-four hours, and will include a march through the streets, and reported that Fordham left the party at Portland it may be decided to give some time to Spokane.

It is still the understanding on the train that after leaving Portland Sunday noon the run through to St. Paul will be made without stops or receptions, though at Portland it may be decided to give some time to Spokane.

PAINE'S CELERY COMPOUND

CURES Nervousness, Debility; Strengthens and Tones the System; Purifies the Blood.

Mrs. Mary M. Myers, of Baltimore, Ohio, writes: 'I suffered for eight years with nervous prostration and the general debility common to women, and had such pains in my back that I could not get around the house. I used several remedies and consulted several of the best physicians without obtaining any relief. Paine's Celery Compound restored me to health.'

'I also want to say to all mothers that Paine's Celery Compound is a splendid medicine for their children.'

WOMEN expend great nerve energy. The organs of the body need vigorous nerves to insure their healthy action. Suffering of acute nervousness is caused by weak, inflamed nerves. The body soon becomes debilitated when the nerves are weakened. Paine's Celery Compound will nourish and reinforce the nerve fibres.

Filipinos Reported to Be Running Short on Food Supplies—Gen. Grant Makes a Successful Attack on the Insurgents, Driving Them From West Bank of Imaus River, With Heavy Losses.

WASHINGTON, Oct. 6.—Notification was sent by cable today to both Gen. Otis and Admiral Watson, at Manila, of the intention of the navy department to reinforce the naval forces in the Philippines to a considerable extent, and stating that the Brooklyn and several other vessels would be dispatched at the earliest possible moment to the islands.

So far the only orders issued are to the Brooklyn, the Nashville, the New Orleans and the Badger, but in the course of a few weeks others will be added to the list in the shape of some of the smaller gunboats.

The navy department is not yet aware of the use to which Admiral Watson and Gen. Otis will put this force, but undoubtedly it is the purpose to make a supreme effort to crush the insurrection at an early day. Admiral Dewey regarded it as essential that the insurgents should be cut off from the bountiful supplies they have been receiving through the ports which have not yet been closed, and he expressed the greatest satisfaction at the information contained in the latest Manila advices to the effect that the insurgents were in straits to secure food, pointing out that this presaged an early collapse of their resistance, if the avenues were kept closed against further supplies.

AMERICAN ATTACK. Filipinos Driven From West Bank of Imaus River.

MANILA, Oct. 6.—Gen. Fred Grant, with three companies of the Fourth infantry, two companies of the Fourteenth infantry, and a band of scouts attached to the former regiment, advanced from Imaus this morning, driving the insurgents from the entire west bank of the Imaus river. Companies C and H, with the scouts, crossed the river at Big Bend, and advanced west in the direction of the Bincayan road, the insurgents firing volleys, but retiring. Twenty Filipinos were discovered entrenched at the Bincayan church, midway between Bacoor and Cuttie Viejo. These were routed, six being killed.

Riley's battery, of the Fifth artillery, made an effective sortie about a mile south of Bacoor, and swept the west bank of the river at close range. That bank is now held by the Americans.
