## IN A LOCAL LEAGUE

AN ORGANIZATION OF CITIZENS OF MINNEAPOLIS OPPOSED TO IMPERIALISM

### MASS MEETING TO BE HELD

Committee to Make Arrangements for the Gathering Which Will Be Held Next Month—Plan Presented for the Local League Approved at a Meeting Held Yesterday—Want Curfew Law Enforced.

GLOBE'S MINNEAPOLIS OFFICE, 20 WASHINGTON AVE. SOUTH. Advertising—Subscriptions—Tel. 2790 J-4.

Minneapolis citizens who are not in sympathy with President McKinley's Philippine policy gathered in the New York life building yesterday afternoon. The purpose of the meeting was to take steps toward organizing the Minneapolis Anti-Imperialist league, which has been in process of incubation for some time past. When the organization is completed, the Minneapolis league will co-operate with the American Anti-Imperialist league of Chicago. The latter organization has an executive committee of fifteen, of which Edwin Burritt Smith is the chairman. Mr. Smith arrived in Minneapolis yesterday and addressed the meeting.

A. B. Choate presided over the meeting. The only business in order was the report of the committee of five appointed a week ago to present a plan of reorganization of an anti-imperialist league. The committee, which consists of S. A. Stockwell, Rev. S. W. Sample, F. G. Corser, H. M. Parker and Col. G. C. Ripley, submitted a plan. It provides for an organization which shall choose a president, an unlimited number of vice-presidents, a secretary and an executive committee of fifteen, of which the president and secretary shall be members. The plan was duly approved.

The committee of five recommended that eight of the fifteen members of the executive committee be chosen at once, and invested with authority to select the other seven; but the matter was referred back to the committee of five, which was instructed to nominate eight members, and submit a plan of reorganization at a meeting of the anti-imperialists to be held at 2 p. m. tomorrow at the same place.

It is probable that an anti-imperialist mass meeting will be held in this city next month. The committee of fourteen appointed at the former meeting to make arrangements for such a gathering reported progress. The meeting will be held at the Lyceum or Metropolitan theatre. An effort has already been made to secure Carl Schurz to deliver the principal address, but his health is not such as to permit him to make the trip. It is quite likely that W. A. Freeman, a well known anti-imperialist of Wisconsin, will be the principal speaker.

The committee appointed to arrange for the meeting, if we please you, tell others; if we don't, tell us.

November is now here; some of you have escaped thus far, favored by good weather, from wearing an overcoat, but now the moment has come when all have to decide; shall it be the old overcoat or \$12 for a new one full of style? It's for you to decide. We are hunting for your trade. If you're hunting satisfaction in clothing, try our kind.

Hundreds of new style Suits from \$3 to \$24. The best \$10.00 Street and Driving Gowns. Complete Fashionable Outfits.

### To Check Taxes.

The Minneapolis park board is convinced that a careful checking up of the tax records would show that there were considerable sums that were getting away from the board and cleaner and lawyer tax experts of Howard Lake, have been authorized to investigate. They will receive one-fourth of all the sums restored to the board's coffers.

### Switchman Killed.

Cole Limney, twenty-one years old, a switchman in the Milwaukee yards at Minneapolis, was killed by being caught between engine and a car. He was making a coupling. His left leg was badly mangled, and shortly after being taken to St. Barnabas hospital he expired. His relatives reside in Missouri.

### Minneapolis Bride.

The marriage of Miss Suele H. Cyphers, daughter of Mrs. Katherine Cyphers, of Minneapolis, and William S. They are to live at Excelsior, where they will take up their residence next week.

### Club Breakfast.

Mrs. H. L. Moore, of Hennepin avenue, Minneapolis, gave a breakfast to the members of the Nineteenth century club at the Minneapolis club yesterday. They were laid for twenty-four, and the guests included Mrs. Noble, of St. Paul.

### MINNEAPOLIS BREVITIES.

C. A. Carlson, of 2217 Sverdrup avenue, was picked up on Twenty-third street south by the South Side police in an unconscious condition. Dr. C. J. Ringnell was called and it was found that the man, while on his way to his place of employment, had suffered a stroke of heart failure. He was removed to his home and will have to be kept there for some time.

Claude Volkart, the two-year-old son of Edward Volkart, of 725 Hennepin avenue, was badly burned while playing with a flag which ignited from the kitchen fire. The child's clothes in an instant were a mass of flames. Mrs. Volkart ran to his rescue and with her hands smothered the fire out and tore the burning clothes from his body.

The police department is going into the catering business. Hereafter all meals for prisoners will be prepared in the station, and the city will thus save about \$500 per year.

Foley Bros., contractors, have unloaded machinery, grating tools and implements at Spring Park and will have driving all along the extension to Bonifacio by the city.

Miss Rose Whelan, died at the home of her sister, Mrs. Branton, 1200 Sixth street north. She was twenty-six years old and a member of the Assenian parish.

### ARCHITECTS' PROTEST.

Will Side With Contractors in Chicago Building Troubles.

CHICAGO, Nov. 7.—A largely attended meeting of the Architects' association was held today for the purpose of taking action against the policy of the trades unions of this city, which the architects and building contractors declare have rendered impossible the building trade by their unreasonable demands. The meeting listened to the grievances of the contractors, a number of whom were present, and finally adopted resolutions declaring that the Architects' association should take sides with the contractors in fighting the alleged unreasonable demands of the men. Much feeling was shown on the matter, the chief blame of the trouble being laid at the door of the walking delegates.

### LOST LEGACY.

Seven Hundred Dollars That Await Claimant.

MENCIIE, Ind., Nov. 7.—Tomorrow Attorney John R. Ryan will turn over to the county clerk \$700 held by him for Olin Orebough, as her guardian. The money came to him for her seventeen years ago, when she was aged four years. Her father, in Western Kansas, sent for her at that time, and Mr. Ryan has ever since failed to locate the girl. He believes that the father died and the girl was taken to the west in ignorance of the fact that she had a legacy due.

### MR. HOBART BETTER.

Dr. Newton, However, Can Offer No Encouragement as to Recovery.

PATERSON, N. J., Nov. 7.—At a late hour today Vice President Hobart's condition was reported to be more favorable. It was stated at his home that Mr. Hobart had been able to sit up in a chair for a short time, and had eaten some solid food—something he had not done in three weeks. He was told that Mr. Hobart had been for some days, and his family felt encouraged over his apparently improved condition. Dr. Newton, who remained at the house tonight, could offer no encouragement as to the vice president's recovery.

Today Attorney General Griggs called, and had a short interview with the vice president. The vice president was cheerful, and Mr. Hobart said that he hoped to be able to take her out for a drive before long.

Among those who sent telegrams of inquiry to the vice president's condition were Senator and Mrs. Platt, of Connecticut; Richard Mansfield, and Senator and Mrs. Faulkner, of West Virginia.

### GUERRILLA MOBBED.

Cubans Drive One From the Town of Cienfuegos.

HAVANA, Nov. 7.—Castinara, a former guerrilla, was in a cafe in Cienfuegos recently, and was recognized by the Cubans, who gathered in front of the building in large numbers, and demanded that he be driven from the town. The police charged of him, and he left the same day.

A small quantity of Ely's Cream Balm placed into the nostrils spreads over an inflamed and angry surface, relieves immediately the painful inflammation, cures the catarrh. Drying Inhalants, fumes, smokes and snuffs simply develop dry catarrh; they dry out the secretions which adhere to the mucous membrane, and thus develop a far more serious trouble than the ordinary form of catarrh.
