### MONTANA SUPREME COURT HEARING THE J. B. WELCOME DISBARMENT CASE

### IT INVOLVES SENATOR CLARK

Allegation is That Welcome, as Mr. Clark's Attorney, Gave Members of the Legislature \$30,000 for Their Votes to Be Thrown to Clark—Testimony of the Legislators is Taken.

ANACONDA, Mont., Nov. 11.—This week the time of the supreme court of Montana has been taken up with the hearing of the charges against J. B. Welcome, one of W. A. Clark's attorneys, who was Clark's confidential man during the senatorial election last winter, and is accused of having distributed at that time large sums of money in the alleged bribery of members of the legislature in the interest of Clark. The case pending in the supreme court is for the disbarment of Welcome.

Last January, in joint session of the legislature, \$30,000 chiefly in bills in the denomination of \$1,000, were passed to the presiding officer's desk. The testimony then taken was that Welcome had given this money to three members of the senate, Whiteside, Clark and Myers. These three declared that they took the money for the purpose of exposing the bribery. Other members of the legislature were involved in the exposure. The matter passed to a grand jury, which was asked to find that it was bribery in the interest of Clark, or a conspiracy against him. The grand jury brought in a non-committal report.

Soon after the legislature adjourned action was started in which the supreme court was asked to hear evidence under disbarment proceedings against Welcome. The preliminaries were thoroughly argued at several sittings of the supreme court, and Welcome strenuously denying the court's jurisdiction. Weeks passed. At length the supreme court announced that it would try the issue, and the hearing began Monday.

### GIST OF TESTIMONY.

Whiteside testified to having direct communications with Welcome in several transactions involving the purchase of votes. State Senator Clark, of Madison county, testified that, on appointment, he was in Welcome's room at the Helena, and that Whiteside was also present; that Welcome counted out ten \$1,000 bills, which were put in an envelope and marked by State Senator Clark with his initials and witnessed by Whiteside and Welcome; that Whiteside proposed that the money thus placed in the envelope be put in Whiteside's care, the bargain being that State Senator Clark was to vote for W. A. Clark as long as Welcome should require him to do it.

### JAMAICAN STORM.

Wednesday's Hurricane Did Great Damage to Fruits. KINGSTON, Jamaica, Nov. 11.—Messengers from the island devastated districts report that Wednesday's hurricane was the most severe experienced in Jamaica for many years. It struck the east end along the northern slopes and through the parishes of St. Thomas, St. Mary and Portland, westward to Morant Bay on the south and Lucia on the north coast, being pushed by Alfred J. Henry, who stated that the engineer corps of the army had been ordered to make the plans and intentions known, and that the details are somewhat of a secret. The main feature, however, is to be a dam or system of piers constructed near Buffalo that will in measure hold the flow of the Niagara river.

## CABELLO BOMBARDMENT.

### Minister Loomis Has Asked Instructions From Washington.

WASHINGTON, Nov. 11.—United States Minister Loomis has advised the state department of the impending bombardment of Gen. Parado's forces in Puerto Cabello by the forces of Gen. Castro. The minister has evidently looked to the department for instructions, and these are to go forward. It is all apparent that the bombardment can be conducted without imminent danger to the life and property of foreigners and innocent people in Puerto Cabello, the minister will not interfere in any way. On the other hand, he will be instructed to object to his endeavoring to avert the bombardment through peaceful representations, directed to non-combatants. Meantime he will be instructed to withdraw from Cabello from Lagunayra, and Commander Hemphill will act in accord with the instructions which have been given to Minister Loomis.

### TO DAM NIAGARA.

Government Planning to Raise Level of Lake. WASHINGTON, Nov. 11.—The construction of a great dam at the headwaters of the Niagara river, near Buffalo, is the project of the engineer corps of the army for solving the problem of deep water ways through the lakes. The dam is designed to raise the level of Lake Erie fully three feet and the levels of Lakes Huron and Michigan one foot. The plan was discussed by Alfred J. Henry, chief of the division of records and meteorology, and delivered last night before the National Geographic society. Mr. Henry stated that the engineer corps has been planning the project several years, but the department under which the plans are being pushed is not ready to make its intentions known, and that the details are somewhat of a secret. The main feature, however, is to be a dam or system of piers constructed near Buffalo that will in measure hold the flow of the Niagara river.

The committee decided to work temporarily under the constitution used for the Kansas City head camp meeting, but appointed a sub-committee to make such revision as may be needed to suit local conditions.

All the camps affiliating reported having voted a quarterly per capita tax of 25 cents per member, which, if paid every quarter until the head camp meeting, will create a fund of more than \$6,000. The next meeting of the committee will be on the second Monday in November, and will be held at the regular meeting of the first Friday in every month. Capital City camp, at the last meeting, announced the by-laws in regards to sick benefits and the committee will get full information from the clerk. At the next meeting, Wednesday, Nov. 15, nomination of officers will occur; also arrangements for a joint entertainment with Capital Camp of R. N. O. A. will be made, and other very important business will be taken up at that time. R. C. MacRae, clerk of Liberty camp, in the southern part of the city, is a member of the camp on Wednesday evening last that the present camp was in a very flourishing condition. His report also showed that the present year's work was "onward and upward." Four new members were initiated and three new applications were received and referred. The annual election and nominations of officers for the year will take place Wednesday, Dec. 6, at Odd Fellows' hall, Fifth and Wabasha streets. The appointment of an entertainment committee for the fall and winter season, and several other matters also made at this meeting, and full attendance of all members is requested.

INDEPENDENT FORESTERS. Court Five Points will meet next Wednesday and initiate a class of candidates. Court Lion Heart initiated a class of several applicants. An agreement has been reached to consolidate this court with Court Five Points. The consolidation will take place about the first of the year and will be duly celebrated. Court Minnesota met last Tuesday and initiated two candidates and acted upon several applications. A committee was appointed for the purpose of entertaining the high court, which meets in this city next February. Court Glen Gibley, West side, gave up the first part of their meeting last Friday to the institution of a companion court, which was successfully accomplished. The charter list was procured by the high court, and the initiation was supervised by Miss Davis, supreme organizer. After the ladies closed their meeting the court went to work and initiated several new members. A number of applications were received.

UNITED WORKMEN. Independent Lodge No. 11, Degree of Honor, held a very interesting meeting last Tuesday evening. Three applications were received and two certificates issued. The lodge will meet on Thursday next regular meeting. At this meeting nominations of officers takes place also, and you should not miss it. Come and bring your friends. A cordial invitation is extended to all D. of H. and A. O. U. W. lodges. COURT OF HONOR. St. Paul Court No. 82 will on next Thursday nominate officers. There will also be arranged a number of candidates and initiated members. The first annual convention will be held at Minneapolis. All members are requested to be present. MACCABEES. St. Paul Tent No. 21 have issued invitations for their fifth annual ball to be held at Cambridge hall, 140 East Seventh street, on Thursday evening, November 23. The Bostonian orchestra will furnish music, and nothing has been spared to make it one of the finest ever held. The tent is growing very rapidly and having last steamed every review. The committee on entertainment furnish something every Monday, which is always well received. KNIGHTS OF PYTHIAS. Twin City lodge has arranged for a social session Monday evening in commemoration of its eleventh anniversary. There will be no degree work. All knights are cordially invited. ORDER OF THE IRON CHAIN. Link No. 19, Order of the Iron Chain, will hold its regular meeting Wednesday evening, Nov. 15, at Central hall. A literary programme will be rendered and lunch served by the ladies. A good time is expected. VIA BALTIMORE & OHIO RAILROAD. Nov. 14 and 25. Account National Express. OVER SEVEN THOUSAND DOLLARS OF HIDDEN MONEY FOUND AT STILLWATER.

### SEARCH NOT YET COMPLETED

Money the Property of George Vollmer, an Old Resident of the City, Who Died Three Weeks Ago—Currency Found Hidden in Out of the Way Places—The News of the Northwest.

STILLWATER, Minn., Nov. 11.—(Special.)—When George M. Vollmer, an old resident of Stillwater, died three weeks ago, it was known that he possessed considerable money, which could not be found. The special administrator and other interested parties secured permission to search his house, which was done yesterday, and money in wads, ranging from \$40 to \$300, was found in every conceivable place.

Although the amount found was not given out it is known to exceed \$7,000, and the search is not yet completed. The old man did not have confidence in banks or safety deposit vaults, but surprise is expressed that he did not inform his family of the whereabouts of his money before he died.

Proceedings have been instituted to contest his will, Vollmer having left nearly all of his property to two of his sons.

### TWO BUILDINGS BLOWN UP.

Fatal Work of Vandals in a Town in Iowa. WATERLOO, Io., Nov. 11.—At Urbana, in Benton county, this morning, an explosion in the Monitor office wrecked the plant of that paper and destroyed the building. The noise aroused the town, and Clarence Burrell, a young man, rushed from his house to learn the cause. As he stepped in front of J. D. Burrell's store an explosion occurred inside, carrying out the front of the building. Young Burrell was killed by the flying debris and a piece of timber was driven through his heart and his body was blown across the street.

The Masonic Club, Fellows and Woodmen lodges over Burrell's store were in the wreck, along with the entire building. A safe containing a big sum of money remains untouched. The sole motive for the crime appears to have been a desire to injure the property of the individuals.

A quantity of dynamite was purchased at two hardware stores in Clinton yesterday, and the officers of this report for the clue. The county authorities of Benton county have offered \$1,000 reward for the capture of the dynamiters.

### HONORED IN DEATH.

Remains of the Late W. E. Todd in State at Albert Lea. ALBERT LEA, Nov. 11.—(Special.)—The remains of the late W. E. Todd, of this city, who died in Mankato after a stroke of apoplexy, arrived here this evening and lie in state in Masonic hall, where they will remain until Monday, when the funeral will take place. Mr. Todd was one of the most prominent attorneys in the southern part of the state, and was a very wide acquaintance. He was forty-six years of age and leaves his wife and one daughter.

### SOUTH DAKOTA VOTE.

The Republican Majority in the State About Six Thousand. ABERDEEN, S. D., Nov. 11.—Returns just received from Charles Mix county increases the Republican net majority by seventy. This gain will more than be offset by Brookings county, however, where the net majority is lost to the Democrats. Corson, 642; Haney, 623; Fuller, 555; Smith, 686; Kennedy, 709; Bennett, 738.

### WIVES MOTHER-IN-LAW.

Action to Recover Damages Based Upon Alleged Alienation. ST. CLOUD, Minn., Nov. 11.—The general term of the district court for Sherburne county will be held next week by Judge Giddings. An interesting case will come on for trial in the suit of George E. Rice, agent for the Great Northern, against Mrs. Hattie Schwab, his mother-in-law. Mrs. Rice, who is at the home of her mother in this city, will, at the same time, bring an application for divorce. Rice sued his mother-in-law for \$10,000 damages for the alienation of his wife's affections. He went to the Klondike about two years ago, and says that when he came back he found his wife would have nothing more to do with him. He charges it to the interference of Mrs. Schwab. The wife alleges cruelty. Mrs. Schwab is a wealthy German widow of this city.

### Newspaper Ruling.

JAMESTOWN, N. D., Nov. 11.—(Special.)—An important decision has been handed down by Judge Glassell, of the district court, at a year ago, and Jamestown Daily Capital and the North Dakota Capital, a weekly newspaper, were brought before the court by the receiver of the plant. It was supposed by the purchasers that they were acquiring the rights in the name of the paper. Judge Glassell rules they were not so entitled and orders that the former owner, J. B. Schaefer, be restored to the unqualified possession, use, ownership and control of the trademark, the copyrights, and the exclusive right of printing, publishing and selling the Daily Capital and the North Dakota Capital and the subscription lists of the publication.

### Tracy Pioneer Dead.

TRACY, Minn., Nov. 11.—(Special.)—Myron Finch, a pioneer of this county, died Thursday. He had been seriously ill a few days only, although he had been something of an invalid for several years. The death of Mr. Finch removes one of the town's oldest residents. He erected the building known as the Old Exchange here some twenty years ago. This building was destroyed by fire in the general conflagration of 1874. A wife and four children survive him. The funeral will be held Sunday.

### Now Leads Duluth.

SIoux FALLS, S. D., Nov. 11.—During the past year the United States land office at Watertown earned \$700 more than the land office at Duluth, which has been accounted the leading land office of the ninety or more in the United States. The Duluth office is allowed five clerks, while the Watertown office is required to get along with two.

## CRUSHED AND SCALDED

AWFUL SMASHUP ON THE FORT DODGE & OMAHA RAILROAD, NEAR DENISON.

NINETEEN MEN INJURED. Many Who Were Caught in the Crashing Together of a Gravel and Extra Work Train Were Also Scalded by the Escaping Steam—Some Crawled Out and Fell Fainting With Pain.

DENISON, Io., Nov. 11.—Nineteen men were injured on the Fort Dodge & Omaha railway, five miles north of Denison, this afternoon. A gravel train and an extra work train came together on a curve near the gravel pit. The men were coming out from dinner, and were crowded together in the dining car when the two trains came together without warning. The gravel train was going at the rate of about twenty miles an hour. The work train was proceeding without orders.

The crash came without warning. The engine of the gravel train crashed through the box cars filled with their human freight, and tore them into splinters. Two of the box cars struck were torn to pieces, and most of those who escaped jumped.

The scene which followed was terrible. The escaping steam scalded the wounded men in the ruins. Some of them crawled out and ran to the right of way fence and fell fainting.

As soon as possible prompt measures were taken for relief. The injured were brought to Denison on a special train, and a long line of teams brought them to the hotels and private residences, where they are being cared for. The women of the city generally came to the aid of the sufferers, and half the physicians of the county are in attendance, under direction of Surgeon H. A. Boyle.

Amos Gilles, who was among the injured, was taken on special engine to his home at Cherokee.

Two of the injured, Ed McKey and Dan O'Brien, are not expected to live through the night, and several others are not expected to live. McHenry was conductor of the work train with engine 115. As this train was backing up the engine was intact. Sprague was conductor of the gravel train with engine No. 82, which was completely demolished.

LIST OF INJURED. The following is the list of the injured. It is impossible, at this time, to give their place of residence: Roadmaster Gilles, Cherokee, right leg broken; Engineer Fred Peterson, Fort Dodge, severe contusion on neck, knee injured; John Sukwitz, slight contusion of leg; William Berkhart, wounded right shoulder; Ed Salter, wound front left knee and hip; John Faircutt, wounded in spine and

muscles; James Max, hurt inwardly; Nell McArthur, sprained left ankle; George McClure, fracture right leg; Thomas Phillips, sprained right leg; Pat McLean, punctured wound of scalp; John Grady, wound in body, two scalp wounds; Ed McKey, contusion of body, probably paralyzed; Ed Willis, contusion and bruised head; Ed Brady, bruised head and hip; not bad; J. O'Brien, contusion abdomen, scalp; Mike Gray, fractured leg; O'Keefe, scalp wound; Dennis Denham, scalp wound; Frank Small, lacerated head; Everett C. Hue, sprained ankle; Chris Murphy, contusion on the back of the head; John Roseberry, sprained left ankle.

## BREAD IS DANGEROUS

BUT BEER IS ALL RIGHT, SAYS PROF. HERBERT W. HART, WHO IS AN EXPERT.

HIS STATEMENT IS NOVEL. Says Appetite for Beer is the Result of Craving of the System for the Life-Giving Elements Taken From Wheat in Manufacture Into Flour—Claims Adulteration of Food Will Eventually Make Idiots.

NEW YORK, Nov. 11.—Senator Mason, of Illinois, of the senate committee on manufactures, began a session of the committee here today. The committee met at 10 a. m. The subject of today's session was the adulteration of beer, ale and porter. Only two witnesses were called. They were Gallus Thomann, of the local beer brewers' association, and Prof. Herbert W. Hart, Mr. Thomann said that the brewers of the United States were much opposed to any adulteration of beer, and spoke of the disinclination of the brewers to send exhibits to the forthcoming Paris exposition. They argued, he said, that without using preservatives it would be impossible to send beer that would compete with the product of local brewers.

Questioned by Senator Mason, Mr. Thomann said he believed that the foreign beers imported here in bottles are preserved by antiseptic, probably salicylic acid. Referring to Bavarian beers, Mr. Thomann said the sale of beers so preserved is forbidden in Bavaria, but there was no law preventing the preservation of beer for sale without the country.

Prof. Hart declared that every college should have a chair of dietetics. He said the persistent adulteration of all classes of food is responsible for the present degeneration of the race, and would be responsible for a future generation of idiots. White bread Mr. Hart declared to be the scourge of humanity, and he said he would sooner eat the cheapest bread baked in the dirtiest slum of New York city than the best aerated bread manufactured. He advocated the use of whole wheat bread, and said that the appetite for beer is a result of the craving of the system for the life-giving elements that are taken from wheat by its manufacture into white flour. Mr. Hart said that he would prohibit the use of glucose in beer, and that he would suggest a law compelling brewers to tell on their bottle labels the component parts of the liquor in the bottles.
