

Keeps My Hair Soft

"I have used your Hair Vigor for five years and am greatly pleased with it. It certainly restores the original color to gray hair. It keeps my hair soft and smooth. It quickly cured me of some kind of humor of the scalp. My mother used your Hair Vigor for some twenty years and liked it very much."—Mrs. Helen Kilkenny, New Portland, Me., Jan. 4 '99.

Used Twenty Years

We do not know of any other hair preparation that has been used in one family for twenty years, do you? But Ayer's Hair Vigor has been restoring color to gray hair for fifty years, and it never fails to do this work, either. You can rely upon it for stopping your hair from falling out, for keeping your scalp clean and healthy, and for making the hair grow rich and long.

If you do not obtain all the benefits you desire from the use of Hair Vigor, write the Doctor about it. Address: Dr. J. C. Ayer, Lowell, Mass.

BILLIARD PARTY.

First of a Series at the Ryan Parlor.
The first of a winter series of billiard parties was held at the Ryan billiard rooms last night. It is the intention of the management to follow last season's plan, giving such tournaments every few weeks during the cold weather. A large number of local cranks met at the tables and some high scores were rolled up. Play started at 8:20 and continued for three hours without intermission. The only contest of the evening was that between Messrs. Torrance and Bickman, each being tied for high score in the last game, when Torrance won out with 14, leaving Bickman second with 13. Torrance also won high run with twenty-five, but owing to the fact that he also won the high score, he was obliged to concede the prize to Bodmer, with the second high run, seventeen. The entries were Messrs. Friedman, Taylor, Torrance, Wilcox, A. Ken, Carter, Richard, Bickman, Lyons, Bodmer, Garnell, Graham, Childs, Buck, Mastin, Elliott, Bartholomew, Dr. Frye, Williams and Duncan.

GREAT RECORD.

Successful Trip of the Sewanee Football Team.
SEWANEE, Tenn., Nov. 15.—The Sewanee University of the South football team returned today from what was the most remarkable trip ever made by an American college team. They traveled 2,500 miles and played five games against the strongest teams of the South in six days. Sewanee defeated the University of Texas, 6 to 0, on Nov. 9; on Nov. 10, the A. & M. college was beaten 10 to 0; on Nov. 11, Tulane university was beaten at New Orleans, 23 to 0; Nov. 13 Louisiana state university was beaten 9 to 0 at Baton Rouge, and the trip ended yesterday when Sewanee defeated University of Mississippi, at Memphis, by 12 to 0. The Sewanee team returned from their trip in good condition, no serious accident having occurred to any of the men. Sewanee has won nine straight games, with a total score of 240 to 0 for its opponents.

HAVE NO MERCY.

Clip, Clip, Go Pieces of the Bicycle Record.
CHICAGO, Nov. 15.—The mile bicycle record was reduced to 1:19 today at Garfield park by Major Taylor, the colored rider. This clippe today, off the former world's record, which was held by Eddie McDuffee. Taylor was paced by a motorcycle, fitted up with wind shield attachments.

THIS BEAUTIFUL HAIR IS THE RESULT OF CUTICURA AND CUTICURA SOAP.

I have washed my child's head every week since birth, with warm water and CUTICURA SOAP, and occasionally rub in a little CUTICURA Ointment, and she has never been bothered with a rash or any scalp humor peculiar to infants. Now at the age of three and one half years her hair is fine, thick, and long, reaching below her hair when standing erect. Oct. 3, 1899. Mrs. C. GRAHAM, 103 N. California Ave., Chicago, Ill.

McCOY WANTS A REST

WILL NOT MEET PETER MAHER ON NOV. 30, AS ORIGINALLY AGREED
MAY GO ON DECEMBER 15
McCoy Admits That His Arm Is Sore, and That He Does Not Care to Take Chances With the Doughty Champion Save When in Perfect Shape—McGovern and Curley Cannot Agree as to Weight.

NEW YORK, Nov. 15.—Kid McCoy admits that his work with Peter Maher, for Nov. 30 at the Coney Island club, has been postponed. McCoy is in great condition but says, as an excuse for the postponement: "My arm is a little sore and I don't want to take any chances. My money is up and all that is necessary to clinch the matter is the signing of articles. This was done in a few days. Maher cannot claim my forfeit, for the papers call for a fight six weeks from the date of signing articles. I expect the battle will take place at Coney Island on or about Dec. 15."

FALL OF THE JUNIORS.

St. Thomas Seniors' Football Eleven Wins an Exciting Game.
The senior and junior classes of St. Thomas college played a game of football yesterday. After fifteen minutes of varying fortunes, Senior Nemacheck brought the ball to the junior's goal by a forty-five-yard run. Capt. Sheerin, of the seniors, nothing of interest occurred during the remaining minutes of the first half, except the splendid tackle of Callahan, which brought a round of cheers from the interested spectators. Within three minutes after the ball was kicked off, in the second half, Nemacheck seizing the ball, carried it eighty yards and planted it securely between the juniors' goal posts. Nothing of interest occurred in the second half. The juniors scored a safety, and in part retrieved the day. Fortunately for the seniors Nemacheck made another touchdown, leaving the score 22 to 2 in favor of the seniors.

Now the juniors aroused themselves to action. In the short space of ten minutes Fitzgerald and Dwyer were rushed over the seniors' goal line, leaving the final score 22 to 14.
Owing to the greater weight of the seniors the result was not unexpected. However, the seniors had to hustle for their victory. The juniors played an excellent game throughout. Each man supported his position like a veteran.

Tea Poisoning.
Victims of tea poisoning are becoming alarmingly prevalent. Women demand the life giving tonic. Instead of doing it naturally by building up their systems they resort to tea. They should use the life giving tonic, drives away the blues, regulates the bowels and cures all forms of dyspepsia. All druggists sell it.

HOW THE SILVER-PLATED WARE COMBINE WAS FORMED TOLD INDUSTRIAL COMMISSION

OFFICERS GET BIG SALARIES
An Independent Manufacturer Tells How a Dividend Was Passed and Remuneration of the Trust Officials Largely Increased—Would Prefer Working Independently So Long as Combine Acts Fairly.

WASHINGTON, Nov. 15.—The industrial commission today gave its opinion on the silver-plated ware business, hearing first Samuel Dodd, president of the International Silver company, and W. H. Watrous, a director of that company, and afterward N. B. Rogers, an independent manufacturer.
Mr. Dodd said that the International Silver company was organized about a year ago, and that, with two exceptions, it was composed of Connecticut manufacturers. There are forty separate establishments still in existence. He said the international company was capitalized for \$20,000,000, but that only about \$5,000,000 worth of the stock had been issued. His original company, the Wilcox Silverware company, had disposed of its stock, of a par value of \$25, to the combine for \$25 cash and \$50 in preferred and \$25 in common stock. He said the pool in silver company stock recently formed in New York had no connection with the company. He stated that the plants in the combine were worth about half the amount of capitalization and the patents the other half.

Mr. W. H. Watrous, of Hartford, Conn., a director of the International company, corroborated the statements of Mr. Dodd.
USED A DUMMY.
N. B. Rogers, of C. Rogers & Co., silver plate manufacturers of Danbury, said that his company at first had contemplated entering the combine. Each man supported his position like a veteran.
One objection he made to the method of organizing was that the negotiations were all conducted in the name of a clerk, who was a dummy and irresponsible. The promoters received 3 per cent of the common stock, and the common stock was offered to those entering the pool as a bonus. The combination had reduced prices immediately after organizing, and the competition since then had been very sharp, but Mr. Rogers was of the opinion that the low prices had been at the expense of quality. He said he preferred being out of the combination to being in it, and that he did not fear the competition of the combine so long as it was legitimate.
He had heard from a stockholder of the International company that the company had passed its first dividend, and at the time the dividend should have been declared had increased the salaries of its managing directors from \$5,000 to \$10,000, that of its president from \$7,000 to \$12,000, and that of the treasurer to \$25,000.

Year's Postal Deficiency.
WASHINGTON, Nov. 15.—A postal deficiency of \$8,610,777 for the fiscal year just closed, almost a 27 per cent increase from last year's deficiency, is shown in the annual report of Third Assistant Postmaster General Madden. The total receipts from stamps were \$85,000,000. Over 4,700,000 stamps in all have been supplied to the Philippines, \$20,000,000 to Cuba, \$3,000,000 to Porto Rico, and \$6,000 to Guam during the fiscal year. New York and Chicago mail 85 per cent of the entire second-class mail matter.

DR. COLE'S "CREO"

FOR LOST MANHOOD AND LOST WOMANHOOD THE WORLD'S GREATEST DISCOVERY.

Marvel of the Nineteenth Century.

Never before in the history of medicine was there ever anything like Creo; there is nothing similar, no substitute or equal for it on earth. It stands alone pre-eminent upon its merit. In the speedy, successful and permanent cure of all of those weak, debilitated and nervous conditions of both men and women, which are the direct or indirect results of early abuse, excesses or other causes, affecting the sexual organism. It acts directly on the Genito-Urinary organs, strengthening, invigorating, re-vitalizing and rejuvenating the entire apparatus; it imparts vitality and vigor of manhood and womanhood; it creates desire and supplies ability; it restores conditions, where falling power has reduced them to the helplessness of babies; it rekindles the fire of youth again and causes it to burn in a white blaze upon the altar of fervent love; lovers and sweethearts are true to each other; it fully prepares both men and women for the duties and obligation of the marriage contract, and makes marriage easy; it brings happiness to the home through the constancy of the husband, who then spends his evenings at the family fireside. That is not all. Creo electrifies the whole system, reaches out the weak points and fortifies them at once by acting on the nerve centers, stomach, digestive organs, heart, liver, kidneys, bladder, spinal cord and brain, thus preparing the way for nature to assert herself, making men and women strong, vigorous, robust, healthy, happy, with an ache or pain. SUPREME COURT DECISIONS.

Justice Collins Hands Down a Septette of Opinions.

Justice Collins, in the supreme court yesterday, handed down seven decisions, one of which relates to the seemingly unending tangle growing out of the Bank of Minnesota failure, where depositors were also borrowers from the bank. H. H. Burton wanted to offset a deposit of the Plymouth Clothing House against a note for \$2,500 given the bank by him as agent of the company. The syllabus of this decision is:

In an action by the receivers of an insolvent bank against a defendant on his promissory note he sought to show that he gave the note as agent for a certain corporation of which he was the president and for its debt.

Held, that the evidence adduced upon the trial warranted, even if it did not absolutely require, the court to find what it did in effect find, that the defendant was the principal debtor upon the note and that if said corporation, whose money on deposit in the insolvent bank, the defendant was attempting to have applied as a partial offset, had assumed any obligation in respect to the note, it was that of a surety. And held further, that this evidence would not have been affected had the counsel for defendant to pursue their inquiries along certain lines indicated by questions propounded to their witnesses and objected to by counsel for plaintiff. Order affirmed.

The court modifies the order of the lower court in the case of David C. Bell, as receiver, against Abbie G. Mendenhall et al., defendants, the Minneapolis Trust company, appellant, and David C. Bell, as receiver, et al., respondents. The trust company, in consideration of its being deemed certain property, agreed to pay certain debts of Mendenhall amounting to \$130,000. The deal was closed in May, 1893, and the property delivered. It is held that, under the agreement, the company could not be compelled to pay any excess of the \$130,000 in interest or otherwise, and since it was agreed that the trust company should receive 7 per cent on all payments made by it, the other creditors cannot claim 8 per cent, as they were allowed to do by the lower court. The syllabus: David C. Bell, as receiver, plaintiff, vs. Abbie G. Mendenhall et al., defendants, Minneapolis Trust company, appellant, and David C. Bell, as receiver, et al., respondents. A word of large meaning and is used to denote almost every kind of pecuniary obligation, originating in contract. The words must be held to cover the debtor's joint as

LABOR IS CONCERNED

TRUSTS AND IMPERIALISM ISSUES THAT ARE BEFORE THE PEOPLE OF ALL CLASSES MUST BE MET SQUARELY

So Say Officials of the Knights of Labor in Annual Addresses Before the General Assembly, in Session at Boston—Other Needs of the Order Are Suggested—Uncertain as to Action on Powderly Claim.

BOSTON, Nov. 15.—The sessions of the general assembly of the Knights of Labor were continued here today, with General Master Workman Parsons, of New York, in the chair. After the appointment of committees the committee on credentials reported that seventy delegates were present out of a possible 105, and several more from Canada and the far West were expected today or tomorrow. The afternoon session was devoted to the reading of reports and to an address by Charles H. Lichtman, ex-secretary-treasurer of the order.

General Master Workman John N. Parsons, of New York, in his report, said in part:

"Since the session at Chicago I have had occasion to visit a number of locals, including those of Chicago and Cleveland, and I feel fully convinced that we are in need of a competent corps of organizers. During the coming year the country will be again excited over the issues that will arise in the contest that will be waged for the control of the affairs of this country for the succeeding four years. I think, therefore, it behooves us at this meeting of the general assembly to take up some of these issues in order that our representative men might be given the benefit of the judgment of all in the stand they may take, in the name of their order, for the benefit of the working people.

TRUST ISSUE IMPORTANT.

"Perhaps the most important of those issues will be the trusts, for who has not observed the progress they are making, and who will contend that they carry any charm for the wage workers? The concentration of wealth, as employed in the industries of this country, have made many strikes during the past few years. It acts directly on the Genito-Urinary system, weakening, debilitated and enervating the entire apparatus; it imparts vitality and vigor of manhood and womanhood; it creates desire and supplies ability; it restores conditions, where falling power has reduced them to the helplessness of babies; it rekindles the fire of youth again and causes it to burn in a white blaze upon the altar of fervent love; lovers and sweethearts are true to each other; it fully prepares both men and women for the duties and obligation of the marriage contract, and makes marriage easy; it brings happiness to the home through the constancy of the husband, who then spends his evenings at the family fireside.
