**MOVE ON THE MAYOR**

**MANDAMUS ISSUED AT THE INSTANCE OF A MINNEAPOLIS GAMBLER**

**CLOSE OR ELSE SHOW CAUSE**

Novel Step Taken by Fred Briggs Against the So-Called Mill City "Syndicate"—Mayor Ordered by the Court to Stop Gambling or Show Reason for Not Doing So—Little Expected of the Action.

**GLOBE'S MINNEAPOLIS OFFICE,**  
20 WASHINGTON AV. SOUTH  
Advertising—Subscriptions—Tel. 2700-4.

Minneapolis gamblers had a falling out, and the matter is now officially out to Mayor Gray for a move of some sort or other. On information filed by F. A. Briggs, a member of the fraternity, Judge Pond yesterday morning directed the issuance of an alternative writ of mandamus on the mayor, requiring him either to close the gambling houses or show cause why he does not. The writ is returnable at 9 a. m., Nov. 20.

The information on which this action was based goes into details regarding the location of the gambling houses in Minneapolis, and makes some very bold statements concerning the mutual understanding under which, Briggs alleges, certain establishments are to pay for immunity. It is alleged in the Briggs complaint that the "syndicate" controlling gambling in Minneapolis is composed of John Flannigan, Wm. A. Tanner, Michael J. Shelly and Carl Blake. The principal places are named as follows:

First—The second floor of No. 225 First avenue south, where games are continuously played from time to time.  
Second—At No. 529 Hennepin avenue, in a building known as the Albermarle club, where faro bank and roulette are played daily and nightly.  
Third—On the second floor at No. 30 Sixth street south, in the rear of McCormick's saloon, where the games of faro and roulette are played night and day.  
Fourth—Second floor of a building known as the Vendome, facing an alley in the rear of No. 245 Nicollet avenue, where games of roulette and faro and craps are alleged to be played nightly and daily.

In addition to the above there are asserted to be other gambling places under the control of the "syndicate" at No. 203 Third street south, in the rear room, where a "tape" game is run by Sumner Johnson and John Grimes; at No. 219 Hennepin avenue, run by Charles Tyler (colored) and John Quirk.

Fred Briggs, the complainant, insists that he has not been "treated right" by the administration. He had a keno game, it is said, and was very much disgruntled when word came to him to close it up. He has paid a number of visits to the city hall, but seems to have been unable to effect a change of the order. He then turned to his fellow members of the craft, declaring that if he could not operate, nobody should, and filed the information leading up to Judge Pond's action.

In legal circles Briggs' action is regarded as being a very unusual proceeding and one likely to lead to no practical results. It is understood that the mayor

**NEW CHARTER QUESTION.**

**It Will Be Discussed at a Mass Meeting at Minneapolis.**

The question of a new charter for the city of Minneapolis will be taken up at a general meeting which has been called for 8 o'clock Monday evening in the rooms of the Minneapolis Board of Trade, Lumber Exchange.

While the matter will be under the auspices of the Board of Trade, all of the commercial bodies of the city are expected to participate in it. J. C. Bittel will preside, among the speakers will be President Cyrus Northrop, of the state university; Mayor Gray, City Attorney Healey, City Clerk Lydiard, City Comptroller Rogers, Andrew Henderson, president of the Trades and Labor Council; W. T. Drake, president of the Allied Printing Trades Council, and other representative men.

Members of the Board of Trade hope that members of other commercial bodies will not stand for ceremony in the matter of invitations, but will accept the public notice of the meeting as an invitation which is intended for them. Public spirited citizens, whether allied with any of the commercial bodies or not, are also expected to be present and prepared to take part in the discussion.

**Indictment Against the Aged Minneapolis Man Formally Dismissed.**

The indictment against George Frey, charged with carnal knowledge of a female child, has been dismissed by County Attorney Reed, of Minneapolis. After the alleged time of the commission of the crime Frey married his victim. At a former trial she was allowed to testify against him and he was convicted and sentenced to Stillwater. The supreme court ordered a new trial. Under the ruling of the court a conviction was not probable, so the case was dismissed.

Since the first trial about a year ago the girl wife has given birth to a child, and informed County Attorney Reed that she wanted the marriage to stand so that the child would be legitimized and that she would live with Frey when he was released.

**Minor Mandamus Case.**  
Arguments will be heard before Judge Pond this morning on the application of City Attorney Healey, of Minneapolis, for a writ of mandamus, compelling County Auditor Minor to extend the half-mile tax for the completion of the new city hall, under the act passed by the last legislature. The tax in question is being extended by Mr. Minor, and the suit is brought to anticipate any subsequent adverse litigation.

**Board of Trade Fund.**

The finance committee of the Minneapolis board of trade met yesterday afternoon at 5 o'clock at the office of Thomas Lowry. The meeting was of short duration, however, as it was decided that the form of the subscription lists for the proposed guaranty fund which are to be circulated among the business men of the city was not sufficient to cover the requirements.

Judge M. E. Koon has taken charge of the papers, and will present the new form for the subscription lists at a meeting of the committee set for Monday afternoon, and at that time further arrangements will be made for their circulation. It is proposed to raise \$20,000 by this means.

**Horticultural Meeting.**

The thirty-third annual meeting of the Minnesota State Horticultural society will be held in the offices of the county commissioners Tuesday, Wednesday, Thursday and Friday, Dec. 5, 6, 7 and 8. At the same time the Woman's association, the Bee Keepers' association and the Woman's Auxiliary of the Horticultural society will hold their annual meetings in the same building.

A telegram from Seattle says that Samuel S. Jones, a well-known Minneapolis broker, was found dead on the floor of his room at the National hotel here Saturday morning. A knife almost through his neck, severing the jugular vein. He was dependent over his forty years.

**SUCCEEDS WOLFER IN CHARGE OF THE STATE PRISON AT STILLWATER.**

**ACTION TAKEN BY THE BOARD**

**Former Executive Retires to Take the Management of the Business of the Northwest Grass Twine Company, and Will Have His Headquarters at St. Paul—Change in Effect December 1—Northwest News.**

STILLWATER, Minn., Nov. 16.—The report that Warden Henry Wolfer, of the Minnesota state prison, would retire from prison work proved authentic and his successor is Gen. C. McC. Reeve, of Minneapolis, the latter gentleman having been chosen to fill the position at a meeting of the board of prison managers this afternoon.

Mr. Wolfer acquainted the members of the board with his determination to leave the prison, when they arrived Wednesday evening and this morning, and immediately reports were in circulation as to who his probable successor would be. A number of prominent men throughout the state were mentioned by parties who knew absolutely nothing in regard to the board's intention, and members of the board stated that they were unable to tell who would be named.

The meeting was held in the forenoon, and was to have been held in the presence of Gov. Lind who was invited to be present and the governor did not arrive until after dinner. After talking the matter over informally the board retired to the board room where Warden Wolfer's resignation was accepted and Gen. Reeve was chosen as his successor by unanimous vote of the board.

Gen. Reeve, who was at the Sawyer house, was notified of his good fortune and went to the prison where he met members of the board and received the hearty congratulations of his friends. The change will take effect Dec. 1, but Gen. Reeve will arrive here Saturday morning for the purpose of acquainting himself with the details of his new office prior to assuming charge of affairs.

Warden Wolfer resigned for the purpose of accepting the position of general manager of the Northwest Grass Twine company, and will remove to St. Paul, where his headquarters will be. He will have general charge of three large manufacturing plants located at St. Paul, Oshkosh, Wis., and West Superior, and will receive a salary of \$3,000 per year.

Warden Wolfer, who leaves the prison, was born in Jackson, Mich., March 25, 1853, and began his prison work at Joliet, Ill., June 15, 1871, since which time he has been actively engaged in the work at Joliet, Detroit and Stillwater. He is considered one of the ablest prison men of this country and has done much toward making the Stillwater prison one of the foremost penal institutions of this country.

Gen. Reeve, his successor, was born in Western New York, and graduated at Yale with the class of 1876. He has resided in Minneapolis during the past twenty-eight years and for many years has been prominently identified with the national guard of this state. He was colonel of the Thirtieth Minnesota volunteer infantry and soon after reaching the Philippines was promoted to be brigadier general.

A committee of the board of prison managers yesterday considered bids for bedding and other supplies for the new addition to the prison twine factory. The contract for bedding was awarded to W. S. Nott & Co., of Minneapolis, the contract for shafting, pulleys, etc., to Robinson & Cary, of St. Paul, the contract for piping and new connections for the boiler plant to Cramer & Company, of St. Paul, and the contract for a rope drive and fishings to the Link Belt and Supply company, of Minneapolis.

**YALE ESTATE CLAIMS.**

**Twenty-Five Thousand Dollars Added to the Liabilities.**  
WINONA, Minn., Nov. 16.—(Special.)—Much surprise was occasioned here today by the filing of additional claims against the estate of Gov. W. H. Yale, insolvent, amounting in the aggregate to nearly \$25,000. The assignee, C. M. Youmans, was not prepared for this onslaught, as it was thought all the indebtedness had been accounted for. Of this amount H. W. Lambert holds something in excess of \$19,000, while the remainder is due a Mrs. Payne, of this city, and Mrs. McLaughlin, of Rollingsstone. Mr. Yale's liabilities, as furnished by himself, were scheduled at a little over \$40,000, but with these additions his attorneys say the grand total will reach over \$60,000. To cover this indebtedness Mr. Yale gave assets something over \$22,000, and their value will not reach one-half this in the open market. Mr. Yale's removal to St. Paul is thought to have brought out these claims from their hiding place.

**TOWN TORN UP.**

**Trouble at St. Peter Over a Female Minstrel Performance.**  
ST. PETER, Minn., Nov. 16.—(Special.)—This city is all torn up over a female minstrel show to be given by some of the ladies of the Episcopal church.

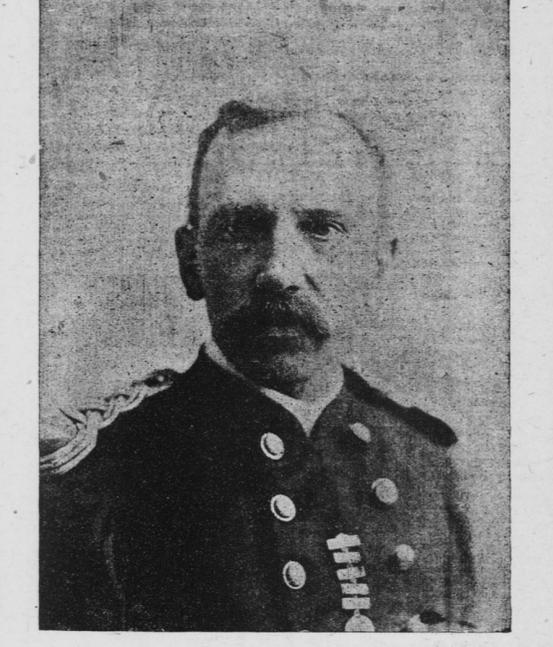

Among the people who were to have taken part were a number of girls who are to be confirmed next Sunday by Archbishop Ireland. The resident priest, as soon as he learned that some of these were to take part in the minstrel performance, threatened to refuse them the rites of confirmation unless they would withdraw. This they all have done, with one exception, and all the other performers except those belonging to the Episcopal church also withdrew. All the pastors of the city except the Episcopal rector are opposed to the performance, and, as a consequence, the affair has been thoroughly advertised. Almost the entire house has already been sold.

**MONTANA CENSORSHIP.**

**Papers Ordered Not to Comment Upon the Wellcome Case.**  
HELENA, Mont., Nov. 16.—For the purpose of preventing the intimidation of witnesses the supreme court has ordered all newspapers to cease discussing the Wellcome disbarment case in any manner. Clark-Daly Democratic papers, as well as Republican organs, have carried the matter in a very high handed way and the court declared it must cease until after the decision is rendered.

Mrs. Hogle admitted in confession that her husband was killed in her presence by her brother, during a quarrel. She admits that she kept the matter a secret, but denies other complicity in the crime.

**FERGUS FALLS MAN DEAD.**

**Passed Away While Returning From the Cape Nome Gold Fields.**  
VICTORIA, B. C., Nov. 16.—(Special.)—Henry Field, of Fergus Falls, Minn., a passenger on board the steamer Alpha, just in from Cape Nome, died en route to this port and was buried at sea. He had been very successful in the gold fields and had a fine sack of gold dust to show for his labor. He complained of cramps on the night of Nov. 7. He was treated with brandy and other stimulants, which appeared to relieve him, but he grew very weak and died two days later.

**ON BEHALF OF SOLDIERS.**

**Iowans Thank the Good People of California.**  
DES MOINES, Ia., Nov. 16.—The state executive council today unanimously adopted resolutions thanking the people of California, especially of San Francisco, Oakland and Berkeley, for hospitality and kindness manifested toward the soldiers of the Fifty-first Iowa, and extending personal thanks for all courtesies to the soldiers and the Iowa party which received them on their return from Manila and the good women of San Francisco.

**PATIENCE, THY NAME IS WOMAN.**

The patience of women is proverbial, and it argues a patience almost more than human which enables them to endure so much pain and suffering, which the joyful experience of their happier sisters ought surely to induce them to escape from.

"I suffered from female sickness for fifteen years," writes Mrs. A. C. Scott, Le Roy, Colo., "suffered untold agonies—doctors could not give me any relief. A lady friend told me to get Warner's Safe Cure. I got a bottle and it helped me right away. I have taken six bottles and my health is better than it has been for twenty years."

And Mrs. L. B. Smith, of Ballston Spa, N. Y., after recounting how she was almost providentially led to the use of Warner's Safe Cure, thus recounts the happy results: "My nervousness is all gone, I am able to do lots of work and am cheerful, for I can now say what I could not at one time, that is, that everything looks bright and life is worth the living."

Use Warner's Safe Cure. It will restore the rose to your cheek and the brightness to your eye, and will make you what you were intended to be, a helpmate to your husband.
