

## IN LABOR'S FEEL

St. Paul Typographical No. 13 held its regular monthly meeting last evening in the committee room of Assembly hall. There was a fair attendance. Albert Goerlich was initiated and immediately elected delegate to the Trades and Labor assembly to fill vacancy. The committee on scale reported that the nine-hour day rate had gone into effect on Nov. 1, and was working successfully. State of trade was reported fair.

**Electrical Workers Defer Election.**  
There was a small attendance at the regular semi-monthly meeting of St. Paul Electrical Workers' Union, Local No. 23, which met last evening in hall No. 3, Assembly rooms. The application for membership of H. Hedmark was referred to a committee of investigation. Owing to the small number present the annual election of officers was postponed until the next regular meeting. Just at present there is a demand for a great deal of night work on the part of electricians and this accounts for the members present last evening. Receipts, \$2; expenses, \$2.30.

**Protective Tailors Elect Officers.**  
St. Paul Protective Tailors' Union No. 1 held its regular monthly meeting last evening in hall No. 2, Assembly rooms. There were quite a number present and an election of officers was held, but the secretary said that a resolution had passed the meeting to the effect that in the future the union would decline to give the names of officers to the press. Aside from the annual election considerable routine business was transacted.

**Meetings Tonight.**  
Following are the meetings scheduled for this evening at Assembly hall: Blacksmiths, stage employees, carpenters, boss barbers, plumbers, painters, amalgamated sheet metal workers and retail salesmen.

**Cab Drivers' Ball.**  
St. Paul Hack and Cab Drivers' Union No. 666 gave its annual ball last evening at Assembly hall. There was a large attendance and dancing was kept up until an early hour this morning. Music was furnished by Pepin's orchestra.

**PALM GARDEN SHOW.**

**New Bill Includes the Usual Number of Specialties.**

The new show at the Palm Garden theater for this week was presented to a large audience last evening. The company is composed of clever people, who contribute some new specialties, good singing and dancing, and in fact an all-up-to-date vaudeville performance. The show opens with one-act comedy, in which the entire company appear to advantage.

Among the specialties Jerry Sullivan furnishes one of the best, in the nature of some clever tumbling. Gladys Cetus, a diminutive soubrette, sings well and does a graceful dance, and Alida Armour, in soldier's costume, renders several war songs. Lillie Cetta sings pleasingly, as does Miss Lullane, while Annie Buck does some difficult feats on the slack wire. Zeilman Summers contributes pleasing vocal selections. The specialty of the show is in the hands of Sam Green and Pat Prior, who put on a knock-about Irish comedy sketch that creates much amusement. Joseph Doyle does a good comedian turn, while Lullane and Farrell, on the Roman rings, perform cleverly.

For athletic night, Wednesday evening, the Palm offers an attraction in a wrestling match between Gus Doring and Charles Wittmer, and a sparring bout between Sullivan and Pofert.

# Royal Baking Powder

**Imparts Healthfulness to the Food**

Royal Baking Powder possesses peculiar qualities not found in other leavening agents, which arise from the superior fitness, purity and healthfulness of its ingredients.

Royal Baking Powder leavens the food perfectly by its own inherent power without changing or impairing any of the elements of the flour. Thus the hot-breads, hot-rolls and muffins, and the delicious hot griddle-cakes raised by the Royal Baking Powder are wholesome and digestible, and may be eaten without distress, even by persons of delicate digestion.

Alum baking powders are low priced, as alum costs but two cents a pound; but alum is a corrosive poison and it renders the baking powder dangerous to use in food.

**NOVELTIES IN ART.**

Annual Sale of St. Agatha's Conservatory Is Opened.

St. Agatha's conservatory, East Exchange and Cedar streets, opened its annual exhibition and sale of decorated china and water color novelties yesterday. The sale will continue until Christmas and the opening exhibition yesterday doubtless solved Christmas problems for many of the visitors. For there are any number of pieces of clever work on exhibition, the design of the sisters of the conservatory, who have already won local fame for their skill, both in designing and coloring. In the decorated china exhibit there are all sorts of dainty trifles besides the dinner sets, tea sets and sets of cups, plates and saucers. There are violet-stemmed bon boxes, punch bowls decorated with appropriate designs, loving cups and jardiniere. A tall three-paneled screen decorated with climbing roses is a most attractive exhibit. There are also a number of tapestries, and the sister of the conservatory, who have already won local fame for their skill, both in designing and coloring.
