CONCERNING 1899.

The year 1899 has passed into history. It was a year big with momentous events affecting almost every nation in the world.

During the year 1899 the United States has won recognition from the entire world as one of its greatest powers. The latent possibilities of this nation were plain only to the most thoughtful minds.

When the representatives of the United States presented themselves at the international peace congress at The Hague, and there voiced the sentiments of this people that the barbarism of war should give way to peaceful arbitration.

When, during the year that has just ended, the American senate ratified the treaty of peace with Spain, another event was successfully accomplished which demonstrated the mighty influence of this people.

"Minnesota is entitled to first place among commonwealths for promptness in recognizing the rights of coming generations to know the true story of their past."

that have lived and hoped, loved and perished in all the ages of history. TWO LOCAL PESTS. It can hardly be denied that the attention won by our local jail and police headquarters in the annual report of Secretary Jackson, of the state board of charities, is fully merited.

Germany strides over the world's surface in her seven-league boots of colonization and military prowess. France allays civil dissension and defeats the plottings of monarchism through the conservative action of her national officials.

FOUNDATIONS OF OUR HISTORY. A most instructive and encouraging review of the steps taken by the several states of the Northwest to preserve and develop the original sources of their history is contained in the current number of the Forum magazine.

THE VALUE OF COUNTY FAIRS. Becker county has decided to abandon its county fair and has sold its fair buildings at Detroit by public auction. The Globe does not wish to advise the people of Becker county, for they must certainly know their own business better than an outsider possibly can.

NUMEROUS FIRE ALARMS. But the Department Prevented the Destruction of Property. The fire department was called to the Diamond Dairy company's store, 67 West Seventh street, shortly before 6 o'clock last evening.

GOOD-BYE AND WELCOME. Muskever's Send-Off to the Old and Greeting to New Year. To the new year, with its promise of good things, and to the old, with its joy and sorrow, we toast the past.

Some women, if given the right to vote, would immediately ask the privilege of chewing tobacco. A runaway wedding trip upon an ocean liner might be called an edition de luxe elopement.

THE GLOBE wishes you a happy and prosperous New Year. If you write it the first time without an S you will be doing very well.

MUSIC AND THE STAGE.

Eighteen breezy songs and a whirlwind of fun, fast and furious, combine to make up "A Day and a Night." This is Charles Hoyt's latest medley of farce comedy and vaudeville.

Commodore Hart has been with the Astatic squadron for the greater part of thirty years. Married to a rich wife, remember the play has been staged since the days of the Civil War.

Miss Hattie Williams, as Ada Marr, recited verses and professionally known as Miss Bann Turaine, does well in what is really the most serious part in the entire amusing medley.

THE STORY OF THE PLAY VARIES SOMEWHAT from the actual incidents of the main incidents are retained. The drama is a masterpiece of comedy which runs through and the artistic manner in which each character is portrayed.

HUNDRED YEARS AGO

One Hundred Years Ago There Was Not a Professed Christian at West Point—Work of the Missionary Was Then Just Beginning—Nineteenth Century Has Cut a Figure in the World's History.

Rev. M. N. Gilbert, concluder bishop of the Episcopal diocese of Minnesota, addressed the Young Men's Christian association yesterday afternoon, taking for his subject: "What of the New Century?"

At that time the whole of Europe was plunged into war. The Napoleonic wars were at their height, and Napoleon himself had just returned from his bloody campaign in Egypt.

ST. PAUL GREETES 1900

ITS ADVENT WELCOMED IN THE CUSTOMARY MANNER IN ST. PAUL. RACKET MADE AT MIDNIGHT. While in Some of the Churches the Congregations Watched the Departure of the Old and the Coming of the New—Today Has the Usual Number of Holiday Attractions in the City.

The old year went out with a deafening racket of hundreds of piping whistles and the booming of small arms. The demonstration was a fitting welcome for the new year, and some people, believing in the beginning of the new century, made a special effort to add a little to the racket.

New Year's in St. Paul today will not be unlike the advent in the past. The weather is sufficiently cold to give it a somewhat seasonable tinge, but not so much as if there was a fine covering of the beautiful on the ground. It will be observed as a partial holiday.

At Lake Como skating races will be held in the afternoon and the ice is in prime condition. Many will doubtless take their usual New Year's skate on the ice. The river furnishes several fine places to skate, and unless a tropical wave or a blizzard reaches St. Paul today skating will be choice sport.

Religiously the day will not pass unnoted. The St. Paul Christian Endeavor union and the Epworth league held sunrise prayer meetings this morning in the following churches: Pacific Congregational—Acker near Mississippi.

Immanuel Baptist—197 West Seventh. Westminster Presbyterian—Greenwood and Winifred. Park Congregational—Holly and MacKubin.

St. James' A. M. E.—Fuller and Jay. Knox Presbyterian—Hemlock and St. Anthony. Park M. E.—St. Anthony. Park. Olivet Congregational—Merriam Park.
