NEWS OF RAILROADS

PRESIDENT CALLOWAY, OF NEW YORK CENTRAL, DISCUSSES THE CANAL PROPOSITION

DISAGREES WITH GOVERNOR

Says a Canal Would Have to Carry Grain at a Price Higher Than Is Charged by the New York Central in Order to Meet Its Fixed Charges-Coal Claims of Gov. Roosevelt Based on Frail Grounds.

NEW YORK, Jan. 26.-President Samuel R. Calloway, of the New York Central & Hudson River Railway company, when asked today to reply to the arraignment of the company in the report of the New York commerce commission, published yesterday, with a message of Gov. Roosevelt to the legislature, said that the conclusions of the commission were not justified, in that they were based on the assumption that New York's commerce is falling off. He said a study of statistics would show that New York was not losing its trade on account of differential rates established. account of differential rates established favor of other ports. Mr. Calloway

"Regarding the freight differentials accorded to Philadelphia, Baltimore and Newport News, I can only say that they were the outgrowth of competitive condi-tions which they were expected to modify, and were agreed to on no other basis. In the beginning our road looked upon them as excessive, and we have succeeded several times in having them reduced. The lake differential has been abolished, and others cut in two. We have always said they were too high But when we have asked for a further reduction it has been pointed out that we already get 40 per cent of the grain that is exported, and at least 60 per cent

belongs to the other ports. And we have not been able to answer them." Referring to the governor's recommen-dation that \$60,000,000 be spent on the canal, Mr. Calloway figured that at this rate, allowing interest on the amount invested at 4 per cent, and allowing \$500.-000 a year for operating expenses, the least \$3,000,000 a year. This would amount to a charge of nearly 3 cents a bushel for every bit of grain the port of New now receives or can hope to The prevailing rate on the l York Central, he said, is about 2½ cents a bushel from Buffalo to the ship's side in New York. And grain, he said, is the principal commodity through this canal. The talk that coal would be shipped through this canal, Mr. Calloway asserted was personne since the canal asserted, was nonsense, since the canal did not tap a coal region.

HANDSOME NEW CAR.

Omaha Has Something Fine in Coach Architecture.

Chicago, St. Paul, Minneapolis & Omaha road has received from the Pull-man car shops, in Chicago, a new cafe car and a chair car for use on the new service between the head of the lakes and Chicago, via Eau Claire. The remainder of the new equipment is in course of construction and will be de-livered within two weeks. The officials of the road have not yet announced the date upon which the new through service will go into effect, and General Passenger Agent Teascale stated yesterday that the road would wait until all the equip-ment is delivered before making any statements concerning the date on which it would be put to use. The new cafe car is a little the hand-

The new cafe car is a little the hand-somest specimen of coach architecture which has yet appeared in the cities. Its colors are a body tint of gray green, with decorations in the Omaha yellow and gold. Inside the car, everything is arranged for comfort and the effect is beautiful. Light red woods are used, with ceiling tints of drab and gray. The car is designed for the rear end of the train and the latter half is designed as an observation and smoking room. effectiveness over the windows. One of the novel features of the car is an apart-ment furnished with leather-covered divans, set aside for lounging and reading. The chair car seats fifty-five persons and is arranged in the approved style. Both are very handsome and comfortable coaches, and are wide vestibuled with the exception of the observation end of the

FREIGHT BY WAGON.

Floods on the Clearwater Compelled the Use of Vehicles.

Wagons have been called into use to handle freight consigned to points on the Clearwater branch of the Northern Pabetween Uniontown and Lewiston, o. Recent floods have damaged the tracks to such an extent as to make the operation of trains impossible over this section. General Freight Agent Moore has been advised of the situation and has ordered that wagon trains be put on at once to tide over the interval until service can be re-established.

A Northern Pacific passenger train which was stopped at Kendrick by the floods is said to be stil lat that place. For a time passengers were shut off from the dry land, and, though only 600 feet of water intervened, for several hours they could establish no communication. An official of the Northern Pacific stated yesterday that advices from Clarkson, Idaho, confirmed the report that a fuel famine is imminent. Four construction locomotives and a pile driver have been compelled to draw on Lewiston for coal for their use. Clarkson has fifty cords of wood and Lewiston 300 cords. Officers of the road state that in some sections the floods have been the most disastrous in years. Repairs are under way and will completed in the course of a week or

RATE CASES GO OVER.

Hearing in the South Dakota Matter

Is Postponed. SIOUX FALLS, S. D., Jan. 26.—Upon motion of the attorneys for the Chicago, Milwaukee & St. Paul Railroad company, the hearing set for the 29th of this month before Judge Carland, of the United the hearing set for the 3th of this month before Judge Carland, of the United States court, in the matter of the appli-cation filed by the Aberdeen branch house of Jewett & Jewett, asking that an injunction be issued restraining the company mentioned from putting into effect a certain new schedule of freight rates on California canned fruits, has been postponed until Feb. 27. A temporary restraining order is now in force, pending the result of the hearing. The plaintiff alleges that for twelve years a rate of 75 cents per 100 pounds on California canned fruits has been in force over the Milwaukee road to Aberdeen, but that re-cently, because of the alleged threats of jobbers at Sioux City, Minneapolis, St. Paul and Chicago, the Milwaukee com-pany has been prevailed upon to contem-plate the raising of its rates on this class of freight to a figure much higher than the rate in force to Sioux City, Minneap-plis, St. Paul and Chicago. It is alleged the application that the object of the jobbers in the cities named in taking such steps was for the purpose of forcing the plaintiff and all other South Dakota jobberas to go out of business.

UNCLAIMED EXPRESS.

American and National Companies to Hold Sales.

The American Express company posted notices yesterday announcing a semi-annual sale of unclaimed express at the Minneapolls offices, at which the accumu-

a semi-annual sale of unclaimed expres on the same date at their Minneapolis office, and have listed a large number of lists show a majority of parcels consigned to people in the two cities. Provision is made whereby any parcel may be re-claimed before the sale by payment of charges and dues.

BROKERS DISPLEASED.

A Part of Their Revenue Seems to

Have Gone. The brokers of the city are not pleased with the prospect of being cut off from an important source of revenue by the action of the railroads cutting off commissions. At present the market is firm, and nothing more than normal is being paid by any line. After Feb. 1, with the exception of the Soo, there will be no chance to make money on this class of business.

One St. Paul broker claimed yesterday to have cleared upwards of \$3,500 since

last June on commissions alone. The rate disturbance East became a large source of profit, and with abnormal commissions on rail and east-bound steamship business the brokers fared well.

DEAD AT DENVER.

Hedley V. Dougan, Formerly Superintendent of Minneapolis Depot. A telegram to the Globe from Denver conveys the information that Hedley V. Dougan, a brother-in-law of J. K. Cooper, of St. Paul, died there. The remains are to be brought to this city for

Mr. Dougan was formerly for a num-Mr. Dougan was formerly for a number of years superintendent of the Minneapolls union station, and was well known to the railroad and traveling public in the '80s and early '90s.

The Minneapolis & St. Louis fast service to Omaha will become effective on Sunday. The trains will enter Omaha over the Merchants' bridge, though they will use the Union Pacific depot. General Agent Collins, of the Union Pacific, who was in the city yesterday, stated that owing to the fact that both the Omaha and Minneapolis & St. Louis trains will enter the city at practically the same time, the latter road has been compelled to seek means of crossing the river othtime, the latter road has been compelled to seek means of crossing the river other than by the Union Pacific bridge. The Omaha has perfected arrangements with that road and is now using the bridge. The equipment for the new trains has not all been delivered, and for the first few days Minneapolis & St. Louis equipment will be run through to Omaha.

Northwestern Project.

MUSCATINE, Ie., Jan. 26.—Articles of incorporation were filed with the recorder for the Muscatine, Tipton & Northern Rallway company, a corporation about to begin the construction of a line of railway from Muscatine to Independence, Io., a distance of 400 miles; capital stock, \$150,000. The officers of the new company are: President, Milton Weston; vice president, E. L. Tobie; secretary, W. H. Lloyd; treasurer, L. M. Cole. It is rumored that the Chicago & North-Western people are behind the movement, although it organized as an independent company. The other grade of the Muscatine & Tipton was built years ago, but never used, and will be traversed.

Joins the Big Majority.

Joins the Big Majority.

A circular was received in St. Paul yesterday from the Mobile & Ohio road concurring in the action of the executive officers of other American lines and withdrawing commissions. The Mobile & Ohio held out and refused to join in the general circular, but reconsidered after the publication of the executive orders, and issued an independent circular taking the same action. It was stated yesterday upon excellent authority that the Soo line is the only road operating in the United States at present which has refused to withdraw commissions after Feb. 1.

The Lackawanna's Changes.

The Lackawanna has issued a circular stating that the business of the company at its terminals in Hoboken, New York and Brooklyn will hereafter be handled by its own agents, in charge of C. H. Ketcham, appointed terminal agent. The lighterage work of the road will be handled by a new concern, the Lackawanna Lighterage line, which will be under the supervision of the terminal agent. The circular is authorized by General Superintendent E. G. Russell and General Freight Agent Flynn.

Reduced Rate in Seeds.

It is announced that after Feb. 1 the Northern Pacific, Great Northern, Canadian Pacific and the Soo will put in effect half-rate tariffs on dwarf Essex rape, clover, timothy, blue joint and grass seeds to points in Minnesota, North and South Dakota, Manitoba-and Montana. These rates are said to be contemplated for the benefit of Western stockmen, in the hopes of replenishing the pasturage on Western ranches and farms.

Lake Shore Litigation.

COLUMBUS, O., Jan. 26.—The case of Mary and Albert Field against the Lake Shore & Michigan Southern Railroad company, which was heard in the supreme court today, involves a tract of land known as Ashtabula harbor, now valued at \$500,000. The land is held in trust by W. K. Vanderbili for the railroad company. When Field deeded the property to the railroad company it was on condition that the main line of the road was to run through the place. The matter has been in litigation ever since.

Burlington Feeder.

DES MOINES, Io., Jan. 25.—Articles of incorporation were filed today for the Murray & Creston Railway company, capitalization \$2,000,000. The Burlington system is back of the project, which provides for the construction of a double-track road between the two points named.

St. Paul Extension.

WEST SUPERIOR, Wis., Jan. 26.—
State Railway Commissioner Rice, who is in the city, states that he has positive information that the C., M. & St. Paul railway will build to this city the coming season, work to begin as soon as possible in the spring. Terminals and a route have already been surveyed. Bayfield, Burnett, Polk and Douglas counties will be crossed by the new line.

RAILWAY NOTES.

W. B. McNider, of Sioux City, general agent of the Great Northern southern branch lines, is in the city.

J. H. Jagoe, travelling passenger agent of the Lake Shore, was in St. Paul yesterday from Chicago. J. J. McCarnhy, general Western agent of the Lake Shore, with headquarters in Chicago, is in the city.

Chicago, is in the city.

Among the visitors yesterday was Chas.

Parker, of Chicago, general Northwestern agent of the Lehigh Valley.

Walter Wyand, general agent of the Michigan Central, has returned from a trip through Montana.

trip through Montana.

D. M. Collius, general agent of the Union Pacific at Sioux City, was up for a business visit yesterday.

The Northern Pacific has received bids for dredging work to be done on the water front side of the new warehouse sites at Tacoma. Pending the action of the city council on petitions for the vacation of nearby streets, desired by the company, the awards for the work have been withheld.

CASTORIA. Bears the Bignature Charty Hutcher.

Religion and Public Schools.

Religion and Public Schools.

COLUMBUS, O., Jan. 26.—The question whether the board of education of a special school district in which the patrons are all Roman Catholics could authorize the teaching of the catechism and Bible history of the church in the schools, was submitted to the attorney general from Fulda, O. The attorney general, in an epinion rendered today, says:

"That if any religious sect in the state of Ohio is using the funds of the public schools in the manner suggested in your question, even if authorized by the board of education, it is an unlawful diversion of the school funds of the state of Ohio and should be prohibited."

Reginning Sunday, Jan. 28.

notices yesterday announcing a semi-annual sale of unclaimed express at the Minneapolis offices, at which the accumulations of the past six months will be fisposed of to the highest bidders. Supt. Daniels has issued a list of the unclaimed property, showing several hundred parpels left on the hands of the company with unpaid charges.

The work of the new route—The Minneapolis & St. Louis and Illinois Central.

The two finest trains for the West will leave St. Paul at 9 a. m. and 8 p. m., making the run to Omaha in 12 hours. Distance reduced 15 miles. Pullman Cate Parlor cars on day treins, and new palace sleeping cars on might trains.

Ticket Office 396 Robert St., Depot Broadway, Foot of Fourth.

BROU'S INJECTION. A PERMANENT GURE

POINTS ABOUT MINING INVESTMENTS. SOUND ADVICE.

Free railroad tickets to the Pacific Coast, or there and return at any time, including sleeping berth.

1.-Don't invest in the shares of a Don't invest in the shares of a mining company, where a part of the stock is put on the market for working capital or development purposes, while the major portion of the stock is held by those who control the company and have the power to appropriate your money as they please. You may lose all. What has been the record of 99 out of 100 of such schemes.

2.—Don't pay your money to any but a bonded trustee, who is under contract to see that your investment is used for the purpose agreed upon.

Don't buy common mining stock or shares of a fixed par value unless the company is organized under the laws of the state of Washington, for a small percentage of such par value, to find out some day, when the company falls, that you are liable for the full face value of your shares to the creditors of such company.

4.—But buy Susquehanna Placer
Gold Mine first mortgage dividend-bearing certificates, which
are absolutely without liability, and are non-assessable,
for the reason that the 400
certificate holders of that
mine now own in fee simple
a placer gold mine on Hughes'
Creek, in Lembi county, Idaho, containing 180 acres, or
8,000,000 cubic yards of gravel,
which ex-State Chemist Eberman, of Minnesota, says is 8,000,000 cubic yards of gravel, which ex-State Chemist Eberman, of Minnesota, says is worth from \$1 to \$3 a cubic yard; and for the further reason that said certificate holders are doubly secured by a trust deed on said mine, and by the fact that their money is handled by W. E. Richmond, Trustee, surety bond \$10,000,000, who has lived 18 years in Minneapolis, and is known by all to be honest. These first mortgage certificates were placed on the market in October, 1899, and already holders of them own a mine worth at least \$500,000, and a hydraulic plant that has cost \$40,000, and have \$8,000 in the mining trust fund that can't get away from them. These certificates are now for sale at 5 cents each, soon to go to \$ cents, for cash or on the monthly installment plan, at the rate of \$1 a month per 1,000 certificates. From \$200,000 the monthly installment plan, at the rate of \$1 a month per 1,000 certificates. From \$200,000 the monthly installment plan, at the rate of \$1 a month per 1,000 certificates. From \$200,000 the monthly installment plan, at the rate of \$1 a month per 1,000 certificates. From \$200,000 the monthly installment plan, at the rate of \$1 a month per 1,000 certificates. From \$200,000 the monthly installment plan, at the rate of \$1 a month per 1,000 certificates. From \$200,000 the monthly installment plan, at the rate of \$1 a month per 1,000 certificates. From \$200,000 the monthly installment plan at the rate of \$1 a month per 1,000 the security of the monthly in the monthly in the monthly in the mining line. A full force of miners will begin work in April next. The plant is all ready for them. No waste of money for development work with us.

ment work with us.

And, above all, buy our new MINING INVESTMENT CONTRACTS, on the same plan, the first issue of which are for sale at I cent each. Your money will be held according to contract by the above named bonded trustee, and as soon as a sufficient amount has accumulated, and not later than May I, 1900, the contract holders will be called together and they will elect three directors and a disbursing trustee, who, acting under ample bonds, will disburse the money in buying and operating an already developed mine, such as the "Drummers" on the Kettle river (also the growing town of Curiew), one of the best copper-silver propositions in the Republic Mining District. These Mining Investment Contracts are, of course, without liability to holders, and are non-assessable. Terms for a few days, one cent each, or on the installment plan at the reite of \$1 a month per 1,000 shares.

6.—This company's management hards have been historical this city in began business in this city in May last, when there was but one mining concern here offering shares on the popular subscription plan. Now there are from 20 to 30, some of them poorly imitating our plans and methods. We have sold nearly 6,000,000 shares in seven months, One reason for our phenomenal success is that we secure investors against loss by misappropriathat we secure investors against loss by misappropriation or unwise management. Many thousands of dollars have already been realized in profits by those to whom we have sold shares.

.—A TEST—We will give you a list of our Susquehanna certificate holders, with addresses, and if you can find one who will part with his holdings for what he or she paid for them, we will give you in cash an amount equal to what was paid for them. This will be doubly true of our new MINING INVEST.—MENT CONTRACTS, which must increase a hundred fold in value by May 1st next.

-We are pioneers in the Mining Investment business in the Central Northwest, and have permanent branch offices in Cleveland, Ohio, and St. Paul. and will soon open in Boston Our company and our Receiving Trustee have been thoroughly investigated by the two great Mercantile Agencies, and through these, as well as in other ways, you are invited to investigate our company.

FREE TICKETS TO THE PACIFIC COAST.

PACIFIC COAST.

9.—Buy 5,000 of these new Mining Investment Contracts at one cent each, and in addition to the contracts we will give you a free tleket to any railroad point on the North Pacific Coast, including a free tourist sleeping berth, good any day. Buy 8,000 at the same rate and we will give you a free ticket to Seattle and return, including a free tourist sleeping berth both ways. Good on the first and third Tuesdays of any month. Buy 15,000 of these contracts at the same rate and we will give a man and his wife, or any two persons, a free ticket to Seattle and return, including tourist sleeping accommodations. The round trips give you 21 days on the coast. We want all our shareholders who desire, and can spare the time, to go and see our mines and to enjoy the glories of the mountain and Pacific States. Also, get particulars of our grand special train free excursions to the Pacific coast and return in July and August.

Remember, these are the best, most profitable and safest in-vestments. Call or write, and order by mail. In ordering these shares, call them the "Kettle-Curlew" shares.

All money orders or checks must be made payable to "W. E. Rich-mond, Trustee," and all letters, whether they contain remittances or not, must be addressed as fol-
