SOME GOOD CURLING

EXCITING GAMES ON RASP-BERRY ISLAND

L. DEFIEL DEFEATS GRIGGS

Results of the Different Contests Played Yesterday-The Semi-Finals and Finals Remain to Be Played Today-A Point Contest to Follow Either This Afternoon or Monday, in Which All Will Enter.

The preliminaries and one game in the first draw of the Merriam medal contest were played yesterday in the Intercity bonspiel on the sheets at the Raspberry island club house. The hottest game of the day was between C. M. Griggs, skip, of the Nushka club, backed by a well selected rink, and L. Defiel, the crack from the St. Paul Curling club. The game came in the preliminaries of the Merriam contest and went to Defiel, 11-10, in the very last end.

Fullerton redeemed his fallen honors by winning a game in the preliminaries | Philippines. from William Rees, Nushka rink, 18-14. The Nushkas won a game by default from the St. Paul Curling club, placing Lightner in the first draw, and Hastings, of Minneapolis, who was defeated by Stewart Thursday evening, won from Stewart last night, going into the first draw. also. W. W. Lorimer won from J. N. Kirby, 14-10, in a game that was not without interest. L. P. Ordway won from J. H. Riheldaffer, of Minneapolis, giving the Nushkas another man in the lead. The game was close, though the Minneapolis men were slow in starting and gave their opponents a lead which they were unable to regain. The score stood 10-15. One game was played in the first draw, Fullerton winning from Lorimer, 10-13. The results of the preliminaries placed the

Cory, St. Paul Curling club; Sam Hastings, Minneapolis. Lightner vs. Ordway and Griggs vs. Cory are the games in the first draw for today. Fullerton is in the semi-finals through his game with Lorimer, and Hastings, who was in the byes, is in the semi-finals Boston.

daffer, of Minneapolis, went into the semi-finals by defeating Defiel, of the St. Paul Curling club, 15-11. Ordway, of the Nushkas, went into the semi-finals in a game with Kirby, of the Nushkas, 18-4. Griggs, of the Nushkas, went into the semi-finals through defeating W. H. Cory, of the St. Paul Curling club. Griggs and Defiel will meet today, and Stewart and Rees, both of the Nush-kas, will meet in the first draw.

Play will begin at 10 o'clock this morning, continuing through the afternoon and evening. It is thought probable that the first draw in both contests can be disposed of during the morning, leaving the semi-finals and finals for the afternoon and evening. If there is sufficient time, a point contest will begin this afternoon, into which all the curlers in the bonspiel will enter. If time is lacking the event will go over until Monday.

WILLIE PHYLE'S CHANCES.

far as is known, there is no immediate intention of giving him a chance among the Orphans' twirlers, and the contract has been offered him in order to comply with the regulations of the National league, and, incidentally, to keep Phyle from going somewhere else.

Phyle never looked better in his life. He came direct from St. Cloud, Mian., where he has been wintering, and he has kept in excellent shape ever since the season closed. He is decidedly dissatisfied with his lot, and would probably give whatever he could afford to be released

luckiest members of Tom Burn's staff of players. He pitched several games, and lost nearly all, and, as a rule, by the closest margins. Phyle did not believe that he was treated right, either, before or after the season started, and he and Manager Burns had several tilts. The climax came in Washington near the middle of the season. Several players went out on a lark one night, and Burns found it out. Phyle was not among the rest, but was sent back to Chicago. From Aug. 1 until the close of the season Phyle

did not draw any pay, it is said. Whether Phyle can get better terms than those offered him will probab'y depend on Tom Loftus. Loftus was expected in Chicago vesterdor. ed in Chicago yesterday, but Mr. Hart said he had not seen him. President Johnson, of the American league, was in Mil-waukee during the day, and it was as-serted that Loftus had been with him to

IT IS PROMISED IN THE NATIONAL SKATING CHAMPIONSHIPS

Entry List Includes All the Fast Northwestern Skaters, Together With a Number of "Cracks" From a Distance.

Owing to the uncertainty of having the course cleared of snow the skating contests which were to have occurred at Como park yesterday afternoon were postponed until this afternoon, at which time both yesterday and today's pro-grammes will be consolidated, and will all be decided today, commencing at 2 'clock sharp.

The events this afternoon will include a novice event, and four events, at 500,

skaters.

The officials are as follows: Referee The officials are as follows: Referee, Ed H. Payte; clerk of the course, F .E. Low; assistant clerk of course, Fred Perkins; starter, A. D. Smith; judges, Dr. J. C. Nelson, P. A. Egan, Leavitt Corning; timers, John S. Johnson, Archie Mathias and Dan Carmichael. Tomorrow afternoon there will be a

5,000 meter, open, paced race, and a 5,000 meter handicap event, in which all the crack skaters are entered. The first event tomorrow will be called at 3 p. m. A. D. Smith, who is authority on skating matters, and also the promoter of the tournament, predicts that the races will be the best ever seen in the Northwest. J. W. Olmstead, the Boston skater, has been training for ten days under the di-rection of John S. Johnson, and promises to give the Northwestern field at least a run for their money, and it is very certain that the local men will make him do some skating if he carries off the championship.

Today's races will be the first championship events to take place in St. Paul for several years, and have aroused a great deal of interest and enthusiasm. Nearly all the local men are bicycle riders, and some hold some of the best amaeur state records.

The course was measured last evening, and entirely cleared of snow. The street car company has made arrangements to handle the crowd, and Mr. Smith stated last evening that there would be as little delay as possible in getting the races

REFEREE PUT OUT.

'Spike" Sullivan's Second Lands on Charley White.

NEW YORK, Feb. 9 .- Joe Gans, the Baltimore lightweight pugilist, gained a well-earned decision over "Spike" Sulli-van, of Boston, in the fourteenth round of a bout at the lightweight limit, at the the start off the fight was a hard one, and "Spike" at times looked like a win-her, but the negro outpointed him in eading and blocking, and at the end of he thirteenth round had much the better of the contest.

Sullivan set a terrific pace, but Gans was equal to the occasion. Sullivan's in-fighting tactics, on which he depended to gain a victory over the colored fighter, was weakening, and when he was floored in the fourteenth round there was nothing left to withstand further punishment, and Referee Charley White stopped the bout. White waved his hand and told Gans to go to his corner, but in the meantime Sullivan had arisen to his feet and was anxious to continue the bat-tle, but the referee was obdurate, and had to struggle to force Sullivan back to

his corner.

One of Sullivan's seconds, Tim Donnelly, of Boston, jumped through the ropes and struck Referee White a crashing right on the eye, putting the referee out of the ring between the ropes. The police jumped into the ring and arrested Donnelly.

Rough and Tumble Affair. BALTIMORE, Md., Feb. 10.—The return match between McFadden, of New York, and Jimmy Murray, of Cincinnati, was awarded to the former in the minth round. As on the former occasion when the boxers met, the bout developed into a wrestling match and at times was a rough-and-tumble fight. The referee had to use force to get the men apart, and in the fifth round the police stopped the fight, but upon a promise to break clean and cease wrestling the men were allowed to

go on. During the remainder of the bout Murray was floored half a dozen times by the New Yorker, but after taking the count came up each time. While Murray was not fresh at the finish, he was by no means out, and showed his ability to take punishment of the severest sort.

TO HOLD A BENCH SHOW.

Arrangements for the Event to Take Place in March.

At a meeting of the bench committee of the Northwestern Kennel club preliminary arrangements were made for a bench show to be held March 21 to 24. The committee organized, selecting the following officers who, with the other members of the bench committee, will constitute the working committee of the organization: President, Frank Bannochie; vice president, Winn Powers; secretary, Dr. W. A. Moore; treasurer, Capt. C. M. Bunker. The other members of the bench committee are: Dr. R. White and Rudolph Driese.

The committee, while not deciding upon

already been made this does not appear to be the easiest thing in the world. The St. Paul show will follow directly after the Chicago and Kansas City bench shows, and from here the prize dogs will go South to New Orleans. It is expected that the best bred dogs in the United States will be exhibited, and there is every indication that in numbers the show will be the biggest thing yet at-tempted. The proceeds of the exhibition will go toward some charitable object.
Two years ago the organization turned \$\$300 over to the Humane society. This year the club expects to do better. At the time in point of success the St. Paul

show was second in the United States only to the New York show.

An effort will be made to secure the services of George W. Clayton, of Chicago, who is one of the mest noted authorities on dogs in the United States. Mr. Clayton had charge of the bench show given in St. Paul two years ago. The prize list will amount to about \$2,-

NAVY NEEDS OFFICERS.

One Thousand Cadets May Be Added to Annapolis Roster.

WASHINGTON, Feb. 9.-The navy is short of enlisted men and also of officers and it is probable that congress will be strongly urged to act as to the latter deficiency. As for the former, although the shortage is about 1,000 men, there is already congressional authorization for the employment of more and all that is lacking is volunteers. But as for the of-ficers, with the increased number of ships in commission and the additions being steadily made to the navy it is no longer possible to give them the shore service to which they are entitled. It is expected that the administration will make an effort to have the class of cadets at Annapolis increased by about 1,000, providing for the distribution of the appointments among the members

This article presents in succinct shape many of the lessons taught by the Spanish war and utilized by the navies of foreign nations. Beginning with the statement that the most striking feature is the marked efforts now being made by the important maritime powers to increase their naval strength, the article points out that one result of the Spanish war was to demonstrate beyond further argument that battleships constitute the real fighting strength of a navy, even in France, which has long clung to the armored cruiser. Armored coast defense vessels have been practically ignored in new construction. While the war threw no new light on the value of torpedo boats, attention was freshly directed to their vulnerability, and Germany has the important maritime powers to in their vulnerability, and Germany has abandoned the building of any more small boats.
