DEMOCRATIC NOMINEES REQUEST CITY CLERK FOR A PLACE ON THE TICKET

TWELVE WHO HEAD THE LIST

Mayor, Comptroller, Treasurer and Assemblymen Will Be Followed by Aldermen and Others Soon.

Certificates of nomination of twelve of the candidates chosen at the Democratic convention held Saturday at Sherman hall were filed at the city clerk's office yesterday. Each of the certificates were separate and were signed by James C. Michael, as chairman and presiding officer, and James R. Hickey, as secretary. The certificates were drawn in the following form, the first one being for Robert A. Smith for mayor:

We, James C. Michael, as chairman and presiding officer, and James R. Hickey, as secretary, do, and each of us hereby does, certify that a duly called, lected and qualified assembly and convention of delegates of the Democratic party of and in said city of St. Paul, Ramsey county, Minn., which duly represented said party in said city was duly organized and held in Sherman hall, in said city, pursuant to the call therefor, on the 24th day of March, 1900, for the comination of candidates for the offices to be filled by election and voted for and elected at the city election in said city appointed to be held May 1, 1900. That said Michael was duly elected and acted as chairman and presiding officer of said convention, and said Hickey was duly chosen and elected and acted as secretary of said convention. That said convention did then and there duly nominate Robert A. Smith, who resides at 201 Goodrich avenue, in said city, as a candidate for the office of mayor of said city to be voted for at said city election, and the ed States circuit and district courts will convene in Fergus Falls this morning, party and political principle which said candidate represents is Democrat, and he does represent said Democratic party To Go to Faribault-Agent Hutchins, in said city as a candidate for said office of the Relief society, is taking steps to send Joseph Naloof, a blind organ grindand we request that his name be placed upon the official ballot for said election. Dated at St. Paul, March 24, 1900. Signed James C. Michael, as chairman and pre-siding officer of said convention. Signed James R. Hickey, as secretary of said

The Sixth Ward Democratic City and dice Getchell has issued orders to mem-bers of his department to closely observe county organization met last evening in the office of Judge Joseph Smith, corner the provisions of the blcycle ordinance; particularly with reference to riding on South Robert and Congress streets, and elected the following officers: Chairman, Charles McDonald; vice chairman, F. A. Kamman; secretary, M. J. Moran; treasurer, H. J. Peters. These officers are A. O. H., will initiate a large class of elected for two years.

The precinct chairmen of the Demoeratic City and County organization for the Fourth ward met last night at the rooms of the Jefferson club, and elected J. B. Covington, chairman; H. O. Doolittle, secretary, and Archie McLeod, treasurer. The organization plans a vigorous campaign, and expects to roll up an old-

time Democratic majority in the ward. There is likely to be a lively time at the city convention of the People's party tonight. The primaries were held last night at the residences of the precinct committeemen and delegates elected, and it is likely that the schemers who have been planning to sell the organization out to the Republican auxiliaries will find that they reckoned without their host. The voters of the party declared for a ticket of their own, and no fusion, al-though in some cases individuals not members of the party may be indorsed.

Lind sent Mr. Bryan on his fortieth birthday:

"Lincoln, Neb., March 20, 1900.—Hon.
L. A. Rosing, St. Paul.—Dear Mr. Rosing:
I am just in receipt of the picture sent
by yourself, Francis H. Clarke, J. M.

Canfield, C. H. Pettit and Elwood S.
Corser and the letter accompanying. You
could not have chosen a more acceptable
birthday present. I am sure that none
of you entertain a higher opinion of or
greater esteem for Gov. Lind than I do.
I knew him in congress when he was a
Republican, and I respected him as an
honest man, although we differed upon
many questions. I appreciate his high
motives and his patriotism. You may be
interested in knowing that I had the picture hung in the hall where the silver
Republicans met in convention yesterday,
and called their attention to the fact that
it had just been received from the reform
leaders of Minnesota. I assured them
that the silver Republicans would have
accomplished much if they had not done
any more than give to us two men like
Lind and Towne in one state, but, as a
matter of fact, they have given us many
strong, intelligent and sincere men who
are a great source of strength in the contest now on between Democracy and plutocracy.
"Please present my compliments to odist clergy and laymen held the first of their series of noonday prayer services at the Y. M. C. A. assembly hall yesterday from 12:15 to 1 o'clock. Rev. Peter

Republican convention waxes warmer as the day for the primaries approaches. The street force is being augmented at the rate of 100 per day and the slight fall of snow which fell Sunday night was hail-ed with joy by the Kiefer adjutants, who saw a chance to put on an extra 100 men or so at work. It is estimated that by Wednesday noon at least 600 men can be hired at \$1.50 per day to attend the caucuses and vote for Kiefer delegates. Orders have been given for the men who are working teams to be on hand promptly at 4 o'clock Wednesday afternoon and convey squads of the street and sewer forces to the polling places in the First, Second and Eighth wards. By fast driving from one primary to another it is expected that 600 men will be able to vote

at least three times between 5 and 7 While President Ames, of the board of public works, meets all comers at the Kiefer headquarters, the mayor is closeted at his office in the city hall with the more prominent leaders of the party. Secretary Hammer informs those who call that the mayor is not in, but can be found at his headquarters in the Endicott building. This information, however, is only for the rank and file of the party, the leaders, if recognized by the secre vate parlor. Mayor Kiefer telephoned for Commissioner Donahower, of the water word for Harris Richardson. The two leaders of the party were closeted with the mayor for a couple of hours, and ference was over. Harris Richardson is Kiefer, and Maj. Donahower has pledged nimself to do the same in the Fourth

If the body of a well dressed man is found on the street any morning between now and Thursday with his head beaten partly off, the police can ask Chester R. Smith, one of the Republican candidates, as to his whereabouts. Mr. Smith is a member of the charter commission, and at the session last evening he devoted about all his time to watching the door of the council chamber, as if expecting the appearance of an agent for an installment book firm. One of his colleagues noticed his actions and inquired what was the matter.

"For the last ten days," replied Mr. Smith, "I have been shadowed by a de-The fellow has made life almost unbearable. He meets me when I leave home in the morning and does not quit me until I close the door of my house at night. If he comes up here this evening, I am going to beat his head off. I would ask somebody to take the fellow off my trail, but if I did this another one would only be put on, and that would be worse than ever, for I have the present shadower spotted, and it would take me a day or so to get acquainted with the

Mr. Smith was not obliged to do any slugging during the meeting of the charter commission, but he kept an eye on the door all the session waiting for his shadow to put in an appearance. Asked as to his chances in the convention, Mr. Smith, in a confidential whisper, replied: "The only one I have to beat is the Dutchman." Whether me mean't Kiefer or Schiffmann, the Eighth ward candidate did not say, but presumably he had the present executive in mind.

Col. Sam Lowenstein and Building Inspector Haas made a bet of \$30 yesterday afternoon. The stakes were not stage money either, but cold hard cash. Col. Lowenstein borrowed his share of the bet from Register of Deeds Krahmer. Just where Building Inspector Haas made his touch is a mystery, but it is safe to say that Comptroller McCardy was not "It." Haas will take the money wagered if he and two others win out in the primaries in the Fifth precinct of the Third ward Wednesday night, and if he don't Col. Lowenstein will be able to settle with Krahmer and have \$30 velvet to do business with in the conven-

The Second ward last night returned the following delegates to the People's party city convention tonight: First precinct, Ed Miller; Second precinct, John Stapleton; Third precinct, J. P. Kelley; Fourth, J. E. Johnson; Fifth, O. B. Wergedahl; Sixth, P. J. Francois; Seventh, R. P. Starkey; Eighth, Coleman O'Halloan; Eieventh, Joseph McGurk. The list, as above published, shows up a little more of the scheming of the Scannell outfit. Scannell, who hoped to be nominated for alderman from his ward, reported Friday night that Wergdal had been elected to represent the Fifth pre-cinct of the Second ward in the Democratic city convention. This, however, was without Wergedai's consent, he being a Populist, as mucil as it was without the knowledge of a number of Democrats in

Much enthusiasta was manifested at the organization of the Fourth Ward Independent Democrats club, at Pfeifer's hall, Eighth and Wabasha streets, last even-ing. Nearly 100 Democrats of the ward were present and perfected the following

organization: President, J. W. Enright; vice president, M. J. Lynch; secretary, John Ryan; sergeant-at-arms, M. J. Hoffman. Considerable discussion as to the approaching campaign was indulged in, but the club took no positive action except to go on record to work zealously for the success of Robert A. Smith and the Dem-

SEVERAL SECTIONS ADOPTED MAINLY RELATING TO BOARD OF PUBLIC WORKS

IMPROVE TAX ASSESSMENTS

One of the Important Amendments Adopted Is to Prevent the Indiscriminate Tearing Up of the Paved Streets.

President Flandrau and Commissioners Smith, Zimmerman, Doran, Albrecht, Taylor and Fetter attended the charter commission meeting last evening. The chapter on local assessments was

amended so as to provide that the board shall notify by mail owners and agents of property ten days prior to a hearing on any proposed improvement. The names of the owners to be taken from the books of the city treasurer. If such notice is not given and the failure so to do is willful it shall constitute misconduct in office and be ground for removal of any member participating in such misconduct by a two-thirds vote of the members-elect of the common council. Another amendment allowed property owners to construct, relay or repair any sidewalk at their own expense, providing notice was filed with commissioner of public works within ten days after the passage of the final order by the council. If the owner did not have the work done within thirty days then the city contractor is to do the work, and the property assessed for the cost.

Another amendment was adopted which will put a stop to the indiscriminate tearing up of the paved streets. It provides for application to the commissioner of public works when any excavation is to be made and the making of an estimate as to the cost and expense of the same. The person or corporation making application is to give a bond in double the amount of the estimate or a cash deposit or certified check equal to the estimated amount to comply with all requirements, and put the street back in as good order as before.

A section was reported, but laid over for a larger attendance of members which provides that when any assess ment for a public improvement exceeds 25 per cent of the assessed value of the property then the board of public works shall report this fact to the council, and such excess shall be paid from the general fund.

Chapters on health department, plat commission and contracts and contrac-tors' bonds were adopted. The changes in the three chapters were not material from the present charter. The chapter on general tax laws and assessments was also adopted. The particular change in the chapter was the provision making the president of the common council, mayor and county auditor the trio of officials to elect the city and county assessor. The chapters to be reported on and considered are public finances, including tax levy, certificates of indebtedness, salaries and public buildings. These will be handed in at the meeting Wednesday night. The revision committee, which consists of all the lawyers on the commission, will meet at 10 o'clock this morning at the office of Carl Taylor and commence its labors.

VOLKSZEITUNG CASHIER IS AR-RESTED ON CHARGE OF EM-

BEZZLEMENT CAME HERE LAST JANUARY

He Is Suspected of Having Begun His Peculations Very Soon After His Arrival Here.

John O. Koehler, who has been employed as bookkeeper and cashier for the Volkszeitung, was arrested yesterday on the charge of embezzlement. Young Koehler has only worked for the newspaper since last January, but it is al-leged that he has appropriated to his own use fully \$500, but Treasurer F. W. Bergmeier, of the publishing company, says this amount may be doubled when an in vestigation in progress is completed Chief of Detectives McIntire, who arrest ed Koehler, says the young man has confessed to taking his employer's money.
As cashier, all of the registered mail for the Volkszeitung was handled by Koehler. Several hundred letters are received at the office each day containing money for subscriptions and advertising contracts. Checks, money orders and cash received in these letters young Koehler is alleged to have pocketed, at the same time posting the books so that the shortages created would not be discovered. How long the alleged stealings have been going on is not accurately known. Koehler is twenty-five years of age and almost a stranger in this city. He came

here from Milwaukee, Wis., and was given employment on the Volkszeltung because of his efficiency as a German ste-nographer and expert bookkeeper. A short time before being employed on the paper he worked for a seed firm at Fari-bault, Minn. He is said to have two brothers in this city, but his parents live

FOUR MEN ARE PARDONED

TWO WERE CONVICTED OF KEEP-ING VICIOUS DOGS.

On March 21, 1900, T. L. Spoor and Gottlieb Froelich, two Washington county farmers, were convicted of keeping victous dogs that worried sheep and sentenced to thirty days' imprisonment at Stillwater for failure to pay fines of \$70 each and costs. Today the board of pardons issued pardons to the two men. They had served one week each of their sentence. They were convicted under an old blue law by which a man can be fined \$5 a day for each day his dog is allowed to live after having been notified by the own-er of sheep of the dog's action in killing

Michael McLeer, of Stillwater, who was serving a sixty days sentence for drunk-enness, was pardoned, the conditions imposed being that McLeer should abstain from liquor. Since March 19 he had been in jail. The board of pardons also acted favorably on the case of Fred Klingberg, who was serving a five-months' term in the Minneapolis workhouse for grand larceny in the second degree. Further conement it was considered might seriously affect the physical and mental condi-

TEACHERS IN DEMAND.

Examinations for Graduation at the

Training School. Yesterday several young ladles went up for examination for graduation from the teachers' training school. Supt. A. J. Smith has had several letters from county

school superintendents asking for teachers as soon as possible. For this reason these students are given their examinations now instead of at the regular time, April 10, 11 and 12, that these positions may be filled at once, as they cannot hope for positions in the city schools owing to the staff at present being com-

The results of yesterday's examination will be announced Friday or Saturday.

CAPITAL IS IMPAIRED.

Time Required to Straighten Out State Bank of Appleton. It is thought that it will require fully ten days to straighten out the affairs of the State Bank of Appleton, recently clos-

ed by order of the state examiner, Gen. Estimates of the impairment of the bank's capital place it at about 40 per cent. There was the sum of \$2,100 of state money on deposit in the institution The state, however, is a preferred credit-
