DENTISTS MEET AT MANKATO.

Board of Trade Pledges \$500 for Survey of New Railroad.

MANKATO, Minn., April 9.—(Special.)—The Southern Minnesota Dental association convened in Mankato today and will be in session until Wednesday night. The meeting is well attended and more are coming tomorrow. W. A. Demo, of Blue Earth, is president, and called the meeting together at the Sauk Rapids hotel. Dr. J. Johnson, of Chicago, this afternoon delivered the first of a series of lectures to the association.

The board of trade held a meeting today to discuss the proposed new St. Cloud, Glencoe and Duluth railroad, and members pledged \$500 as Mankato's quota to make a survey of the line.

The district court will meet in St. Paul next Friday and our local directors will attend this meeting.

Gets Damages for Libel.

EAU CLAIRE, Wis., April 9.—(Special.)—Rufus W. Robinson, of St. Paul, who some months ago came to this city and started the Eau Claire Directory company, was today awarded \$1,500 damages for libel against George C. Withersby and the Eau Claire Board and Stationery company. Mr. Robinson was suing a city directory in competition with the old company, and Mr. Withersby, its president, issued a circular letter derogatory to the character of his new competitor. He also caused a circular to be printed in the local papers, and the jury found that the allegations set forth in the circulars were wholly without justification and were unwarranted. Robinson sued for libel and the jury awarded him \$1,500. He was represented by the R. L. Polk company.

Colombian Advances State That Savanillo Is Threatened by the Insurgents.

PREPARED FOR MOVEMENT

At Cartagena All Is Excitement in Consequence of Rebel Successes—Government Troops Hurrying to Colon.

KINGSTON, Jamaica, April 9.—Colombian advances just received here announce that a rebel attack is momentarily anticipated at Savanillo. It is added that the place has been prepared for the expected movement, and that artillery has been trained so as to command the harbor. At Cartagena all is excitement in consequence of the rebel successes, and a large body of government troops has arrived at Colon to strengthen the garrison there.

SAFE ELECTRO-MEDICAL INSTITUTE

COMBINED TREATMENT OF THE GREAT CURATIVE POWERS OF MEDICINE AND ELECTRICITY

\$100,000.00 CAPITAL

Guarantees You Honest, Faithful & Successful Treatment.

A large staff of the most eminent and skillful specialists in the world, each of whom is a graduate of the best medical colleges, has devoted a lifetime to his particular specialty, guarantees positive and permanent cures in all cases accepted.

Why We Wake So Many Cures.

In the cure of certain special diseases there can be no comparison between the success of the ordinary medical specialist and that of the Electro-Medical Specialist. The difference is this: these Electro-Medical Specialists use the powerful curative factors of both medicine and electrical treatment, while the ordinary medical specialist can use only the half or medical part. It is a well known fact that the medical specialist can cure only a certain per cent of cases, while the electrical specialist can cure nearly all cases. Now the electro-medical specialist uses both the medical and electrical treatment by means of which they can cure promptly and thoroughly diseases that cannot be even benefited by the medical specialist or electrical treatment used separately.

Many thousands happy men today testify to the truth of the above plausible statement, who had tried the medical specialist without success. It is the twentieth century treatment. There are two fundamental systems that make up the human body, namely, the nervous system and the muscular system, each of which is susceptible to various diseases. Diseases of the muscular system are most benefited by medical treatment, while diseases of the nervous system are most benefited by electrical treatment.

There are very few diseases of the nervous system which are not sooner or later complicated with disease of the muscular system, and vice versa. In such cases a cure cannot be effected without the combined electro-medical treatment.

WARNING—The sick are cautioned that certain medical specialists, who are successful in the cure of some diseases, are attempting to copy the Electro-Medical treatment. Don't be deceived. FOR PENSION APPEALS

FORMER COMMISSIONER LOCHREN OPPOSES PLAN FOR A NEW COURT

WOULD BE OF LITTLE VALUE

No Occasion for Further Facilities for Requiring Than Are Afforded Under the Present Plan.

GLCEE'S MINNEAPOLIS OFFICE, 20 WASHINGTON AV. SOUTH.

The Grand Army of the Republic is making efforts to secure legislation for the creation of a pension court and appeals, to pass upon applications after they have been refused by the appeal board of the department of the interior. Gen. A. D. Shaw, commander-in-chief of the Grand Army, and together with Gen. Daniel Sickles, are now in Washington with this object in view.

Judge William Lochren, who was formerly commissioner of pensions, is not in favor of the plan, as he cannot see its utility. Regarding the matter he said yesterday:

"I cannot see of what use this court of appeals would be, if a pension is rejected by the pension examiners, and then by the assistant secretary of the interior, the chances that their decision is correct are good. There is now one court of appeals after the pension has been refused, and if another is formed, why not have another? Now, if a pension is rejected by both the examiners and the secretary of the interior, the case is not closed. If any additional evidence can be found the case is opened up again, so that it can be fully heard. On the whole, I do not see of what use this proposed court of appeals would be."

Gen. Shaw says the legal authorities and others who have examined this bill that proposes to form the court think it will justify itself by securing disinterested and prompt adjudication of pension claims.

POLICY HOLDERS PROTEST.

Want Bankers' Life Association to Continue Present Plan.

At a meeting of the policy holders of the Bankers' Life Insurance association, held yesterday afternoon, a committee was appointed to investigate the affairs of the association, which, it was claimed, at the meeting proposed to drop the present plan of life insurance, which it has followed since its organization, and adopt the old-line system. Those present claimed that it was the purpose of the officers to change. They claim they will have to take up new policies, and that the rates will be based upon their present ages rather than upon their ages when they secured their insurance, in some cases many years ago. Some of them claim they will be liable for the debts of the company, even after they have lapsed and ceased paying.

The committee appointed yesterday consisted of C. C. Holliday, Victor Welch, J. W. Griffin, F. B. Hodge and F. H. Boardman.

Trolley Changes at Harriet.

The street railway company has let the contract for lowering the tracks at Lake Harriet and work will be completed by May 10. During the progress of the work "bob-tail" cars will run from Lakewood cemetery to Thirty-first street, where a change will be made to the Conline. There will be no service beyond the cemetery.

Extra strain needs extra strength. When a man begins to add to his hours of labor, and subtract from his hours of rest, he is putting an extra strain on brain and body. In such cases many men make the serious mistake of using stimulating liquors, or alcoholic medicines. These can only injure. The spur forces on the horse, but does not strengthen him. Stimulants are only strength. Dr. Pierce's Golden Medical Discovery is invaluable to overworked men and women. It strengthens the stomach, increases the blood supply, nourishes the nerves, and gives vital power to brain and body.

"There is no alcohol in 'Golden Medical Discovery.' It contains no opium, cocaine or other narcotic. It is strictly a temperance medicine."

Dr. Edward Jacobs, of Marquette, Crawford Co., Indiana, writes: "After three years of suffering with liver trouble and malaria I had tried all the best doctors, but I had no chance to try your medicine. I have tried all the home doctors and received but little relief. After taking three bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Golden Pills' I am stout and hearty. It is due entirely to you."

Father Against Son.

Judge Pond yesterday took up the case of Jacob Bryant against Jacob L. Bryant, who is accused of defrauding him out of \$1,000, and attempting to secure possession of his homestead.

The old man is in his ninety years of age, was brought into court by an attendant.

STILLWATER.

Mrs. Myron Shepard Dead After a Lingering Sickness.

Mrs. Myron Shepard, of this city, who had been ill during the past eight months, passed quietly away at noon yesterday. She had been known to her friends that she could not recover, and a few weeks ago it was whispered that she could only live a few days at most, but she was able to leave her sick bed. Deceased was the wife of City Engineer Shepard, and was held in high esteem by a large number of friends and acquaintances. She was born in Grand Forks, Dec. 29, 1830, and had resided in Stillwater for many years. She is survived by a husband and five daughters, all of them being present at the bedside.

The funeral will be held at the exception of Miss Bess Shepard, who is at the family residence tomorrow afternoon, and the interment will occur in Fairview cemetery.

James Welch, well-known explorer, who has resided in Stillwater for many years, is critically ill at the Pilman house in this city, and it is feared he cannot recover. He was seized with a cerebral hemorrhage Sunday, and has since been unconscious.

Geo. H. Atwood will inaugurate the milling season at St. Croix this morning. His mill pond being full of water. Mr. Atwood has a large number of contracts for sawing, and expects to be able to keep the mill running steadily until the close of the season.

The steamer Clyde was towed to the levee yesterday from her winter quarters by the tug Edwin C. Neely. All of the boats will be inspected this week.

William Elliott, a farmer, residing in the town of Grant, was taken to the Rochester hospital for the insane yesterday. For months past, Elliott has been confined in the hospital at Rochester.

The validity of the peddling ordinance adopted by the city council a year ago will be tested in the municipal court today by the American Wringer company, of Minneapolis. Several of the company's salesmen have been arrested for peddling the wringer, and the company will attack the ordinance upon the ground that it is class legislation.

The United States supreme court has handed down its decision in the action brought by Samuel Driscoll for collection of taxes from 1883 to 1885 on moneys paid to Stillwater by agents of the estate. Judgment was given for the plaintiff for taxes from 1883 to 1885, inclusive, the supreme court holding that the statute of limitations acts for the previous years.

The suit was brought to collect about \$55,000, and the decision gives the county about \$55,000. It is expected that judgment will be entered and satisfied at once, and the bulk of the money will go to the city and to the public schools.

The question has been in litigation for about five years and has been of considerable interest in the county, as it involved the right to tax mortgages held by parties living outside the state.

Light Plant Burned.

PIPESTONE, Minn., April 9.—(Special.)—An early morning fire at Pipestone destroyed the electric light plant at this place. Two-thirds is insurance.

MINNESOTA.

Hallock—A council committee is looking up the question of a new city hall.

Sauk Rapids—The county commissioners refused to accept a bid for a new bridge at this point on advice obtained by St. Paul civil engineer, who stated that the work in the bridge was not done in a satisfactory manner.

Lakeland—A petition will be circulated in Jackson county praying that the county seat of said Jackson county, Minnesota, be changed from Jackson to Lakeland.

St. Peter—At the annual meeting of the Northern Farmers' Union, held at St. Peter, the dates for the county fair next fall were fixed for Wednesday, Thursday and Friday.

Lake Benton—Or Foster, of Oratona, purchased the Tremont hotel property of Karlson Bros. Sunday, and they are ready for business.

Alden—Ralph Briggs, while assisting his father in the harness shop yesterday morning, narrowly escaped losing his right eye by running against a long sharpened rod on which harnesses are hung. The rod struck his eye, but fortunately did not enter the eyeball.

Morrison—Sunday was the close of Rev. C. A. Ruddock's pastorate of the Congregational church here, and communion services were held.

St. James—At a meeting of the Norwegian congregation it was decided to purchase a site for the new church from the site of the old one, located on Eighth street, back of A. S. Mellgren's residence.

Dodge Center—Mayor Campbell, of Austin, will begin work soon on his new mill at Dodge Center, after which it will have a capacity of 100,000 bushels. It is shipping from eight to ten carloads of flour a month to Scotland from his Austin mill.

Havana—A meeting was held in the Presbyterian church here last Saturday evening to consider the purchase of a hall or an addition to the church. A committee was appointed to draw plans for the building, and the contract was awarded to the architect. The building is to be erected on the corner of the city hall and the improvement is greatly appreciated by the congregation.

Wanda—It is now settled that Wanda will have an elevator. Mr. Spalding, of Lambert, will put in a large one.

Lamberton—At a meeting of the officers of the new creamery to be erected on the corner of the city hall and the latter part of last week it was voted to borrow \$3,000 from the bank to get the new machinery. The contract for erecting the building was let to William Porter for the sum of \$25. The machinery for the new creamery is to be completed by the end of the month.

Willmar—The Christian Endeavor Society of the Presbyterian Church is arranging a course of unusually attractive entertainments for the Tuesday evenings in May. The first of these will be a grand home talent concert on May 2. This will be followed by a concert on May 9. N. Adams, of Minneapolis; Dr. T. M. Clelland, of Duluth, and Prof. W. J. Johnson, of St. Paul, will be the featured artists.

Madella—Rev. L. Krueger, who has been the pastor of the Elfrigg German church in Brown county since 1880, and is reported to be well-to-do. It is alleged that after the arrival of Mrs. Wood No. 1, he decided to Mrs. Wood No. 2, a female half section of land, and gave to the former about \$1,400 in cash.

NEW COUNTY, MAYBE.

Cass Lake to Be the Prospective Seat of Government.

CASS LAKE, Minn., April 9.—During the past week, the plans of a number of the residents of the southern portion of Cass county to move the county seat from Walker to Pine River, the southern residents in return to assist in creating a new county with Cass Lake as the county seat, have been made public. J. G. Dawes, a resident of Pine River, was here for several days and broached the subject to a number of prominent citizens.

The new furniture for the grammar department of the Cass Lake school, has arrived and been put in place, and on Monday Miss McKinney began teaching

Sioux Falls—Considerable excitement prevailed here over the plan to build a new school building. The plan was to build a new school building on the corner of the city hall and the improvement is greatly appreciated by the congregation.

UNION MEN TURNED OUT

CHICAGO CONTRACTORS SPRING A SURPRISE ON THE WORKMEN.

CHICAGO, April 9.—Union workmen were turned away today from the new Marshall Field building, where they have done all the work thus far, and 150 non-union men were put in their places.

This action was interpreted as meaning that the United Building Contractors have secured the job of building the new union workmen to carry on big contracts, and that union men hereafter will be given no opportunity until they consent to do so under the contractors' rules or withdraw from the Building Trades council.

MAY WALK OUT AGAIN.

Chicago Machinists Have New Differences to Adjust.

CHICAGO, April 9.—The union machinists of Chicago, who recently went back to work after a strike extending over a period of several weeks, may again walk out, unless differences existing between them and their employers are speedily settled. The machinists claim that many of their number have been unable to secure their old positions, and that they are filled with non-union men, and that several firms have flatly refused to recognize the agreement between the officers of the National Metal Manufacturers' association and the International Machinists' union, whereby the strikers were to be taken back and the differences as to hours of work and rates of wages to be settled by a board of arbitration. Unless this agreement is lived up to, the men declare they will again walk out and tie up every machine shop in the city.

GENERAL STRIKE.

It Is Ordered by Builders' Trade Assembly at Houston.

HOUSTON, Tex., April 9.—The Building Trades assembly today ordered a general strike of all the building trades, in sympathy with the carpenter, and 1,500 men quit work. About fifty business houses are closed, and a number of lesser pretensions are left in various stages of construction.

The master builders say they will wait until Thursday night, and then go to work and then proceed to fill their places, if they can.

The carpenters say the builders' organization is trying to secure a monopoly of labor, and use them as a part of the trust, and on this they are making their fight.

Mr. Lane Now a Gold Miner.

LOS ANGELES, Cal., April 9.—C. D. Lane, chairman of the national silver committee, who is with the Bryan party in Southern California today denied the published statement that he is a silver miner. He says:

"It is true that I am a gold miner, and am mining for gold in the state of Alaska. I have been in Alaska since the war to the navy department the control of Dr. Tortugas islands off the southern end of Florida."

Boston—C. H. Brown, cotton broker, filed a petition in bankruptcy today. Liabilities, \$38,205; nominal assets, \$12,763.
