MEAT BILL IS A DISTURBER

Emperor William Seems to Regard It as a Victory Over His Agrarian Ememies-Lesson of African War.

Copyrighted by the Associated Press. BERLIN, June 2.—Prince Hohenlohe, the imperial chancellor, gave assurances to an informant of the correspondent of the Associated Press today, that the Bundesrath, in drawing up the paragraphs and calling out the provisions of the meat inspection bill, would frame them in such a manner as to consider the legitimate wishes of the American and British governments as much as the tenor of the law will permit.

The chancellor bitterly complained that he was now wholly isolated in the cabinet on this meat question. Count von Posadowski's influence having become paramount, even, with the minister of foreign affairs, Count von Buelow. Unfortunately, too, Dr. von Lucanus, the emperor's private cabinet chief, and Count von Posadowski have managed to make the emperor believe that the meat bill compromise as adopted represents a great victory over the Agrarians, in which his majesty innocently rejoices.
The Centrist leader, Herr Lieber, who has been very ill for months, and who, from several visits to America, is most

ship of the Centre. To the Associated Press correspondent Herr Lieber said he regretted his forced absence, as he regarded the terms ex. cluding certain American meats as too stringent, for he became convinced during his visits to the United States that the slaughtering there was good, in every respect, and that the meat and sausages there were as wholesome as here.

EASTERN LINES' TROUBLES

Passenger Rate Difficulties Are Being Watched With Interest by the Roads in This Locality.

The directors of the Minnesota Transfer Railway company will consider the complaints which have been made by industries located at the transfer against their opened with the concluding part of the speech of M. Trarieux, the former min-ister of justice, criticising the project. switching rates, at a meeting to be held June 13. The matter of the new charges which have now been in effect for about Gen. Lambert followed in defense of the army, which, he said, the previous speaker has insuited, after which the premier, M. Waldeck-Rousseau, rose to make a declaration in behalf of the movement. The whole of France, he said, applauded the pardon of Dreyfus, and showed thereby that it wished ap-peasement. The government was of that six weeks, was gone over by a committee from each of the industries located at the transfer, and a statement submitted to the company. No intimation has yet been received as to whether the railway company will insist on a charge of \$1.56 for loads, or reduce the charge to the old rate of 25 cents.

The matter of transfer rates has been causing trouble since a few days from the time Supt. Hastings took office and charge of the transfer railway's affairs. Under the previous superintendent the switching rates were 25 cents a car for loads, either in or out. After the change the rate was advanced, arbitrarily, it is claimed, to \$1.50.

After about a month's operation, the new tariff became the subject of an attack from the industries, some thirty in number, affected by the increase of \$1.25 a car. A committee was appointed to investigate the reasonableness of the increase and report. The matter was then taken up with the transfer railway com-pany and for the past three weeks nothing new has developed. It was announced yesterday, however, that the company could not take action on the switching charges until the regular meeting of the directors. Some overtures have been made by the industries located at the transfer, looking to an adjustment of the rates without further agitation.
The transfer company, however, has seen fit to allow the matter to take its

It was intimated yesterday by a reprepress.

Leaving Minneapolis at 10:40, St. Paul at 11:10, every night, this train is very convenient for wedding parties and those desiring to visit the theater.

Long Lines Want a Differential as Against the "Trunks."

St. Paul-Chicago lines are interested in the coming meeting of the joint passen-ger committee in New York. The differential lines east from Chicago are preparing to make a fight for what they claim as their rights, and the rearrangement of things which may result from their success is sure to have a direct ef-fect on rates and conditions between St. Paul and Chicago and Eastern points, Owing to the many fast trains which have been put on to Eastern points by the con-nections of several of the St. Paul-Chi-cago lines, the weak roads have been placed more than ever at a disadvantage, It is learned that at the New York meet-ing demands will be made that the stand-Rev. G. E. Lohr, a graduate of the Congregational Theological seminary of Chicago has accepted a call to the Gerard lines exact excess fare on their fast man People's church on East Congress trains to intermediate points, though street and Clinton avenue and began his charging the same through rates, which would have the effect of lessening the competition. In the failure of these lines Mr. Lohr had a charge at Gienview, Ill., while taking his studies, and is said to be an eloquent preacher, close student and a will be resorted to, which will mean a good pastor. He has taken up his residence in the Clinton, 130½ East Congress With t

With twenty-five and twenty-six-hour trains between Chicago and New York, there is little chance for the differential lines to secure any large share of the business without an excess fare on the fast service. Through business naturally goes from the Northwest east, via the fastest routes, and one of the principal objections to the present state of things raised by the differential lines is that the introduction of twenty-five-hour trains has cut them off from the business which formerly went over their lines from the

ment of the unequal conditions is that the standard lines either abandon their fast trains or allow the differential lines to quicken their time without losing their

differential privilege.

The temper of the standard lines is shown by the fact that the Wabash recently made a material reduction in the running time of several of its principal It is not expected that the demands of the differential lines will be lis-tened to. In the event that trouble en-sues, the first effect will be to reduce the cost of transportation east from the Northwestern states. It is said, on good the Auspices of Federation of authority, that the weak lines between St. Paul and Chicago will support the de-One day or one month around Northern Minnesota's beautiful lakes. RIVER FREIGHTS LIGHT.

Steamboat Men Report a Falling Off From Expectations.

River freight business has not opened ip as satisfactorily as was expected for the spring season. During the few weeks preceding the opening of navigation, indications were that the river lines would have all the traffic they could handle as soon as boats could get through to St. Actual conditions have proved almost the opposite, however. The Dia-mond Jo line has been doing a fair business so far, but the amount of freight handled has been less than last year. Lower river freight lines make the same report of business conditions. It is expected that the apparent lessening of traffic will prove only temporary, how-ever, and river men predict a better movement of freight during the next two months

fairly good shape. In another ten days the regular summer rush for lower river points will begin. The Diamond Jo will put on all the boats the business requires and expects to handle more passengers than last season by a substantial major-

DELVING INTO DETAILS.

Huge Work Involved in Transfer of a Railroad.

The Northern Pacific is making a searching investigation of the methods and records of the St. Paul & Duluth, and during the past week the number of statements relating to ticket sales, earnings and other matters which has gone to the Broadway general offices, from the top floors of the Globe building has been enormous. The transfer involves an immense amount of detail work, of which people ordinarily have no comprehension.

In many cases the records of the road have been investigated for ten years back, for the purpose of learning the re-

sult of operations along certain lines.

TO ST. ANTHONY PARK

NORWEGIAN LUTHERAN SEMINARY SOON TO BE REMOVED.

The United Norwegian Lutheran church, representing 1,100 congregations throughout the country, with a total membership of 250,000, will hold its eleventh annual convention in Minneapolis June 13-21. The sessions will be held at Bethlehem church, Fourteenth avenue south and Eighteenth street, of which Rev. Gerhard Rasmussen is pastor. This will be the third time that this organization has met in Minneapolis.

It is expected that the educational institutions of the church will occupy considerable of the time of the delegates.

considerable of the time of the delegates. At present the theological and collegiate institutions are located in Minneapolis but after this school year both will be removed from here. A site has been promised in St. Anthony Park for the seminary, and the college goes to Northfield. St. Olaf's school, Northfield, has up to this time been conducted as an independent institution, but it has now been decided that it shall be the regular college of the church.

In regard to the college the matter of co-education will come up, and it would not be surprising to see a protracted discussion result. The prominent ministers of the church are divided on the matter. The faculty for the institution will also be elected, as the one acting at present is only temporary. A professor for the seminary will also be elected, as a fourth is badly needed.

Home and foreign missions will require considerable attention, as these are always subjects of interest. There will alo be interesting financial reports. Since 1894 there has been no church debt something which

debt, something which is unusual with so large an organization. The church is, however, at the present time making an endeavor to raise \$150,000, to be expended on the educational institutions. About half that sum will be required for the new seminary and \$50,000 in making alterations at St. Olaf. It is believed that the entire sum will have been realized by the time the convention is held.

An interesting feature of the conven-tion will be the ordination to the ministry of eighteen candidates, recently graduated from the seminary.

In conjunction with the convention an English conference will be held. There are many ministers in this church who devote considerable time to English work. T is is recognized by the church. The United Church does not look to the Norwegian language in the United States as a permanent thing, but, on the other hand, believes it will some day have to give way to the English. The ministers are preparing for this, and are lending their assistance to bring about a gradual

EDITORS' EXCURSION PLANS. They Will Do Eastern Canada in Fine Style. .

The executive committee of the state The executive committee of the state editorial excursion has announced the itinerary of the annual excursion, leaving St. Paul Thursday, Aug. 16, at 8:30 p. m. for Chicago, which will be reached at 10 a. m. After lunch at a railroad eating house the editors will leave on a special Pullman train via the Grand Trunk, and Saturday morning will find them at the Muskoka lake wharf, in them at the Muskoka lake wharf, in Northern Ontario. The day will be spent on the lakes, and next morning will find the excursionists at Gananoque, Kingston, where a steamer will be boarded for a day's trip through the Thousand islands and down the St. Lawrence river, reaching Montreal at o'clock. The itinerary continues:

Monday, Aug. 20 - Forenoon, rides about Montreal, visiting cathedrals, churches, points of interest and ascending Mount Royal. Afternoon, leisure to do "shopping," individual sight-seeing, and "go-asvou please". Evening, entertainment to

ping," individual sightseeing, and "go-as-you please." Evening, entertainment to be arranged by hospitality of Montreal press, and city and railroad officials. Midnight, take train for Quebec.

TO BRUTES ESPECIALLY.

Humane Agent Moak to Be Urged to Devote Time.

At the regular monthly meeting of the Humane society yesterday a discussion of the policy of the society brought out fact that more attention has been paid to cases of cruelty to children than to the protection of animals, which is not the intention of the society. A committee was appointed to confer with Special Agent Moak in regard to his duties, and to give instructions that hereafter more attention is to be paid

The report of the treasurer showed a balance of \$300.06 in the treasury.

Dr. Libby explained that, in his opinion, there was no cruelty attaching to the system of hog-killing at present pursued at South St. Paul. Fear had been expressed that the hogs were plunged into boiling water before they were dead. He had investigtaed and found that the hogs were dead from three to four minutes before they were placed in boiling water.

REMOVAL OF PALM GARDEN.

It Is Strenuously Opposed by Seventh Street Merchants. The business men on East Seventh

street, from Wabasha to Jackson, are opposed to the granting of a license to the Palm Garden to occupy the building at 16 to 18 East Seventh street. Anton Weinholzer, who conducts the esort of this name at Ninth and Wa-

basha, has made application for a license to run a saloon at this number. He is said to have leased the entire building of three stories

Already the interested merchants have secured absolute pledges from assemblymen and aldermen that they will vote against the granting of the license. The objectors will file their protest before the advertisement of the application expires Friday of next week.

PUZZLING FIGURES ARE ATTRACT-ING ATTENTION OF NEW YORK FINANCIERS

LOAN TOTAL IS VERY LARGE

Reason for This Cannot Be Made Clear to the Money Experts-Crop Season May Cause Changes.

NEW YORK, June 2.-The Financier

"The banks of New York gained over \$4,000,000 in cash last week as the result of their operations at the interior and with the treasury. This was largely in excess of the known receipts of currency, but even more surprising was the expansion of \$7,347,600 in loans, with a coincident rise of \$11,344,200 in deposits. As a usual thing unexpected changes of large volume in the statement can be traced to the operations of one or more large institutions, but in the present case the increases seem to have been distributed impartially among quite a number of prominent banks. There has been no demand for funds other than normal, and the inference is that the sudden rise reflects one or two belated special operations previously mentioned in this analysis.

"The loan total, now standing at \$800,-268,600, is the largest in the history of the New York clearing house, and surpasses by nearly \$6,500,000 the previous high water mark, recorded on July 8, last year. The loan item has expanded \$12,500,000 since May 5 last. In 1899 the same period witnessed a decline of \$30,000,000, but beginning in June there was a sudden jump in loans, which placed the total in July as stated, at the highest point then known.

"In the face of present conditions this is remarkable. At this time last year the surplus of the banks was nearly \$43,-000,000; two years ago it was nearly \$52,-000,000. In each case it was the accumulation of cash at the end of the spring months, and if this is to be repeated now the present excess of \$20,000,000 will dwindle very rapidly. Still the banks are holding their own for surplus, in spite of the heavy demands made for increased reserve requirements is actually rising.

reserve requirements is actually rising.

"The approach of the crop season will probably witness a liquidation of the heavy volume of outstanding commitments, although that gold will come from Europe is as yet an undecided point. Bank credit is usually low in May, and gold from the Klondike will arrive soon. Bank credit is usually low in May, and gold from the Klondike will arrive soon. Per capita circulation will be arriving soon, despite exports of gold, but the money of the country is in use by the banks. The present total deposits, however, in New York is nearly \$27,000,000, under maximum reported on March 8, 1899. Even on that date the surplus cash in banks was over \$4,000,000 in excess of in banks was over \$4,000,000 in excess of what is held at present."

## In Labor's Field.

Red Wing is making extensive preparations for the entertainment of delegates to the State Federation of Labor.

The meeting promises to be the largest gathering of labor ever held in the state, as over sixty delegates have already reported to the secretary-treasurer, which represents 22 unions out of 140 that are affiliated.

Whilst the convention will deal here. Whilst the convention will deal largely with the question of organization, it is probable that some work will be den

will be done along independent political lines. Iron Molders' Union.

Iron Molders' Union.

The Iron Molders' union held a meeting in Assembly hall last evening, when Austin O'Connell, Thomas Holland, Jerry Holland and Charles Relifenach were appointed a committee to attend the State Federation of Labor convention.

The union accepted the invitation of the Elks' carnival committee and will participate in full force in the parade. A committee composed of Austin O'Connell and Jerry Holland was appointed to arrange with Iron Molders No. 176, of Minneapolis, for the second annual picnic to take place July 5. A committee was appointed to arrange for a ball to be given in aid of William Smith, a sick member of the union. Three members were reported sick and the usual sick benefits granted. The following officers were nominated:

President—Jerry Holland and John Hickel.

Financial Secretary—Joseph Clarkin and Austin O'Connell.

Recording Secretary—W. M. Milroy.

# 4 THIS

Summer the man who is on the lookout for something new in the way of genteel haberdashery will be more than pleased with the exclusive novelties that we have secured from the most prominent manufacturers in New York and the foreign countries. We have taken great pains to put in a stock that will appeal to men who are up in the latest fads, and who know what is correct. We are especially desirous of showing our line of furnishings to men who have been in the hablt of sending East for exclusive effects in order to prove to them that they can get the same rich stuff for less money in their own city. It

not an idle boast when we say that we are showing the swellest line of Soft Shirts ever brought to St. Paul. The patterns are not of the ordinary run, but are very select and especially attractive, and the Shirts will be found as desirable as the ones you have been paying twice the money for made to order. The most popular fabrics are Madras and Oxford, with cuffs attached or detached. Prices from \$1.00 to \$3.00.

## WHAT

excuse a man can have for sending East for his neckwear when he can choose from such a magnificent line as we are showing is beyond comprehension. There is not a creation of the most fashionable neckscarf from makers in the East that cannot be found in our stock. Exquisite effects in all the newest shapes in the light summer stuffs, 50c to \$3.00.

Our assortment of Fancy Hose is so comprehensive and select that we feel confident that we can please you whatever your taste may be. Drop in and see the smart effects and dainty patterns.

have always been proud of our Underwear Department, and have no reason to be less proud of it at present. All the popular light and feather-weight goods in Union or two-piece suits.

## 

a bit before you lay in your summer supply of Furnishings, and drop around and see what we are showing.
