AD INTERIM APPOINTMENT That is the Question That the School Board Has Been Unable to Agree Upon.

Smith.

In Labor's Field.

A meeting of the Coopers' union was held last night, when business in the city was reported as being excellent. Three applications were received and referred. The following officers were elected:

Bricklayers' Union. The Bricklayers' union held a short meeting last evening, when after routine business, adjourned out of respect for their deceased brother, Charles York, who was buried yesterday afternoon and whose funeral was attended by the union in a body.

Plumbers' Union. The Plumbers' union held a short session last evening, at which Mr. Spencer, secretary of the International union, presided. From the outlook all matters pertaining to the strike appear to be nearly adjusted.

Plasterers' Union. A short meeting of the Plasterers' union was held last night, when the application of C. Cogswell for membership was received and referred. The delegates to the Building Trades council reported that the ball game between the Plasterers' unions, of Minneapolis and St. Paul, will be played the first Saturday in July. Receipts, \$18; disbursements, \$8.

Horsehoes' Union. A meeting of the Horsehoes' union was held last evening, presided over by Frank Reiner, in the absence of the president, M. Winkal. The application of J. J. Erickson was referred to the investigating committee.

Recording Secretary William Dochow resigned in his resignation, as he is going into business for himself, in which he carries with him the good wishes of the union. His resignation was accepted.

LABOR ITEMS. The following unions hold meetings tonight: Trades and Labor assembly, painters, steamfitters, coremakers and carpenters.

The United Brotherhood of Carpenters and Joiners of America has 428 locals, 60,000 members and has established an eight-hour day in 105 cities and nine-hour day in 47 cities, gained 15,000 members in 1899 and 3,000 since January in 200 new locals.

National Educational Association, Charleston, S. C., July 7-13, 1900. For this great annual gathering of our nation's educators the Chicago Great Western will hold a special excursion trip excursion tickets to Charleston, S. C., good going July 10th and good to return July 13th.

Why not let Superintendent Smith act during that time? was B. Zimmerman's solution.

"I am prepared today to vote for Superintendent Smith," said Mr. E. O. Zimmerman.

"Well, my understanding of the matter was that Superintendent Smith would hold over until Dr. Davis can take the place. I believe Mr. Smith's resignation does not take effect until his successor is elected," said Inspector McNair.

In the absence of Dr. Wallace action upon the resolution was deferred. After the meeting the members present expressed themselves as favoring Dr. Davis, and it is morally certain that he will be the next superintendent of schools.

We also remember that the Superintendent Smith will return to St. Paul next September and remain at the head of the city schools until the first of the year. Mr. Smith stated yesterday afternoon that he expected to leave St. Paul next September, and to return to St. Paul next September.

Inspector E. O. Zimmerman offered the following resolution regarding teachers' salaries, which was adopted.

Resolved, That in the event of the common council of this city adopting an amendment to the charter providing for the next meeting, authorizing and appropriating from the school fund the amount of \$100,000 for the use of this board for paying teachers' salaries, in accordance with the recommendation of the mayor, that the secretary make out a list of the names of the teachers, and direct the next teachers' pay roll for the balance of the annual salary due them.

The resolution was received regarding teachers' salaries. There seems to be no probability that an agreement on the general proposition will be reached, that of providing for advances other than the regular schedule increase. It will require one, and perhaps two, special meetings to adopt the schedule for next year, as well as to prepare the budget for the fiscal year of Mayor Smith and the common council. The question of salaries will be taken up item by item and disposed of in that way.

Inspector E. O. Zimmerman presented a voluminous petition, signed by about half the voters in the Second ward, petitioning for the early construction of a new school house at Park and Exchange streets, which was referred to the council provided for construction of a school for the Second ward, and made an appropriation for that purpose. The money was later diverted to make up a shortage in the teachers' salary account.

Mr. Zimmerman explained that an additional school house in his ward was three years ago an absolute necessity, following the new building erected by the city. Mr. Zimmerman protested against the passage of the resolution on the ground that new buildings were equally in demand in the Eighth, Tenth and Fifth wards. The resolution was referred to the real estate committee. The following appointments of teachers were made: Miss S. Olson, third grade, Jefferson; Miss Margaret Jenkinson, fourth grade, Lincoln; Miss M. Zahn, first grade, Hawthorne; Miss K. Morgan, sixth grade, Douglas; Miss Furlong, Garfield. The matter of the selection of a teacher for the Cleveland and Humboldt high schools was laid over until the regular meeting in July.
